**SUBJECT TO COMPLETION, DATED FEBRUARY 1, 2022**

**PRELIMINARY PROSPECTUS**

**\$200,000,000**

**Aurora Technology Acquisition Corp.**

**20,000,000 Units**

Aurora Technology Acquisition Corp. is a newly organized blank check company incorporated as a Cayman Islands exempted company for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses, which we refer to as our initial business combination. While we may pursue an initial business combination in any business, industry or geographic location, we intend to prioritize our search with high-growth technology companies based in Asia and North America that were founded by Asian or Asian-American entrepreneurs who are building a global enterprise supported by forward thinking vision and innovative technology in predictable growth businesses with substantial revenue potential in frontier technologies including but not limited to artificial intelligence, blockchain, quantum computing, and electric vehicles. We have not selected any specific business combination target, which we refer to as a “target business,” and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any prospective target business.

There is no restriction in the geographic location of targets we can pursue, although we intend to initially prioritize Asia (excluding the People’s Republic of China (“China”)) and the United States as the geographical focus. We will not undertake our initial business combination with any entity with its principal business operations in China (including Hong Kong and Macau).

This is an initial public offering of our securities. Each unit that we are offering has a price of \$10.00 and consists of one Class A ordinary share, one redeemable warrant, and one right to receive one-tenth (1/10) of a Class A ordinary share upon the consummation of an initial business combination, as described in more detail in this prospectus. Each redeemable warrant entitles the holder thereof to purchase one-half (1/2) of one Class A ordinary share, and each 10 rights entitle the holder thereof to receive one Class A ordinary share at the closing of a business combination. We will not issue fractional Class A ordinary shares. As a result, you must (i) exercise warrants in multiples of two warrants, at a price of \$11.50 per full Class A ordinary share, subject to adjustment as described in this prospectus, to validly exercise your warrants; and (ii) hold rights in multiples of 10 in order to receive Class A ordinary shares for all of your rights upon closing of a business combination. Each warrant will become exercisable on the later of (i) the completion of an initial business combination and (ii) 12 months from the date the registration statement for this offering was declared effective by the Securities and Exchange Commission, and will expire five years after the completion of our initial business combination or earlier upon redemption or liquidation, as described in this prospectus. We have provided Maxim Group LLC (“Maxim”), the representative of the underwriters, a 45-day option from the date of this prospectus to purchase up to an additional 3,000,000 units to cover over-allotments, if any.

We will provide our public shareholders with the opportunity to redeem all or a portion of their Class A ordinary shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account described below as of two business days prior to the vote on our initial business combination, subject to the limitations described herein. If we are unable to complete our initial business combination within 12 months from the closing of this offering (or up to 18 months from the closing of this offering if we extend the period of time to consummate a business combination by the full amount of time, as described in more detail in this prospectus), we will redeem 100% of the public shares at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account (which interest shall be net of taxes payable, and up to \$50,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, subject to applicable law and certain conditions as further described herein.

Our sponsor, ATAC Sponsor LLC, may extend the time frame for us to complete a business combination from 12 months by up to an additional 6 months. The ability to extend the time frame is contingent upon our sponsor depositing the required amount of funds for each quarterly extension. Holders of our securities will not have to right to approve or disapprove any such quarterly extension. Further, holders of our securities will not have the right to seek or obtain redemption in connection with any such extension.

Our sponsor has agreed to purchase an aggregate of 6,425,000 warrants (“private placement warrants”) at a price of \$1.00 per private placement warrant, for an aggregate purchase price of \$6,425,000, in a private placement to occur simultaneously with the consummation of the offering. Our sponsor has also agreed that if the over-allotment is exercised by the underwriters, it will purchase an additional number of private placement warrants (up to a maximum of 675,000 additional private placement warrants) at a price of \$1.00 per private placement warrant, prior to any exercise of the over-allotment option in full or in part. These additional private placement warrants will be purchased in a private placement that will occur simultaneously with the purchase of units resulting from the exercise of the over-allotment option. The private placement warrants are identical to the warrants sold in this offering, subject to certain limited exceptions as described in this prospectus.

## [Table of Contents](#)

On August 7, 2021, we issued 5,750,000 Class B ordinary shares (up to 750,000 of which are subject to forfeiture depending on the extent to which the underwriters' over-allotment option is exercised), which will automatically convert into Class A ordinary shares at the time of our initial business combination, or earlier at the option of the holder, as described herein, to our sponsor for an aggregate purchase price of \$25,000. We refer to the Class B ordinary shares purchased by our sponsor as "founder shares".

Currently, there is no public market for our units, Class A ordinary shares or warrants. We have applied to list our units on The Nasdaq Global Market ("Nasdaq"), under the symbol "ATAKU." We expect that our units will be listed on The Nasdaq Global Market on or promptly after the date of this prospectus. We cannot guarantee that our securities will be approved for listing on Nasdaq. We expect the Class A ordinary shares, warrants and rights comprising the units will begin separate trading on the 52<sup>nd</sup> day following the date of this prospectus unless Maxim informs us of its decision to allow earlier separate trading, subject to our satisfaction of certain conditions. Once the securities comprising the units begin separate trading, the Class A ordinary shares, warrants and rights will be traded on Nasdaq under the symbols "ATAK" "ATAKW" and "ATAKR" respectively.

**We are an "emerging growth company" under applicable federal securities laws and will be subject to reduced public company reporting requirements. Investing in our securities involves a high degree of risk. See "Risk Factors" beginning on page 24 of this prospectus for a discussion of information that should be considered in connection with an investment in our securities. Investors will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings.**

(1) Includes \$0.35 per unit, or \$7,000,000 (or up to \$8,050,000 if the underwriters' over-allotment option is exercised in full) in the aggregate payable to the underwriters for deferred underwriting commissions to be placed in a trust account located in the United States as described herein. The deferred commissions will be released to the underwriters only on completion of an initial business combination, as described in this prospectus. See the section of this prospectus entitled "Underwriting" beginning on page 136 for a description of compensation and other items of value payable to the underwriters.

(2) In addition to the cash compensation set forth herein, we have agreed to issue to Maxim and/or its designees, 300,000 Class A ordinary shares (or 345,000 Class A ordinary shares if the underwriters' over-allotment option is exercised in full) upon the consummation of this offering (the "representative shares"). Except with respect to certain registration rights and transfer restrictions, the representative shares will be identical to the public shares underlying the units sold in this offering.

Of the proceeds we receive from this offering and the sale of the private placement warrants described in this prospectus, \$202,000,000, or \$232,300,000 if the underwriters' over-allotment option is exercised in full (\$10.10 per unit in either case), will be deposited into a trust account in the United States, with Continental Stock Transfer & Trust Company acting as trustee. Such amount includes \$7,000,000, or \$0.35 per unit (or \$8,050,000 if the underwriters' over-allotment option is exercised in full), payable to the underwriters as deferred underwriting discounts and commissions. Except as described in this prospectus, these funds will not be released to us until the earlier of the completion of our initial business combination and our liquidation upon our failure to consummate a business combination within the required time period.

We are offering the units for sale on a firm-commitment basis. Maxim, acting as sole book-running manager and representative of the underwriters, expects to deliver our securities to investors in the offering on or about \_\_\_\_\_, 2022.

## **Our Company**

We are a newly incorporated Cayman Islands exempted company structured as a blank check company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. To date, our efforts have been limited to organizational activities and activities related to this offering. We have not selected any specific business combination target, which we refer to as a “target business,” and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any prospective target business. While we may pursue an initial business combination in any business, industry or geographic location, we intend to prioritize our search with high-growth technology companies based in Asia and North America that were founded by Asian or Asian-American entrepreneurs who are building a global enterprise supported by forward thinking vision and innovative technology in predictable growth businesses with substantial revenue potential in frontier technologies including but not limited to artificial intelligence, blockchain, quantum computing, and electric vehicles.

There is no restriction in the geographic location of targets we can pursue, although we intend to initially prioritize Asia (excluding China) and the United States as the geographical focus. We will not undertake our initial business combination with any entity with its principal business operations in China (including Hong Kong and Macau).

Our management team consists of experienced investors and entrepreneurs who have expertise working with companies around the world in the technology and financial sectors. Our management team’s deep relationships with founders and investors have afforded them the ability to source and invest in numerous successful private companies prior to exit via public offering, acquisition or business combination. For further information on our management team’s experience, see the section titled “Management.”

Our board of directors has significant expertise founding, operating, advising and investing in global companies across the technology, financial services, and healthcare sectors. Further, their robust experience in both developed and emerging markets provides us with optimal guidance while we search, negotiate and decide upon the potential acquisition target.

## **Business Combination Criteria**

Our business combination criteria will not be limited to a particular industry or geographic sector, however, given the experience of our management team and board, we intend to focus our search on targets founded by Asian or Asian American entrepreneurs who are building a global enterprise supported by forward thinking vision and innovative technology in predictable growth businesses with substantial revenue potential in frontier technologies including but not limited to artificial intelligence, blockchain, quantum computing, and electric vehicles. We have identified the following general criteria and guidelines that we believe are consistent with our acquisition philosophy and our management’s experience, and that we believe are important in evaluating prospective target businesses. We intend to use these criteria and guidelines to evaluate business combination opportunities, but we may decide to consummate our initial business combination with a target business that does not meet one or more of these criteria and guidelines.

- *Potential to Expand into a Multinational Technology Enterprise.* We intend to prioritize technology businesses in Asian and North American markets (excluding China) where there are opportunities to expand internationally to dominate global market share. We prefer to look for industries where a sizable and growing global market is ripe for disruption.

- *High Growth Business with Substantial Revenue Potential.* We will focus on investments in frontier technologies (e.g., artificial intelligence, AR/VR, blockchain, quantum computing, and electronic vehicles) that we believe demonstrate attractive long-term growth prospects relative to their acquisition valuations and reasonable overall size or potential. We view growth as an important driver of value and will seek companies whose growth potential can generate meaningful upside potential.
- *Strong Management Teams.* We intend to acquire a business that has an experienced management team with a proven track record for producing rapid growth and with an ability to clearly and confidently articulate the business and market opportunities to public market investors. As such, we will spend significant time assessing a company's leadership and personnel, and evaluating what we can do to augment and/or upgrade the team over time as needed.
- *Ability to Efficiently Leverage Capital to Boost Operations.* We will seek businesses that we believe are at an inflection point where the utilization of our capital can further propel the expansion of their business to the next operating level. We will spend significant time assessing a company's growth plans and projections to understand how our capital translates to operating growth and investor returns over the long-term.
- *Differentiated Products or Services.* We will evaluate metrics such as recurring revenues, product life cycle, market share, cohort consistency, customer lifetime value, and customer acquisition costs to focus on businesses whose products or services are differentiated or where we see an opportunity to create value by implementing best practices.
- *Attractive Valuations.* We will seek target companies for our initial business combination based on disciplined valuation-centric metrics.
- *Benefit From Being a Public Company.* We intend to pursue a business combination with a company that we believe will benefit from being publicly traded and can effectively utilize the broader access to capital markets and public profile that are associated with being a publicly traded company.
- *Preparedness for the Process and Public Markets.* We will seek to acquire a business that has or can put in place prior to the closing of a business combination the governance, financial systems and controls required in the public markets.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management team may deem relevant. In the event that we find an opportunity that has characteristics more compelling to us than the characteristics described above, we would pursue such opportunity.

### **Competitive Strengths and Advantages**

We believe that our management team is well positioned to consummate an initial business combination due to its combination of operating and investing expertise. We believe that the most likely target business will be those companies at a strategic inflection point, such as rapidly growing companies stepping out from the control of private equity or venture capital owners, family owned businesses seeking some liquidity, or business units being carved out from larger conglomerates. In these scenarios in particular, we believe the experience our management team brings in successfully scaling companies, especially those in the public markets, will be looked upon favorably by both the target company as well as public shareholders.

Specifically, we believe our competitive strengths to be the following:

- *Experienced Management Team.* Our management team and strategic advisors have a substantial investment track record and advisory experience, significant knowledge of technology analytics, access to proprietary deal flow, and strong relationships with business leaders and entrepreneurs, especially in the Asian and Asian American technology sectors. We believe their backgrounds will allow us access to proprietary investment opportunities and position us to successfully complete an initial business combination.

- *Flexible Structure.* With a public market for our Class A ordinary shares and \$200 million (or \$230 million if the over-allotment option is exercised in full) in trust, we have flexibility to be able to offer a target business a variety of options in structuring a transaction and funding future growth. Flexibility in using our public shares, debt, cash or a mixture of the foregoing, allows us to work with a target company to accommodate their needs.
- *Established Deal Sourcing Network and Personal Contacts.* We intend to maximize our pipeline of potential target investments by proactively approaching our management's extensive network of contacts, including private equity and venture capital sponsors, family offices, executives of public and private companies, merger and acquisition advisory firms, investment banks, capital markets desks, lenders and other financial intermediaries. We believe the prior investment experience and track record of our team will give us a competitive advantage when sourcing potential target business opportunities, relationships with private equity and venture capital firms, and through investment bankers who we believe are likely to provide us with potential combination targets.
- *Deal-making and Capital Markets Experience through all Market Cycles.* Our management team and strategic advisors consist of seasoned dealmakers with experience in a wide variety of industries, structures and market conditions, as well as experienced equity and debt capital markets professionals. Most have worked in the technology sector, as principal investors and as advisors, through different market cycles. Our management team and strategic advisors intend to apply the same disciplined approach to acquire a business that they have used in connection with their current advisory services and principal investment activities.
- *Experience with Complex Transactions.* Members of our management team and strategic advisors have a track record of completing complex transactions requiring creative solutions and that this experience is expected to assist us in negotiating and closing a significant business combination. Members of our management team and strategic advisors also have a history of leveraging their relationship networks for due diligence and to develop a unique perspective and comfort with the issues faced in such complex opportunities.
- *Investment Expertise.* Our management team has extensive experience in identifying, evaluating, structuring, acquiring, and investing in privately held companies. Collectively, the members of our management team alone have been involved with or led over 150 acquisitions and investments.
- *Broad Sector Focused Expertise.* Our management team brings deep expertise in a wide range of sub-sectors within the technology industry. We believe that our diverse range of expertise increases our chances of identifying a business combination target where we have the expertise to appropriately diligence the investment and to provide value post business combination. Specifically, members of our management team have experience operating, investing or serving on boards of companies in the following sub-sectors: consumer, blockchain, enterprise, fintech, life sciences and emerging markets.
- *Public Company Status.* We believe our status as a public company will make us an attractive transaction partner to prospective target businesses. As a public company, we believe the target business would benefit from greater access to capital to fund future growth initiatives, further means of creating incentive and compensation plans for management that are closely aligned with shareholder's interests, and increased recognition and awareness potentially benefiting sales and recruiting.

#### **Initial Business Combination**

Nasdaq rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. Our board of directors will make the determination as to the fair market value of our initial business combination. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent

investment banking firm that is a member of the Financial Industry Regulatory Authority (“FINRA”) or an independent accounting firm with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target’s assets or prospects.

We will have until 12 months from the closing of this offering to consummate an initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, we may extend the period of time to consummate a business combination up to two times, each by an additional three months (for a total of up to 18 months to complete a business combination) without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection therewith. Pursuant to the terms of our amended and restated memorandum and articles of association and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, in order to extend the time available for us to consummate our initial business combination, our sponsor or its affiliates or designees, upon ten days advance notice prior to the applicable deadline, must deposit into the trust account \$2,000,000, or up to \$2,300,000 if the underwriters’ over-allotment option is exercised in full (\$0.10 per public Class A ordinary share in either case) on or prior to the date of the applicable deadline, for each three-month extension (or up to an aggregate of \$4,000,000 (or \$4,600,000 if the underwriters’ over-allotment option is exercised in full), or \$0.20 per public Class A ordinary share if we extend for the full six months). Any such payments would be made in the form of a loan. Any such loans will be non-interest bearing and payable upon the consummation of our initial business combination. If we complete our initial business combination, we would either repay such loaned amounts out of the proceeds of the trust account released to us, or up to \$4,600,000 of such loans may be convertible into private warrants at a price of \$1.00 per warrant at the option of the lender. If we do not complete a business combination, the loans would be repaid out of funds not held in the trust account, and only to the extent available. Our sponsor has agreed to waive its right to be repaid for such loans out of the funds held in the trust account in the event that we do not complete a business combination. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. You will not be able to vote on or redeem your shares in connection with any such extension.

We anticipate structuring our initial business combination either (i) in such a way so that the post-transaction company in which our public shareholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses, or (ii) in such a way so that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or shareholders, or for other reasons. However, we will only complete an initial business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended (the “Investment Company Act”). Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our shareholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding share capital, shares or other equity interests of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our shareholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be taken into account for purposes of Nasdaq’s 80% of net assets test. If the initial business combination involves more than one target business, the 80% of net assets test will be based on the aggregate value of all of the transactions and we will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking shareholder approval, as applicable.

#### **Our Business Combination Process**

In evaluating prospective business combinations, we expect to conduct a thorough due diligence review process that will encompass, among other things, a review of historical and projected financial and operating data, meetings with

management and their advisors (if applicable), on-site inspection of facilities and assets, discussion with customers and suppliers, legal reviews and other reviews as we deem appropriate.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. In the event we seek to complete our initial business combination with a company that is affiliated with our sponsor, officers or directors, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent accounting firm that our initial business combination is fair to our company from a financial point of view.

Each of our officers and directors presently has, and any of them in the future may have additional, fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will be required to present a business combination opportunity. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations to present the opportunity to such entity, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. We believe, however, that the fiduciary duties or contractual obligations of our officers or directors will not materially affect our ability to complete our initial business combination. Our amended and restated memorandum and articles of association provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as us; and (ii) we renounce any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and us, on the other.

Our officers and directors have agreed not to participate in the formation of, or become an officer or director of, any other special purpose acquisition company with a class of securities registered under the Securities Exchange Act of 1934, as amended, or the Exchange Act, until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) after the closing of this offering.

#### **Corporate Information**

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended (the “Securities Act”), as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our Class A ordinary shares that is held by non-affiliates exceeds \$700 million as of the prior June 30, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period. References herein to emerging growth company will have the meaning associated with it in the JOBS Act.

Additionally, we are a “smaller reporting company” as defined in Rule 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. We will remain a smaller reporting company until the last day of the fiscal year in which (1) the market value of our Class A ordinary shares held by non-affiliates exceeds \$250 million as of the end of the prior June 30<sup>th</sup>, or (2) our annual revenues exceeded \$100 million during such completed fiscal year and the market value of our Class A ordinary shares held by non-affiliates exceeds \$700 million as of the prior June 30<sup>th</sup>.

We are a Cayman Islands exempted company. Exempted companies are Cayman Islands companies wishing to conduct business outside the Cayman Islands and, as such, are exempted from complying with certain provisions of the Companies Act. As an exempted company, we have applied for and received a tax exemption undertaking from the Cayman Islands government that, in accordance with Section 6 of the Tax Concessions Act (As Revised) of the Cayman Islands, for a period of 20 years from the date of the undertaking, no law which is enacted in the Cayman Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to us or our operations and, in addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable (i) on or in respect of our public shares, debentures or other obligations or (ii) by way of the withholding in whole or in part of a payment of dividend or other distribution of income or capital by us to our shareholders or a payment of principal or interest or other sums due under a debenture or other obligation of us.

#### **Private Placements**

On August 7, 2021, we issued 5,750,000 founder shares to our sponsor for an aggregate purchase price of \$25,000 (up to 750,000 of which are subject to forfeiture depending on the extent to which the underwriters’ over-allotment option is exercised). We will effect a share dividend or share contribution prior to this offering should the size of the offering change, so that our insiders will collectively own or control 20.0% of our issued and outstanding shares after this offering.

The founder shares are identical to the Class A ordinary shares included in the units being sold in this offering. However, our insiders have agreed (A) to vote their founder shares and any public shares acquired in or after this offering in favor of any proposed business combination, (B) not to propose, or vote in favor of, an amendment to our amended and restated memorandum and articles of association that would affect the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering unless we provide our public shareholders with the opportunity to redeem their public shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, net of taxes payable, divided by the number of then outstanding public shares, (C) not to convert any ordinary shares (including the founder shares) into the right to receive cash from the trust account in connection with a shareholder vote to approve our proposed initial business combination (or sell any ordinary shares they hold to us in a tender offer in connection with a proposed initial business combination) or a vote to amend the provisions of our amended and restated memorandum and articles of association relating to the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, and (D) that the insider shares shall not be entitled to be redeemed for a pro rata portion of the funds held in the trust account if a business combination is not consummated.

Subject to certain limited exceptions, our sponsor has agreed not to transfer, assign or sell any of their founder shares until the earlier to occur of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which we consummate a liquidation, merger, share exchange or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property (except as described herein under the section of this prospectus entitled “Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants”). Any permitted transferees will be subject to the same restrictions and other agreements of our sponsor with respect to any founder shares. Notwithstanding the foregoing, if the closing price of our Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for

any 20 trading days within any 30-trading day period commencing 30 days after our initial business combination, the founder shares will no longer be subject to such transfer restrictions. We refer to such transfer restrictions throughout this prospectus as the lock-up.

The limited exceptions referred to above include (1) transfers among the insiders, to our officers, directors, advisors and employees, any affiliates or family members of any of our officers or directors, any members of our sponsor, or any affiliates of our sponsor, (2) transfers to an insider's affiliates or its members upon its liquidation, (3) in the case of an individual, by gift to a member of one of the members of the individual's immediate family or to a trust, the beneficiary of which is a member of one of the individual's immediate family, an affiliate of such person or to a charitable organization, (4) in the case of an individual, transfers by virtue of laws of descent and distribution upon death of the individual; (5) in the case of an individual, pursuant to a qualified domestic relations order, (6) private sales or transfers made at prices no greater than the price at which the securities were originally purchased, (7) by private sales at negotiated prices, which transfers are not effected until the consummation of an initial business combination, (8) in the event of our liquidation prior to the completion of our initial business combination; (9) by virtue of our sponsor's jurisdiction of incorporation or our sponsor's limited liability company agreement upon dissolution of our sponsor; (10) in the event of our liquidation, merger, share exchange, reorganization or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property subsequent to our completion of our initial business combination or (11) transfers to us for cancellation in connection with the consummation of an initial business combination, in each case (except for clauses (8) through (11)) these permitted transferees must enter into a written agreement agreeing to be bound by these transfer restrictions and the other restrictions contained in the letter agreements and the escrow agreement, and by the same agreements entered into by our sponsor with respect to such securities (including provisions relating to the escrow agreement, voting, the trust account and liquidation distributions described elsewhere in this prospectus).

Our sponsor, ATAC Sponsor LLC, will purchase from us, pursuant to a written purchase agreement with us, 6,425,000 (or 7,100,000 if the underwriters' over-allotment option is exercised in full) private placement warrants at a purchase price of \$1.00 per warrant for an aggregate purchase price of \$6,425,000 (or \$7,100,000 if the underwriters' over-allotment option is exercised in full). The private placement warrants are identical to the warrants sold in this offering, subject to certain limited exceptions as described in this prospectus. The proceeds from the private placement of the private placement warrants will be added to the proceeds of this offering and placed in the same trust account described in this prospectus maintained by Continental Stock Transfer & Trust Company, as trustee.

If units or Class A ordinary shares are purchased by any of our directors, officers or initial shareholders, they will be entitled to funds from the trust account to the same extent as the units or Class A ordinary shares held by any public shareholder upon our liquidation, but will not have redemption rights related thereto.

Our executive offices are located at 4 Embarcadero Center Suite 1449, San Francisco, California 94105.

## The Offering

In making your decision on whether to invest in our securities, you should take into account not only the background of the members of our management team, but also the special risks we face as a blank check company and the fact that this offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. You will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. You should carefully consider these and other risks set forth in the section below entitled “Risk Factors” in this prospectus.

### Securities offered

20,000,000 units, at \$10.00 per unit, each unit consisting of one Class A ordinary share, one redeemable warrant and one right. Each two warrants entitle the holder thereof to purchase one full Class A ordinary share at a price of \$11.50 per share, subject to adjustment, as described in this prospectus, and each 10 rights entitle the holder thereof to receive one Class A ordinary share at the closing of a business combination. Because the warrants may only be exercised for whole numbers of Class A ordinary shares, only an even number of warrants may be exercised at any given time by a warrant holder.

### Proposed Nasdaq symbols

We anticipate the units, and the Class A ordinary shares, warrants and rights, once they begin separate trading, will be listed on Nasdaq under the symbols “ATAKU,” “ATAK,” “ATAKW,” and “ATAKR,” respectively.

### Trading commencement and separation of Class A ordinary shares, warrants and rights

The units will begin trading on or promptly after the date of this prospectus. We expect the Class A ordinary shares, warrants and rights comprising the units will begin separate trading on the 52<sup>nd</sup> day following the date of this prospectus unless Maxim informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin.

Once the Class A ordinary shares, warrants and rights commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into Class A ordinary shares, warrants and rights.

In no event will the Class A ordinary shares, warrants and rights be traded separately until we have filed a Current Report on Form 8-K with the SEC containing an audited balance sheet reflecting our receipt of the gross proceeds at the closing of this offering. We will file the Current Report on Form 8-K promptly after the closing of this offering, which is anticipated to take place three trading days from the date of this prospectus. If the underwriters’ over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters’ over-allotment option.

(1) The 5,750,000 founder shares includes an aggregate of up to 750,000 founder shares that are subject to forfeiture if the over-allotment option is not exercised by the underwriters in full. The Class B ordinary shares are convertible into Class A ordinary shares on a one-for-one basis, subject to adjustment as described below.

(2) Represents the issuance of 300,000 Class A ordinary shares to the representative of the underwriters upon the consummation of this offering. Except as described herein, the representative shares are identical to the Class A ordinary shares underlying the units issued in this offering.

(3) Assumes (i) the over-allotment option has not been exercised, (ii) an aggregate of 750,000 founder shares have been forfeited, and (iii) the Representative's 300,000 Class A ordinary shares have been issued.

**Warrants Exercisability**

Each two warrants entitle the holder thereof to purchase one full Class A ordinary share at a price of \$11.50 per share, subject to adjustment, as described in this prospectus. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of Class A ordinary shares. This means that only an even number of warrants may be exercised at any given time by a warrant holder.

**Warrant Exercise price**

\$11.50 per whole share, subject to adjustment as described herein. In addition, if (x) we issue additional Class A ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at an issue price or effective issue price of less than \$9.20 per share (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to our sponsor or its affiliates, without taking into account any founder shares held by our sponsor or such affiliates, as applicable, prior to such issuance) (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination on the date of the consummation of our initial business combination (net of redemptions), and (z) the volume weighted average trading price of our Class A ordinary shares during the 20 trading day period starting on the trading day prior to the day on which we consummate our initial business combination (such price, the “Market Value”) is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described below under “Redemption” will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price.

**Warrant Exercise period**

The warrants will become exercisable on the later of:

- 30 days after the completion of our initial business combination, or
- 12 months from the closing of this offering;

provided in each case that we have an effective registration statement under the Securities Act covering the Class A ordinary shares issuable upon exercise of the warrants and a current prospectus relating to them is available.

We have agreed that as soon as practicable, but in no event later than 30 days after the closing of our initial business combination, we will use our commercially reasonable best efforts to file with the SEC a post-effective amendment to the registration statement for this offering or a new registration statement covering the Class A ordinary shares issuable upon exercise of the warrants, and to maintain a current prospectus relating to those Class A ordinary shares until the warrants expire or are redeemed, as specified in the warrant agreement.

If our Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that it satisfies the definition of a “covered security” under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will

not be required to file a post-effective amendment to the registration statement for this offering or a new registration statement covering the Class A ordinary shares issuable upon exercise of the warrant, but we will be required to use our best efforts to register or qualify the Class A ordinary shares under applicable blue sky laws to the extent an exemption is not available. If that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis.

The warrants will expire at 5:00 p.m., New York City time, five years after the completion of our initial business combination or earlier upon redemption or liquidation. On the exercise of any warrant, the warrant exercise price will be paid directly to us and not placed in the trust account.

#### **Redemption of warrants**

Once the warrants become exercisable, we may redeem the outstanding warrants:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption, which we refer to as the 30-day redemption period; and
- if, and only if, the last sale price of our Class A ordinary shares equals or exceeds \$18.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

If the foregoing conditions are satisfied and we issue a notice of redemption, each warrant holder can exercise his, her or its warrant prior to the scheduled redemption date. However, the price of our Class A ordinary shares may fall below the \$18.00 trigger price, as well as the \$11.50 warrant exercise price after the redemption notice is issued.

We will not redeem the warrants unless a registration statement under the Securities Act covering the Class A ordinary shares issuable upon exercise of the warrants is effective and a current prospectus relating to those Class A ordinary shares is available throughout the 30-day redemption period, or if we have elected to require the exercise of the public warrants on a "cashless basis" as described below. If and when the warrants become redeemable by us, we may not exercise our redemption right if the issuance of Class A ordinary shares upon exercise of the warrants is not exempt from registration or qualification under applicable state blue sky laws or we are unable to effect such registration or qualification. We will use our best efforts to register or qualify such Class A ordinary shares under the blue sky laws of the state of residence in those states in which the warrants were offered by us in this offering.

If we call the warrants for redemption as described above, our management will have the option to require all holders that wish to exercise warrants to do so on a "cashless basis." In determining whether to require all holders to exercise their warrants on a "cashless basis," our management will consider, among other factors, our cash position, the

number of warrants that are outstanding and the dilutive effect on our shareholders of issuing the maximum number of Class A ordinary shares issuable upon the exercise of our warrants.

In such event, each holder would pay the exercise price by surrendering the warrants for that number of Class A ordinary shares equal to the quotient obtained by dividing (x) the product of the number of Class A ordinary shares underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” shall mean the average reported last sale price of the Class A ordinary shares for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. Please see the section of this prospectus entitled “Description of Securities — Redeemable Warrants — Public Shareholders’ Warrants” for additional information.

**Terms of Rights**

Except in cases where we are not the surviving company in a business combination, each holder of a right will automatically receive one-tenth (1/10) of one Class A ordinary share upon consummation of our initial business combination. We will not issue fractional Class A ordinary shares in connection with an exchange of rights. Fractional Class A ordinary shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of Cayman Islands law. As a result, you must hold rights in multiples of 10 in order to receive Class A ordinary shares for all of your rights upon closing of a business combination. In the event we will not be the surviving company upon completion of our initial business combination, each holder of a right will be required to affirmatively convert his, her or its rights in order to receive the one-tenth (1/10) of one Class A ordinary share underlying each right upon consummation of the business combination. If we are unable to complete an initial business combination within the required time period and we redeem the public shares for the funds held in the trust account, holders of rights will not receive any of such funds for their rights and the rights will expire worthless.

**Founder shares**

On August 7, 2021, we issued 5,750,000 founder shares to our sponsor for an aggregate purchase price of \$25,000, or approximately \$0.0043 per share. The per share purchase price of the founder shares was determined by dividing the amount of cash contributed to the company by the aggregate number of founder shares issued. The number of founder shares issued was determined based on the expectation that the founder shares would represent 20% of the outstanding shares after this offering (not including the representative shares). As such, our initial shareholders will collectively own 20% of our issued and outstanding shares after this offering (not including the representative shares and assuming they do not purchase any units in this offering). Neither our sponsor nor any of our officers or directors have expressed an intention to purchase any units in this offering. Up to 750,000 founder shares will be subject to forfeiture by our sponsor depending on the extent to which the underwriters’ over-allotment option is exercised so that our initial shareholders will maintain ownership of 20% of our ordinary shares after this offering (not including the representative shares). We will effect a share dividend or share contribution prior to this offering should the size of the offering change, in order to maintain such ownership percentage.

The founder shares are identical to the Class A ordinary shares included in the units being sold in this offering, except that:

- the founder shares are Class B ordinary shares that automatically convert into Class A ordinary shares at the time of our initial business combination, or at any time prior thereto at the option of the holder, on a one-for-one basis, subject to adjustment pursuant to certain anti-dilution rights, as described herein, for no additional consideration;
- the founder shares are subject to certain transfer restrictions, as described in more detail below;
- our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares and public shares in connection with the completion of our initial business combination, (ii) waive their redemption rights with respect to their founder shares and public shares in connection with a shareholder vote to approve an amendment to our amended and restated memorandum and articles of association (A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity and (iii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the prescribed time frame;
- pursuant to the letter agreement, our sponsor, officers and directors have agreed to vote any founder shares held by them and any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination. If we submit our initial business combination to our public shareholders for a vote, we will complete our initial business combination only if we obtain the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company. As a result, in addition to our founder shares, we would need 7,650,001, or 38.25% (assuming all issued and outstanding shares are voted, the over-allotment option is not exercised and the sponsors do not acquire any Class A ordinary shares), of the 20,000,000 public shares sold in this offering to be voted in favor of an initial business combination in order to have such initial business combination approved, assuming no resolution or other approval is required pursuant to Cayman Islands or other applicable law; and
- the founder shares are entitled to registration rights.

**Transfer restrictions on founder shares**

Our sponsor, directors and officers have agreed to place their founder shares into an escrow account maintained in New York, New York by Continental Stock Transfer & Trust Company, acting as escrow agent, which shares will not be transferred, assigned, sold or released from escrow until the earlier of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which we consummate a liquidation, merger, share exchange or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property (except as described herein under the section of this prospectus entitled “Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants”). Any permitted transferees will be subject to the same restrictions and other agreements of our sponsor with respect to any founder shares. Notwithstanding the foregoing, if the closing price of our Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing 30 days after our initial business combination, the founder shares will no longer be subject to such transfer restrictions. We refer to such transfer restrictions throughout this prospectus as the lock-up.

**Conversion and anti-dilution rights of founder shares**

The Class B ordinary shares will automatically convert into our Class A ordinary shares at the time of our initial business combination on a one-for-one basis, subject to adjustment for share sub-divisions, share dividends, reorganizations, recapitalizations and the like, and subject to further adjustment as provided herein, for no additional consideration. In the case that additional Class A ordinary shares, or equity-linked securities, are issued or deemed issued in excess of the amounts offered in this prospectus and related to the closing of the initial business combination, the ratio at which Class B ordinary shares shall convert into Class A ordinary shares will be adjusted (unless the holders of a majority of the outstanding Class B ordinary shares agree to waive such adjustment with respect to any such issuance or deemed issuance) so that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all ordinary shares outstanding upon the completion of this offering (not including the representative shares) plus all Class A ordinary shares and equity-linked securities issued or deemed issued in connection with the initial business combination (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the initial business combination or any private placement-equivalent units issued to our sponsor, its affiliates or certain of our officers and directors upon conversion of working capital loans made to us). Holders of founder shares may also elect to convert their Class B ordinary shares into an equal number of Class A ordinary shares, subject to adjustment as provided above, at any time. The term “equity-linked securities” refers to any debt or equity securities that are convertible, exercisable or exchangeable for Class A ordinary shares issued in a financing transaction in connection with our initial business combination, including but not limited to a private placement of equity or debt. Securities could be “deemed issued” for purposes of the conversion rate adjustment if such shares are issuable upon the conversion or exercise of convertible securities, warrants or similar securities.

<b>Voting rights</b>	Holders of the Class A ordinary shares and holders of the Class B ordinary shares will vote together as a single class on all matters submitted to a vote of our shareholders, with each ordinary share entitling the holder to one vote.
<b>Private placement warrants and underlying shares</b>	Our sponsor has agreed to purchase an aggregate of 6,425,000 private placement warrants at a price of \$1.00 per private placement warrant, for an aggregate purchase price of \$6,425,000. Our sponsor has also agreed that if the over-allotment is exercised by the underwriters, it will purchase at a price of \$1.00 per private placement warrant an additional number of private placement warrants (up to a maximum of 675,000 additional private placement warrants) prior to any exercise of the over-allotment option in full or in part in the aggregate amount of \$675,000. The private placement warrants are identical to the warrants sold in this offering except that the private placement warrants, so long as they are held by our sponsor or its permitted transferees, (i) will not be redeemable by us, (ii) may not (including the ordinary shares issuable upon exercise of these warrants), subject to certain limited exceptions, be transferred, assigned or sold by the holders until the completion of our initial business combination, (iii) may be exercised by the holders on a cashless basis and (iv) will be entitled to registration rights. If the private placement warrants are held by holders other than the sponsor, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering. If we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, the proceeds from the sale of the private placement warrants held in the trust account will be used to fund the redemption of our public shares (subject to the requirements of applicable law) and the private placement warrants (and the underlying securities) will expire worthless.
<b>Transfer restrictions on private placement warrants and underlying shares</b>	The private placement warrants (including the ordinary shares issuable upon exercise of the private placement warrants) will not be transferable, assignable or salable until the completion of our initial business combination (except as described under the section of this prospectus entitled “Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants”). Following such period, the private placement warrants (including the ordinary shares issuable upon exercise of the private placement warrants) will be transferable, assignable or salable, except that the private placement warrants will not trade.
<b>Cashless exercise of private placement warrants</b>	If holders of private placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their warrants for that number of Class A ordinary shares equal to the quotient obtained by dividing (x) the product of the number of Class A ordinary shares underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” shall mean the average reported last sale price of the Class A ordinary shares for the 10 trading days ending on the third trading day prior to the date on which the

notice of warrant exercise is sent to the warrant agent. The reason that we have agreed that these warrants will be exercisable on a cashless basis so long as they are held by the sponsor or its permitted transferees is because it is not known at this time whether they will be affiliated with us following an initial business combination. If they remain affiliated with us, their ability to sell our securities in the open market will be significantly limited. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information. Accordingly, unlike public shareholders who could sell the Class A ordinary shares issuable upon exercise of the warrants freely in the open market, the insiders could be significantly restricted from doing so. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

**Representative Shares**

We have agreed to issue to Maxim and/or its designees 300,000 Class A ordinary shares (or 345,000 Class A ordinary shares if the underwriters' over-allotment option is exercised in full) at the closing of this offering. The representative shares are identical to the Class A ordinary shares underlying the units sold in this offering, except that the representative shares will not be transferable, assignable or salable until after the completion of our initial business combination. Maxim has agreed to (i) waive their redemption rights with respect to their representative shares in connection with the completion of our initial business combination, (ii) waive their redemption rights with respect to their representative shares in connection with a shareholder vote to approve an amendment to our amended and restated memorandum and articles of association (A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders' rights of pre-initial business combination activity and (iii) waive their rights to liquidating distributions from the trust account with respect to their representative shares if we fail to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering. The representative shares have been deemed compensation by FINRA and are therefore subject to a lock-up for a period of 180 days immediately following the date of the effectiveness of the registration statement of which this prospectus forms a part pursuant to Rule 5110(e)(1) of FINRA's Conduct Rules.

**Proceeds to be held in trust account**

Of the net proceeds of this offering and the sale of the private placement warrants, \$202,000,000, or \$10.10 per unit (or \$232,300,000, or \$10.10 per unit, if the underwriters' over-allotment option is exercised in full) will be placed into a trust account in the United States, with Continental Stock Transfer & Trust Company acting as trustee. The proceeds to be held in the trust account include \$7,000,000 (or \$8,050,000 if the underwriters' over-allotment option is exercised in full) in deferred underwriting commissions. Except with respect to interest earned on the funds held in the trust account that may be released to us to pay our

income tax obligations (less up to \$50,000 of interest to pay dissolution expenses), the proceeds from this offering and the sale of the private placement warrants will not be released from the trust account until the earliest of (a) the completion of our initial business combination, (b) the redemption of any public shares properly submitted in connection with a shareholder vote to amend our amended and restated memorandum and articles of association (i) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (ii) with respect to any other provision relating to shareholders' rights or pre-business combination activity, and (c) the redemption of our public shares if we are unable to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, subject to applicable law. The proceeds deposited in the trust account could become subject to the claims of our creditors, if any, which could have priority over the claims of our public shareholders.

**Ability to extend time to complete business combination**

We will have until 12 months from the closing of this offering to consummate an initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, we may extend the period of time to consummate a business combination up to two times, each by an additional three months (for a total of up to 18 months to complete a business combination) without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection therewith. Pursuant to the terms of our amended and restated memorandum and articles of association and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, in order to extend the time available for us to consummate our initial business combination, our sponsor or its affiliates or designees, upon ten days advance notice prior to the applicable deadline, must deposit an aggregate of \$2,000,000, or up to \$2,300,000 if the underwriters' over-allotment option is exercised in full (\$0.10 per public share in either case), on or prior to the date of the applicable deadline, for each three-month extension (or up to an aggregate of \$4,000,000 (or \$4,600,000 if the underwriters' over-allotment option is exercised in full), or \$0.20 per public share if we extend for the full six months). Any such payments would be made in the form of a loan. Any such loans will be non-interest bearing and payable upon the consummation of our initial business combination. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination.

**Anticipated expenses and funding sources**

Except as described above with respect to the payment of taxes, unless and until we complete our initial business combination, no proceeds held in the trust account will be available for our use. The proceeds held in the trust account will be invested only in U.S. government securities with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. We will

disclose in each quarterly and annual report filed with the SEC prior to our initial business combination whether the proceeds deposited in the trust account are invested in U.S. government treasury obligations or money market funds or a combination thereof. Based upon current interest rates, we expect the trust account to generate approximately \$20,200 of interest annually assuming an interest rate of 0.01% per year; however, we can provide no assurances regarding this amount. Unless and until we complete our initial business combination, we may pay our expenses only from:

- the net proceeds of this offering and the sale of the private placement warrants not held in the trust account, which will be approximately \$1,425,000 in working capital after the payment of approximately \$500,000 in expenses (not including underwriting commissions) relating to this offering; and
- any loans or additional investments from our sponsor, members of our management team or their affiliates or other third parties, although they are under no obligation to advance funds or invest in us, and provided that any such loans will not have any claim on the proceeds held in the trust account unless such proceeds are released to us upon completion of an initial business combination.

**Conditions to completing our initial business combination**

We anticipate structuring our initial business combination either (i) in such a way so that the post-transaction company in which our public shareholders own Class A ordinary shares will own or acquire 100% of the equity interests or assets of the target business or businesses, or (ii) in such a way so that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or shareholders, or for other reasons. However, we will only complete an initial business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our shareholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new Class A ordinary shares in exchange for all of the outstanding share capital, shares or other equity interests of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new Class A ordinary shares, our shareholders immediately prior to our initial business combination could own less than a majority of our outstanding Class A ordinary shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be taken into account for purposes of Nasdaq's 80% of net assets test. If the initial business combination involves more than one target business, the 80% of net assets test will be based on the aggregate value of all of the transactions and we

will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking shareholder approval, as applicable.

**Permitted purchases of public shares and public warrants by our affiliates**

The purpose of any such purchases of Class A ordinary shares could be to vote such Class A ordinary shares in favor of the initial business combination and thereby increase the likelihood of obtaining shareholder approval of the initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our Class A ordinary shares or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

**Redemption rights for public shareholders upon completion of our initial business combination**

We will provide our public shareholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be \$10.10 per public share. The per-share amount we will distribute to investors who properly redeem their public shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. There will be no redemption rights upon the completion of our initial business combination with respect to our warrants. Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares held by them and any public shares they may acquire during or after this offering in connection with the completion of our initial business combination or otherwise. We may require our public shareholders seeking to exercise their redemption rights, whether they are record holders or hold their public shares in “street name,” to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents or proxy materials mailed to such holders, or up to two business days prior to the vote on the proposal to approve the initial business combination in the event we distribute proxy materials, or to deliver their public shares to the transfer agent electronically using the Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option. The tender offer or proxy materials, as

applicable, that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public shareholders to satisfy such delivery requirements.

**Limitation on redemption rights of shareholders holding 15% or more of the shares sold in this offering if we hold shareholder vote**

Notwithstanding the foregoing redemption rights, if we seek shareholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated memorandum and articles of association will provide that a public shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares sold in this offering, without our prior consent. We believe the restriction described above will discourage shareholders from accumulating large blocks of public shares, and subsequent attempts by such holders to use their ability to redeem their public shares as a means to force us or our management to purchase their public shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public shareholder holding more than an aggregate of 15% of the public shares sold in this offering could threaten to exercise its redemption rights against an initial business combination if such holder’s public shares are not purchased by us or our management at a premium to the then-current market price or on other undesirable terms. By limiting our shareholders’ ability to redeem to no more than 15% of the public shares sold in this offering, we believe we will limit the ability of a small group of shareholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with an initial business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be restricting our shareholders’ ability to vote all of their public shares (including all public shares held by those shareholders that hold more than 15% of the public shares sold in this offering) for or against our initial business combination.

**Limited payments to insiders**

There will be no finder’s fees, reimbursement, consulting fee, monies in respect of any payment of a loan or other compensation paid by us to our sponsor, officers or directors, or any affiliate of our sponsor or officers prior to, or in connection with any services rendered in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is). However, the following payments will be made to our sponsor, officers or directors, or our or their affiliates, none of which will be made from the proceeds of this offering held in the trust account prior to the completion of our initial business combination:

- Repayment of up to an aggregate of \$300,000 in loans made to us by our sponsor to cover offering-related and organizational expenses;
- Payment to an affiliate of our sponsor of \$10,000 per month, for 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) for office space, utilities and secretarial and administrative support;

- Reimbursement for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination; and
- Repayment of loans which may be made by our sponsor or an affiliate of our sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination, the terms of which have not been determined nor have any written agreements been executed with respect thereto. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted), at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period of the underlying warrants. The terms of such working capital loans by our sponsor or its affiliates, or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans.

### **Risks**

We are a newly formed company that has conducted no operations and has generated no revenues. Until we complete our initial business combination, we will have no operations and will generate no operating revenues. In making your decision whether to invest in our securities, you should take into account not only the background of our management team, but also the special risks we face as a blank check company. This offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. Accordingly, you will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. For additional information concerning how Rule 419 blank check offerings differ from this offering, please see the section of this prospectus entitled “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.” You should carefully consider these and the other risks set forth in the section of this prospectus entitled “Risk Factors” beginning on page 24 of this prospectus.

*A brief summary of some of the risk factors that make an investment in us speculative or risky include:*

- Whether we will be able to complete our initial business combination, particularly in light of disruption that may result from limitations imposed by the COVID-19 pandemic;
- Whether we will be successful in retaining or recruiting, or making changes required in, our officers, key employees or directors following our initial business combination;
- How much time our officers and directors allocate to us and potentially having conflicts of interest with our business or in approving our initial business combination, as a result of which they would then receive expense reimbursements and other benefits;
- Whether we will need to obtain additional financing to complete our initial business combination;
- Whether there is a sufficient pool of prospective target businesses for us to acquire, given competition;
- Whether our officers and directors are able to generate a number of potential investment opportunities;
- Whether our securities are delisted from Nasdaq prior to our business combination or an inability to have our securities listed on Nasdaq following a business combination;
- The fact that we may have limited liquidity in our securities;

- The fact there has not previously been a market for our securities; and
- Our financial performance following our business combination.

#### Summary Financial Data

The following table summarizes the relevant financial data for our business and should be read with our financial statements, which are included in this prospectus. We have not had any significant operations to date, and accordingly only balance sheet data is presented.

	December 31, 2021	
	Actual	As Adjusted
<b>Balance Sheet Data:</b>		
Working (deficiency) capital	\$ (292,365)	\$ 1,132,635
Total assets	372,775	\$ 203,505,410
Total liabilities	357,738	\$ 15,568,373
Value of Class A ordinary shares subject to possible conversion/tender	—	\$ 202,000,000
Shareholders' equity	15,037	\$ (14,062,963)

The "as adjusted" information gives effect to the sale of the units in this offering, the sale of the private placement warrants, repayment of up to an aggregate of \$300,000 in loans made to us by our sponsor and the payment of the estimated expenses of this offering and assumes no exercise of the underwriters' over-allotment option. The "as adjusted" total assets amount includes the \$202,000,000 held in the trust account for the benefit of our public shareholders, which amount, less deferred underwriting commissions, will be available to us only upon the completion of our initial business combination within 12 months (or 18 months, as applicable) from the closing of this offering. The "as adjusted" working capital and "as adjusted" total assets include \$7,000,000 being held in the trust account representing deferred underwriting commissions. The underwriters will not be entitled to any interest accrued on the deferred underwriting discounts and commissions. The "as adjusted" total liabilities includes warrant liability of \$8,503,000 and deferred underwriting commission of \$7,000,000.

If no business combination is completed within 12 months (or 18 months, as applicable) from the closing of this offering, the proceeds then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes and working capital needs as described herein (less \$50,000 of interest to pay liquidation and dissolution expenses) will be used to fund the redemption of our public shares. Our sponsor, initial shareholders, officers and directors have entered into letter agreements with us pursuant to which they have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we have not completed our initial business combination within such time period.

We will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 immediately prior to and immediately after the consummation and, solely if we seek shareholder approval, only if we obtain the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company.

## RISK FACTORS

*An investment in our securities involves a high degree of risk. You should consider carefully the risks described below, which we believe represent the material risks related to the offering, together with the other information contained in this prospectus, before making a decision to invest in our units. This prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in the forward-looking statements as a result of specific factors, including the risks described below.*

### **Risks Related to Our Business and Structure**

***We are a newly formed company with no operating history and no revenues, and you have no basis on which to evaluate our ability to achieve our business objective.***

We are a newly formed company with no operating results, and we will not commence operations until obtaining funding through this offering. Because we lack an operating history, you have no basis upon which to evaluate our ability to achieve our business objective of completing our initial business combination with one or more target businesses. We have no plans, arrangements or understandings with any prospective target business concerning an initial business combination and may be unable to complete our initial business combination. If we fail to complete our initial business combination, we will never generate any operating revenues.

***Our independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about our ability to continue as a "going concern."***

As of December 31, 2021, we had \$65,373 of cash and a working capital deficit of \$292,365. Further, we have incurred and expect to continue to incur significant costs in pursuit of our financing and acquisition plans. Management's plans to address this need for capital through this offering are discussed in the section of this prospectus titled "Management's Discussion and Analysis of Financial Condition and Results of Operations." We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern. The financial statements contained elsewhere in this prospectus do not include any adjustments that might result from our inability to consummate this offering or our inability to continue as a going concern.

***You will not be entitled to protections normally afforded to investors of many other blank check companies.***

Since the net proceeds of this offering and the sale of the private placement warrants are intended to be used to complete an initial business combination with a target business that has not been identified, we may be deemed to be a "blank check" company under the United States securities laws. However, because we will have net tangible assets in excess of \$5,000,000 upon the successful completion of this offering and the sale of the private placement warrants and will file a Current Report on Form 8-K, including an audited balance sheet demonstrating this fact, we are exempt from rules promulgated by the SEC to protect investors in blank check companies, such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules. Among other things, this means our units will be immediately tradable and we will have a longer period of time to complete our initial business combination than do companies subject to Rule 419. Moreover, if this offering were subject to Rule 419, that rule would prohibit the release of any interest earned on funds held in the trust account to us unless and until the funds in the trust account were released to us in connection with our completion of an initial business combination. For a more detailed comparison of our offering to offerings that comply with Rule 419, please see the section of this prospectus entitled "Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419."

***Our public shareholders may not be afforded an opportunity to vote on our proposed initial business combination, and even if we hold a vote, holders of our founder shares will participate in such vote, which means we may complete our initial business combination even though a majority of our public shareholders do not support such a combination.***

Except as required by law, the decision as to whether we will seek shareholder approval of a proposed initial business combination or will allow shareholders to sell their public shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors, such as the timing of the transaction and whether

## [Table of Contents](#)

the terms of the transaction would otherwise require us to seek shareholder approval. Even if we seek shareholder approval, the holders of our founder shares will participate in the vote on such approval. Accordingly, we may complete our initial business combination even if holders of a majority of our public shares do not approve of the initial business combination we complete. Please see the section of this prospectus entitled “Proposed Business — Shareholders May Not Have the Ability to Approve Our Initial Business Combination” for additional information.

***If we seek shareholder approval of our initial business combination, our initial shareholders and management team have agreed to vote in favor of such initial business combination, regardless of how our public shareholders vote.***

Pursuant to the letter agreement, our sponsor, officers and directors have agreed to vote their founder shares, as well as any public shares purchased during or after this offering (including in open market and privately negotiated transactions), in favor of our initial business combination. As a result, in addition to our founder shares, we would need 7,650,001, or 38.25% (assuming all issued and outstanding shares are voted, the over-allotment option is not exercised and the sponsors do not acquire any Class A ordinary shares), of the 20,000,000 public shares sold in this offering to be voted in favor of an initial business combination in order to have such initial business combination approved, assuming no resolution or other approval is required pursuant to Cayman Islands or other applicable law. Our initial shareholders will own ordinary shares representing 20% of our outstanding ordinary shares of immediately following the completion of this offering (not including the representative shares). Accordingly, if we seek shareholder approval of our initial business combination, the agreement by our initial shareholders to vote in favor of our initial business combination will increase the likelihood that we will receive the requisite shareholder approval for such initial business combination.

***Unlike other blank check companies, we may extend the time to complete a business combination by up to six months without a shareholder vote or your ability to redeem your public shares.***

We will have until 12 months from the closing of this offering to consummate an initial business combination. However, unlike other similarly structured blank check companies, if we anticipate that we may not be able to consummate our initial business combination within 12 months, we may extend the period of time to consummate a business combination up to two times, each by an additional three months (for a total of up to 18 months to complete a business combination) without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection therewith. Pursuant to the terms of our amended and restated memorandum and articles of association and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, in order to extend the time available for us to consummate our initial business combination, our sponsor or its affiliates or designees, upon ten days advance notice prior to the applicable deadline, must deposit into the trust account \$2,000,000, or up to \$2,300,000 if the underwriters’ over-allotment option is exercised in full (\$0.10 per public share in either case) on or prior to the date of the applicable deadline, for each three-month extension (or up to an aggregate of \$4,000,000 (or \$4,600,000 if the underwriters’ over-allotment option is exercised in full), or \$0.20 per public share if we extend for the full six months). Any such payments would be made in the form of a loan. Any such loans will be non-interest bearing and payable upon the consummation of our initial business combination. If we complete our initial business combination, we would either repay such loaned amounts out of the proceeds of the trust account released to us, or up to \$4,600,000 of such loans may be convertible into private warrants at a price of \$1.00 per warrant at the option of the lender. If we do not complete a business combination, the loans would be repaid out of funds not held in the trust account, and only to the extent available. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. You will not be able to vote on or redeem your shares in connection with any such extension.

***Your only opportunity to affect the investment decision regarding a potential business combination will be limited to the exercise of your right to redeem your public shares from us for cash, unless we seek shareholder approval of the initial business combination.***

At the time of your investment in us, you will not be provided with an opportunity to evaluate the specific merits or risks of our initial business combination. Since our board of directors may complete an initial business combination without seeking shareholder approval, public shareholders may not have the right or opportunity to vote on the initial business combination, unless we seek such shareholder vote. Accordingly, if we do not seek shareholder approval, your only opportunity to affect the investment decision regarding a potential business combination may be limited to exercising your redemption rights within the period of time (which will be at least 20 business days) set forth in our tender offer documents mailed to our public shareholders in which we describe our initial business combination.

## [Table of Contents](#)

***The ability of our public shareholders to redeem their public shares for cash may make our financial condition unattractive to potential business combination targets, which may make it difficult for us to enter into an initial business combination with a target.***

We may seek to enter into a business combination transaction agreement with minimum cash requirements for (i) cash consideration to be paid to the target or its owners, (ii) cash for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions. If too many public shareholders exercise their redemption rights, we would not be able to meet such closing condition and, as a result, would not be able to proceed with the initial business combination. Furthermore, in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination and after payment of underwriters' fees and commissions (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. Consequently, if accepting all properly submitted redemption requests would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination and after payment of underwriters' fees and commissions or such greater amount necessary to satisfy a closing condition as described above, we would not proceed with such redemption and the related business combination and may instead search for an alternate business combination. Prospective targets will be aware of these risks and, thus, may be reluctant to enter into an initial business combination with us.

***The ability of our public shareholders to exercise redemption rights with respect to a large number of our public shares may not allow us to complete the most desirable business combination or optimize our capital structure.***

At the time we enter into an agreement for our initial business combination, we will not know how many shareholders may exercise their redemption rights, and therefore will need to structure the transaction based on our expectations as to the number of public shares that will be submitted for redemption. If our initial business combination agreement requires us to use a portion of the cash in the trust account to pay the purchase price, or requires us to have a minimum amount of cash at closing, we will need to reserve a portion of the cash in the trust account to meet such requirements, or arrange for third party financing. In addition, if a larger number of public shares is submitted for redemption than we initially expected, we may need to restructure the transaction to reserve a greater portion of the cash in the trust account or arrange for third party financing. Raising additional third party financing may involve dilutive equity issuances or the incurrence of indebtedness at higher than desirable levels. Furthermore, this dilution would increase to the extent that the anti-dilution provision of the Class B ordinary shares results in the issuance of Class A ordinary shares on a greater than one-to-one basis upon conversion of the Class B ordinary shares at the time of our business combination. The above considerations may limit our ability to complete the most desirable business combination available to us or optimize our capital structure. The amount of the deferred underwriting commissions payable to the underwriters will not be adjusted for any public shares that are redeemed in connection with an initial business combination. The per-share amount we will distribute to shareholders who properly exercise their redemption rights will not be reduced by the deferred underwriting commission and after such redemptions, the per-share value of public shares held by non-redeeming shareholders will reflect our obligation to pay the deferred underwriting commissions.

***The ability of our public shareholders to exercise redemption rights with respect to a large number of our public shares could increase the probability that our initial business combination would be unsuccessful and that you would have to wait for liquidation in order to redeem your public shares.***

If our initial business combination agreement requires us to use a portion of the cash in the trust account to pay the purchase price, or requires us to have a minimum amount of cash at closing, the probability that our initial business combination would be unsuccessful is increased. If our initial business combination is unsuccessful, you would not receive your pro rata portion of the trust account until we liquidate the trust account. If you are in need of immediate liquidity, you could attempt to sell your public shares in the open market; however, at such time our public shares may trade at a discount to the pro rata amount per share in the trust account. In either situation, you may suffer a material loss on your investment or lose the benefit of funds expected in connection with the exercise of your redemption rights until we liquidate or you are able to sell your public shares in the open market.

***We may extend our time period to consummate our initial business combination for up to six months and accordingly have a total of up to 18 months from the closing of this offering to consummate a business combination without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection therewith.***

We will have until 12 months from the closing of this offering to consummate an initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, we may extend the period of time to consummate a business combination up to two times, each by an additional three months (for a total of up to 18 months to complete a business combination) without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection therewith. Pursuant to the terms of our amended and restated memorandum and articles of association and subject to deposit of additional funds by our sponsor or its affiliates or designees into our trust account as set forth thereunder, we may effectuate such extensions without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection with the proposed extensions.

***The requirement that we complete our initial business combination within prescribed time frame after the closing of this offering may give potential target businesses leverage over us in negotiating an initial business combination and may decrease our ability to conduct due diligence on potential business combination targets as we approach our dissolution deadline, which could undermine our ability to complete our initial business combination on terms that would produce value for our shareholders.***

Any potential target business with which we enter into negotiations concerning an initial business combination will be aware that we must complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering. Consequently, such target business may obtain leverage over us in negotiating an initial business combination, knowing that if we do not complete our initial business combination with that particular target business, we may be unable to complete our initial business combination with any target business. This risk will increase as we get closer to the timeframe described above. In addition, we may have limited time to conduct due diligence and may enter into our initial business combination on terms that we would have rejected upon a more comprehensive investigation.

***We may not be able to complete our initial business combination within the prescribed time frame after the closing of this offering, in which case we would cease all operations except for the purpose of winding up and we would redeem our public shares and liquidate, in which case our public shareholders may only receive \$10.10 per share, or less than such amount in certain circumstances, and our rights and warrants will expire worthless.***

Our amended and restated memorandum and articles of association provides that we must complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering. We may not be able to find a suitable target business and complete our initial business combination within such time period.

If we have not completed our initial business combination within such time period, we will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes (less up to \$50,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, liquidate and dissolve, subject in each case to our obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. In such case, our public shareholders may only receive \$10.10 per share, and our rights and warrants will expire worthless. In certain circumstances, our public shareholders may receive less than \$10.10 per share on the redemption of their public shares. See "— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share" and other risk factors below.

## [Table of Contents](#)

***If we seek shareholder approval of our initial business combination, our sponsor, directors, officers, advisors and their affiliates may elect to purchase public shares or public warrants from public shareholders, which may influence a vote on a proposed initial business combination and reduce the public “float” of our Class A ordinary shares.***

If we seek shareholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, officers, advisors or their affiliates may purchase public shares or public warrants or a combination thereof in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination, although they are under no obligation to do so. There is no limit on the number of public shares our initial shareholders, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and Nasdaq rules. However, other than as expressly stated herein, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the trust account will be used to purchase public shares or public warrants in such transactions.

Such a purchase may include a contractual acknowledgement that such shareholder, although still the record holder of our public shares is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our sponsor, directors, officers, advisors or their affiliates purchase public shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholders would be required to revoke their prior elections to redeem their public shares. The purpose of any such purchases of public shares could be to vote such public shares in favor of the initial business combination and thereby increase the likelihood of obtaining shareholder approval of the initial business combination, or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. We expect that any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements.

In addition, if such purchases are made, the public “float” of our Class A ordinary shares or public warrants and the number of beneficial holders of our securities may be reduced, possibly making it difficult to obtain or maintain the quotation, listing or trading of our securities on a national securities exchange.

***If a shareholder fails to receive notice of our offer to redeem our public shares in connection with our initial business combination, or fails to comply with the procedures for tendering its public shares, such shares may not be redeemed.***

We will comply with the tender offer rules or proxy rules, as applicable, when conducting redemptions in connection with our initial business combination. Despite our compliance with these rules, if a shareholder fails to receive our tender offer or proxy materials, as applicable, such shareholder may not become aware of the opportunity to redeem its public shares. In addition, proxy materials or tender offer documents, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will describe the various procedures that must be complied with in order to validly tender or redeem public shares. For example, we may require our public shareholders seeking to exercise their redemption rights, whether they are record holders or hold their public shares in “street name,” to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents mailed to such holders, or up to two business days prior to the vote on the proposal to approve the initial business combination in the event we distribute proxy materials, or to deliver their public shares to the transfer agent electronically. In the event that a shareholder fails to comply with these or any other procedures, its public shares may not be redeemed. See the section of this prospectus entitled “Proposed Business — Redemption Rights for Public Shareholders upon Completion of our Initial Business Combination — Tendering Share Certificates in Connection with a Tender Offer or Redemption Rights.”

***Changes in the market for directors and officers liability insurance could make it more difficult and more expensive for us to negotiate and complete an initial business combination.***

In recent months, the market for directors and officers liability insurance for special purpose acquisition companies has changed. Fewer insurance companies are offering quotes for directors and officers liability coverage, the premiums charged for such policies have generally increased and the terms of such policies have generally become less favorable. There can be no assurance that these trends will not continue.

The increased cost and decreased availability of directors and officers liability insurance could make it more difficult and more expensive for us to negotiate an initial business combination. In order to obtain directors and officers liability insurance or modify its coverage as a result of becoming a public company, the post-business combination entity might need to incur greater expense, accept less favorable terms or both. However, any failure to obtain adequate directors and officers liability insurance could have an adverse impact on the post-business combination's ability to attract and retain qualified officers and directors.

In addition, even after we were to complete an initial business combination, our directors and officers could still be subject to potential liability from claims arising from conduct alleged to have occurred prior to the initial business combination. As a result, in order to protect our directors and officers, the post-business combination entity may need to purchase additional insurance with respect to any such claims ("run-off insurance"). The need for run-off insurance would be an added expense for the post-business combination entity, and could interfere with or frustrate our ability to consummate an initial business combination on terms favorable to our investors.

***You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares or public warrants, potentially at a loss.***

Our public shareholders will be entitled to receive funds from the trust account only upon the earliest to occur of: (i) our completion of an initial business combination, and then only in connection with those Class A ordinary shares that such shareholder properly elected to redeem, subject to the limitations described herein, (ii) the redemption of any public shares properly submitted in connection with a shareholder vote to amend our amended and restated memorandum and articles of association (A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity and (iii) the redemption of our public shares if we are unable to complete an initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, subject to applicable law and as further described herein. In no other circumstances will a public shareholder have any right or interest of any kind in the trust account. Holders of warrants will not have any right to the proceeds held in the trust account with respect to the warrants. Accordingly, to liquidate your investment, you may be forced to sell your public shares or public warrants, potentially at a loss.

***If we seek shareholder approval of our initial business combination and we do not conduct redemptions pursuant to the tender offer rules, and if you or a "group" of shareholders are deemed to hold in excess of 15% of our Class A ordinary shares, you will lose the ability to redeem all such Class A ordinary shares in excess of 15% of our Class A ordinary shares.***

If we seek shareholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated memorandum and articles of association will provide that a public shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to more than an aggregate of 15% of the Class A ordinary shares sold in this offering without our prior consent, which we refer to as the "Excess Shares." However, we would not be restricting our shareholders' ability to vote all of their public shares (including Excess Shares) for or against our initial business combination. Your inability to redeem the Excess Shares will reduce your influence over our ability to complete our initial business combination and you could suffer a material loss on your investment in us if you sell Excess Shares in open market transactions. Additionally, you

## [Table of Contents](#)

will not receive redemption distributions with respect to the Excess Shares if we complete our initial business combination. And as a result, you will continue to hold that number of Class A ordinary shares exceeding 15% and, in order to dispose of such Class A ordinary shares, would be required to sell your public shares in open market transactions, potentially at a loss.

***Because of our limited resources and the significant competition for business combination opportunities, it may be more difficult for us to complete our initial business combination. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share on our redemption of our public shares, or less than such amount in certain circumstances, and our rights and warrants will expire worthless.***

We expect to encounter intense competition from other entities having a business objective similar to ours, including private investors (which may be individuals or investment partnerships), other blank check companies and other entities, domestic and international, competing for the types of businesses we intend to acquire. Many of these individuals and entities are well-established and have extensive experience in identifying and effecting, directly or indirectly, acquisitions of companies operating in or providing services to various industries. Many of these competitors possess similar or greater technical, human and other resources to ours or more local industry knowledge than we do, and our financial resources will be relatively limited when contrasted with those of many of these competitors. While we believe there are numerous target businesses we could potentially acquire with the net proceeds of this offering and the sale of the private placement warrants, our ability to compete with respect to the acquisition of certain target businesses that are sizable will be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing the acquisition of certain target businesses. Furthermore, because we are obligated to pay cash for the Class A ordinary shares which our public shareholders redeem in connection with our initial business combination, target companies will be aware that this may reduce the resources available to us for our initial business combination. Any of these obligations may place us at a competitive disadvantage in successfully negotiating an initial business combination. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our rights and warrants will expire worthless. In certain circumstances, our public shareholders may receive less than \$10.10 per share upon our liquidation. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share” and other risk factors below.

***If the net proceeds of this offering and the sale of the private placement warrants not being held in the trust account are insufficient to allow us to operate for at least the next 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time), it could limit the amount available to fund our search for a target business or businesses and complete our initial business combination, in which case our public shareholders may only receive \$10.10 per share, or less than such amount in certain circumstances, and our rights and warrants will expire worthless.***

Of the net proceeds of this offering, only \$1,425,000 will be available to us initially outside the trust account to fund our working capital requirements. The funds available to us outside of the trust account may not be sufficient to allow us to operate for at least the next 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time), assuming that our initial business combination is not completed during that time. We believe that, upon the closing of this offering, the funds available to us outside of the trust account will be sufficient to allow us to operate for at least the next 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time); however, we cannot assure you that our estimate is accurate. Of the funds available to us, we could use a portion of the funds available to us to pay fees to consultants to assist us with our search for a target business. We could also use a portion of the funds as a down payment or to fund a “no-shop” provision (a provision in letters of intent or merger agreements designed to keep target businesses from “shopping” around for transactions with other companies or investors on terms more favorable to such target businesses) with respect to a particular proposed initial business combination, although we do not have any current intention to do so. If we entered into a letter of intent or merger agreement where we paid for the right to receive exclusivity from a target business and were subsequently required to forfeit such funds (whether as a result of our breach or otherwise), we might not have sufficient funds to continue searching for, or conduct due diligence with respect to, a target business. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our rights and warrants will expire worthless. In certain circumstances, our public shareholders

## [Table of Contents](#)

may receive less than \$10.10 per share upon our liquidation. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share” and other risk factors below.

***If the net proceeds of this offering and the sale of the private placement warrants not being held in the trust account are insufficient, it could limit the amount available to fund our search for a target business or businesses and complete our initial business combination and we will depend on loans from our sponsor or management team to fund our search for an initial business combination, to pay our income taxes and to complete our initial business combination. If we are unable to obtain these loans, we may be unable to complete our initial business combination.***

Of the net proceeds of this offering and the sale of the private placement warrants, only approximately \$1,425,000 will be available to us initially outside the trust account to fund our working capital requirements. In the event that our offering expenses exceed our estimate of \$500,000 (excluding underwriting commissions), we may fund such excess with funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. The amount held in the trust account will not be impacted as a result of such increase or decrease. Conversely, in the event that the offering expenses are less than our estimate of \$500,000, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount. If we are required to seek additional capital, we would need to borrow funds from our sponsor, management team or other third parties to operate or may be forced to liquidate. None of our sponsor, members of our management team nor any of their affiliates is under any obligation to advance funds to us in such circumstances. Any such advances would be repaid only from funds held outside the trust account or from funds released to us upon completion of our initial business combination. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted), at the option of the lender. Prior to the completion of our initial business combination, we do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account. If we are unable to obtain these loans, we may be unable to complete our initial business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. Consequently, our public shareholders may only receive approximately \$10.10 per share on our redemption of our public shares, and our rights and warrants will expire worthless. In certain circumstances, our public shareholders may receive less than \$10.10 per share on the redemption of their public shares. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share” and other risk factors below.

***Subsequent to the completion of our initial business combination, we may be required to take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on our financial condition, results of operations and our public shares price, which could cause you to lose some or all of your investment.***

Even if we conduct extensive due diligence on a target business with which we combine, we cannot assure you that this diligence will surface all material issues that may be present inside a particular target business, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of the target business and outside of our control will not later arise. As a result of these factors, we may be forced to later write-down or write-off assets, restructure our operations, or incur impairment or other charges that could result in our reporting losses. Even if our due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about us or our securities. In addition, charges of this nature may cause us to violate net worth or other covenants to which we may be subject as a result of assuming pre-existing debt held by a target business or by virtue of our obtaining debt financing to partially finance the initial business combination. Accordingly, any shareholders who choose to remain shareholders following the initial business combination could suffer a reduction in the value of their public shares. Such shareholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they

## [Table of Contents](#)

are able to successfully bring a private claim under securities laws that the proxy solicitation or tender offer materials, as applicable, relating to the initial business combination constituted an actionable material misstatement or omission.

***If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share.***

Our placing of funds in the trust account may not protect those funds from third-party claims against us. Although we will seek to have all vendors, service providers, prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public shareholders, such parties may not execute such agreements, or even if they execute such agreements they may not be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. EisnerAmper LLP, our independent registered public accounting firm, and the underwriters of the offering, will not execute agreements with us waiving such claims to the monies held in the trust account.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we are unable to complete our initial business combination within the prescribed timeframe, or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per-share redemption amount received by public shareholders could be less than the \$10.10 per share initially held in the trust account, due to claims of such creditors. Pursuant to the letter agreement, the form of which is filed as Exhibit 10.1 to the registration statement of which this prospectus forms a part, our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below the lesser of (i) \$10.10 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.10 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor's only assets are securities of our company. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations.

As a result, if any such claims were successfully made against the trust account, the funds available for our initial business combination and redemption could be reduced to less than \$10.10 per public share. In such event, we may not be able to complete our initial business combination, and you would receive such lesser amount per share in connection with any redemption of your public shares. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

***Because our trust account will initially contain \$10.10 per Class A ordinary share, public stockholders may be more incentivized to redeem their public shares at the time of our initial business combination.***

Our trust account will initially contain \$10.10 per Class A ordinary share. This is different than some other similarly structured blank check companies for which the trust account will only contain \$10.00 per Class A ordinary share.

## [Table of Contents](#)

As a result of the additional funds that could be available to public stockholders upon redemption of public shares, our public stockholders may be more incentivized to redeem their public shares and not to hold those Class A ordinary shares through our initial business combination. A higher percentage of redemptions by our public stockholders could make it more difficult for us to complete our initial business combination.

***Our directors may decide not to enforce the indemnification obligations of our sponsor, resulting in a reduction in the amount of funds in the trust account available for distribution to our public shareholders.***

In the event that the proceeds in the trust account are reduced below the lesser of (i) \$10.10 per share and (ii) the actual amount per share held in the trust account as of the date of the liquidation of the trust account if less than \$10.10 per share due to reductions in the value of the trust assets, in each case net of the interest which may be withdrawn to pay taxes, and our sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations.

While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the trust account available for distribution to our public shareholders may be reduced below \$10.10 per share.

***We may not have sufficient funds to satisfy indemnification claims of our directors and executive officers.***

We have agreed to indemnify our officers and directors to the fullest extent permitted by law. However, our officers and directors have agreed to waive any right, title, interest or claim of any kind in or to any monies in the trust account and to not seek recourse against the trust account for any reason whatsoever. Accordingly, any indemnification provided will be able to be satisfied by us only if (i) we have sufficient funds outside of the trust account or (ii) we consummate an initial business combination. Our obligation to indemnify our officers and directors may discourage shareholders from bringing a lawsuit against our officers or directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against our officers and directors, even though such an action, if successful, might otherwise benefit us and our shareholders. Furthermore, a shareholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against our officers and directors pursuant to these indemnification provisions.

***If, after we distribute the proceeds in the trust account to our public shareholders, we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, a bankruptcy or insolvency court may seek to recover such proceeds, and we and our board may be exposed to claims of punitive damages.***

If, after we distribute the proceeds in the trust account to our public shareholders, we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy or insolvency laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy or insolvency court could seek to recover all amounts received by our shareholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying public shareholders from the trust account prior to addressing the claims of creditors.

***If, before distributing the proceeds in the trust account to our public shareholders, we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our shareholders and the per-share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced.***

If, before distributing the proceeds in the trust account to our public shareholders, we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, the

proceeds held in the trust account could be subject to applicable bankruptcy or insolvency law, and may be included in our bankruptcy or insolvency estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy or insolvency claims deplete the trust account, the per-share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced.

***If we are deemed to be an investment company under the Investment Company Act, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete our initial business combination.***

If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including:

- restrictions on the nature of our investments; and
- restrictions on the issuance of securities, each of which may make it difficult for us to complete our initial business combination.

In addition, we may have imposed upon us burdensome requirements, including:

- registration as an investment company;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations.

In order not to be regulated as an investment company under the Investment Company Act, unless we can qualify for an exclusion, we must ensure that we are engaged primarily in a business other than investing, reinvesting or trading in securities and that our activities do not include investing, reinvesting, owning, holding or trading “investment securities” constituting more than 40% of our total assets (exclusive of U.S. government securities and cash items) on an unconsolidated basis. Our business will be to identify and complete an initial business combination and thereafter to operate the post-transaction business or assets for the long term. We do not plan to buy businesses or assets with a view to resale or profit from their resale. We do not plan to buy unrelated businesses or assets or to be a passive investor.

We do not believe that our anticipated principal activities will subject us to the Investment Company Act. To this end, the proceeds held in the trust account may only be invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. Pursuant to the trust agreement, the trustee is not permitted to invest in other securities or assets. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long term (rather than on buying and selling businesses in the manner of a merchant bank or private equity fund), we intend to avoid being deemed an “investment company” within the meaning of the Investment Company Act. This offering is not intended for persons who are seeking a return on investments in government securities or investment securities. The trust account is intended as a holding place for funds pending the earliest to occur of: (i) the completion of our initial business combination; (ii) the redemption of any public shares properly submitted in connection with a shareholder vote to amend our amended and restated memorandum and articles of association(A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders’ rights or pre-initial business combination activity; or (iii) absent an initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, our return of the funds held in the trust account to our public shareholders as part of our redemption of the public shares. If we do not invest the proceeds as discussed above, we may be deemed to be subject to the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to complete an initial business combination or may result in our liquidation. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our rights and warrants will expire worthless.

## [Table of Contents](#)

***Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, including our ability to negotiate and complete our initial business combination and results of operations.***

We are subject to laws and regulations enacted by national, regional and local governments. In particular, we will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly.

Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business, including our ability to negotiate and complete our initial business combination and results of operations.

***Our shareholders may be held liable for claims by third parties against us to the extent of distributions received by them upon redemption of their public shares.***

If we are forced to enter into an insolvent liquidation, any distributions received by shareholders could be viewed as an unlawful payment if it was proved that immediately following the date on which the distribution was made, we were unable to pay our debts as they fall due in the ordinary course of business. As a result, a liquidator could seek to recover some or all amounts received by our shareholders. Furthermore, our directors may be viewed as having breached their fiduciary duties to us or our creditors and/or may have acted in bad faith, thereby exposing themselves and our company to claims, by paying public shareholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons. We and our directors and officers who knowingly and willfully authorized or permitted any distribution to be paid out of our share premium account while we were unable to pay our debts as they fall due in the ordinary course of business would be guilty of an offence and may be liable for a fine of \$18,292.68 and imprisonment for five years in the Cayman Islands.

***We may not hold an annual general meeting until after the consummation of our initial business combination, which could delay the opportunity for our shareholders to appoint directors.***

In accordance with Nasdaq corporate governance requirements, we are not required to hold an annual general meeting until no later than one year after our first fiscal year end following our listing on Nasdaq. We may not hold an annual general meeting to appoint new directors prior to the consummation of our initial business combination.

### **Risks Related to Completing a Business Combination**

***Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent coronavirus (COVID-19) pandemic.***

The COVID-19 pandemic has resulted in a widespread health crisis that could adversely affect the economies and financial markets worldwide, and the business of any potential target business with which we consummate a business combination could be materially and adversely affected. We may be unable to complete a business combination if continued concerns relating to COVID-19 restrict travel, limit the ability to have meetings with potential investors or the target company's personnel, vendors and services providers are unavailable to negotiate and consummate a transaction in a timely manner. The extent to which COVID-19 impacts our search for a business combination will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19 or other matters of global concern continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected.

***Because we are neither limited to evaluating a target business in a particular industry sector nor have we selected any specific target businesses with which to pursue our initial business combination, you will be unable to ascertain the merits or risks of any particular target business's operations.***

Because we have not yet selected or approached any specific target business with respect to a business combination, there is no basis to evaluate the possible merits or risks of any particular target business's operations, results of

## [Table of Contents](#)

operations, cash flows, liquidity, financial condition or prospects. To the extent we complete our initial business combination, we may be affected by numerous risks inherent in the business operations with which we combine. For example, if we combine with a financially unstable business or an entity lacking an established record of sales or earnings, we may be affected by the risks inherent in the business and operations of a financially unstable or a development stage entity. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all of the significant risk factors or that we will have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and leave us with no ability to control or reduce the chances that those risks will adversely impact a target business. We also cannot assure you that an investment in our units will ultimately prove to be more favorable to investors than a direct investment, if such opportunity were available, in a business combination target. Accordingly, any shareholders who choose to remain shareholders following our initial business combination could suffer a reduction in the value of their securities. Such shareholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the proxy solicitation or tender offer materials, as applicable, relating to the business combination contained an actionable material misstatement or material omission.

### ***Past performance by our management team and their affiliates may not be indicative of future performance of an investment in the Company.***

Past Information regarding performance, or businesses associated with our management team or businesses associated with them is presented for informational purposes only. The past performance of our management team or their respective affiliates is not a guarantee either (i) of success with respect to any business combination we may consummate or (ii) that we will be able to locate a suitable candidate for our initial business combination. You should not rely on the historical record of our management team's or their respective affiliates' performance as indicative of our future performance of an investment in the company or the returns the company will, or is likely to, generate going forward.

### ***Involvement of members of our management and companies with which they are affiliated in civil disputes and litigation or governmental investigations unrelated to our business affairs could materially impact our ability to consummate an initial business combination.***

Members of our management team and companies with which they are affiliated have been, and in the future will continue to be, involved in a wide variety of business affairs, including transactions, such as sales and purchases of businesses, and ongoing operations. As a result of such involvement, members of our management and companies with which they are affiliated in past have been, and may in the future continue to be, involved in civil disputes and litigation and governmental investigations relating to their business affairs unrelated to our company which may progress. Given our management's extensive involvement in regulated industries, those civil disputes, litigation and governmental investigations could involve FINRA, SEC and/or state regulatory bodies and could result in settlements where parties are named publicly. Any such claims, investigations or settlements may be detrimental to our reputation and could negatively affect our ability to identify and complete an initial business combination and may have an adverse effect on the price of our securities.

### ***We may seek business combination opportunities in industries or sectors which may or may not be outside of our management's area of expertise.***

We may consider an initial business combination outside of our management's area of expertise if an initial business combination candidate is presented to us and we determine that such candidate offers an attractive business combination opportunity for our company or we are unable to identify a suitable candidate in this sector after having expanded a reasonable amount of time and effort in an attempt to do so. Although our management will endeavor to evaluate the risks inherent in any particular business combination candidate, we cannot assure you that we will adequately ascertain or assess all of the significant risk factors. We also cannot assure you that an investment in our units will not ultimately prove to be less favorable to investors in this offering than a direct investment, if an opportunity were available, in an initial business combination candidate. In the event we elect to pursue a business combination outside of the areas of our management's expertise, our management's expertise may not be directly applicable to its evaluation or operation, and the information contained in this prospectus regarding the areas of our management's expertise would not be relevant to an understanding of the business that we elect to acquire. As a

## [Table of Contents](#)

result, our management may not be able to adequately ascertain or assess all of the significant risk factors. Accordingly, any shareholders who choose to remain shareholders following our initial business combination could suffer a reduction in the value of their public shares. Such shareholders are unlikely to have a remedy for such reduction in value.

***Although we have identified general criteria and guidelines that we believe are important in evaluating prospective target businesses, we may enter into our initial business combination with a target that does not meet such criteria and guidelines, and as a result, the target business with which we enter into our initial business combination may not have attributes entirely consistent with our general criteria and guidelines.***

Although we have identified general criteria and guidelines for evaluating prospective target businesses, it is possible that a target business with which we enter into our initial business combination will not have all of these positive attributes. If we complete our initial business combination with a target that does not meet some or all of these guidelines, such combination may not be as successful as a combination with a business that does meet all of our general criteria and guidelines. In addition, if we announce a prospective business combination with a target that does not meet our general criteria and guidelines, a greater number of shareholders may exercise their redemption rights, which may make it difficult for us to meet any closing condition with a target business that requires us to have a minimum net worth or a certain amount of cash. In addition, if shareholder approval of the transaction is required by law, or we decide to obtain shareholder approval for business or other legal reasons, it may be more difficult for us to attain shareholder approval of our initial business combination if the target business does not meet our general criteria and guidelines. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our rights and warrants will expire worthless. In certain circumstances, our public shareholders may receive less than \$10.10 per share on the redemption of their public shares. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share” and other risk factors below.

***We may seek business combination opportunities with a financially unstable business or an entity lacking an established record of revenue, cash flow or earnings, which could subject us to volatile revenues, cash flows or earnings or difficulty in retaining key personnel.***

To the extent we complete our initial business combination with a financially unstable business or an entity lacking an established record of revenues or earnings, we may be affected by numerous risks inherent in the operations of the business with which we combine. These risks include volatile revenues or earnings and difficulties in obtaining and retaining key personnel. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we may not be able to properly ascertain or assess all of the significant risk factors and we may not have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and leave us with no ability to control or reduce the chances that those risks will adversely impact a target business.

***We are not required to obtain an opinion from an independent investment banking firm or from an independent accounting firm, and consequently, you may have no assurance from an independent source that the price we are paying for the business is fair to our company from a financial point of view.***

Unless we complete our initial business combination with an affiliated entity or our board cannot independently determine the fair market value of the target business or businesses, (including with the assistance of financial advisors), we are not required to obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm that the price we are paying is fair to our company from a financial point of view. If no opinion is obtained, our shareholders will be relying on the judgment of our board of directors, who will determine fair market value based on standards generally accepted by the financial community. Such standards used will be disclosed in our proxy materials or tender offer documents, as applicable, related to our initial business combination.

## Table of Contents

***We may issue additional ordinary shares or preference shares to complete our initial business combination or under an employee incentive plan after completion of our initial business combination. We may also issue Class A ordinary shares upon the conversion of the Class B ordinary shares at a ratio greater than one-to-one at the time of our initial business combination as a result of the anti-dilution provisions contained in our amended and restated memorandum and articles of association. Any such issuances would dilute the interest of our shareholders and likely present other risks.***

Immediately after this offering, there will be 230,000,000 and 5,000,000 (assuming in each case that the underwriters have not exercised their over-allotment option) authorized but unissued Class A ordinary shares and Class B ordinary shares, respectively, available for issuance, which amount does not take into account shares reserved for issuance upon exercise of outstanding warrants or Class A ordinary shares issuable upon conversion of the Class B ordinary shares. Immediately after this offering, there will be no preference shares issued and outstanding. The Class B ordinary shares are automatically convertible into Class A ordinary shares concurrently with or immediately following the consummation of our initial business combination, initially at a one-for-one ratio but subject to adjustment as set forth herein and in our amended and restated memorandum and articles of association.

We may issue a substantial number of additional ordinary shares or preference shares to complete our initial business combination or under an employee incentive plan after completion of our initial business combination (although our amended and restated memorandum and articles of association will provide that we may not issue securities that can vote with ordinary shareholders on matters related to our pre-initial business combination activity). We may also issue Class A ordinary shares upon conversion of the Class B ordinary shares, for no additional consideration, at a ratio greater than one-to-one at the time of our initial business combination as a result of the anti-dilution provisions contained in our amended and restated memorandum and articles of association. However, our amended and restated memorandum and articles of association will provide, among other things, that prior to our initial business combination, we may not issue additional shares that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination. These provisions of our amended and restated memorandum and articles of association, like all provisions of our amended and restated memorandum and articles of association, may be amended with the approval of our shareholders. However, our executive officers, directors and director nominees have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated memorandum and articles of association (A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity, unless we provide our public shareholders with the opportunity to redeem their Class A ordinary shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (which interest shall be net of taxes payable), divided by the number of then outstanding public shares.

The issuance of additional ordinary or preference shares:

- may significantly dilute the equity interest of investors in this offering;
- may subordinate the rights of holders of ordinary shares if preference shares is issued with rights senior to those afforded our ordinary shares;
- could cause a change of control if a substantial number of ordinary shares are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our units, Class A ordinary shares and/or warrants.

***The grant of registration rights to our initial shareholders may make it more difficult to complete our initial business combination, and the future exercise of such rights may adversely affect the market price of our Class A ordinary shares.***

Pursuant to an agreement to be entered into concurrently with the issuance and sale of the securities in this offering, our initial shareholders and their permitted transferees can demand that we register the private placement warrants,

the Class A ordinary shares issuable upon exercise of the private placement warrants and upon conversion of the founder shares held, or to be held, by them and holders of securities that may be issued upon conversion of working capital loans may demand that we register such warrants or the Class A ordinary shares issuable upon conversion or exercise of such warrants. We will bear the cost of registering these securities. The registration and availability of such a significant number of securities for trading in the public market may have an adverse effect on the market price of our Class A ordinary shares. In addition, the existence of the registration rights may make our initial business combination more costly or difficult to conclude. This is because the shareholders of the target business may increase the equity stake they seek in the combined entity or ask for more cash consideration to offset the negative impact on the market price of our Class A ordinary shares that is expected when the securities owned by our initial shareholders, holders of our private placement warrants, holders of the representative shares or holders of working capital loans or their respective permitted transferees are registered.

***Resources could be wasted in researching business combinations that are not completed, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share, or less than such amount in certain circumstances, on the liquidation of our trust account and our rights and warrants will expire worthless.***

We anticipate that the investigation of each specific target business and the negotiation, drafting and execution of relevant agreements, disclosure documents and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys, consultants and others. If we decide not to complete a specific initial business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, if we reach an agreement relating to a specific target business, we may fail to complete our initial business combination for any number of reasons including those beyond our control. Any such event will result in a loss to us of the related costs incurred which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our rights and warrants will expire worthless. In certain circumstances, our public shareholders may receive less than \$10.10 per share on the redemption of their public shares. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share” and other risk factors below.

***Our ability to successfully effect our initial business combination and to be successful thereafter will be totally dependent upon the efforts of our key personnel, some of whom may join us following our initial business combination. The loss of key personnel could negatively impact the operations and profitability of our post-combination business.***

Our ability to successfully effect our initial business combination is dependent upon the efforts of our key personnel. The role of our key personnel in the target business, however, cannot presently be ascertained. Although some of our key personnel may remain with the target business in senior management or advisory positions following our initial business combination, it is likely that some or all of the management of the target business will remain in place. While we intend to closely scrutinize any individuals we employ after our initial business combination, we cannot assure you that our assessment of these individuals will prove to be correct. These individuals may be unfamiliar with the requirements of operating a company regulated by the SEC, which could cause us to have to expend time and resources helping them become familiar with such requirements. In addition, the officers and directors of an initial business combination candidate may resign upon completion of our initial business combination. The departure of an initial business combination target’s key personnel could negatively impact the operations and profitability of our post-combination business. The role of an initial business combination candidate’s key personnel upon the completion of our initial business combination cannot be ascertained at this time. Although we contemplate that certain members of an initial business combination candidate’s management team will remain associated with the initial business combination candidate following our initial business combination, it is possible that members of the management of an initial business combination candidate will not wish to remain in place. The loss of key personnel could negatively impact the operations and profitability of our post-combination business.

***We are dependent upon our executive officers and directors and their departure could adversely affect our ability to operate.***

Our operations are dependent upon a relatively small group of individuals and, in particular, our executive officers and directors. We believe that our success depends on the continued service of our executive officers and directors, at least until we have completed our initial business combination. Our executive officers and directors are not required to commit any specified amount of time to our affairs and, accordingly, will have conflicts of interest in allocating their time among various business activities, including identifying potential business combinations and monitoring the related due diligence. We do not have an employment agreement with, or key-man insurance on the life of, any of our directors or executive officers. The unexpected loss of the services of one or more of our directors or executive officers could have a detrimental effect on us.

***Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous.***

Our key personnel may be able to remain with the company after the completion of our initial business combination only if they are able to negotiate employment or consulting agreements in connection with the initial business combination. Such negotiations would take place simultaneously with the negotiation of the initial business combination and could provide for such individuals to receive compensation in the form of cash payments and/or our securities for services they would render to us after the completion of the initial business combination. Such negotiations also could make such key personnel's retention or resignation a condition to any such agreement. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business. However, we believe the ability of such individuals to remain with us after the completion of our initial business combination will not be the determining factor in our decision as to whether or not we will proceed with any potential business combination. There is no certainty, however, that any of our key personnel will remain with us after the completion of our initial business combination. We cannot assure you that any of our key personnel will remain in senior management or advisory positions with us. The determination as to whether any of our key personnel will remain with us will be made at the time of our initial business combination.

***We may have a limited ability to assess the management of a prospective target business and, as a result, may affect our initial business combination with a target business whose management may not have the skills, qualifications or abilities to manage a public company, which could, in turn, negatively impact the value of our shareholders' investment in us.***

When evaluating the desirability of effecting our initial business combination with a prospective target business, our ability to assess the target business's management may be limited due to a lack of time, resources or information. Our assessment of the capabilities of the target's management, therefore, may prove to be incorrect and such management may lack the skills, qualifications or abilities we suspected. Should the target's management not possess the skills, qualifications or abilities necessary to manage a public company, the operations and profitability of the post-combination business may be negatively impacted. Accordingly, any shareholders who choose to remain shareholders following the initial business combination could suffer a reduction in the value of their public shares. Such shareholders are unlikely to have a remedy for such reduction in value, unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the proxy solicitation or tender offer materials, as applicable, relating to the business combination contained an actionable material misstatement or material omission.

***Our officers and directors will allocate their time to other businesses thereby causing conflicts of interest in their determination as to how much time to devote to our affairs. This conflict of interest could have a negative impact on our ability to complete our initial business combination.***

Our officers and directors are not required to, and will not, commit their full time to our affairs, which may result in a conflict of interest in allocating their time between our operations and our search for an initial business combination and their other businesses. We do not intend to have any full-time employees prior to the completion of our initial business combination. Each of our officers is engaged in other business endeavors for which he may be

entitled to substantial compensation and our officers are not obligated to contribute any specific number of hours per week to our affairs. Our independent directors may also serve as officers or board members for other entities. If our officers' and directors' other business affairs require them to devote substantial amounts of time to such affairs in excess of their current commitment levels, it could limit their ability to devote time to our affairs which may have a negative impact on our ability to complete our initial business combination. For a complete discussion of our officers' and directors' other business affairs, please see the section of this prospectus entitled "Management — Directors and Officers."

***Certain of our officers and directors are now, and all of them may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in allocating their time and determining to which entity a particular business opportunity should be presented.***

Following the completion of this offering and until we consummate our initial business combination, we intend to engage in the business of identifying and combining with one or more businesses. Our sponsor and officers and directors are, and may in the future become, affiliated with entities (such as operating companies or investment vehicles) that are engaged in a similar business, although they may not participate in the formation of, or become an officer or director of, any other special purpose acquisition companies with a class of securities registered under the Exchange Act until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) after the closing of this offering. Our officers and directors also may become aware of business opportunities which may be appropriate for presentation to us and the other entities to which they owe certain fiduciary or contractual duties.

Accordingly, they may have conflicts of interest in determining to which entity a particular business opportunity should be presented. These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us. Our amended and restated memorandum and articles of association provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as us; and (ii) we renounce any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and us, on the other.

For a complete discussion of our officers' and directors' business affiliations and the potential conflicts of interest that you should be aware of, please see the sections of this prospectus entitled "Management — Directors and Officers," "Management — Conflicts of Interest" and "Certain Relationships and Related Party Transactions."

***Our officers, directors, security holders and their respective affiliates may have competitive pecuniary interests that conflict with our interests.***

We have not adopted a policy that expressly prohibits our directors, officers, security holders or affiliates from having a direct or indirect pecuniary or financial interest in any investment to be acquired or disposed of by us or in any transaction to which we are a party or have an interest. In fact, we may enter into an initial business combination with a target business that is affiliated with our sponsor, our directors or officers, although we do not intend to do so. We do not have a policy that expressly prohibits any such persons from engaging for their own account in business activities of the types conducted by us. Accordingly, such persons or entities may have a conflict between their interests and ours.

The personal and financial interests of our directors and officers may influence their motivation in timely identifying and selecting a target business and completing a business combination. Consequently, our directors' and officers' discretion in identifying and selecting suitable target business may result in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination are appropriate and in our shareholders' best interest. If this were the case, it would be a breach of their fiduciary duties to us as a matter of Cayman Islands' law and we or our shareholders might have a claim against such individuals for infringing on our shareholders' rights. However, we might not ultimately be successful in any claim we may make against them for such reason.

***We may engage in an initial business combination with one or more target businesses that have relationships with entities that may be affiliated with our sponsor, officers, directors or existing holders which may raise potential conflicts of interest.***

In light of the involvement of our sponsor, officers and directors with other entities, we may decide to acquire one or more businesses affiliated with our sponsor, officers or directors. Our directors also serve as officers and board members for other entities, including, without limitation, those described under the section of this prospectus entitled “Management — Conflicts of Interest.” Such entities may compete with us for business combination opportunities. Our sponsor, officers and directors are not currently aware of any specific opportunities for us to complete our initial business combination with any entities with which they are affiliated, and there have been no preliminary discussions concerning an initial business combination with any such entity or entities. Although we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for an initial business combination as set forth in the section of this prospectus entitled “Proposed Business — Selection of a Target Business and Structuring of our Initial Business Combination” and such transaction was approved by a majority of our disinterested directors. Despite our agreement to obtain an opinion from an independent investment banking firm that is a member of FINRA, or from an independent accounting firm, regarding the fairness to our shareholders from a financial point of view of an initial business combination with one or more domestic or international businesses affiliated with our officers, directors or existing holders, potential conflicts of interest still may exist and, as a result, the terms of the initial business combination may not be as advantageous to our public shareholders as they would be absent any conflicts of interest.

***Since our sponsor, officers and directors will lose their entire investment in us if our initial business combination is not completed (other than with respect to public shares they may acquire during or after this offering), a conflict of interest may arise in determining whether a particular business combination target is appropriate for our initial business combination.***

Our sponsor has agreed to purchase an aggregate of 6,425,000 warrants or “private placement warrants” at a price of \$1.00 per private placement warrant, for an aggregate purchase price of \$6,425,000, in a private placement to occur simultaneously with the consummation of the offering. Our sponsor has also agreed that if the over-allotment is exercised by the underwriters, it will purchase an additional number of private placement warrants (up to a maximum of 675,000 additional private placement warrants) at a price of \$1.00 per private placement prior to any exercise of the over-allotment option in full or in part. These additional private placement warrants will be purchased in a private placement that will occur simultaneously with the purchase of units resulting from the exercise of the over-allotment option. The private placement warrants are identical to the warrants sold in this offering, subject to certain limited exceptions as described in this prospectus.

On August 7, 2021, we issued an aggregate of 5,750,000 founder shares to our sponsor for an aggregate purchase price of \$25,000, or approximately \$0.0043 per share (up to 750,000 of which are subject to forfeiture depending on the extent to which the underwriters’ over-allotment option is exercised). The number of founder shares issued was determined based on the expectation that such founder shares would represent 20% of the outstanding shares after this offering (not including the ordinary shares issuable to Maxim, or the ordinary shares underlying the private placement warrants, or the warrants issuable upon conversion of working capital loans). The founder shares will be worthless if we do not complete an initial business combination. In addition, our sponsor has agreed to purchase private placement warrants for an aggregate purchase price of \$6,425,000 (or \$7,100,000 if the underwriters’ over-allotment option is exercised in full) from us that will also be worthless if we do not complete an initial business combination. Holders of founder shares have agreed (A) to vote any ordinary shares owned by them in favor of any proposed initial business combination and (B) not to redeem any founder shares in connection with a shareholder vote to approve a proposed initial business combination or in connection with a tender offer. In addition, we may obtain loans from our sponsor, affiliates of our sponsor or an officer or director. The personal and financial interests of our officers and directors may influence their motivation in identifying and selecting a target business combination, completing an initial business combination and influencing the operation of the business following the initial business combination. This risk may become more acute as the deadline for our completion of an initial business combination nears.

***We may issue notes or other debt securities, or otherwise incur substantial debt, to complete an initial business combination, which may adversely affect our leverage and financial condition and thus negatively impact the value of our shareholders' investment in us.***

Although we have no commitments as of the date of this prospectus to issue any notes or other debt securities, or to otherwise incur outstanding debt following this offering, we may choose to incur substantial debt to complete our initial business combination. We have agreed that we will not incur any indebtedness unless we have obtained from the lender a waiver of any right, title, interest or claim of any kind in or to the monies held in the trust account. As such, no issuance of debt will affect the per-share amount available for redemption from the trust account. Nevertheless, the incurrence of debt could have a variety of negative effects, including:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our Class A ordinary shares;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our Class A ordinary shares if declared, our ability to pay expenses, make capital expenditures and acquisitions, and fund other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation;
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, and execution of our strategy; and
- other disadvantages compared to our competitors who have less debt.

***We may only be able to complete one business combination with the proceeds of this offering and the sale of the private placement warrants, which will cause us to be solely dependent on a single business which may have a limited number of services and limited operating activities. This lack of diversification may negatively impact our operating results and profitability.***

Of the net proceeds from this offering and the sale of the private placement warrants, \$202,000,000 (or \$232,300,000 if the underwriters' over-allotment option is exercised in full) will be available to complete our initial business combination and pay related fees and expenses (which includes up to \$7,000,000, or up to \$8,050,000 if the over-allotment option is exercised in full, for the payment of deferred underwriting commissions).

We may effectuate our initial business combination with a single target business or multiple target businesses simultaneously or within a short period of time. However, we may not be able to effectuate our initial business combination with more than one target business because of various factors, including the existence of complex accounting issues and the requirement that we prepare and file pro forma financial statements with the SEC that present operating results and the financial condition of several target businesses as if they had been operated on a combined basis. By completing our initial business combination with only a single entity, our lack of diversification may subject us to numerous economic, competitive and regulatory developments. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities

## [Table of Contents](#)

which may have the resources to complete several business combinations in different industries or different areas of a single industry. In addition, we intend to focus our search for an initial business combination in a single industry. Accordingly, the prospects for our success may be:

- solely dependent upon the performance of a single business, property or asset, or
- dependent upon the development or market acceptance of a single or limited number of products, processes or services.

This lack of diversification may subject us to numerous economic, competitive and regulatory risks, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to our initial business combination.

***We may attempt to simultaneously complete business combinations with multiple prospective targets, which may hinder our ability to complete our initial business combination and give rise to increased costs and risks that could negatively impact our operations and profitability.***

If we determine to simultaneously acquire several businesses that are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to complete our initial business combination. We do not, however, intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies in a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations.

***We may attempt to complete our initial business combination with a private company about which little information is available, which may result in an initial business combination with a company that is not as profitable as we suspected, if at all.***

In pursuing our initial business combination strategy, we may seek to effectuate our initial business combination with a privately held company. Very little public information generally exists about private companies, and we could be required to make our decision on whether to pursue a potential initial business combination on the basis of limited information, which may result in an initial business combination with a company that is not as profitable as we suspected, if at all.

***Our management may not be able to maintain control of a target business after our initial business combination.***

We may structure an initial business combination so that the post-transaction company in which our public shareholders own Class A ordinary shares will own less than 100% of the equity interests or assets of a target business, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for us not to be required to register as an investment company under the Investment Company Act. We will not consider any transaction that does not meet such criteria. Even if the post-transaction company owns 50% or more of the voting securities of the target, our shareholders prior to the initial business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new Class A ordinary shares in exchange for all of the outstanding share capital, shares or other equity interests of a target.

In this case, we would acquire a 100% interest in the target. However, as a result of the issuance of a substantial number of new Class A ordinary shares, our shareholders immediately prior to such transaction could own less than a majority of our outstanding Class A ordinary shares subsequent to such transaction. In addition, other minority shareholders may subsequently combine their holdings resulting in a single person or group obtaining a larger portion of the company's Class A ordinary shares than we initially acquired. Accordingly, this may make it more likely that our management will not be able to maintain our control of the target business. We cannot provide assurance that, upon loss of control of a target business, new management will possess the skills, qualifications or abilities necessary to profitably operate such business.

***We do not have a specified maximum redemption threshold. The absence of such a redemption threshold may make it possible for us to complete an initial business combination with which a substantial majority of our shareholders do not agree.***

Our amended and restated memorandum and articles of association will not provide a specified maximum redemption threshold, except that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination and after payment of underwriters' fees and commissions (such that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. As a result, we may be able to complete our initial business combination even though a substantial majority of our public shareholders do not agree with the transaction and have redeemed their public shares or, if we seek shareholder approval of our initial business combination and do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, have entered into privately negotiated agreements to sell their public shares to our sponsor, officers, directors, advisors or their affiliates. In the event the aggregate cash consideration we would be required to pay for all Class A ordinary shares that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed initial business combination exceed the aggregate amount of cash available to us, we will not complete the initial business combination or redeem any Class A ordinary shares, all Class A ordinary shares submitted for redemption will be returned to the holders thereof, and we instead may search for an alternate business combination.

***In order to effectuate an initial business combination, blank check companies have, in the recent past, amended various provisions of their charters and other governing instruments, including their warrant agreements. We cannot assure you that we will not seek to amend our amended and restated memorandum and articles of association or governing instruments in a manner that will make it easier for us to complete our initial business combination that our shareholders may not support.***

In order to effectuate an initial business combination, blank check companies have, in the recent past, amended various provisions of their charters and modified governing instruments, including their warrant agreements. For example, blank check companies have amended the definition of business combination and extended the time to consummate an initial business combination and, with respect to their warrants, amended their warrant agreements to require the warrants to be exchanged for cash and/or other securities. Amending our amended and restated memorandum and articles of association prior to the completion of the initial business combination (other than in connection with an amendment that would only be effective upon completion of the initial business combination in which case only approval of a majority of holders of our ordinary shares would be required) will require the approval of holders of at least 50% of our ordinary shares, and amending our warrant agreement will require a vote of holders of at least 50% of the public warrants. In addition, our amended and restated memorandum and articles of association requires us to provide our public shareholders with the opportunity to redeem their public shares for cash if we propose an amendment to our amended and restated memorandum and articles of association (A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity. To the extent any such amendments would be deemed to fundamentally change the nature of any securities offered through this registration statement, we would register, or seek an exemption from registration for, the affected securities. We cannot assure you that we will not seek to amend our charter or governing instruments in order to effectuate our initial business combination.

Our initial shareholders, executive officers and directors have agreed, pursuant to written agreements with us, that they will not propose any amendment to our amended and restated memorandum and articles of association to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or with respect to any other material provisions relating to shareholders' rights or pre-initial business combination activity.

Our shareholders are not parties to, or third-party beneficiaries of, these agreements and, as a result, will not have the ability to pursue remedies against our sponsor, executive officers, directors or director nominees for any breach

## [Table of Contents](#)

of these agreements. As a result, in the event of a breach, our shareholders would need to pursue a shareholder derivative action, subject to applicable law.

Certain agreements related to this offering may be amended without shareholder approval.

Each of the agreements related to this offering to which we are a party, other than the warrant agreement and the investment management trust agreement, may be amended without shareholder approval. Such agreements are: the underwriting agreement; the letter agreement among us and our initial shareholders, sponsor, officers and directors; the registration rights agreement among us and our initial shareholders; the private placement warrants purchase agreement between us and our sponsor; the private placement warrants purchase agreement between us and our sponsor; and the administrative services agreement among us and our sponsor. These agreements contain various provisions that our public shareholders might deem to be material. For example, our letter agreement and the underwriting agreement contain certain lock-up provisions with respect to the founder shares, private placement warrants and other securities held by our initial shareholders, sponsor, officers and directors. Amendments to such agreements would require the consent of the applicable parties thereto and would need to be approved by our board of directors, which may do so for a variety of reasons, including to facilitate our initial business combination. While we do not expect our board of directors to approve any amendment to any of these agreements prior to our initial business combination, it may be possible that our board of directors, in exercising its business judgment and subject to its fiduciary duties, chooses to approve one or more amendments to any such agreement. Any amendment entered into in connection with the consummation of our initial business combination will be disclosed in our proxy materials or tender offer documents, as applicable, related to such initial business combination will be disclosed in our proxy materials or tender offer documents, as applicable, related to such initial business combination, and any other material amendment to any of our material agreements will be disclosed in a filing with the SEC. Any such amendments would not require approval from our shareholders, may result in the completion of our initial business combination that may not otherwise have been possible, and may have an adverse effect on the value of an investment in our initial shareholders selling their securities earlier than they would otherwise be permitted, which may have an adverse effect on the price of our securities.

***We may be unable to obtain additional financing to complete our initial business combination or to fund the operations and growth of a target business, which could compel us to restructure or abandon a particular business combination.***

We have not selected any specific business combination target, but intend to target businesses larger than we could acquire with the net proceeds of this offering and the sale of the private placement warrants. As a result, we may be required to seek additional financing to complete such proposed initial business combination. We cannot assure you that such financing will be available on acceptable terms, if at all. To the extent that additional financing proves to be unavailable when needed to complete our initial business combination, we would be compelled to either restructure the transaction or abandon that particular business combination and seek an alternative target business candidate. Further, the amount of additional financing we may be required to obtain could increase as a result of future growth capital needs for any particular transaction, the depletion of the available net proceeds in search of a target business, the obligation to repurchase for cash a significant number of public shares from shareholders who elect redemption in connection with our initial business combination and/or the terms of negotiated transactions to purchase ordinary shares in connection with our initial business combination. If we are unable to complete our initial business combination, our public shareholders may receive only approximately \$10.10 per share plus any pro rata interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes on the liquidation of our trust account and our rights and warrants will expire worthless. In addition, even if we do not need additional financing to complete our initial business combination, we may require such financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our officers, directors or shareholders is required to provide any financing to us in connection with or after our initial business combination. If we are unable to complete our initial business combination, our public shareholders may only receive approximately \$10.10 per share on the liquidation of our trust account, and our rights and warrants will expire worthless. Furthermore, as described in the risk factor entitled "If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by shareholders may be less than \$10.10 per share," under certain circumstances our public shareholders may receive less than \$10.10 per share upon the liquidation of the trust account.

## [Table of Contents](#)

***Because we must furnish our shareholders with target business financial statements, we may lose the ability to complete an otherwise advantageous initial business combination with some prospective target businesses.***

The federal proxy rules require that a proxy statement with respect to a vote on an initial business combination meeting certain financial significance tests include historical and/or pro forma financial statement disclosure in periodic reports. We will include the same financial statement disclosure in connection with our tender offer documents, whether or not they are required under the tender offer rules. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards as issued by the International Accounting Standards Board, or IFRS, depending on the circumstances and the historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. These financial statement requirements may limit the pool of potential target businesses we may acquire because some targets may be unable to provide such financial statements in time for us to disclose such statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame.

***Our initial shareholders control a substantial interest in us and thus may exert a substantial influence on actions requiring a shareholder vote, potentially in a manner that you do not support.***

Upon the closing of this offering, our initial shareholders will own ordinary shares representing 20% of our issued and outstanding ordinary shares (including the ordinary shares underlying the private placement warrants and assuming they do not purchase any units in this offering). Accordingly, they may exert a substantial influence on actions requiring a shareholder vote, potentially in a manner that you do not support, including amendments to our amended and restated memorandum and articles of association and approval of major corporate transactions. If our initial shareholders purchase any units in this offering or if our initial shareholders purchase any additional ordinary shares in the aftermarket or in privately negotiated transactions, this would increase their control.

Other than as disclosed in this prospectus, neither our initial shareholders nor, to our knowledge, any of our officers or directors, have any current intention to purchase additional securities. Factors that would be considered in making such additional purchases would include consideration of the current trading price of our ordinary shares. We may not hold an annual general meeting to appoint new directors prior to the completion of our initial business combination, in which case all of the current directors will continue in office until at least the completion of the initial business combination. Accordingly, our initial shareholders will continue to exert control at least until the completion of our initial business combination.

***A provision of our warrant agreement may make it more difficult for us to consummate an initial business combination.***

Unlike some other blank check companies, if

- (i) we issue additional ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at a Newly Issued Price of less than \$9.20 per share;
- (ii) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination on the date of the consummation of our initial business combination (net of redemptions), and
- (iii) the Market Value is below \$9.20 per share,

then the exercise price of the warrants will be adjusted to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price. This may make it more difficult for us to consummate an initial business combination with a target business.

## **Risks Related to Acquiring and Operating a Business Outside of the United States**

***If we effect our initial business combination with a company located outside of the United States, we would be subject to a variety of additional risks that may negatively impact our operations.***

If we effect our initial business combination with a company located outside of the United States, we would be subject to any special considerations or risks associated with companies operating in the target business' home jurisdiction, including any of the following:

- rules and regulations or currency redemption or corporate withholding taxes on individuals;
- laws governing the manner in which future business combinations may be effected;
- exchange listing and/or delisting requirements;
- tariffs and trade barriers;
- regulations related to customs and import/export matters;
- longer payment cycles;
- tax issues, such as tax law changes and variations in tax laws as compared to the United States;
- currency fluctuations and exchange controls;
- rates of inflation;
- challenges in collecting accounts receivable;
- cultural and language differences;
- employment regulations;
- crime, strikes, riots, civil disturbances, terrorist attacks and wars; and
- deterioration of political relations with the United States. We may not be able to adequately address these additional risks. If we were unable to do so, our operations might suffer.

***Because of the costs and difficulties inherent in managing cross-border business operations, our results of operations may be negatively impacted.***

Managing a business, operations, personnel or assets in another country is challenging and costly. Any management that we may have (whether based abroad or in the U.S.) may be inexperienced in cross-border business practices and unaware of significant differences in accounting rules, legal regimes and labor practices. Even with a seasoned and experienced management team, the costs and difficulties inherent in managing cross-border business operations, personnel and assets can be significant (and much higher than in a purely domestic business) and may negatively impact our financial and operational performance.

***If social unrest, acts of terrorism, regime changes, changes in laws and regulations, political upheaval, or policy changes or enactments occur in a country in which we may operate after we effect our initial business combination, it may result in a negative impact on our business.***

Political events in another country may significantly affect our business, assets or operations. Social unrest, acts of terrorism, regime changes, changes in laws and regulations, political upheaval, and policy changes or enactments could negatively impact our business in a particular country.

***Many countries have difficult and unpredictable legal systems and underdeveloped laws and regulations that are unclear and subject to corruption and inexperience, which may adversely impact our results of operations and financial condition.***

Our ability to seek and enforce legal protections, including with respect to intellectual property and other property rights, or to defend ourselves with regard to legal actions taken against us in a given country, may be difficult or impossible, which could adversely impact our operations, assets or financial condition.

## [Table of Contents](#)

Rules and regulations in many countries are often ambiguous or open to differing interpretation by responsible individuals and agencies at the municipal, state, regional and federal levels. The attitudes and actions of such individuals and agencies are often difficult to predict and inconsistent.

Delay with respect to the enforcement of particular rules and regulations, including those relating to customs, tax, environmental and labor, could cause serious disruption to operations abroad and negatively impact our results.

***If we effect a business combination with a company located outside of the United States, the laws applicable to such company will likely govern all of our material agreements and we may not be able to enforce our legal rights.***

If we effect a business combination with a company located outside of the United States, the laws of the country in which such company operates will govern almost all of the material agreements relating to its operations. We cannot assure you that the target business will be able to enforce any of its material agreements or that remedies will be available in this new jurisdiction. The system of laws and the enforcement of existing laws in such jurisdiction may not be as certain in implementation and interpretation as in the United States. The inability to enforce or obtain a remedy under any of our future agreements could result in a significant loss of business, business opportunities or capital. Additionally, if we acquire a company located outside of the United States, it is likely that substantially all of our assets would be located outside of the United States and some of our officers and directors might reside outside of the United States. As a result, it may not be possible for investors in the United States to enforce their legal rights, to effect service of process upon our directors or officers or to enforce judgments of United States courts predicated upon civil liabilities and criminal penalties of our directors and officers under Federal securities laws.

***If relations between the United States and foreign governments deteriorate, it could cause potential target businesses or their goods and services to become less attractive.***

The relationship between the United States and foreign governments could be subject to sudden fluctuation and periodic tension. For instance, the United States may announce its intention to impose or increase quotas or tariffs on certain imports. Such import quotas or tariffs may adversely affect political relations between the two countries and result in retaliatory countermeasures by the foreign government in industries that may affect our ultimate target business. Changes in political conditions in foreign countries and changes in the state of U.S. relations with such countries are difficult to predict and could adversely affect our operations or cause potential target businesses or their goods and services to become less attractive. Because we are not limited to any specific industry, there is no basis for investors in this offering to evaluate the possible extent of any impact on our ultimate operations if relations are strained between the United States and a foreign country in which we acquire a target business or move our principal manufacturing or service operations.

***If any dividend is declared in the future and paid in a foreign currency, you may be taxed on a larger amount in U.S. dollars than the U.S. dollar amount that you will actually ultimately receive.***

If you are a U.S. holder of our ordinary shares, you will be taxed on the U.S. dollar value of your dividends, if any, at the time you receive them, even if you actually receive a smaller amount of U.S. dollars when the payment is in fact converted into U.S. dollars. Specifically, if a dividend is declared and paid in a foreign currency, the amount of the dividend distribution that you must include in your income as a U.S. holder will be the U.S. dollar value of the payments made in the foreign currency, determined at the spot rate of the foreign currency to the U.S. dollar on the date the dividend distribution is includible in your income, regardless of whether the payment is in fact converted into U.S. dollars. Thus, if the value of the foreign currency decreases before you actually convert the currency into U.S. dollars, you will be taxed on a larger amount in U.S. dollars than the U.S. dollar amount that you will actually ultimately receive.

***After our initial business combination, it is possible that a majority of our directors and officers will live outside the United States and all or substantially all of our assets will be located outside the United States; therefore investors may not be able to enforce federal securities laws or their other legal rights.***

It is possible that after our initial business combination, a majority of our directors and officers will reside outside of the United States and all or substantially all of our assets will be located outside of the United States. As a result, it

may be difficult, or in some cases not possible, for investors in the United States to enforce their legal rights, to effect service of process upon all of our directors or officers or to enforce judgments of United States courts predicated upon civil liabilities and criminal penalties on our directors and officers under United States laws.

***After our initial business combination, substantially all of our assets may be located in a foreign country and substantially all of our revenue may be derived from our operations in such country. Accordingly, our results of operations and prospects will be subject, to a significant extent, to the economic, political and legal policies, developments and conditions in the country in which we operate.***

The economic, political and social conditions, as well as government policies, of the country in which our operations are located could affect our business. The economies across the Asia-pacific region differ from the economies of most developed countries in many respects. Such economic growth has been uneven, both geographically and among various sectors of the economy and such growth may not be sustained in the future. If in the future predominant regional economies experience a downturn or grows at a slower rate than expected, there may be less demand for spending in certain industries. A decrease in demand for spending in certain industries could materially and adversely affect our ability to find an attractive target business with which to consummate our initial business combination and if we effect our initial business combination, the ability of that target business to become profitable.

***Currency policies may cause a target business' ability to succeed in the international markets to be diminished.***

In the event we acquire a non-U.S. target, all revenues and income would likely be received in a foreign currency, the dollar equivalent of our net assets and distributions, if any, could be adversely affected by reductions in the value of the local currency. The value of the currencies in our target regions fluctuate and are affected by, among other things, changes in political and economic conditions. Any change in the relative value of such currency against our reporting currency may affect the attractiveness of any target business or, following consummation of our initial business combination, our financial condition and results of operations. Additionally, if a currency appreciates in value against the dollar prior to the consummation of our initial business combination, the cost of a target business as measured in dollars will increase, which may make it less likely that we are able to consummate such transaction.

***Because foreign law could govern almost all of our material agreements, we may not be able to enforce our rights within such jurisdiction or elsewhere, which could result in a significant loss of business, business opportunities or capital.***

Foreign law could govern almost all of our material agreements. The target business may not be able to enforce any of its material agreements or that remedies will be available outside of such foreign jurisdiction's legal system. The system of laws and the enforcement of existing laws and contracts in such jurisdiction may not be as certain in implementation and interpretation as in the United States. The judiciaries in the Asia-pacific region are relatively inexperienced in enforcing corporate and commercial law, leading to a higher than usual degree of uncertainty as to the outcome of any litigation. As a result, the inability to enforce or obtain a remedy under any of our future agreements could result in a significant loss of business and business opportunities.

***Many of the economies in the Asia-pacific region are experiencing substantial inflationary pressures which may prompt the governments to take action to control the growth of the economy and inflation that could lead to a significant decrease in our profitability following our initial business combination.***

While many of the economies in the Asia-pacific region have experienced rapid growth over the last two decades, they have also experienced inflationary pressures. As governments take steps to address inflationary pressures, there may be significant changes in the availability of bank credits, interest rates, limitations on loans, restrictions on currency conversions and foreign investment. There also may be imposition of price controls. If prices for the products of our ultimate target business rise at a rate that is insufficient to compensate for the rise in the costs of supplies, it may have an adverse effect on our profitability. If these or other similar restrictions are imposed by a government to influence the economy, it may lead to a slowing of economic growth. Because we are not limited to any specific industry, the ultimate industry that we operate in may be affected more severely by such a slowing of economic growth.

***Many industries in Asia are subject to government regulations that limit or prohibit foreign investments in such industries, which may limit the potential number of acquisition candidates.***

Governments in many Asian countries have imposed regulations that limit foreign investors' equity ownership or prohibit foreign investments altogether in companies that operate in certain industries. As a result, the number of potential acquisition candidates available to us may be limited or our ability to grow and sustain the business, which we ultimately acquire will be limited.

***If a country in Asia enacts regulations in industry segments that forbid or restrict foreign investment, our ability to consummate our initial business combination could be severely impaired.***

Many of the rules and regulations that companies face concerning foreign ownership are not explicitly communicated. If new laws or regulations forbid or limit foreign investment in industries in which we want to complete our initial business combination, they could severely impair our candidate pool of potential target businesses. Additionally, if the relevant central and local authorities find us or the target business with which we ultimately complete our initial business combination to be in violation of any existing or future laws or regulations, they would have broad discretion in dealing with such a violation, including, without limitation:

- levying fines;
- revoking our business and other licenses;
- requiring that we restructure our ownership or operations; and
- requiring that we discontinue any portion or all of our business.

Any of the above could have an adverse effect on our company post-business combination and could materially reduce the value of your investment.

***Corporate governance standards in Asia may not be as strict or developed as in the United States and such weakness may hide issues and operational practices that are detrimental to a target business.***

General corporate governance standards in some countries are weak in that they do not prevent business practices that cause unfavorable related party transactions, over-leveraging, improper accounting, family company interconnectivity and poor management. Local laws often do not go far enough to prevent improper business practices. Therefore, shareholders may not be treated impartially and equally as a result of poor management practices, asset shifting, conglomerate structures that result in preferential treatment to some parts of the overall company, and cronyism. The lack of transparency and ambiguity in the regulatory process also may result in inadequate credit evaluation and weakness that may precipitate or encourage financial crisis. In our evaluation of a business combination we will have to evaluate the corporate governance of a target and the business environment, and in accordance with United States laws for reporting companies take steps to implement practices that will cause compliance with all applicable rules and accounting practices. Notwithstanding these intended efforts, there may be endemic practices and local laws that could add risk to an investment we ultimately make and that result in an adverse effect on our operations and financial results.

#### **Risks Related to our Securities**

***We may issue our public shares to investors in connection with our initial business combination at a price which is less than the prevailing market price of our public shares at that time.***

In connection with our initial business combination, we may issue ordinary shares to investors in private placement transactions (so-called PIPE transactions) at a price of \$10.00 per share or which approximates the per-share amounts in our trust account at such time, which is generally approximately \$10.10. The purpose of such issuances will be to enable us to provide sufficient liquidity to the post-business combination entity. The price of the ordinary shares we issue may therefore be less, and potentially significantly less, than the market price for our public shares at such time.

## [Table of Contents](#)

***Our sponsor paid an aggregate of \$25,000, or approximately \$0.0043 per founder share, and, accordingly, you will experience immediate and substantial dilution from the purchase of our Class A ordinary shares.***

The difference between the public offering price per share (allocating all of the unit purchase price to the Class A ordinary shares and none to the warrant included in the unit) and the pro forma net tangible book value per Class A ordinary share after this offering constitutes the dilution to you and the other investors in this offering. Our sponsor acquired the founder shares at a nominal price, significantly contributing to this dilution. Upon the closing of this offering, and assuming no value is ascribed to the warrants included in the units, you and the other public shareholders will incur an immediate and substantial dilution of approximately 121.2% (or \$11.02 per share, assuming no exercise of the underwriters' over-allotment option), the difference between the pro forma net tangible book value per share of \$(1.93) and the initial offering price per unit. This dilution would increase to the extent that the anti-dilution provisions of the founder shares result in the issuance of Class A ordinary shares on a greater than one-to-one basis upon conversion of the founder shares at the time of our initial business combination and would become exacerbated to the extent that public shareholders seek redemptions from the trust for their public shares. In addition, because of the anti-dilution rights of the founder shares, any equity or equity-linked securities issued or deemed issued in connection with our initial business combination would be disproportionately dilutive to our Class A ordinary shares.

***The determination of the offering price of our units and the size of this offering is more arbitrary than the pricing of securities and size of an offering of an operating company in a particular industry. You may have less assurance, therefore, that the offering price of our units properly reflects the value of such units than you would have in a typical offering of an operating company.***

Prior to this offering there has been no public market for any of our securities. The public offering price of the units and the terms of the warrants were negotiated between us and the underwriters. In determining the size of this offering, management held customary organizational meetings with representatives of the underwriters, both prior to our inception and thereafter, with respect to the state of capital markets, generally, and the amount the underwriters believed they reasonably could raise on our behalf. Factors considered in determining the size of this offering, prices and terms of the units, including the Class A ordinary shares, warrants and rights underlying the units, include:

- the history and prospects of companies whose principal business is the acquisition of other companies;
- prior offerings of those companies;
- our prospects for acquiring an operating business;
- a review of debt to equity ratios in leveraged transactions;
- our capital structure;
- an assessment of our management and their experience in identifying operating companies;
- general conditions of the securities markets at the time of this offering; and
- other factors as were deemed relevant.

Although these factors were considered, the determination of our offering price is more arbitrary than the pricing of securities of an operating company in a particular industry since we have no historical operations or financial results.

***There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.***

There is currently no market for our securities. Shareholders therefore have no access to information about prior market history on which to base their investment decision. Following this offering, the price of our securities may vary significantly due to one or more potential business combinations and general market or economic conditions. Furthermore, an active trading market for our securities may never develop or, if developed, it may not be sustained. You may be unable to sell your securities unless a market can be established and sustained.

***Nasdaq may delist our securities from trading on its exchange, which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions.***

We have applied to have our units listed on Nasdaq. We expect that our units will be listed on Nasdaq on or promptly after the date of this prospectus. Following the date our Class A ordinary shares, warrants and rights are eligible to trade separately, we anticipate that our Class A ordinary shares, warrants and rights will be separately listed on Nasdaq. We cannot guarantee that our securities will be approved for listing on Nasdaq. Although after giving effect to this offering we expect to meet, on a pro forma basis, the minimum initial listing standards set forth in the Nasdaq listing standards, we cannot assure you that our securities will be, or will continue to be, listed on Nasdaq in the future or prior to our initial business combination. In order to continue listing our securities on Nasdaq prior to our initial business combination, we must maintain certain financial, distribution and share price levels. Generally, we must maintain a minimum number of holders of our securities (generally 400 public holders). Additionally, in connection with our initial business combination, we will be required to demonstrate compliance with Nasdaq's initial listing requirements, which are more rigorous than Nasdaq's continued listing requirements, in order to continue to maintain the listing of our securities on Nasdaq. For instance, our public shares price would generally be required to be at least \$4.00 per share and we would be required to have a minimum of 400 round lot holders of our securities, of which at least half of such round lot holders must own Class A ordinary shares valued at a minimum of \$2,500. We cannot assure you that we will be able to meet those initial listing requirements at that time.

If Nasdaq delists our securities from trading on its exchange and we are not able to list our securities on another national securities exchange, we expect our securities could be quoted on an over-the-counter market. If this were to occur, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity for our securities;
- a determination that our Class A ordinary shares is a "penny stock" which will require brokers trading in our Class A ordinary shares to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for our securities;
- a limited amount of news and analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as "covered securities." Because we expect that our units and eventually our Class A ordinary shares, warrants and rights will be listed on Nasdaq, our units, Class A ordinary shares, warrants and rights will be covered securities. Although the states are preempted from regulating the sale of our securities, the federal statute does allow the states to investigate companies if there is a suspicion of fraud, and, if there is a finding of fraudulent activity, then the states can regulate or bar the sale of covered securities in a particular case. While we are not aware of a state having used these powers to prohibit or restrict the sale of securities issued by blank check companies, other than the State of Idaho, certain state securities regulators view blank check companies unfavorably and might use these powers, or threaten to use these powers, to hinder the sale of securities of blank check companies in their states. Further, if we were no longer listed on Nasdaq, our securities would not be covered securities and we would be subject to regulation in each state in which we offer our securities, including in connection with our initial business combination.

***Redeeming shareholders may be unable to sell their securities when they wish to in the event that the proposed business combination is not approved.***

We will require public shareholders who wish to redeem their Class A ordinary shares in connection with any proposed business combination to comply with the delivery requirements discussed above for redemption. If such proposed business combination is not consummated, we will promptly return such certificates to the tendering public shareholders. Accordingly, investors who attempted to redeem their public shares in such a circumstance will be unable to sell their securities after the failed acquisition until we have returned their securities to them. The market price for our Class A ordinary shares may decline during this time and you may not be able to sell your

## [Table of Contents](#)

securities when you wish, even while other shareholders that did not seek redemption may be able to sell their securities.

***Although we are registering the Class A ordinary shares issuable upon exercise of the warrants under the Securities Act, in connection with our initial business combination, we will need to file a post-effective amendment to the registration statement of which this prospectus forms a part or a new registration statement with respect to such securities. Such post-effective amendment or new registration statement may not be in effect when an investor desires to exercise warrants, thus precluding such investor from being able to exercise its warrants except on a cashless basis and potentially causing such warrants to expire worthless.***

Under the terms of the warrant agreement, we have agreed that, as soon as practicable, but in no event later than 30 days, after the closing of our initial business combination, we will use our commercially reasonable best efforts to file with the SEC a post-effective amendment to the registration statement for this offering or a new registration statement covering the registration under the Securities Act of the Class A ordinary shares issuable upon exercise of the warrants and thereafter will use our commercially reasonable efforts to cause the same to become effective within 60 days following our initial business combination and to maintain a current prospectus relating to the Class A ordinary shares issuable upon exercise of the warrants until the expiration or redemption of the warrants in accordance with the provisions of the warrant agreement. We cannot assure you that we will be able to do so if, for example, any facts or events arise which represent a fundamental change in the information set forth in the registration statement or prospectus, the financial statements contained or incorporated by reference therein are not current or correct or the SEC issues a stop order. If the Class A ordinary shares issuable upon exercise of the warrants are not registered under the Securities Act in connection with our initial business combination, under the terms of the warrant agreement, holders of warrants who seek to exercise their warrants will not be permitted to do so for cash and, instead, will be required to do so on a cashless basis in accordance with Section 3(a)(9) of the Securities Act or another exemption.

In no event will warrants be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is at such time registered or qualified under the securities laws of the state of the exercising holder, or an exemption from registration or qualification is available.

If our Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of “covered securities” under Section 18(b)(1) of the Securities Act, we may, at our option, not permit holders of warrants who seek to exercise their warrants to do so for cash and, instead, require them to do so on a cashless basis in accordance with Section 3(a)(9) of the Securities Act; in the event we so elect, we will not be required to file or maintain in effect a registration statement or register or qualify the shares underlying the warrants under applicable state securities laws, and in the event we do not so elect, we will use our best efforts to register or qualify the shares underlying the warrants under applicable state securities laws to the extent an exemption is not available.

In no event will we be required to net cash settle any warrant, or issue securities (other than upon a cashless exercise as described above) or other compensation in exchange for the warrants in the event that we are unable to register or qualify the shares underlying the warrants under the Securities Act or applicable state securities laws or events arise which represent a fundamental change in the information set forth in the registration statement or prospectus, the financial statements contained or incorporated by reference therein are not current, complete or correct or the SEC issues a stop order. If the shares issuable upon exercise of the warrants are not, at the relevant time, registered under the Securities Act in accordance with the above requirements, we will be required to permit holders to exercise their warrants on a cashless basis. Exercising the warrants on a cashless basis could have the effect of reducing the potential “upside” of the holder’s investment in our company because the warrant holder will hold a smaller number of Class A ordinary shares upon a cashless exercise of the warrants they hold. In no event will we be required to net cash settle any warrant, or issue securities or other compensation in exchange for the warrants in the event that we are unable to register or qualify the shares underlying the warrants under applicable state securities laws and no exemption is available. If the issuance of the shares upon exercise of the warrants is not so registered or qualified or exempt from registration or qualification, the holder of such warrant shall not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In such event, holders who acquired their warrants as part of a purchase of units will have paid the full unit purchase price solely for the Class A ordinary shares included in the units. There may be a circumstance where an exemption from registration exists for holders of our private

## [Table of Contents](#)

placement warrants to exercise their warrants while a corresponding exemption does not exist for holders of the public warrants included as part of units sold in this offering. In such an instance, our sponsor and its permitted transferees (which may include our directors and executive officers) would be able to exercise their warrants and sell the ordinary shares underlying their warrants while holders of our public warrants would not be able to exercise their warrants and sell the underlying ordinary shares. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying Class A ordinary shares for sale under all applicable state securities laws. As a result, we may redeem the warrants as set forth above even if the holders are otherwise unable to exercise their warrants.

***Our warrants and founder shares may have an adverse effect on the market price of our Class A ordinary shares and make it more difficult to effectuate our initial business combination.***

We will be issuing warrants to purchase 20,000,000 Class A ordinary shares (or up to 23,000,000 Class A ordinary shares if the underwriters' over-allotment option is exercised in full) as part of the units offered by this prospectus and, simultaneously with the closing of this offering, we will be issuing in a private placement to our sponsor, private placement warrants to purchase an aggregate of 6,425,000 Class A ordinary shares (or up to 7,100,000 Class A ordinary shares if the underwriters' over-allotment option is exercised in full). Our initial shareholders currently own an aggregate of 5,750,000 founder shares (up to 750,000 of which are subject to forfeiture depending on the extent to which the underwriters' over-allotment option is exercised). The founder shares are convertible into Class A ordinary shares on a one-for-one basis, subject to adjustment as set forth herein. In addition, if our sponsor or its affiliates, or any of our officers or directors, makes any working capital loans, up to \$1,500,000 of such loans may be converted into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted), at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period.

To the extent we issue Class A ordinary shares to effectuate an initial business combination, the potential for the issuance of a substantial number of additional Class A ordinary shares upon conversion of these rights or exercise of these warrants could make us a less attractive business combination vehicle to a target business. Any such issuance will increase the number of issued and outstanding our Class A ordinary shares and reduce the value of the Class A ordinary shares issued to complete the initial business combination. Therefore, our warrants and founder shares may make it more difficult to effectuate an initial business combination or increase the cost of acquiring the target business.

The private placement warrants are identical to the warrants sold as part of the units in this offering except that, so long as they are held by our sponsor or its permitted transferees, (i) they will not be redeemable by us, (ii) they (including the Class A ordinary shares issuable upon exercise of these warrants) may not, subject to certain limited exceptions, be transferred, assigned or sold by our sponsor until the completion of our initial business combination and (iii) they may be exercised by the holders on a cashless basis.

***The exercise price for the public warrants is higher than in some similar blank check company offerings in the past, and, accordingly, the warrants are more likely to expire worthless.***

The exercise price of the public warrants is higher than some similar blank check companies in the past. Historically, the exercise price of a warrant was generally a fraction of the purchase price of the units in the initial public offering. The exercise price for our public warrants is \$11.50 per full share. As a result, the warrants are less likely to ever be in the money and more likely to expire worthless.

***We may amend the terms of the warrants in a manner that may be adverse to holders of public warrants with the approval by the holders of at least 50% of the then outstanding public warrants. As a result, the exercise price of your warrants could be increased, the exercise period could be shortened and the number of our Class A ordinary shares purchasable upon exercise of a warrant could be decreased, all without your approval.***

Our warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding public warrants to make any change that

## [Table of Contents](#)

adversely affects the interests of the registered holders of public warrants. Accordingly, we may amend the terms of the public warrants in a manner adverse to a holder if holders of at least 50% of the then outstanding public warrants approve of such amendment. Although our ability to amend the terms of the public warrants with the consent of at least 50% of the then outstanding public warrants is unlimited, examples of such amendments could be amendments to, among other things, increase the exercise price of the warrants, convert the warrants into cash or shares, shorten the exercise period or decrease the number of our ordinary shares purchasable upon exercise of a warrant.

***We may amend the terms of the rights in a manner that may be adverse to holders of rights with the approval by the holders of at least 50% of the then outstanding rights. As a result, the number of our Class A ordinary shares purchasable upon exercise of a right could be decreased, all without your approval.***

Our warrants will be issued in registered form under a rights agreement between Continental Stock Transfer & Trust Company, as rights agent, and us. The rights agreement provides that the terms of the rights may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding rights to make any change that adversely affects the interests of the registered holders of rights. Accordingly, we may amend the terms of the rights in a manner adverse to a holder if holders of at least 50% of the then outstanding public warrants approve of such amendment. Although our ability to amend the terms of the rights with the consent of at least 50% of the then outstanding rights is unlimited, examples of such amendments could be amendments to, among other things, decrease the number of our ordinary shares purchasable upon exercise of a right.

***We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.***

We have the ability to redeem outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, provided that the last reported sales price of our Class A ordinary shares equals or exceeds \$18.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading-day period ending on the third trading day prior to the date on which we give proper notice of such redemption and provided certain other conditions are met. If and when the warrants become redeemable by us, we may not exercise our redemption right if the issuance of Class A ordinary shares upon exercise of the warrants is not exempt from registration or qualification under applicable state blue sky laws or we are unable to effect such registration or qualification. We will use our best efforts to register or qualify such Class A ordinary shares under the blue sky laws of the state of residence in those states in which the warrants were offered by us in this offering. Redemption of the outstanding warrants could force you (i) to exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) to sell your warrants at the then-current market price when you might otherwise wish to hold your warrants or (iii) to accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the market value of your warrants. None of the private placement warrants will be redeemable by us so long as they are held by the sponsor or its permitted transferees.

***Our warrant agreement and rights agreement will designate the courts of the State of New York or the United States District Court for the Southern District of New York as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by holders of our warrants and/or rights, which could limit the ability of warrant holders and rights holders to obtain a favorable judicial forum for disputes with our company.***

Our warrant agreement and rights agreement will provide that, subject to applicable law, (i) any action, proceeding or claim against us arising out of or relating in any way to the warrant agreement or rights agreement, including under the Securities Act, will be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and (ii) that we irrevocably submit to such jurisdiction, which jurisdiction shall be the exclusive forum for any such action, proceeding or claim. We will waive any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.

Notwithstanding the foregoing, these provisions of the warrant agreement and rights agreement will not apply to suits brought to enforce any liability or duty created by the Exchange Act, the Securities Act, or any other claim for which the federal district courts of the United States of America are the sole and exclusive forum. Any person or entity purchasing or otherwise acquiring any interest in any of our warrants or rights shall be deemed to have notice of and to have consented to the forum provisions in our warrant agreement and rights agreement. If any action, the

## [Table of Contents](#)

subject matter of which is within the scope the forum provisions of the warrant agreement and the rights agreement, is filed in a court other than a court of the State of New York or the United States District Court for the Southern District of New York (a “foreign action”) in the name of any holder of our warrants or rights, such holder shall be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located in the State of New York in connection with any action brought in any such court to enforce the forum provisions (an “enforcement action”), and (y) having service of process made upon such warrant holder or rights holder in any such enforcement action by service upon such warrant holder’s or rights holder’s counsel in the foreign action as agent for such warrant holder or rights holder.

This choice-of-forum provision may limit a warrant holder or rights holder’s ability to bring a claim in a judicial forum that it finds favorable for disputes with our company, which may discourage such lawsuits. Alternatively, if a court were to find this provision of our warrant agreement or rights agreement inapplicable or unenforceable with respect to one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could materially and adversely affect our business, financial condition and results of operations and result in a diversion of the time and resources of our management and Board of Directors.

### ***We have no obligation to net cash settle the warrants.***

In no event will we have any obligation to net cash settle the warrants. Accordingly, the warrants may expire worthless.

### ***We are an emerging growth company and a smaller reporting company within the meaning of the Securities Act, and if we take advantage of certain exemptions from disclosure requirements available to emerging growth companies or smaller reporting companies, this could make our securities less attractive to investors and may make it more difficult to compare our performance with other public companies.***

We are an “emerging growth company” within the meaning of the Securities Act, as modified by the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. As a result, our shareholders may not have access to certain information they may deem important. We could be an emerging growth company for up to five years, although circumstances could cause us to lose that status earlier, including if the market value of our Class A ordinary shares held by non-affiliates exceeds \$700 million as of any June 30 before that time, in which case we would no longer be an emerging growth company as of the following December 31. We cannot predict whether investors will find our securities less attractive because we will rely on these exemptions. If some investors find our securities less attractive as a result of our reliance on these exemptions, the trading prices of our securities may be lower than they otherwise would be, there may be a less active trading market for our securities and the trading prices of our securities may be more volatile.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. We have elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of our financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accountant standards used. Additionally, we are a “smaller reporting company” as defined in Rule 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. We will remain

a smaller reporting company until the last day of the fiscal year in which (1) the market value of our Class A ordinary shares held by non-affiliates exceeds \$250 million as of the end of the prior June 30th, or (2) our annual revenues exceeded \$100 million during such completed fiscal year and the market value of our Class A ordinary shares held by non-affiliates exceeds \$700 million as of the prior June 30th. To the extent we take advantage of such reduced disclosure obligations, it may also make comparison of our financial statements with other public companies difficult or impossible.

***Compliance obligations under the Sarbanes-Oxley Act may make it more difficult for us to effectuate our initial business combination, require substantial financial and management resources, and increase the time and costs of completing an initial business combination.***

Section 404 of the Sarbanes-Oxley Act requires that we evaluate and report on our system of internal controls beginning with our Annual Report on Form 10-K for the year ending December 31, 2023. Only in the event we are deemed to be a large accelerated filer or an accelerated filer, and no longer qualify as an emerging growth company, will we be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting. Further, for as long as we remain an emerging growth company, we will not be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting. The fact that we are a blank check company makes compliance with the requirements of the Sarbanes-Oxley Act particularly burdensome on us as compared to other public companies because a target company with which we seek to complete our initial business combination may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of its internal controls. The development of the internal control of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such business combination.

***An investment in this offering may result in uncertain or adverse U.S. federal income tax consequences.***

An investment in this offering may result in uncertain U.S. federal income tax consequences. For instance, because there are no authorities that directly address instruments similar to the units we are issuing in this offering, the allocation an investor makes with respect to the purchase price of a unit among the one ordinary share, one warrant and one right included in each unit could be challenged by the IRS or the courts. Furthermore, the U.S. federal income tax consequences of a cashless exercise of warrants included in the units we are issuing in this offering is unclear under current law. It is also unclear whether the redemption rights with respect to our Class A ordinary shares suspend the running of a U.S. holder's holding period for purposes of determining whether any gain or loss realized by such holder on the sale or exchange of Class A ordinary shares is long-term capital gain or loss and for determining whether any dividend we pay would be considered "qualified dividends" for federal income tax purposes. See the section titled "Material U.S. Federal Income Tax Considerations" for a summary of certain material U.S. federal income tax consequences of an investment in our securities. Prospective investors are urged to consult their tax advisors with respect to these and other tax consequences when purchasing, holding or disposing of our securities.

***Because we are incorporated under the laws of the Cayman Islands, you may face difficulties in protecting your interests, and your ability to protect your rights through the U.S. Federal courts may be limited.***

We are an exempted company incorporated under the laws of the Cayman Islands. As a result, it may be difficult for investors to effect service of process within the United States upon our directors or officers, or enforce judgments obtained in the United States courts against our directors or officers.

Our corporate affairs are governed by our amended and restated memorandum and articles of association, the Companies Act (as the same may be supplemented or amended from time to time) and the common law of the Cayman Islands. The rights of shareholders to take action against the directors, actions by minority shareholders and the fiduciary responsibilities of our directors to us under Cayman Islands law are to a large extent governed by the common law of the Cayman Islands. The common law of the Cayman Islands is derived in part from comparatively limited judicial precedent in the Cayman Islands as well as from English common law, the decisions of whose courts are of persuasive authority, but are not binding on a court in the Cayman Islands. The rights of our shareholders and the fiduciary responsibilities of our directors under Cayman Islands law are different from what they would be under statutes or judicial precedent in some jurisdictions in the United States. In particular, the Cayman Islands has a different body of securities laws as compared to the United States, and certain states, such as

## [Table of Contents](#)

Delaware, may have more fully developed and judicially interpreted bodies of corporate law. In addition, Cayman Islands companies may not have standing to initiate a shareholders derivative action in a Federal court of the United States.

We have been advised by Dentons, Dinner Martin Attorneys, our Cayman Islands legal counsel, that the courts of the Cayman Islands are unlikely (i) to recognize or enforce against us judgments of courts of the United States predicated upon the civil liability provisions of the federal securities laws of the United States or any state; and (ii) in original actions brought in the Cayman Islands, to impose liabilities against us predicated upon the civil liability provisions of the federal securities laws of the United States or any state, so far as the liabilities imposed by those provisions are penal in nature. In those circumstances, although there is no statutory enforcement in the Cayman Islands of judgments obtained in the United States, the courts of the Cayman Islands will recognize and enforce a foreign money judgment of a foreign court of competent jurisdiction without retrial on the merits based on the principle that a judgment of a competent foreign court imposes upon the judgment debtor an obligation to pay the sum for which judgment has been given provided certain conditions are met. For a foreign judgment to be enforced in the Cayman Islands, such judgment must be final and conclusive and for a liquidated sum, and must not be in respect of taxes or a fine or penalty, inconsistent with a Cayman Islands judgment in respect of the same matter, impeachable on the grounds of fraud or obtained in a manner, or be of a kind the enforcement of which is, contrary to natural justice or the public policy of the Cayman Islands (awards of punitive or multiple damages may well be held to be contrary to public policy). A Cayman Islands Court may stay enforcement proceedings if concurrent proceedings are being brought elsewhere.

As a result of all of the above, public shareholders may have more difficulty in protecting their interests in the face of actions taken by management, members of the Board of Directors or controlling shareholders than they would as public shareholders of a United States company.

***Provisions in our amended and restated memorandum and articles of association may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our Class A ordinary shares and could entrench management.***

Our amended and restated memorandum and articles of association may contain provisions that may discourage unsolicited takeover proposals that shareholders may consider to be in their best interests. These provisions may include three-year director terms, which may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

***The provisions of our amended and restated memorandum and articles of association that relate to our pre-initial business combination activity (and corresponding provisions of the agreement governing the release of funds from our trust account), including an amendment to permit us to withdraw funds from the trust account such that the per share amount investors will receive upon any redemption or liquidation is substantially reduced or eliminated, may be amended with the approval of holders of at least two-thirds of our ordinary shares who attend and vote in a general meeting, which is a lower amendment threshold than that of some other blank check companies. It may be easier for us, therefore, to amend our amended and restated memorandum and articles of association and the trust agreement to facilitate the completion of an initial business combination that some of our shareholders may not support.***

Some other blank check companies have a provision in their charter which prohibits the amendment of certain of its provisions, including those which relate to a company's pre-initial business combination activity, without approval by a certain percentage of the company's shareholders. In those companies amendment of these provisions requires approval by between 90% and 100% of the company's public shareholders. Our amended and restated memorandum and articles of association will provide that any of its provisions, including those related to pre-initial business combination activity (including the requirement to deposit proceeds of this offering and the private placement of units into the trust account and not release such amounts except in specified circumstances, and to provide redemption rights to public shareholders as described herein and in our amended and restated memorandum and articles of association or an amendment to permit us to withdraw funds from the trust account such that the per share amount investors will receive upon any redemption or liquidation is substantially reduced or eliminated) may be amended if approved by holders of at least two-thirds of our ordinary shares who attend and vote in a general meeting, and corresponding provisions of the trust agreement governing the release of funds from our trust account may be amended if approved by holders of 50% of our ordinary shares. Should our sponsor vote all its founder

## [Table of Contents](#)

shares in favor of any such amendment, we would require 7,650,001 of the public shares issued in this offering to be voted in favor of any such amendment for its approval (assuming no exercise of the underwriters' overallotment option and no purchase by our sponsor or its affiliates of public shares in this offering or thereafter). We may not issue additional securities that can vote on amendments to our amended and restated memorandum and articles of association. Our initial shareholders, which will collectively beneficially own 20% of our ordinary shares upon the closing of this offering (not including the representative shares, and assuming they do not purchase any units in this offering), will participate in any vote to amend our amended and restated memorandum and articles of association and/or trust agreement and will have the discretion to vote in any manner it chooses. As a result, we may be able to amend the provisions of our amended and restated memorandum and articles of association which govern our pre-business combination behavior more easily than some other blank check companies, and this may increase our ability to complete a business combination with which you do not agree. Our shareholders may pursue remedies against us for any breach of our amended and restated memorandum and articles of association.

### ***Cyber incidents or attacks directed at us could result in information theft, data corruption, operational disruption and/or financial loss.***

We depend on digital technologies, including information systems, infrastructure and cloud applications and services, including those of third parties with which we may deal. Sophisticated and deliberate attacks on, or security breaches in, our systems or infrastructure, or the systems or infrastructure of third parties or the cloud, could lead to corruption or misappropriation of our assets, proprietary information and sensitive or confidential data. As an early state company without significant investments in data security protection, we may not be sufficiently protected against such occurrences. We may not have sufficient resources to adequately protect against or to investigate and remediate any vulnerability to cyber incidents. It is possible that any of these occurrences, or a combination of them, could have adverse consequences on our business and lead to financial loss.

## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The statements contained in this prospectus that are not purely historical are forward-looking statements. Our forward-looking statements include, but are not limited to, statements regarding our or our management's expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words "anticipates," "believe," "continue," "could," "estimate," "expect," "intends," "may," "might," "plan," "possible," "potential," "predicts," "project," "should," "would" and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this prospectus may include, for example, statements about:

- our ability to complete our initial business combination;
- our success in retaining or recruiting, or changes required in, our officers, key employees or directors following our initial business combination;
- our officers and directors allocating their time to other businesses and potentially having conflicts of interest with our business or in approving our initial business combination, as a result of which they would then receive expense reimbursements and other benefits;
- our potential ability to obtain additional financing to complete a business combination;
- our pool of prospective target businesses;
- the ability of our officers and directors to generate a number of potential investment opportunities;
- potential changes in control of us if we acquire one or more target businesses for shares;
- our public securities' potential liquidity and trading;
- the lack of a market for our securities;
- our expectations regarding the time during which we will be an "emerging growth company" under the JOBS Act;
- our use of proceeds not held in the trust account or available to us from interest income on the trust account balance; or
- our financial performance following this offering or following an initial business combination.

The forward-looking statements contained in this prospectus are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading "Risk Factors." Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

(1) A portion of the offering expenses, including the SEC registration fee, the FINRA filing fee, the non-refundable portion of the Nasdaq listing fee and a portion of the legal and audit fees, have been paid from the loans we received from our sponsor described below. These amounts will be repaid upon completion of this offering out of the \$500,000 of offering proceeds that have been allocated for the payment of offering expenses (other than underwriting commissions).

(2) The underwriters have agreed to defer underwriting commissions equal to 3.5% of the gross proceeds of this offering. Upon completion of our initial business combination, \$7,000,000, which constitutes the underwriter's deferred commissions (or \$8,050,000 if the underwriters' over-allotment option is exercised in full) will be paid to the underwriters from the funds held in the trust account, and the remaining funds, less amounts released to the trustee to pay redeeming shareholders, will be released to us and can be used to pay all or a portion of the purchase price of the business or businesses with which our initial business combination occurs or for general corporate purposes, including payment of

## Table of Contents

principal or interest on indebtedness incurred in connection with our initial business combination, to fund the purchases of other companies or for working capital. The underwriters will not be entitled to any interest accrued on the deferred underwriting discounts and commissions.

- (3) The Company has agreed to reimburse the underwriters for certain expenses incurred in connection with the offering, including but not limited to road show expenses, in an amount not to exceed \$125,000 in the aggregate.
- (4) These expenses are estimates only and do not include interest which may be available to us from the trust account. Our actual expenditures for some or all of these items may differ from the estimates set forth herein. For example, we may incur greater legal and accounting expenses than our current estimates in connection with negotiating and structuring our initial business combination based upon the level of complexity of such business combination. In the event we identify an initial business combination target in a specific industry subject to specific regulations, we may incur additional expenses associated with legal due diligence and the engagement of special legal counsel. In addition, our staffing needs may vary and as a result, we may engage a number of consultants to assist with legal and financial due diligence. We do not anticipate any change in our intended use of proceeds, other than fluctuations among the current categories of allocated expenses, which fluctuations, to the extent they exceed current estimates for any specific category of expenses, would not be available for our expenses.

Our sponsor has committed to purchase the private placement warrants for an aggregate purchase price of \$6,425,000 (or \$7,100,000 if the over-allotment option is exercised in full) from us on a private placement basis simultaneously with the consummation of this offering. All of the proceeds we receive from these purchases will be placed in the trust account described below.

Of the net proceeds of this offering and the sale of the private placement warrants, \$202,000,000 (or \$232,300,000 if the underwriters' over-allotment option is exercised in full), including \$7,000,000 (or \$8,050,000 if the underwriters' over-allotment option is exercised in full) of deferred underwriting commissions, will be placed in a trust account in the United States, with Continental Stock Transfer & Trust Company acting as trustee, and will be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations.

We will have until 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering to consummate an initial business combination.

We estimate that the interest earned on the trust account will be approximately \$20,200 per year, assuming an interest rate of 0.01% per year; however, we can provide no assurance regarding this amount. Except with respect to interest earned on the funds held in the trust account that may be released to us to pay our franchise and income tax obligations (less up to \$50,000 of interest to pay dissolution expenses), the proceeds from this offering and the sale of the private placement warrants will not be released from the trust account until the earliest to occur of: (a) the completion of our initial business combination, (b) the redemption of any public shares properly submitted in connection with a shareholder vote to amend our amended and restated memorandum and articles of association(A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity, and (c) the redemption of our public shares if we are unable to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, subject to applicable law.

The net proceeds held in the trust account may be used as consideration to pay the sellers of a target business with which we ultimately complete our initial business combination. If our initial business combination is paid for using equity or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination, we may apply the balance of the cash released from the trust account for general corporate purposes, including for maintenance or expansion of operations of the post-transaction company, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital. There is no limitation on our ability to raise funds privately or through loans in connection with our initial business combination.

We believe that amounts not held in trust will be sufficient to pay the costs and expenses to which such proceeds are allocated. This belief is based on the fact that while we may begin preliminary due diligence of a target business in

## [Table of Contents](#)

connection with an indication of interest, we intend to undertake in-depth due diligence, depending on the circumstances of the relevant prospective business combination, only after we have negotiated and signed a letter of intent or other preliminary agreement that addresses the terms of an initial business combination. However, if our estimate of the costs of undertaking in-depth due diligence and negotiating an initial business combination is less than the actual amount necessary to do so, we may be required to raise additional capital, the amount, availability and cost of which is currently unascertainable. If we are required to seek additional capital, we could seek such additional capital through loans or additional investments from our sponsor, members of our management team or their affiliates, but such persons are not under any obligation to advance funds to, or invest in, us.

Commencing on the date of this prospectus, we have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Prior to the closing of this offering, our sponsor has agreed to loan us up to \$300,000 to be used for a portion of the expenses of this offering. As of December 31, 2021, we had drawn down \$242,801 under the promissory note with our sponsor to be used for a portion of the expenses of this offering. This loan is non-interest bearing, unsecured and due at the earlier of March 31, 2022 or the closing of this offering. If the loan is repaid upon the closing of this offering it will be repaid out of the offering proceeds not held in the trust account.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. Otherwise, such loans would be repaid only out of funds held outside the trust account. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used to repay such loaned amounts. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted) at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period. The terms of such working capital loans by our sponsor or its affiliates, or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

If we seek shareholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, initial shareholders, directors, officers, advisors or their affiliates may purchase public shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of public shares our initial shareholders, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and Nasdaq rules. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. If they engage in such transactions, they will not make any such purchases when they are in possession of any material nonpublic information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. None of the funds held in the trust account will be used to purchase public shares or public warrants in such transactions prior to completion of our initial business combination. See “Proposed Business — Permitted purchases of our securities” for a description of how our sponsor, initial shareholders, directors, officers, advisors or any of their affiliates will select which shareholders to purchase securities from in any private transaction.

The purpose of any such purchases of public shares could be to vote such public shares in favor of the initial business combination and thereby increase the likelihood of obtaining shareholder approval of the initial business

## [Table of Contents](#)

combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our Class A ordinary shares or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

We may not redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination and after payment of underwriters’ fees and commissions (so that we are not subject to the SEC’s “penny stock” rules) and the agreement for our initial business combination may require as a closing condition that we have a minimum net worth or a certain amount of cash. If too many public shareholders exercise their redemption rights so that we cannot satisfy the net tangible asset requirement or any net worth or cash requirements, we would not proceed with the redemption of our public shares or the initial business combination, and instead may search for an alternate business combination.

A public shareholder will be entitled to receive funds from the trust account only upon the earliest to occur of: (i) our completion of an initial business combination, (ii) the redemption of any public shares properly submitted in connection with a shareholder vote to amend our amended and restated memorandum and articles of association(A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders’ rights or pre-initial business combination activity, and (iii) the redemption of our public shares if we are unable to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) following the closing of this offering, subject to applicable law and as further described herein and any limitations (including but not limited to cash requirements) created by the terms of the proposed initial business combination. In no other circumstances will a public shareholder have any right or interest of any kind to or in the trust account.

Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination. In addition, our initial shareholders have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within the prescribed time frame. However, if our sponsor or any of our officers, directors or affiliates acquires public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the prescribed time frame.

## **DIVIDEND POLICY**

We have not paid any cash dividends on our Class A ordinary shares to date and do not intend to pay cash dividends prior to the completion of an initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith. The payment of any dividends subsequent to a business combination will be within the discretion of our board of directors at such time and we will only pay such dividend out of our profits or share premium (subject to solvency requirements) as permitted under Cayman Islands law.

If we increase or decrease the size of the offering prior to the effective date of this registration statement, or pursuant to Rule 462(b) under the Securities Act, we will effect a share dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our Class B ordinary shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our initial shareholders at 20.0% of the issued and outstanding ordinary shares upon the consummation of this offering (not including the representative shares). Further, if we incur any indebtedness in connection with our initial business combination, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

## DILUTION

The difference between the public offering price per ordinary share, assuming no value is attributed to the warrants included in the units we are offering by this prospectus and the private placement warrants, and the pro forma net tangible book value per ordinary share after this offering constitutes the dilution to investors in this offering. Such calculation does not reflect any dilution associated with the sale and exercise of warrants, including the private placement warrants, which would cause the actual dilution to the public shareholders to be higher, particularly where a cashless exercise is utilized. Net tangible book value per share is determined by dividing our net tangible book value, which is our total tangible assets less total liabilities (including the value of Class A ordinary shares which may be redeemed for cash, by the number of outstanding ordinary shares).

At December 31, 2021, our net tangible book deficit was \$292,365, or approximately a net tangible book deficit of \$(0.05). After giving effect to the founder shares and the sale of 20,000,000 ordinary shares included in the units we are offering by this prospectus (or 23,000,000 ordinary shares if the underwriters' over-allotment option is exercised in full), the sale of the private placement warrants, the issuance of the representative shares and the deduction of underwriting commissions and estimated expenses of this offering, our pro forma net tangible book value at December 31, 2021 would have been \$(14,062,963), or approximately \$(1.93) per share (or \$(1.93) per share if the underwriters' over-allotment option is exercised in full), representing an immediate increase in net tangible book value (as decreased by the value of the 20,000,000 ordinary shares that may be redeemed for cash, or 23,000,000 ordinary shares if the underwriters' over-allotment option is exercised in full) of \$(1.87) per share (or \$(1.88) per share if the underwriters' over-allotment option is exercised in full) to our initial shareholders as of the date of this prospectus and dilution to public shareholders from this offering will be \$11.02 per share (or \$11.03 if the underwriters' over-allotment option is exercised in full).

The following table illustrates the dilution to the new investors on a per-share basis, assuming no value is attributed to the warrants included in the units and the private placement warrants:

	Without Over-allotment	With Over-allotment
Public offering price (including shares underlying rights)	\$ 9.09	\$ 9.09
Net tangible book deficit before this offering	(0.06)	(0.05)
Increase attributable to public shareholders	(1.87)	(1.88)
Pro forma net tangible book value after this offering and the sale of the private placement warrants	(1.93)	(1.93)
Dilution to public shareholders	\$ 11.02	11.03
Percentage of dilution to public shareholders	121.2%	121.3%

For purposes of presentation, we have reduced our pro forma net tangible book value after this offering (assuming no exercise of the underwriters' over-allotment option) by \$202,000,000 because holders of up to approximately 100.0% of our public shares may redeem their public shares for a pro rata share of the aggregate amount then on deposit in the trust account at a per share redemption price equal to the amount in the trust account as set forth in our tender offer or proxy materials (initially anticipated to be the aggregate amount held in trust two days prior to the commencement of our tender offer or stockholders meeting, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes), divided by the number of Class A ordinary shares sold in this offering.

The following table sets forth information with respect to our initial shareholders and the public shareholders:

Holder of	Shares Purchased		Total Consideration		Average Price Per Share
	Number	Percentage	Amount	Percentage	
Sponsor <sup>(1)</sup>	5,000,000	18.32%	\$ 25,000	0.01%	\$ 0.005

Public shareholders <sup>(2)</sup>	22,000,000	80.59%	200,000,000	99.99%	9.09
Total	27,300,000	100.00%	\$ 200,025,000	100.00%	

(1) Assumes no exercise of the underwriters' over-allotment option and the corresponding forfeiture of an aggregate of 750,000 Class B ordinary shares by our sponsor.

(2) Assumes the issuance of 2,000,000 shares underlying the rights.

- (1) Assumes the full forfeiture of 750,000 Class B ordinary shares that are subject to forfeiture by our sponsor depending on the extent to which the underwriters' over-allotment option is exercised. The proceeds of the sale of such Class B ordinary shares will not be deposited into the trust account, the Class B ordinary shares will not be eligible for redemption from the trust account nor will they be eligible to vote upon the initial business combination.
- (2) Our sponsor has agreed to loan us up to \$300,000 to be used for a portion of the expenses of this offering. The "as adjusted" information gives effect to the repayment of any loans made under this note out of the proceeds from this offering and the sale of the private placement warrants. As of December 31, 2021, we had drawn down \$242,801 under the promissory note with our sponsor to be used for a portion of the expenses of this offering.
- (3) Upon the completion of our initial business combination, we will provide our shareholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes, subject to the limitations described herein whereby our net tangible assets will be maintained at a minimum of \$5,000,001 and any limitations (including, but not limited to, cash requirements) created by the terms of the proposed initial business combination.
- (4) We will account for the 26,425,000 warrants to be issued in connection with this offering (the 20,000,000 warrants included in the units and the 6,425,000 private placement warrants, assuming the underwriters' over-allotment option is not exercised) in accordance with the guidance contained in ASC 815-40. Such guidance provides that because the warrants do not meet the criteria for equity treatment thereunder, each warrant must be recorded as a liability. Accordingly, we will classify each warrant as a liability at its fair value. This liability is subject to re-measurement at each balance sheet date. With each such remeasurement, the warrant liability will be adjusted to fair value, with the change in fair value recognized in our statement of operations.

## MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We are a Cayman Islands exempted company incorporated on August 6, 2021, for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or other similar business combination with one or more target businesses. While we may pursue an initial business combination target in any business, industry or geographical location, we intend to focus our search on targets founded by Asian or Asian American entrepreneurs who are building a global enterprise supported by forward thinking vision and innovative technology in predictable growth businesses with substantial revenue potential in frontier technologies including but not limited to artificial intelligence, blockchain, quantum computing, and electric vehicles. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the private placement of the private placement warrants, the proceeds of the sale of our public shares in connection with our initial business combination (including pursuant to forward purchase agreements or backstop agreements we may enter into following the consummation of this offering or otherwise), shares issued to the owners of the target, debt issued to bank or other lenders or the owners of the target, or a combination of the foregoing. The issuance of additional ordinary shares in connection with an initial business combination to the owners of the target or other investors:

- may significantly reduce the equity interest of our shareholders, which dilution would increase if the anti-dilution provisions in the Class B ordinary shares resulted in the issuance of Class A ordinary shares upon conversion of the Class B ordinary shares on a greater than one-to-one basis;
- may subordinate the rights of holders of our ordinary shares if preference shares are issued with rights senior to those afforded our ordinary shares;
- could cause a change in control if a substantial number of our ordinary shares are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and most likely will also result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our securities.

Similarly, if we issue debt securities, or otherwise incur significant debt to bank or other lenders or the owners of a target it could result in:

- default and foreclosure on our assets if our operating revenues after a business combination are insufficient to pay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we have made all principal and interest payments when due if the debt security contains covenants that required the maintenance of certain financial ratios or reserves and we breach any such covenant without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain additional financing, if necessary, if the debt security contains covenants restricting our ability to obtain additional financing while such security is outstanding;
- our inability to pay dividends on our Class A ordinary shares;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our Class A ordinary shares if declared, our ability to pay expenses, make capital expenditures and acquisitions, and fund other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- other disadvantages compared to our competitors who have less debt.

## [Table of Contents](#)

We are an emerging growth company as defined in the JOBS Act. As an emerging growth company, we have elected to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As such, our financial statements may not be comparable to companies that comply with public company effective dates.

### **Results of Operations and Known Trends or Future Events**

We have neither engaged in any operations nor generated any revenues to date. Our only activities since inception have been organizational activities and those necessary to prepare for this offering. Following this offering, we will not generate any operating revenues until after completion of our initial business combination. We expect to generate non-operating income in the form of interest income on cash and cash equivalents after this offering. There has been no significant change in our financial or trading position and no material adverse change has occurred since the date of our audited financial statements. After this offering, we expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. We expect our expenses to increase substantially after the closing of this offering.

### **Liquidity and Capital Resources**

As indicated in the accompanying financial statements, at December 31, 2021, we had \$65,373 in cash and a working capital deficit of \$292,365. Further, we have incurred and expect to continue to incur significant costs in pursuit of our financing and acquisition plans. We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern.

Our liquidity needs have been satisfied prior to the completion of this offering through a capital contribution from our sponsor of \$25,000 for the founder shares and up to \$300,000 in loans available from our sponsor under an unsecured promissory note. We estimate that the net proceeds from (i) the sale of the units in this offering, after deducting offering expenses of approximately \$500,000, underwriting commissions of \$2,500,000 (\$2,875,000 if the underwriters' over-allotment option is exercised in full) (excluding deferred underwriting commissions of \$7,000,000 (or \$8,050,000 if the underwriters' over-allotment option is exercised in full), and (ii) the sale of the private placement warrants for a purchase price of \$6,425,000 (or \$7,100,000 if the over-allotment option is exercised in full), will be \$203,425,000 (or \$233,725,000 if the underwriters' over-allotment option is exercised in full). Of this amount, \$202,000,000 (or \$232,300,000 if the underwriters' over-allotment option is exercised in full) will be held in the trust account, which includes \$7,000,000 (or \$8,050,000 if the underwriters' over-allotment option is exercised in full) of deferred underwriting commissions. The proceeds held in the trust account will be invested only in U.S. government treasury obligations with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. The remaining approximately \$1,425,000 will not be held in the trust account. In the event that our offering expenses exceed our estimate of \$1,425,000, we may fund such excess with funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$500,000, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount.

We intend to use substantially all of the funds held in the trust account, including any amounts representing interest earned on the trust account (less deferred underwriting commissions) to complete our initial business combination. We may withdraw interest to pay income taxes. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the trust account. We expect the interest earned on the amount in the trust account will be sufficient to pay our income taxes. To the extent that our public shares or debt is used, in whole or in part, as consideration to complete our initial business combination, the remaining proceeds held in the trust account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

Prior to the completion of our initial business combination, we will have available to us the approximately \$1,425,000 of proceeds held outside the trust account. We will use these funds to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses or their representatives or owners, review corporate documents

and material agreements of prospective target businesses, and structure, negotiate and complete an initial business combination.

In order to fund working capital deficiencies or finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted), at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period. The terms of such working capital loans by our sponsor or its affiliates, or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. Prior to the completion of our initial business combination, we do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

We expect our primary liquidity requirements during that period to include approximately \$200,000 for legal, accounting, due diligence, travel and other expenses associated with structuring, negotiating and documenting successful business combinations; \$150,000 for legal and accounting fees related to regulatory reporting requirements; \$120,000 for office space, utilities and secretarial and administrative support; \$150,000 for due diligence, identification and research of prospective target business and reimbursement of out of pocket due diligence expenses to management; \$50,000 for Nasdaq and other regulatory fees; \$675,000 for director and officer liability insurance premiums and approximately \$80,000 for working capital that will be used for miscellaneous expenses and reserves (including taxes net of anticipated interest income).

These amounts are estimates and may differ materially from our actual expenses. In addition, we could use a portion of the funds not being placed in trust to pay commitment fees for financing, fees to consultants to assist us with our search for a target business or as a down payment or to fund a “no-shop” provision (a provision designed to keep target businesses from “shopping” around for transactions with other companies on terms more favorable to such target businesses) with respect to a particular proposed initial business combination, although we do not have any current intention to do so. If we entered into an agreement where we paid for the right to receive exclusivity from a target business, the amount that would be used as a down payment or to fund a “no-shop” provision would be determined based on the terms of the specific business combination and the amount of our available funds at the time. Our forfeiture of such funds (whether as a result of our breach or otherwise) could result in our not having sufficient funds to continue searching for, or conducting due diligence with respect to, prospective target businesses.

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business. However, if our estimates of the costs of identifying a target business, undertaking in-depth due diligence and negotiating an initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to complete our initial business combination or because we become obligated to redeem a significant number of our public shares upon completion of our initial business combination, in which case we may issue additional securities or incur debt in connection with such business combination. In addition, we intend to target businesses larger than we could acquire with the net proceeds of this offering and the sale of the private placement warrants, and may as a result be required to seek additional financing to complete such proposed initial business combination. We may also obtain financing prior to closing of our initial business combination to fund our working capital needs and transaction costs in connection with our search for and completion of our initial business combination. There is no limitation on our ability to raise funds through the issuance of equity or equity-linked securities or through loans, advances or other indebtedness in connection with our initial business combination, including pursuant to forward purchase agreements or backstop agreements we may enter into following consummation of this offering. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our initial business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. In addition, following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

## **Controls and Procedures**

We are not currently required to certify an effective system of internal controls as defined by Section 404 of the Sarbanes-Oxley Act. We will be required to comply with the internal control requirements of the Sarbanes-Oxley Act for the fiscal year ending December 31, 2023. Only in the event that we are deemed to be a large accelerated filer or an accelerated filer and no longer an emerging growth company would we be required to comply with the independent registered public accounting firm attestation requirement.

Further, for as long as we remain an emerging growth company as defined in the JOBS Act, we intend to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirement.

As of the date of this prospectus, we have not completed an assessment, nor have our auditors tested our systems, of internal controls. We expect to assess the internal controls of our target business or businesses prior to the completion of our initial business combination and, if necessary, to implement and test additional controls as we may determine are necessary in order to state that we maintain an effective system of internal controls. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding the adequacy of internal controls. Target businesses we may consider for a business combination may have internal controls that need improvement in areas such as:

- staffing for financial, accounting and external reporting areas, including segregation of duties;
- reconciliation of accounts;
- proper recording of expenses and liabilities in the period to which they relate;
- evidence of internal review and approval of accounting transactions;
- documentation of processes, assumptions and conclusions underlying significant estimates; and
- documentation of accounting policies and procedures.

Because it will take time, management involvement and perhaps outside resources to determine what internal control improvements are necessary for us to meet regulatory requirements and market expectations for our operation of a target business, we may incur significant expense in meeting our public reporting responsibilities, particularly in the areas of designing, enhancing, or remediating internal and disclosure controls. Doing so effectively may also take longer than we expect, thus increasing our exposure to financial fraud or erroneous financing reporting.

Once our management's report on internal controls is complete, we will retain our independent auditors to audit and render an opinion on such report when required by Section 404. The independent auditors may identify additional issues concerning a target business's internal controls while performing their audit of internal control over financial reporting.

## **Quantitative and Qualitative Disclosures about Market Risk**

The net proceeds of this offering, including amounts in the trust account, will be invested in United States "government securities" within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 180 days or less, or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

## **Off-Balance Sheet Arrangements; Commitments and Contractual Obligations; Quarterly Results**

As of the date of this prospectus, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations. No unaudited quarterly operating data is included in this prospectus as we have conducted no operations to date.

## **JOBS Act**

On April 5, 2012, the JOBS Act was signed into law. The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an “emerging growth company” and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company,” we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor’s attestation report on our system of internal controls over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis), and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our initial public offering or until we are no longer an “emerging growth company,” whichever is earlier.

## PROPOSED BUSINESS

### Overview

We are a newly-incorporated Cayman Islands exempted company structured as a blank check company for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or other similar business combination with one or more target businesses. To date, our efforts have been limited to organizational activities and activities related to this offering. We have not selected any potential business combination target, and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any potential target regarding entering a business combination with us.

While we may pursue an initial business combination in any business, industry or geographic location, we intend to prioritize our search with high-growth technology companies based in Asia and North America that were founded by Asian or Asian-American entrepreneurs who are building a global enterprise supported by forward thinking vision and innovative technology in predictable growth businesses with substantial revenue potential in frontier technologies including but not limited to artificial intelligence, blockchain, quantum computing, and electric vehicles.

We believe that there are attractive opportunities to acquire and merge with rapidly growing technology companies that are at a strategic inflection point. We are focused on identifying companies with disruptive technologies that have enabled them to grow quickly and are positioned to sustain a robust growth trajectory through the addition of new capital, access to public markets, and operational or strategic expertise. We plan to seek combination targets that have new or evolving opportunities to respond to changes in the marketplace. We plan to pursue a target that presents a significant value proposition to its customer marketplace, including major cost reductions in the field — ranging from 50% to 200% return on investment (ROI), typically in the first year, a substantial decrease in carbon footprint, and/or vast improvements in safety, compliance, and environmental protocol.

Our management team consists of experienced investors and entrepreneurs who have expertise working with companies around the world in technology and financial sectors. Our management team's deep relationships with founders and investors have afforded them the ability to source and invest in numerous successful private companies prior to public offering or M&A exits.

Our board of directors has significant expertise founding, operating, advising, and investing in global companies across technology, financial service, and healthcare sectors. Furthermore, their robust experience in both developed and emerging markets provides us with optimal guidance while we search, negotiate and decide upon the potential acquisition target. For further information on our management team's experience, see the section titled "Management."

### Business Combination Criteria

Our business combination criteria will not be limited to a particular industry or geographic sector, however, given the experience of our management team and board, we intend to focus our search on targets founded by Asian or Asian American entrepreneurs who are building a global enterprise supported by forward thinking vision and innovative technology in predictable growth businesses with substantial revenue potential in frontier technologies including but not limited to artificial intelligence, blockchain, quantum computing, and electric vehicles. We have identified the following general criteria and guidelines that we believe are consistent with our acquisition philosophy and our management's experience, and that we believe are important in evaluating prospective target businesses. We intend to use these criteria and guidelines to evaluate business combination opportunities, but we may decide to consummate our initial business combination with a target business that does not meet one or more of these criteria and guidelines.

- *Potential to Expand into a Multinational Technology Enterprise.* We intend to prioritize technology businesses in Asian and North American markets (excluding China) where there are opportunities to expand internationally to dominate global market share. We prefer to look for industries where a sizable and growing global market is ripe for disruption.
- *High Growth Business with Substantial Revenue Potential.* We will focus on investments in frontier technologies (e.g., artificial intelligence, AR/VR, blockchain, quantum computing, and electronic

## Table of Contents

vehicles) that we believe demonstrate attractive long-term growth prospects relative to their acquisition valuations and reasonable overall size or potential. We view growth as an important driver of value and will seek companies whose growth potential can generate meaningful upside potential.

- *Strong Management Teams.* We intend to acquire a business that has an experienced management team with a proven track record for producing rapid growth and with an ability to clearly and confidently articulate the business and market opportunities to public market investors. As such, we will spend significant time assessing a company's leadership and personnel, and evaluating what we can do to augment and/or upgrade the team over time as needed.
- *Ability to Efficiently Leverage Capital to Boost Operations.* We will seek businesses that we believe are at an inflection point where the utilization of our capital can further propel the expansion of their business to the next operating level. We will spend significant time assessing a company's growth plans and projections to understand how our capital translates to operating growth and investor returns over the long-term.
- *Differentiated Products or Services.* We will evaluate metrics such as recurring revenues, product life cycle, market share, cohort consistency, customer lifetime value, and customer acquisition costs to focus on businesses whose products or services are differentiated or where we see an opportunity to create value by implementing best practices.
- *Attractive Valuations.* We will seek target companies for our initial business combination based on disciplined valuation-centric metrics.
- *Benefit From Being a Public Company.* We intend to pursue a business combination with a company that we believe will benefit from being publicly traded and can effectively utilize the broader access to capital markets and public profile that are associated with being a publicly traded company.
- *Preparedness for the Process and Public Markets.* We will seek to acquire a business that has or can put in place prior to the closing of a business combination the governance, financial systems and controls required in the public markets.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management team may deem relevant. In the event that we find an opportunity that has characteristics more compelling to us than the characteristics described above, we would pursue such opportunity.

There is no restriction in the geographic location of targets we can pursue, although we intend to initially prioritize Asia (excluding China) and the United States as the geographical focus. We will not undertake our initial business combination with any entity with its principal business operations in China (including Hong Kong and Macau).

### **Competitive Strengths and Advantages**

We believe that our management team is well positioned to consummate an initial business combination due to its combination of operating and investing expertise. We believe that the most likely business combination targets will be those companies at a strategic inflection point, such as rapidly growing companies stepping out from the control of private equity or venture capital owners, family owned businesses seeking some liquidity, or business units being carved out from larger conglomerates. In these scenarios in particular, we believe the experience our management team brings in successfully scaling companies, especially those in the public markets, will be looked upon favorably by both the target company as well as public shareholders.

Specifically, we believe our competitive strengths to be the following:

- *Experienced Management Team.* Our management team and strategic advisors have a substantial investment track record and advisory experience, significant knowledge of technology analytics,

## [Table of Contents](#)

access to proprietary deal flow, and strong relationships with business leaders and entrepreneurs, especially in the Asian and Asian American technology sectors. We believe their backgrounds will allow us access to proprietary investment opportunities and position us to successfully complete an initial business combination.

- *Flexible Structure.* With a public market for our Class A ordinary shares and \$200 million (or \$230 million if the over-allotment option is exercised in full) in trust, we have flexibility to be able to offer a target business a variety of options in structuring a transaction and funding future growth. Flexibility in using our public shares, debt, cash or a mixture of the foregoing, allows us to work with a target company to accommodate their needs.
- *Established Deal Sourcing Network and Personal Contacts.* We intend to maximize our pipeline of potential target investments by proactively approaching our management's extensive network of contacts, including private equity and venture capital sponsors, family offices, executives of public and private companies, merger and acquisition advisory firms, investment banks, capital markets desks, lenders and other financial intermediaries. We believe the prior investment experience and track record of our team will give us a competitive advantage when sourcing potential target business opportunities, relationships with private equity and venture capital firms, and through investment bankers who we believe are likely to provide us with potential combination targets.
- *Deal-making and Capital Markets Experience through all Market Cycles.* Our management team and strategic advisors consist of seasoned dealmakers with experience in a wide variety of industries, structures and market conditions, as well as experienced equity and debt capital markets professionals. Most have worked in the technology sector, as principal investors and as advisors, through different market cycles. Our management team and strategic advisors intend to apply the same disciplined approach to acquire a business that they have used in connection with their current advisory services and principal investment activities.
- *Experience with Complex Transactions.* Members of our management team and strategic advisors have a track record of completing complex transactions requiring creative solutions and that this experience is expected to assist us in negotiating and closing a significant business combination. Members of our management team and strategic advisors also have a history of leveraging their relationship networks for due diligence and to develop a unique perspective and comfort with the issues faced in such complex opportunities
- *Investment Expertise.* Our management team has extensive experience in identifying, evaluating, structuring, acquiring, and investing in privately held companies. Collectively, the members of our management team alone have been involved with or led over 150 acquisitions and investments.
- *Broad Sector Focused Expertise.* Our management team brings deep expertise in a wide range of sub-sectors within the technology industry. We believe that our diverse range of expertise increases our chances of identifying a business combination target where we have the expertise to appropriately diligence the investment and to provide value post business combination. Specifically, members of our management team have experience operating, investing or serving on boards of companies in the following sub-sectors: consumer, blockchain, enterprise, fintech, life sciences, and emerging markets.
- *Public Company Status.* We believe our status as a public company will make us an attractive transaction partner to prospective target businesses. As a public company, we believe the target business would benefit from greater access to capital to fund future growth initiatives, further means of creating incentive and compensation plans for management that are closely aligned with shareholder's interests, and increased recognition and awareness potentially benefiting sales and recruiting.

### **Initial Business Combination**

Nasdaq rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting

## [Table of Contents](#)

commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. Our board of directors will make the determination as to the fair market value of our initial business combination. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent accounting firm with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target's assets or prospects.

We will have until 12 months from the closing of this offering to consummate an initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, we may extend the period of time to consummate a business combination up to two times, each by an additional three months (for a total of up to 18 months to complete a business combination) without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection therewith. Pursuant to the terms of our amended and restated memorandum and articles of association and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, in order to extend the time available for us to consummate our initial business combination, our sponsor or its affiliates or designees, upon ten days advance notice prior to the applicable deadline, must purchase an additional number of private placement warrants at a price of \$1.00 per private placement warrant for an aggregate of \$2,000,000, or up to \$2,300,000 if the underwriters' over-allotment option is exercised in full (\$0.10 per public share in either case), in a private placement to occur on or prior to the date of the applicable deadline, for each three-month extension (or up to an aggregate of \$4,000,000 (or \$4,600,000 if the underwriters' over-allotment option is exercised in full), or \$0.20 per public share if we extend for the full six months). The proceeds from any such private placement shall be deposited into the trust account for the purpose of extending the period of time to consummate a business combination. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination.

We anticipate structuring our initial business combination either (i) in such a way so that the post-transaction company in which our public shareholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses, or (ii) in such a way so that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or shareholders, or for other reasons. However, we will only complete an initial business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our shareholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new Class A ordinary shares in exchange for all of the outstanding share capital, shares or other equity interests of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new Class A ordinary shares, our shareholders immediately prior to our initial business combination could own less than a majority of our outstanding Class A ordinary shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be taken into account for purposes of Nasdaq's 80% of net assets test. If the initial business combination involves more than one target business, the 80% of net assets test will be based on the aggregate value of all of the transactions and we will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking shareholder approval, as applicable.

### **Our Business Combination Process**

In evaluating prospective business combinations, we expect to conduct a thorough due diligence review process that will encompass, among other things, a review of historical and projected financial and operating data, meetings with management and their advisors (if applicable), on-site inspection of facilities and assets, discussion with customers and suppliers, legal reviews and other reviews as we deem appropriate.

## [Table of Contents](#)

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor or our officers or directors. In the event we seek to complete our initial business combination with a company that is affiliated with our sponsor, officers or directors, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent accounting firm that our initial business combination is fair to our company from a financial point of view.

Our officers and directors will indirectly own founder shares and/or private placement warrants following this offering. Because of this ownership, our sponsor and our officers and directors may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination. Further, each of our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors were to be included by a target business as a condition to any agreement with respect to our initial business combination.

We have not selected any specific business combination target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any business combination target.

Each of our officers and directors presently has, and any of them in the future may have additional, fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will be required to present a business combination opportunity. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. We believe, however, that the fiduciary duties or contractual obligations of our officers or directors will not materially affect our ability to complete our initial business combination. Our amended and restated memorandum and articles of association provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as us; and (ii) we renounce any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and us, on the other.

Our officers and directors have agreed not to participate in the formation of, or become an officer or director of any other special purpose acquisition company with a class of securities registered under the Securities Exchange Act of 1934, as amended, or the Exchange Act, until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) after the closing of this offering.

### **Our Management Team**

Members of our management team are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they deem necessary to our affairs until we have completed our initial business combination. The amount of time that any member of our management team will devote in any time period will vary based on whether a target business has been selected for our initial business combination and the current stage of the business combination process.

We believe our management team's operating and transaction experience and relationships with companies will provide us with a substantial number of potential business combination targets. Over the course of their careers, the members of our management team have developed a broad network of contacts and corporate relationships in various industries. This network has grown through the activities of our management team sourcing, acquiring and financing businesses, our management team's relationships with sellers, financing sources and target management teams and the experience of our management team in executing transactions under varying economic and financial market conditions. See the section of this prospectus entitled "Management" for a more complete description of our management team's experience.

## Status as a Public Company

We believe our structure will make us an attractive business combination partner to target businesses. As a public company, we offer a target business an alternative to the traditional initial public offering through a merger or other business combination with us. Following an initial business combination, we believe the target business would have greater access to capital and additional means of creating management incentives that are better aligned with shareholders' interests than it would as a private company. A target business can further benefit by augmenting its profile among potential new customers and vendors and aid in attracting talented employees. In a business combination transaction with us, the owners of the target business may, for example, exchange their share capital, shares or other equity interests in the target business for our Class A ordinary shares (or shares of a new holding company) or for a combination of our ordinary and cash, allowing us to tailor the consideration to the specific needs of the sellers.

Although there are various costs and obligations associated with being a public company, we believe target businesses will find this method a more expeditious and cost effective method to becoming a public company than the typical initial public offering. The typical initial public offering process takes a significantly longer period of time than the typical business combination transaction process, and there are significant expenses in the initial public offering process, including underwriting discounts and commissions, marketing and road show efforts that may not be present to the same extent in connection with an initial business combination with us.

Furthermore, once a proposed initial business combination is completed, the target business will have effectively become public, whereas an initial public offering is always subject to the underwriters' ability to complete the offering, as well as general market conditions, which could delay or prevent the offering from occurring or could have negative valuation consequences. Following an initial business combination, we believe the target business would then have greater access to capital and an additional means of providing management incentives consistent with shareholders' interests and the ability to use its public shares as currency for acquisitions. Being a public company can offer further benefits by augmenting a company's profile among potential new customers and vendors and aid in attracting talented employees.

While we believe that our structure and our management team's backgrounds will make us an attractive business partner, some potential target businesses may view our status as a blank check company, such as our lack of an operating history and our ability to seek shareholder approval of any proposed initial business combination, negatively.

We are an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not "emerging growth companies" including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an "emerging growth company" can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an "emerging growth company" can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our Class A ordinary shares that are held by non-affiliates exceeds \$700 million as of the prior June 30<sup>th</sup>, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period.

Additionally, we are a "smaller reporting company" as defined in Rule 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other

## [Table of Contents](#)

things, providing only two years of audited financial statements. We will remain a smaller reporting company until the last day of the fiscal year in which (1) the market value of our Class A ordinary shares held by non-affiliates exceeds \$250 million as of the end of the prior June 30<sup>th</sup>, or (2) our annual revenues exceeded \$100 million during such completed fiscal year and the market value of our Class A ordinary shares held by non-affiliates exceeds \$700 million as of the prior June 30<sup>th</sup>.

### **Financial Position**

With funds available for an initial business combination initially in the amount of \$195,000,000, after payment of \$7,000,000 of deferred underwriting fees (or \$224,250,000 after payment of up to \$8,050,000 of deferred underwriting fees if the underwriters' over-allotment option is exercised in full), in each case before fees and expenses associated with our initial business combination, we offer a target business a variety of options such as creating a liquidity event for its owners, providing capital for the potential growth and expansion of its operations or strengthening its balance sheet by reducing its debt or leverage ratio. Because we are able to complete our initial business combination using our cash, debt or equity securities, or a combination of the foregoing, we have the flexibility to use the most efficient combination that will allow us to tailor the consideration to be paid to the target business to fit its needs and desires. However, we have not taken any steps to secure third party financing and there can be no assurance it will be available to us.

### **Effecting Our Initial Business Combination**

We are not presently engaged in, and we will not engage in, any operations for an indefinite period of time following this offering. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the private placement of the private placement warrants, the proceeds of the sale of our public shares in connection with our initial business combination (including pursuant to forward purchase agreements or backstop agreements we may enter into following the consummation of this offering or otherwise), shares issued to the owners of the target, debt issued to bank or other lenders or the owners of the target, or a combination of the foregoing. We may seek to complete our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth, which would subject us to the numerous risks inherent in such companies and businesses.

If our initial business combination is paid for using equity or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination or used for redemptions of our Class A ordinary shares, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of the post-transaction company, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

We may seek to raise additional funds through a private offering of debt or equity securities in connection with the completion of our initial business combination, and we may effectuate our initial business combination using the proceeds of such offering rather than using the amounts held in the trust account. In addition, we intend to target businesses larger than we could acquire with the net proceeds of this offering and the sale of the private placement warrants, and may as a result be required to seek additional financing to complete such proposed initial business combination. Subject to compliance with applicable securities laws, we would expect to complete such financing only simultaneously with the completion of our initial business combination. In the case of an initial business combination funded with assets other than the trust account assets, our proxy materials or tender offer documents disclosing the initial business combination would disclose the terms of the financing and, only if required by law, we would seek shareholder approval of such financing. There are no prohibitions on our ability to raise funds privately, or through loans in connection with our initial business combination. At this time, we are not a party to any arrangement or understanding with any third party with respect to raising any additional funds through the sale of securities or otherwise.

### **Sources of Target Businesses**

We anticipate that target business candidates will be brought to our attention from various unaffiliated sources, including investment bankers and investment professionals. Target businesses may be brought to our attention by such unaffiliated sources as a result of being solicited by us by calls or mailings. These sources may also introduce us to target businesses in which they think we may be interested on an unsolicited basis, since many of

these sources will have read this prospectus and know what types of businesses we are targeting. Our officers and directors, as well as our sponsor and their affiliates, may also bring to our attention target business candidates that they become aware of through their business contacts as a result of formal or informal inquiries or discussions they may have, as well as attending trade shows or conventions. In addition, we expect to receive a number of proprietary deal flow opportunities that would not otherwise necessarily be available to us as a result of the business relationships of our officers and directors and our sponsor and their affiliates. While we do not presently anticipate engaging the services of professional firms or other individuals that specialize in business acquisitions on any formal basis, we may engage these firms or other individuals in the future, in which event we may pay a finder's fee, consulting fee, advisory fee or other compensation to be determined in an arm's length negotiation based on the terms of the transaction. We will engage a finder only to the extent our management determines that the use of a finder may bring opportunities to us that may not otherwise be available to us or if finders approach us on an unsolicited basis with a potential transaction that our management determines is in our best interest to pursue. Payment of finder's fees is customarily tied to completion of a transaction, in which case any such fee will be paid out of the funds held in the trust account. In no event, however, will our sponsor or any of our existing officers or directors, or any entity with which our sponsor or officers are affiliated, be paid any finder's fee, reimbursement, consulting fee, monies in respect of any payment of a loan or other compensation by the company prior to, or in connection with any services rendered for any services they render in order to effectuate, the completion of our initial business combination (regardless of the type of transaction that it is). None of our sponsor, executive officers or directors, or any of their respective affiliates, will be allowed to receive any compensation, finder's fees or consulting fees from a prospective business combination target in connection with a contemplated initial business combination. We have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support and to reimburse our sponsor for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination. Some of our officers and directors may enter into employment or consulting agreements with the post-transaction company following our initial business combination. The presence or absence of any such fees or arrangements will not be used as a criterion in our selection process of an initial business combination candidate.

We are not prohibited from pursuing an initial business combination with an initial business combination target that is affiliated with our sponsor, officers or directors or making the initial business combination through a joint venture or other form of shared ownership with our sponsor, officers or directors. In the event we seek to complete our initial business combination with an initial business combination target that is affiliated with our sponsor, officers or directors, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm which is a member of FINRA or an independent accounting firm that such an initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context.

As more fully discussed in the section of this prospectus entitled "Management — Conflicts of Interest," if any of our officers or directors becomes aware of an initial business combination opportunity that falls within the line of business of any entity to which he or she has pre-existing fiduciary or contractual obligations, he or she may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. Our officers and directors currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us.

#### **Selection of a Target Business and Structuring of a Business Combination**

Nasdaq rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. The fair market value of our initial business combination will be determined by our board of directors based upon one or more standards generally accepted by the financial community, such as discounted cash flow valuation, a valuation based on trading multiples of comparable public businesses or a valuation based on the financial metrics of M&A transactions of comparable businesses. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent accounting firm with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market

## [Table of Contents](#)

value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target's assets or prospects. We do not intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination. Subject to this requirement, our management will have virtually unrestricted flexibility in identifying and selecting one or more prospective target businesses, although we will not be permitted to effectuate our initial business combination with another blank check company or a similar company with nominal operations. In evaluating a prospective target business, our management may consider a variety of factors, including one or more of the following:

In any case, we will only complete an initial business combination in which we own or acquire 50% or more of the outstanding voting securities of the target or otherwise acquire a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. If we own or acquire less than 100% of the equity interests or assets of a target business or businesses, the portion of such business or businesses that are owned or acquired by the post-transaction company is what will be taken into account for purposes of Nasdaq's 80% of net assets test. There is no basis for investors in this offering to evaluate the possible merits or risks of any target business with which we may ultimately complete our initial business combination.

To the extent we effect our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth we may be affected by numerous risks inherent in such company or business. Although our management will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all significant risk factors.

In evaluating a prospective business target, we expect to conduct a thorough due diligence review, which may encompass, among other things, meetings with incumbent management and employees, document reviews, interviews of customers and suppliers, inspection of facilities, as well as a review of financial and other information that will be made available to us.

The time required to select and evaluate a target business and to structure and complete our initial business combination, and the costs associated with this process, are not currently ascertainable with any degree of certainty. Any costs incurred with respect to the identification and evaluation of a prospective target business with which our initial business combination is not ultimately completed will result in our incurring losses and will reduce the funds we can use to complete another business combination.

There is no restriction in the geographic location of targets we can pursue, although we intend to initially prioritize Asia (excluding China) and the United States as the geographical focus. We will not undertake our initial business combination with any entity with its principal business operations in China (including Hong Kong and Macau).

### **Lack of Business Diversification**

For an indefinite period of time after the completion of our initial business combination, the prospects for our success may depend entirely on the future performance of a single business. Unlike other entities that have the resources to complete business combinations with multiple entities in one or several industries, it is probable that we will not have the resources to diversify our operations and mitigate the risks of being in a single line of business. In addition, we intend to focus our search for an initial business combination in a single industry. By completing our initial business combination with only a single entity, our lack of diversification may:

- subject us to numerous economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to a business combination, and
- result in our dependency upon the performance of a single operating business or the development or market acceptance of a single or limited number of products, processes or services.

If we determine to simultaneously acquire several businesses and such businesses are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other acquisitions, which may make it more difficult for us, and delay our ability, to complete the

business combination. With multiple acquisitions, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies in a single operating business.

#### **Limited Ability to Evaluate the Target Business' Management**

Although we intend to scrutinize the management of a prospective target business when evaluating the desirability of effecting a business combination, we cannot assure you that our assessment of the target business' management will prove to be correct. In addition, we cannot assure you that the future management will have the necessary skills, qualifications or abilities to manage a public company. Furthermore, the future role of our officers and directors, if any, in the target business following a business combination cannot presently be stated with any certainty. While it is possible that some of our key personnel will remain associated in senior management or advisory positions with us following a business combination, it is unlikely that they will devote their full time efforts to our affairs subsequent to a business combination. Moreover, they would only be able to remain with the company after the consummation of a business combination if they are able to negotiate employment or consulting agreements in connection with the business combination. Such negotiations would take place simultaneously with the negotiation of the business combination and could provide for them to receive compensation in the form of cash payments and/or our securities for services they would render to the company after the consummation of the business combination. While the personal and financial interests of our key personnel may influence their motivation in identifying and selecting a target business, their ability to remain with the company after the consummation of a business combination will not be the determining factor in our decision as to whether or not we will proceed with any potential business combination. Additionally, we cannot assure you that our officers and directors will have significant experience or knowledge relating to the operations of the particular target business.

Following a business combination, we may seek to recruit additional managers to supplement the incumbent management of the target business. We cannot assure you that we will have the ability to recruit additional managers, or that any such additional managers we do recruit will have the requisite skills, knowledge or experience necessary to enhance the incumbent management.

#### **Shareholders May Not Have the Ability to Approve an Initial Business Combination**

In connection with any proposed business combination, we will either (1) seek shareholder approval of our initial business combination at a general meeting called for such purpose at which shareholders may seek to convert their public shares, regardless of whether they vote for or against the proposed business combination or don't vote at all, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our shareholders with the opportunity to sell their public shares to us by means of a tender offer (and thereby avoid the need for a shareholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described herein. The decision as to whether we will seek shareholder approval of a proposed business combination or will allow shareholders to sell their public shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek shareholder approval. If we determine to engage in a tender offer, such tender offer will be structured so that each shareholder may tender all of his, her or its public shares rather than some pro rata portion of his, her or its share. In that case, we will file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination as is required under the SEC's proxy rules. Regardless of whether we seek shareholder approval or engage in a tender offer, we will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 immediately after the consummation and, if we seek shareholder approval, only if we obtain the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company.

We chose our net tangible asset threshold of \$5,000,001 to ensure that we would avoid being subject to Rule 419 promulgated under the Securities Act of 1933, as amended. However, if we seek to consummate an initial business combination with a target business that imposes any type of working capital closing condition or requires us to have a minimum amount of funds available from the trust account upon consummation of such

## [Table of Contents](#)

initial business combination, we may need to have more than \$5,000,001 in net tangible assets immediately after the consummation and this may force us to seek third party financing which may not be available on terms acceptable to us or at all. As a result, we may not be able to consummate such initial business combination and we may not be able to locate another suitable target within the applicable time period, if at all. Public shareholders may therefore have to wait 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering in order to be able to receive a pro rata share of the trust account.

Our sponsor, initial shareholders, officers and directors have agreed (1) to vote any ordinary shares owned by them in favor of any proposed business combination, (2) not to convert any ordinary shares in connection with a shareholder vote to approve a proposed initial business combination and (3) not sell any ordinary shares in any tender in connection with a proposed initial business combination.

None of our officers, directors, sponsor, initial shareholders or their affiliates has indicated any intention to purchase units or Class A ordinary shares in this offering or from persons in the open market or in private transactions. However, if we hold a general meeting to approve a proposed business combination and a significant number of shareholders vote, or indicate an intention to vote, against such proposed business combination or that they wish to redeem their public shares, our officers, directors, sponsor, initial shareholders or their affiliates could make such purchases in the open market or in private transactions in order to influence the vote and reduce the number of redemptions. Notwithstanding the foregoing, our officers, directors, Sponsor, initial shareholders and their affiliates will not make purchases of Class A ordinary shares if the purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act, which are rules designed to stop potential manipulation of a company's shares.

### **Permitted Purchases of our Securities**

If we seek shareholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, initial shareholders, directors, officers, advisors or their affiliates may purchase public shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of public shares our initial shareholders, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and Nasdaq rules. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. If they engage in such transactions, they will not make any such purchases when they are in possession of any material nonpublic information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act.

In the event that our sponsor, initial shareholders, directors, officers, advisors or their affiliates purchase public shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholders would be required to revoke their prior elections to redeem their public shares. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. None of the funds held in the trust account will be used to purchase public shares or public warrants in such transactions prior to completion of our initial business combination.

The purpose of any such purchases of public shares could be to vote such public shares in favor of the initial business combination and thereby increase the likelihood of obtaining shareholder approval of the initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been

## [Table of Contents](#)

possible. In addition, if such purchases are made, the public “float” of our Class A ordinary shares or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Our sponsor, officers, directors and/or their affiliates anticipate that they may identify the shareholders with whom our sponsor, officers, directors or their affiliates may pursue privately negotiated purchases by either the shareholders contacting us directly or by our receipt of redemption requests submitted by shareholders following our mailing of proxy materials in connection with our initial business combination. To the extent that our sponsor, officers, directors, advisors or their affiliates enter into a private purchase, they would identify and contact only potential selling shareholders who have expressed their election to redeem their public shares for a pro rata share of the trust account or vote against our initial business combination, whether or not such shareholder has already submitted a proxy with respect to our initial business combination. Our sponsor, officers, directors, advisors or their affiliates will only purchase Public shares if such purchases comply with Regulation M under the Exchange Act and the other federal securities laws.

Any purchases by our sponsor, officers, directors and/or their affiliates who are affiliated purchasers under Rule 10b-18 under the Exchange Act will only be made to the extent such purchases are able to be made in compliance with Rule 10b-18, which is a safe harbor from liability for manipulation under Section 9(a)(2) and Rule 10b-5 of the Exchange Act. Rule 10b-18 has certain technical requirements that must be complied with in order for the safe harbor to be available to the purchaser. Our sponsor, officers, directors and/or their affiliates will not make purchases of Class A ordinary shares if the purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchases are subject to such reporting requirements.

### **Redemption Rights for Public Shareholders upon Completion of our Initial Business Combination**

We will provide our public shareholders with the opportunity to redeem all or a portion of their Class A ordinary shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be approximately \$10.10 per public share. The per-share amount we will distribute to investors who properly redeem their public shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination.

### **Manner of Conducting Redemptions**

We will provide our public shareholders with the opportunity to redeem all or a portion of their Class A ordinary shares upon the completion of our initial business combination either (i) in connection with a general meeting called to approve the initial business combination or (ii) by means of a tender offer. The decision as to whether we will seek shareholder approval of a proposed initial business combination or conduct a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would require us to seek shareholder approval under the law or stock exchange listing requirement.

Under Nasdaq rules, asset acquisitions and share purchases would not typically require shareholder approval while direct mergers with our company where we do not survive and any transactions where we issue more than 20% of our outstanding ordinary share or seek to amend our amended and restated memorandum of association and articles would require shareholder approval. If we structure an initial business combination with a target company in a manner that requires shareholder approval, we will not have discretion as to whether to seek a shareholder vote to approve the proposed initial business combination. We may conduct redemptions without a shareholder vote pursuant to the tender offer rules of the SEC unless shareholder approval is required by law or stock exchange listing requirements or we choose to seek shareholder approval for business or other legal reasons. So long as we obtain and maintain a listing for our securities on Nasdaq, we will be required to comply with such rules.

## Table of Contents

If a shareholder vote is not required and we do not decide to hold a shareholder vote for business or other legal reasons, we will, pursuant to our amended and restated memorandum and articles of association:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and
- file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies.

Upon the public announcement of our initial business combination, we or our sponsor will terminate any plan established in accordance with Rule 10b5-1 to purchase our Class A ordinary shares in the open market if we elect to redeem our public shares through a tender offer, to comply with Rule 14e-5 under the Exchange Act.

In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on public shareholders not tendering more than a specified number of public shares which are not purchased by our sponsor, which number will be based on the requirement that we may not redeem public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination and after payment of underwriters' fees and commissions (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. If public shareholders tender more public shares than we have offered to purchase, we will withdraw the tender offer and not complete the initial business combination.

If, however, shareholder approval of the transaction is required by law or stock exchange listing requirement, or we decide to obtain shareholder approval for business or other legal reasons, we will, pursuant to our amended and restated memorandum and articles of association:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and
- file proxy materials with the SEC.

In the event that we seek shareholder approval of our initial business combination, we will distribute proxy materials and, in connection therewith, provide our public shareholders with the redemption rights described above upon completion of the initial business combination.

If we seek shareholder approval, we will complete our initial business combination only if we obtain the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company. A quorum for a general meeting is the holders of a majority of the ordinary shares being individuals present in person or by proxy or if a corporation or other non-natural person by its duly authorized representative or proxy. Our initial shareholders will count toward this quorum and pursuant to the letter agreement, our sponsor, officers and directors have agreed to vote their founder shares and any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination. For purposes of seeking approval of the majority of our outstanding ordinary shares voted, abstentions and broker non-votes will have no effect on the approval of our initial business combination once a quorum is obtained. As a result, in addition to our founder shares, we would need 7,650,001, or 38.25% (assuming all issued and outstanding shares are voted, the over-allotment option is not exercised and the sponsors do not acquire any Class A ordinary shares), of the 20,000,000 public shares sold in this offering to be voted in favor of an initial business combination in order to have such initial business combination approved, assuming no resolution or other approval is required pursuant to Cayman Islands or other applicable law. We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve our initial business combination. These quorum and voting thresholds, and the voting agreements of our initial

shareholders, may make it more likely that we will consummate our initial business combination. Each public shareholder may elect to redeem its public shares irrespective of whether they vote for or against the proposed transaction.

Our amended and restated memorandum and articles of association will provide that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination and after payment of underwriters' fees and commissions (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. For example, the proposed initial business combination may require: (i) cash consideration to be paid to the target or its owners, (ii) cash to be transferred to the target for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions in accordance with the terms of the proposed initial business combination. In the event the aggregate cash consideration we would be required to pay for all Class A ordinary shares that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed initial business combination exceed the aggregate amount of cash available to us, we will not complete the initial business combination or redeem any Class A ordinary shares, and all Class A ordinary shares submitted for redemption will be returned to the holders thereof. We may, however, raise funds through the issuance of equity-linked securities or through loans, advances or other indebtedness in connection with our initial business combinations, including pursuant to forward purchase agreements or backstop arrangement we may enter into following consummation of this offering, in order to, among other reasons, satisfy such net tangible assets or minimum cash requirements.

#### **Limitation on Redemption upon Completion of our Initial Business Combination if we Seek Shareholder Approval**

Notwithstanding the foregoing, if we seek shareholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated memorandum and articles of association will provide that a public shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to more than an aggregate of 15% of the Class A ordinary shares sold in this offering, which we refer to as the "Excess Shares." Such restriction shall also be applicable to our affiliates. We believe this restriction will discourage shareholders from accumulating large blocks of Class A ordinary shares, and subsequent attempts by such holders to use their ability to exercise their redemption rights against a proposed initial business combination as a means to force us or our management to purchase their public shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public shareholder holding more than an aggregate of 15% of the Class A ordinary shares sold in this offering could threaten to exercise its redemption rights if such holder's Class A ordinary shares are not purchased by us or our management at a premium to the then-current market price or on other undesirable terms. By limiting our shareholders' ability to redeem no more than 15% of the Class A ordinary shares sold in this offering without our prior consent, we believe we will limit the ability of a small group of shareholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with an initial business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be restricting our shareholders' ability to vote all of their public Class A ordinary shares (including Excess Shares) for or against our initial business combination.

#### **Tendering Share Certificates in Connection with a Tender Offer or Redemption Rights**

We may require our public shareholders seeking to exercise their redemption rights, whether they are record holders or hold their public shares in "street name," to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents or proxy materials mailed to such holders, or up to two business days prior to the vote on the proposal to approve the initial business combination in the event we distribute proxy materials, or to deliver their public shares to the transfer agent electronically using the Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holder's option. The tender offer or proxy materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public shareholders to satisfy such delivery requirements. Accordingly, a public shareholder would have from the time we send out our tender offer materials

## [Table of Contents](#)

until the close of the tender offer period, or up to two days prior to the vote on the initial business combination if we distribute proxy materials, as applicable, to tender its public shares if it wishes to seek to exercise its redemption rights. Given the relatively short exercise period, it is advisable for shareholders to use electronic delivery of their public shares.

There is a nominal cost associated with the above-referenced tendering process and the act of certificating the Class A ordinary shares or delivering them through the DWAC System. The transfer agent will typically charge the tendering broker \$80.00 and it would be up to the broker whether or not to pass this cost on to the redeeming holder. However, this fee would be incurred regardless of whether or not we require holders seeking to exercise redemption rights to tender their public shares. The need to deliver public shares is a requirement of exercising redemption rights regardless of the timing of when such delivery must be effectuated.

The foregoing is different from the procedures used by many blank check companies. In order to perfect redemption rights in connection with their business combinations, many blank check companies would distribute proxy materials for the shareholders' vote on an initial business combination, and a holder could simply vote against a proposed initial business combination and check a box on the proxy card indicating such holder was seeking to exercise his or her redemption rights. After the initial business combination was approved, the company would contact such shareholder to arrange for him or her to deliver his or her certificate to verify ownership. As a result, the shareholder then had an "option window" after the completion of the initial business combination during which he or she could monitor the price of the company's Class A ordinary shares in the market. If the price rose above the redemption price, he or she could sell his or her Class A ordinary shares in the open market before actually delivering his or her Class A ordinary shares to the company for cancellation. As a result, the redemption rights, to which shareholders were aware they needed to commit before the general meeting, would become "option" rights surviving past the completion of the initial business combination until the redeeming holder delivered its certificate. The requirement for physical or electronic delivery prior to the meeting ensures that a redeeming holder's election to redeem is irrevocable once the initial business combination is approved.

Any request to redeem such Class A ordinary shares, once made, may be withdrawn at any time up to the date set forth in the tender offer materials or the date of the general meeting set forth in our proxy materials, as applicable. Furthermore, if a holder of a public share delivered its certificate in connection with an election of redemption rights and subsequently decides prior to the applicable date not to elect to exercise such rights, such holder may simply request that the transfer agent return the certificate (physically or electronically). It is anticipated that the funds to be distributed to holders of our public shares electing to redeem their public shares will be distributed promptly after the completion of our initial business combination.

If our initial business combination is not approved or completed for any reason, then our public shareholders who elected to exercise their redemption rights would not be entitled to redeem their public shares for the applicable pro rata share of the trust account. In such case, we will promptly return any certificates delivered by public holders who elected to redeem their public shares.

If our initial proposed initial business combination is not completed, we may continue to try to complete an initial business combination with a different target until 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering.

### **Time to Complete Business Combination**

We will have until 12 months from the closing of this offering to consummate an initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, we may extend the period of time to consummate a business combination up to two times, each by an additional three months (for a total of up to 18 months to complete a business combination) without submitting such proposed extensions to our shareholders for approval or offering our public shareholders redemption rights in connection therewith. Pursuant to the terms of our amended and restated memorandum and articles of association and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, in order to extend the time available for us to consummate our initial business combination, our sponsor or its affiliates or designees, upon ten days advance notice prior to the applicable deadline, must deposit into the trust account \$2,000,000, or up to \$2,300,000 if the underwriters' over-allotment option is exercised in full (\$0.10 per public Class A ordinary share in either case) on or prior to the date

## [Table of Contents](#)

of the applicable deadline, for each three-month extension (or up to an aggregate of \$4,000,000 (or \$4,600,000 if the underwriters' over-allotment option is exercised in full), or \$0.20 per public Class A ordinary share if we extend for the full six months). Any such payments would be made in the form of a loan. Any such loans will be non-interest bearing and payable upon the consummation of our initial business combination. The proceeds from any such private placement shall be deposited into the trust account for the purpose of extending the period of time to consummate a business combination. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination.

### **Liquidation if No Business Combination**

If we have not completed an initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any interest not previously released to us but net of taxes payable, divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, liquidate and dissolve, subject in each case to our obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

There will be no redemption rights or liquidating distributions with respect to our rights or warrants, which will expire worthless if we fail to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering.

Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have waived their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering. However, if our sponsor, officers or directors acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the allotted 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering.

Our sponsor, officers and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated memorandum and articles of association (i) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (ii) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity, unless we provide our public shareholders with the opportunity to redeem their Class A ordinary shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our income taxes divided by the number of then outstanding public shares. However, we may not redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination and after payment of underwriters' fees and commissions (so that we are not subject to the SEC's "penny stock" rules). If this optional redemption right is exercised with respect to an excessive number of public shares such that we cannot satisfy the net tangible asset requirement (described above), we would not proceed with the amendment or the related redemption of our public shares at such time.

We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the approximately \$1,425,000 of proceeds held outside the trust account, although we cannot assure you that there will be sufficient funds for such purpose. We will depend on sufficient interest being earned on the proceeds held in the trust account to pay any franchise and income tax obligations we may owe. However, if those funds are not sufficient to cover the costs and expenses

## [Table of Contents](#)

associated with implementing our plan of dissolution, to the extent that there is any interest accrued in the trust account not required to pay franchise and income taxes on interest income earned on the trust account balance, we may request the trustee to release to us an additional amount of up to \$50,000 of such accrued interest to pay those costs and expenses.

If we were to expend all of the net proceeds of this offering and the sale of the private placement warrants, other than the proceeds deposited in the trust account, and without taking into account interest, if any, earned on the trust account, the per-share redemption amount received by shareholders upon our dissolution would be approximately \$10.10. The proceeds deposited in the trust account could, however, become subject to the claims of our creditors which would have higher priority than the claims of our public shareholders. We cannot assure you that the actual per-share redemption amount received by shareholders will not be substantially less than \$10.10.

Although we will seek to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public shareholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. EisnerAmper LLP, our independent registered public accounting firm, and the underwriters of the offering, will not execute agreements with us waiving such claims to the monies held in the trust account.

In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. In order to protect the amounts held in the trust account, our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below the lesser of (i) \$10.10 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.10 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor's only assets are securities of our company. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. As a result, if any such claims were successfully made against the trust account, the funds available for our initial business combination and redemptions could be reduced to less than \$10.10 per public share. In such event, we may not be able to complete our initial business combination, and you would receive such lesser amount per share in connection with any redemption of your public shares. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the trust account are reduced below (i) \$10.10 per public share or (ii) such lesser amount per public share held in the trust account as of the date of the liquidation of the trust account, due to reductions in value of the trust assets, in each case net of the amount of interest which may be withdrawn to pay taxes, and our sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to

## [Table of Contents](#)

take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. We have not asked our sponsor to reserve for such indemnification obligations and we cannot assure you that our sponsor would be able to satisfy those obligations. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.10 per public share.

We will seek to reduce the possibility that our sponsor will have to indemnify the trust account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the trust account. Our sponsor will also not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We will have access to up to approximately \$1,425,000 from the proceeds of this offering with which to pay any such potential claims (including costs and expenses incurred in connection with our liquidation, currently estimated to be no more than approximately \$50,000). In the event that we liquidate and it is subsequently determined that the reserve for claims and liabilities is insufficient, shareholders who received funds from our trust account could be liable for claims made by creditors. In the event that our offering expenses exceed our estimate of \$500,000 (excluding underwriting commissions), we may fund such excess with funds from the funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$500,000 (excluding underwriting commissions), the amount of funds we intend to be held outside the trust account would increase by a corresponding amount.

If we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy or insolvency law, and may be included in our bankruptcy or insolvency estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy or insolvency claims deplete the trust account, we cannot assure you we will be able to return \$10.10 per share to our public shareholders. Additionally, if we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy or insolvency laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy or insolvency court could seek to recover some or all amounts received by our shareholders. Furthermore, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, thereby exposing itself and our company to claims of punitive damages, by paying public shareholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

Our public shareholders will be entitled to receive funds from the trust account only upon the earlier to occur of: (i) the completion of our initial business combination, (ii) the redemption of any public shares properly tendered in connection with a shareholder vote to amend any provisions of our amended and restated memorandum and articles of association (A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders’ rights or pre-initial business combination activity, and (iii) the redemption of all of our public shares if we are unable to complete our business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, subject to applicable law. In no other circumstances will a shareholder have any right or interest of any kind to or in the trust account. In the event we seek shareholder approval in connection with our initial business combination, a shareholder’s voting in connection with the initial business combination alone will not result in a shareholder’s redeeming its public shares to us for an applicable pro rata share of the trust account. Such shareholder must have also exercised its redemption rights as described above. These provisions of our amended and restated memorandum and articles of association, like all provisions of our amended and restated memorandum and articles of association, may be amended with a shareholder vote.

## **Amended and Restated Memorandum and Articles of Association**

Our amended and restated memorandum and articles of association will contain certain requirements and restrictions relating to this offering that will apply to us until the consummation of our initial business combination. If we seek to amend any provisions of our amended and restated memorandum and articles of association relating to shareholders' rights or pre-business combination activity, we will provide dissenting public shareholders with the opportunity to redeem their public shares in connection with any such vote. Our sponsor, officers and directors have agreed to waive any redemption rights with respect to their founder shares and public shares in connection with the completion of our initial business combination. Specifically, our amended and restated memorandum and articles of association will provide, among other things, that:

- we shall either (1) seek shareholder approval of our initial business combination at a general meeting called for such purpose at which shareholders may seek to redeem their public shares, regardless of whether they vote for or against the proposed business combination or don't vote at all, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our shareholders with the opportunity to sell their public shares to us by means of a tender offer (and thereby avoid the need for a shareholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described herein;
- we will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 immediately after such consummation and, if we seek shareholder approval, only if we obtain the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company;
- if our initial business combination is not consummated within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, then we will redeem all of the outstanding public shares and thereafter liquidate and dissolve our company;
- upon the consummation of this offering, \$202,000,000, or \$232,300,000 if the over-allotment option is exercised in full, shall be placed into the trust account;
- we may not consummate any other business combination, merger, share exchange, asset acquisition, share purchase, reorganization or similar transaction prior to our initial business combination; and
- prior to our initial business combination, we may not issue additional ordinary shares that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination.
- These provisions cannot be amended without the approval of holders of at least two-thirds of our ordinary shares. In the event we seek shareholder approval in connection with our initial business combination, our amended and restated memorandum and articles of association will provide that we may consummate our initial business combination only if we obtain the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company.

## **Competition**

The following also may not be viewed favorably by certain target businesses:

- our obligation to seek shareholder approval of a business combination or engage in a tender offer may delay the completion of a transaction;
- our obligation to convert or repurchase Class A ordinary shares held by our public shareholders may reduce the resources available to us for a business combination; and
- our outstanding warrants, and the potential future dilution they represent.

## [Table of Contents](#)

Any of these factors may place us at a competitive disadvantage in successfully negotiating a business combination. Our management believes, however, that our status as a public entity and potential access to the United States public equity markets may give us a competitive advantage over privately-held entities having a similar business objective as ours in acquiring a target business with significant growth potential on favorable terms.

If we succeed in effecting a business combination, there will be, in all likelihood, intense competition from competitors of the target business. We cannot assure you that, subsequent to a business combination, we will have the resources or ability to compete effectively.

### **Facilities**

Our executive offices are located at 4 Embarcadero Center Suite 1449, San Francisco, California 94105. The cost for this space is included in the up to \$10,000 per-month aggregate fee to be paid to an affiliate of our sponsor for general and administrative services commencing on the date of this prospectus pursuant to a letter agreement between us and our sponsor. We believe, based on rents and fees for similar services in the Cayman Islands that the fee charged by our sponsor is at least as favorable as we could have obtained from an unaffiliated person. We consider our current office space, combined with the other office space otherwise available to our executive officers, adequate for our current operations.

### **Employees**

We currently have three officers. These individuals are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they deem necessary to our affairs until we have completed our initial business combination. The amount of time they will devote in any time period will vary based on whether a target business has been selected for our initial business combination and the stage of the initial business combination process we are in. We do not intend to have any full time employees prior to the completion of our initial business combination.

### **Periodic Reporting and Audited Financial Statements**

We will register our units, Class A ordinary shares, warrants and rights under the Exchange Act and have reporting obligations, including the requirement that we file annual, quarterly and current reports with the SEC. In accordance with the requirements of the Exchange Act, our annual reports will contain financial statements audited and reported on by our independent registered public accountants.

We will provide shareholders with audited financial statements of the prospective target business as part of the tender offer materials or proxy solicitation materials sent to shareholders to assist them in assessing the target business. In all likelihood, these financial statements will need to be prepared in accordance with, or reconciled to, GAAP, or IFRS, depending on the circumstances, and the historical financial statements may be required to be audited in accordance with the standards of the PCAOB. These financial statement requirements may limit the pool of potential targets we may conduct an initial business combination with because some targets may be unable to provide such statements in time for us to disclose such statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame. We cannot assure you that any particular target business identified by us as a potential business combination candidate will have financial statements prepared in accordance with GAAP or that the potential target business will be able to prepare its financial statements in accordance with the requirements outlined above. To the extent that these requirements cannot be met, we may not be able to acquire the proposed target business. While this may limit the pool of potential business combination candidates, we do not believe that this limitation will be material.

We will be required to evaluate our internal control procedures for the fiscal year ending December 31, 2023 as required by the Sarbanes-Oxley Act. Only in the event we are deemed to be a large accelerated filer or an accelerated filer, and no longer qualify as an emerging growth company, will we be required to have our internal control procedures audited. A target company may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such business combination. Prior to the date of this prospectus, we will file a Registration Statement on Form 8-A with the SEC to voluntarily register our securities under Section 12 of the Exchange Act. As a result, we will

## [Table of Contents](#)

be subject to the rules and regulations promulgated under the Exchange Act. We have no current intention of filing a Form 15 to suspend our reporting or other obligations under the Exchange Act prior or subsequent to the consummation of our initial business combination.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our Class A ordinary shares that are held by non-affiliates exceeds \$700 million as of the prior June 30<sup>th</sup>, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

### **Legal Proceedings**

There is no material litigation, arbitration or governmental proceeding currently pending against us or any members of our management team in their capacity as such, and we and the members of our management team have not been subject to any such proceeding in the 12 months preceding the date of this prospectus.

### **Comparison to Offerings of Blank Check Companies Subject to Rule 419**

The following table compares and contrasts the terms of our offering and the terms of an offering of blank check companies under Rule 419 promulgated by the SEC assuming that the gross proceeds, underwriting discounts and underwriting expenses for the Rule 419 offering are the same as this offering and that the underwriters will not exercise their over-allotment option. None of the terms of a Rule 419 offering will apply to this offering because we will have net tangible assets in excess of \$5,000,001 immediately after the successful consummation of this offering and will file a Current Report on Form 8-K, including an audited balance sheet demonstrating this fact.

<b>Limitation on fair value or net assets of target business</b>	Nasdaq rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the income earned on the trust account) at the time of the agreement to enter into the initial business combination.	The fair value or net assets of a target business must represent at least 80% of the maximum offering proceeds.
<b>Trading of securities issued</b>	We expect the units will begin trading on or promptly after the date of this prospectus. The Class A ordinary shares, warrants and rights comprising the units will begin separate trading on the 52 <sup>nd</sup> day following the date of this prospectus unless Maxim informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. We will file the Current Report on Form 8-K promptly after the closing of this offering, which is anticipated to take place three business days from the date of this prospectus. If the over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, an additional Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the over-allotment option.	No trading of the units or the underlying Class A ordinary shares, warrants and rights would be permitted until the completion of a business combination. During this period, the securities would be held in the escrow or trust account.
<b>Exercise of the warrants</b>	The warrants cannot be exercised until the later of 30 days after the completion of our initial business combination or 12 months from the closing of this offering.	The warrants could be exercised prior to the completion of a business combination, but securities received and cash paid in connection with the exercise would be deposited in the escrow or trust account.
<b>Election to remain an investor</b>	We will either (1) give our shareholders the opportunity to vote on the business combination or (2) provide our public shareholders with the opportunity to sell our Class A ordinary shares to us in a tender offer for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, less	A prospectus containing information required by the SEC would be sent to each investor. taxes. If we hold a general meeting to approve a proposed business combination, we will send each shareholder a proxy statement containing information required by the SEC. Alternatively, if we do not hold a general meeting and instead conduct a tender offer, we will conduct such tender offer in accordance with the tender offer rules of the SEC and file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination as we would have included in a proxy statement.

If the company has not received the notification by the end of the 45<sup>th</sup> business day, funds and interest or dividends, if any, held in the trust or escrow account would automatically be returned to the shareholder. Unless a sufficient number of investors elect to remain investors, all of the deposited funds in the escrow account must be returned to all investors and none of the securities will be issued.

**Business combination deadline**

Pursuant to our amended and restated memorandum and articles of association, if we are unable to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any interest not released to us but net of franchise and income taxes payable, divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, liquidate and dissolve, subject in each case to our obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

If a business combination has not been completed within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) after the effective date of the company's registration statement, funds held in the trust or escrow account are returned to investors.

**Release of funds**

Except for any interest earned on the funds in the trust account that we may need to pay our tax obligations, the proceeds held in the trust account will

not be released to us until the earlier of the completion of a business combination and our liquidation upon failure to effect a business combination within the allotted time.

**Terms Under a Rule 419 Offering**

effect a business combination within the allotted time.

**Limitation on redemption rights of shareholders holding more than 15% of the shares sold in this offering if we hold a shareholder vote**

If we seek shareholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated memorandum and articles of association will provide that a public shareholder (including our affiliates), together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to Excess Shares (more than an aggregate of 15% of the Class A ordinary shares sold in this offering). Our public shareholders’ inability to redeem Excess Shares will reduce their influence over our ability to complete our initial business combination and they could suffer a material loss on their investment in us if they sell any Excess Shares in open market transactions.

Many blank check companies provide no restrictions on the ability of shareholders to redeem shares based on the number of shares held by such shareholders in connection with an initial business combination.

Subject to the terms of any preference shares, any or all of the directors may be removed from office at any time, but only for cause and only by the affirmative vote of holders of a majority of the voting power of all then outstanding shares entitled to vote generally in the appointment of directors, voting together as a single class. Any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set forth in our

## [Table of Contents](#)

bylaws as it deems appropriate. Our memorandum and articles of association provide that our officers may consist of a Chairman of the Board, Chief Executive Officer, Chief Financial Officer, President, Vice Presidents, Secretary, Treasurer, Assistant Secretaries and such other offices as may be determined by the board of directors.

Nasdaq listing standards require that a majority of our board of directors be independent. An “independent director” is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which in the opinion of the company’s board of directors, would interfere with the director’s exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that Sam Yam, Max Baucus, Paul Asquith and Alec Hartman are “independent directors” as defined in the Nasdaq listing standards and applicable SEC rules. Our independent directors will have regularly scheduled meetings at which only independent directors are present.

### **Officer and Director Compensation**

None of our officers has received any cash compensation for services rendered to us. Commencing on the date of this prospectus, we have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees. No compensation of any kind, including any finder’s fee, reimbursement, consulting fee or monies in respect of any payment of a loan, will be paid by us to our sponsor, officers and directors, or any affiliate of our sponsor or officers, prior to, or in connection with any services rendered in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is). However, these individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers or directors, or our or their affiliates. Any such payments prior to an initial business combination will be made using funds held outside the trust account. Other than quarterly audit committee review of such payments, we do not expect to have any additional controls in place governing our reimbursement payments to our directors and executive officers for their out-of-pocket expenses incurred in connection with identifying and consummating an initial business combination.

After the completion of our initial business combination, directors or members of our management team who remain with us may be paid consulting or management fees from the combined company. All of these fees will be fully disclosed to shareholders, to the extent then known, in the tender offer materials or proxy solicitation materials furnished to our shareholders in connection with a proposed initial business combination. We have not established any limit on the amount of such fees that may be paid by the combined company to our directors or members of management. It is unlikely the amount of such compensation will be known at the time of the proposed initial business combination, because the directors of the post-combination business will be responsible for determining officer and director compensation. Any compensation to be paid to our officers will be determined, or recommended to the board of directors for determination, either by a compensation committee constituted solely by independent directors or by a majority of the independent directors on our board of directors.

We do not intend to take any action to ensure that members of our management team maintain their positions with us after the consummation of our initial business combination, although it is possible that some or all of our officers and directors may negotiate employment or consulting arrangements to remain with us after our initial business combination. The existence or terms of any such employment or consulting arrangements to retain their positions with us may influence our management’s motivation in identifying or selecting a target business but we do not believe that the ability of our management to remain with us after the consummation of our initial business combination will be a determining factor in our decision to proceed with any potential business combination. We are not party to any agreements with our officers and directors that provide for benefits upon termination of employment.

### **Committees of the Board of Directors**

Upon the effectiveness of the registration statement of which this prospectus forms a part, our board of directors will have three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. Subject to phase-in rules and a limited exception, Nasdaq rules and Rule 10A-3 of the Exchange Act require that the audit committee of a listed company be comprised solely of independent directors,

## [Table of Contents](#)

and Nasdaq rules require that the compensation committee of a listed company be comprised solely of independent directors.

### *Audit Committee*

Effective as of the date of this prospectus, we will establish an audit committee of the board of directors. Messrs. Asquith, Hartman and Yam will serve as members of our audit committee, and Mr. Asquith will chair the audit committee. Under the Nasdaq listing standards and applicable SEC rules, we are required to have at least three members of the audit committee, all of whom must be independent. Messrs. Asquith, Hartman and Yam meet the independent director standard under Nasdaq listing standards and under Rule 10-A-3(b)(1) of the Exchange Act.

Each member of the audit committee is financially literate and our board of directors has determined that Mr. Asquith qualifies as an “audit committee financial expert” as defined in applicable SEC rules.

We will adopt an audit committee charter, which will detail the principal functions of the audit committee, including:

- the appointment, compensation, retention, replacement, and oversight of the work of the independent registered public accounting firm engaged by us;
- pre-approving all audit and permitted non-audit services to be provided by the independent registered public accounting firm engaged by us, and establishing pre-approval policies and procedures;
- setting clear hiring policies for employees or former employees of the independent registered public accounting firm, including but not limited to, as required by applicable laws and regulations;
- setting clear policies for audit partner rotation in compliance with applicable laws and regulations;
- obtaining and reviewing a report, at least annually, from the independent registered public accounting firm describing (i) the independent registered public accounting firm’s internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the audit firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm and any steps taken to deal with such issues and (iii) all relationships between the independent registered public accounting firm and us to assess the independent registered public accounting firm’s independence;
- reviewing and approving any related party transaction required to be disclosed pursuant to Item 404 of Regulation S-K promulgated by the SEC prior to us entering into such transaction; and
- reviewing with management, the independent registered public accounting firm, and our legal advisors, as appropriate, any legal, regulatory or compliance matters, including any correspondence with regulators or government agencies and any employee complaints or published reports that raise material issues regarding our financial statements or accounting policies and any significant changes in accounting standards or rules promulgated by the Financial Accounting Standards Board, the SEC or other regulatory authorities.

### *Compensation Committee*

Effective as of the date of this prospectus, we will establish a compensation committee of the board of directors. Under the Nasdaq listing standards and applicable SEC rules, we are required to have at least two members of the compensation committee, all of whom must be independent. Messrs. Hartman, Asquith and Yam will serve as members of our compensation committee, all of whom are independent. Mr. Hartman will chair the compensation committee.

We will adopt a compensation committee charter, which will detail the principal functions of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officers’ compensation, if any is paid by us, evaluating our Chief Executive Officer’s

## Table of Contents

performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer based on such evaluation;

- reviewing and approving on an annual basis the compensation, if any is paid by us, of all of our other officers;
- reviewing on an annual basis our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our officers and employees;
- if required, producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

Notwithstanding the foregoing, as indicated above, other than the payment to an affiliate of our sponsor of \$10,000 per month, for 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time), for office space, utilities and secretarial and administrative support and reimbursement of expenses, no compensation of any kind, including finders, consulting or other similar fees, will be paid to any of our existing shareholders, officers, directors or any of their respective affiliates, prior to, or for any services they render in order to effectuate the consummation of an initial business combination. Accordingly, it is likely that prior to the consummation of an initial business combination, the compensation committee will only be responsible for the review and recommendation of any compensation arrangements to be entered into in connection with such initial business combination.

The charter will also provide that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, independent legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by Nasdaq and the SEC.

### *Nominating and Corporate Governance Committee*

Effective as of the date of this prospectus, we will establish a nominating and corporate governance committee of the board of directors. Under the Nasdaq listing standards and applicable SEC rules, we are required to have at least two members of the nominating and corporate governance committee, all of whom must be independent. Messrs. Baucus, Asquith and Hartman will serve as members of our nominating and corporate governance committee, all of whom are independent. Mr. Baucus will chair the nominating and corporate governance committee.

The nominating and corporate governance committee will consider director candidates recommended for nomination by our shareholders during such times as they are seeking proposed nominees to stand for appointment at the next annual general meeting (or, if applicable, an extraordinary general meeting). Our shareholders that wish to nominate a director for appointment to our board of directors should follow the procedures set forth in our bylaws.

We have not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the board of directors considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our shareholders. Prior to our initial business combination, holders of our public shares will not have the right to recommend director candidates for nomination to our board of directors.

### **Compensation Committee Interlocks and Insider Participation**

None of our officers currently serves, or in the past year has served, as a member of the compensation committee of any entity that has one or more officers serving on our board of directors.

### **Code of Ethics**

Effective as of the date of this prospectus, we will have adopted a Code of Ethics applicable to our directors, officers and employees. We will file a copy of our Code of Ethics and our audit and compensation committee charters as exhibits to the registration statement of which this prospectus is a part. You will be able to review these documents by accessing our public filings at the SEC's web site at [www.sec.gov](http://www.sec.gov). In addition, a copy of the Code of Ethics will be provided without charge upon request from us. We intend to disclose any amendments to or waivers of certain provisions of our Code of Ethics in a Current Report on Form 8-K. See the section of this prospectus entitled "Where You Can Find Additional Information."

### **Conflicts of Interest**

Members of our management team do not have any obligation to present us with any opportunity for a potential business combination of which they become aware, unless presented to such member solely in his or her capacity as a director or officer of the company. Our amended and restated memorandum and articles of association provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as us; and (ii) we renounce any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and us, on the other.

Our officers and directors have agreed not to participate in the formation of, or become an officer or director of any other special purpose acquisition company with a class of securities registered under the Exchange Act, until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) after the closing of this offering. Potential investors should also be aware of the following other potential conflicts of interest:

- None of our officers or directors is required to commit his or her full time to our affairs and, accordingly, may have conflicts of interest in allocating his or her time among various business activities.
- In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to us as well as the other entities with which they are affiliated. Our management may have conflicts of interest in determining to which entity a particular business opportunity should be presented.
- Our initial shareholders have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the consummation of our initial business combination. Additionally, our initial shareholders have agreed to waive their redemption rights with respect to any founder shares held by them if we fail to consummate our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) after the closing of this offering. If we do not complete our initial business combination within such applicable time period, the proceeds of the sale of the private placement warrants held in the trust account will be used to fund the redemption of our public shares, and the private placement warrants (and the underlying Class A ordinary shares) will expire worthless. Our initial shareholders have agreed that the founder shares will be placed in an escrow account and will not be transferable or assignable until the earlier to occur of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which we consummate a liquidation, merger, share exchange or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property (except as described herein under the section of this prospectus entitled "Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants"). Any permitted transferees will be

## [Table of Contents](#)

subject to the same restrictions and other agreements of our initial shareholders with respect to any founder shares. Notwithstanding the foregoing, if the closing price of our Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing 30 days after our initial business combination, the founder shares will no longer be subject to such transfer restrictions. With certain limited exceptions, the private placement warrants and the Class A ordinary shares underlying such warrants, will not be transferable, assignable or saleable by our sponsor or its permitted transferees until after the completion of our initial business combination. Since our sponsor and officers and directors may directly or indirectly own ordinary shares, warrants and rights following this offering, our officers and directors may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination.

- Our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors was included by a target business as a condition to any agreement with respect to our initial business combination.
- Our sponsor, officers or directors may have a conflict of interest with respect to evaluating a business combination and financing arrangements as we may obtain loans from our sponsor or an affiliate of our sponsor or any of our officers or directors to finance transaction costs in connection with an intended initial business combination. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted), at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period.

The conflicts described above may not be resolved in our favor.

We have engaged Woolery & Co. PLLC in connection with certain legal matters relating to this offering and other corporate matters and intend to engage Woolery & Co PLLC (along with Dentons US LLP) for general matters after this offering. Mr. James C. Woolery, one of our directors, is a founding partner at Woolery & Co.

Under Cayman Islands law, directors and officers owe the following fiduciary duties:

- duty to act in good faith in what the director or officer believes to be in the best interests of the company as a whole;
- duty to exercise powers for the purposes for which those powers were conferred and not for a collateral purpose;
- directors should not improperly fetter the exercise of future discretion;
- duty not to put themselves in a position in which there is a conflict between their duty to the company and their personal interests; and
- duty to exercise independent judgment.

In addition to the above, directors also owe a duty of care which is not fiduciary in nature. This duty has been defined as a requirement to act as a reasonably diligent person having both the general knowledge, skill and experience that may reasonably be expected of a person carrying out the same functions as are carried out by that director in relation to the company and the general knowledge skill and experience which that director has.

As set out above, directors have a duty not to put themselves in a position of conflict and this includes a duty not to engage in self-dealing, or to otherwise benefit as a result of their position. However, in some instances what would otherwise be a breach of this duty can be forgiven and/or authorized in advance by the shareholders provided that there is full disclosure by the directors. This can be done by way of permission granted in the amended and restated memorandum and articles of association or alternatively by shareholder approval at general meetings.

Each of our directors and officers presently has, and in the future any of our directors and our officers may have additional, fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will

## [Table of Contents](#)

be required to present acquisition opportunities to such entity. Accordingly, subject to his or her fiduciary duties under Cayman Islands law, if any of our officers or directors becomes aware of an acquisition opportunity which is suitable for an entity to which he or she has then current fiduciary or contractual obligations, he or she will need to honor his or her fiduciary or contractual obligations to present such acquisition opportunity to such entity, and only present it to us if such entity rejects the opportunity. Our amended and restated memorandum and articles of association provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as us; and (ii) we renounce any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and us, on the other.

Below is a table summarizing the entities to which our executive officers, directors and director nominees currently have fiduciary duties or contractual obligations:

Accordingly, if any of the above executive officers, directors or director nominees becomes aware of a business combination opportunity which is suitable for any of the above entities to which he or she has current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such business combination opportunity to such entity, and only present it to us if such entity rejects the opportunity.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. In the event we seek to complete our initial business combination with such a company, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm which is a member of FINRA, or from an independent accounting firm, that such an initial business combination is fair to our company from a financial point of view.

In the event that we submit our initial business combination to our public shareholders for a vote, pursuant to the letter agreement, our sponsor, officers and directors have agreed to vote any founder shares held by them and any public shares purchased during or after the offering (including in open market and privately negotiated transactions) in favor of our initial business combination.

### **Limitation on Liability and Indemnification of Officers and Director**

We will enter into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated memorandum and articles of association. We will purchase a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors. Except with respect to any public shares they may acquire in this offering or thereafter (in the event we do not consummate an initial business combination), our officers and directors have agreed to waive (and any other persons who may become an combination), our officers and directors have agreed to waive (and any other persons who may become an officer or director prior to the initial business combination will also be required to waive) any right, title, interest or claim of any kind in or to any monies in the trust account, and not to seek recourse against the trust account for any reason whatsoever, including with respect to such indemnification.

These agreements may discourage shareholders from bringing a lawsuit against our directors for breach of their fiduciary duty or have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit us and our shareholders. Furthermore, a shareholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these indemnity agreements and the directors' and officers' liability insurance are necessary to attract and retain talented and experienced officers and directors.

## PRINCIPAL SHAREHOLDERS

The following table sets forth information regarding the beneficial ownership of our ordinary shares as of the date of this prospectus and as adjusted to reflect the sale of our ordinary shares included in the units offered by this prospectus (assuming none of the individuals listed purchase units in this offering), by:

- each person known by us to be the beneficial owner of more than 5% of our outstanding ordinary shares;
- each of our officers and directors; and
- all of our officers and directors as a group.

Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all ordinary shares beneficially owned by them. The following table does not reflect record of beneficial ownership of the warrants included in the units offered by this prospectus or the private placement warrants as these warrants are not exercisable within 60 days of the date of this prospectus.

The post-offering numbers and percentages presented assume that the underwriters do not exercise their over-allotment option, that our sponsor forfeits 750,000 founder shares, and that there are 25,300,000 ordinary shares, consisting of (i) 20,300,000 Class A ordinary shares (including 20,000,000 public shares and 300,000 shares issued to Maxim and/or its designees) and (ii) 5,000,000 Class B ordinary shares, issued and outstanding after this offering.

(1) Unless otherwise indicated, the business address of each of the individuals is c/o Aurora Technology Acquisition Corp., 3rd Floor, One Capital Place, PO Box 10190, George Town, Grand Cayman, KY1-1002 Cayman Islands.

(2) Interests shown consist solely of founder shares.

(3) Based on 25,300,000 ordinary shares outstanding immediately after this offering (assumes the underwriters' over-allotment option has not been exercised and an aggregate of 750,000 founder shares have been forfeited by sponsor).

(4) Represents securities held by our sponsor, of which ATAC Manager LLC is the managing member. Zachary Wang, Cathryn Chen and Yida Gao are the managers of ATAC Manager LLC. Zachary Wang, Cathryn Chen and Yida Gao may be deemed to share beneficial ownership of the securities held of record by our sponsor. Zachary Wang, Cathryn Chen and Yida Gao each disclaims any such beneficial ownership except to the extent of such person's pecuniary interest. The business address of ATAC Sponsor LLC and ATAC Manager LLC is 4 Embarcadero Center Suite 1449, San Francisco, California 94105.

Immediately after this offering, our initial shareholders will beneficially own approximately 20% of the then issued and outstanding ordinary shares (not including the representative shares and assuming the underwriters do not purchase any units in this offering). Neither our sponsor nor any of our officers or directors have expressed an intention to purchase any units in this offering. If we increase or decrease the size of the offering, we will effect a share dividend or a share contribution back to capital, or other appropriate mechanism, as applicable, with respect to our ordinary shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our initial shareholders at 20.0% of the issued and outstanding ordinary shares upon the consummation of this offering (not including the representative shares). Because of this ownership block, our initial shareholders

## [Table of Contents](#)

may be able to effectively influence the outcome of all matters requiring approval by our shareholders, including the appointment of directors, amendments to our amended and restated memorandum and articles of association and approval of significant corporate transactions, including approval of our initial business combination.

If the underwriters do not exercise all or a portion of the over-allotment option, an aggregate of up to 750,000 founder shares will be forfeited. Only such number of ordinary shares necessary to maintain the 20% ownership interest in our ordinary shares after giving effect to the offering and the exercise, if any, of the underwriters' over-allotment option will be necessary.

The holders of the founder shares have agreed (A) to vote any ordinary shares owned by them in favor of any proposed initial business combination, and (B) not to redeem any ordinary shares in connection with a shareholder vote to approve a proposed initial business combination or in connection with a tender offer.

Our sponsor will purchase from us, pursuant to a written purchase agreement with us, the private placement warrants for an aggregate purchase price of \$6,425,000 (or \$7,100,000 if the underwriters' over-allotment option is exercised in full). This purchase will take place on a private placement basis simultaneously with the consummation of this offering. The private placement warrants are identical to the public warrants sold in this offering, with certain exceptions as disclosed elsewhere in this prospectus. Additionally, our sponsor has agreed not to transfer, assign or sell any of the private placement warrants or underlying Class A ordinary shares (except to the same permitted transferees as the founder shares and provided the transferees agree to the same terms and restrictions as the permitted transferees of the founder shares must agree to, each as described above) until the completion of our initial business combination.

In order to meet our working capital needs following the consummation of this offering, our insiders may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender's discretion, up to \$1,500,000 of the notes may be converted upon consummation of our business combination into additional private placement-equivalent warrants at a price of \$1.00 per warrant. Our shareholders have approved the issuance of the private placement-equivalent warrants upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. If we do not complete a business combination, any outstanding loans from our insiders or their affiliates, will be repaid only from amounts remaining outside our trust account, if any.

Our sponsor and our executive officers and directors are deemed to be our "promoters" as such term is defined under the federal securities laws.

### **Restrictions on Transfers of Founder Shares and Private Placement Warrants**

The founder shares, private placement warrants, and any Class A ordinary shares issued upon exercise thereof are each subject to transfer restrictions pursuant to lock-up provisions in a letter agreement with us to be entered into by our sponsor, officers and directors. Our initial shareholders have agreed to place their founder shares will be placed in an escrow account and not to transfer, assign or sell any of their founder shares until the earlier to occur of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which we consummate a liquidation, merger, share exchange or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property. Any permitted transferees will be subject to the same restrictions and other agreements of our initial shareholders with respect to any founder shares. Notwithstanding the foregoing, if the closing price of our Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing 30 days after our initial business combination, the founder shares will no longer be subject to such transfer restrictions.

In addition, the lock-up provisions of the insider letter provide that the founder shares and the private placement warrants, and any Class A ordinary shares issued upon exercise thereof are not transferable or salable until after the completion of our initial business combination. However, any such securities may be transferred or sold prior to the completion of our initial business combination (1) among the insiders, to our officers, directors, advisors and employees, any affiliates or family members of any of our officers or directors, any members of our sponsor, or any affiliates of our sponsor,(2) to an insider's affiliates or its members upon its liquidation, (3) in the case of an

individual, by gift to a member of one of the members of the individual's immediate family or to a trust, the beneficiary of which is a member of one of the individual's immediate family, an affiliate of such person or to a charitable organization, (4) in the case of an individual, by virtue of laws of descent and distribution upon death of the individual; (5) in the case of an individual, pursuant to a qualified domestic relations order, (6) by private sales or transfers made at prices no greater than the price at which the securities were originally purchased, (7) by private sales at negotiated prices, which transfers are not effected until the consummation of an initial business combination, (8) in the event of our liquidation prior to the completion of our initial business combination; (9) by virtue of the Cayman Islands laws or our sponsor's limited liability company agreement upon dissolution of our sponsor; (10) in the event of our liquidation, merger, share exchange, reorganization or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property subsequent to our completion of our initial business combination or (11) transfers to us for cancellation in connection with the consummation of an initial business combination, in each case (except for clauses (8) through (11)) these permitted transferees must enter into a written agreement agreeing to be bound by these transfer restrictions and the other restrictions contained in the letter agreements and the escrow agreement, and by the same agreements entered into by our sponsor with respect to such securities (including provisions relating to the escrow agreement, voting, the trust account and liquidation distributions described elsewhere in this prospectus).

### **Registration Rights**

The holders of the founder shares, private placement warrants, Class A ordinary shares underlying the private placement warrants, and securities that may be issued upon conversion of working capital loans will have registration rights to require us to register a sale of any of our securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. These holders will be entitled to make up to three demands, excluding short form registration demands, that we register such securities for sale under the Securities Act. In addition, these holders will have "piggy-back" registration rights to include their securities in other registration statements filed by us. Notwithstanding the foregoing, the underwriters may not exercise their demand and "piggyback" registration rights after five and seven years, respectively, after the effective date of the registration statement of which this prospectus forms a part and may not exercise their demand rights on more than one occasion.

## CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On August 7, 2021, we issued an aggregate of 5,750,000 founder shares to our sponsor for an aggregate purchase price of \$25,000 in cash, or approximately \$0.0043 per share. The number of founder shares issued was determined based on the expectation that such founder shares would represent 20% of the outstanding ordinary shares upon completion of this offering (not including the 300,000 representative shares (or 345,000 representative shares if the underwriters' over-allotment option is exercised in full)). The founder shares (including the Class A ordinary shares issuable upon conversion thereof) may not, subject to certain limited exceptions, be transferred, assigned or sold by the holder.

If we increase or decrease the size of the offering we will effect a share dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our Class B ordinary shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our initial shareholders at 20.0% of the issued and outstanding ordinary shares upon the consummation of this offering (not including the representative shares).

Our sponsor has agreed to purchase an aggregate of 6,425,000 private placement warrants at a price of \$1.00 per private warrant, for an aggregate purchase price of \$6,425,000. Our sponsor has also agreed that if the over-allotment is exercised by the underwriters, it will purchase, at a price of \$1.00 per private warrant, an additional number of private placement warrants (up to a maximum of 675,000 additional private placement warrants) prior to any exercise of the over-allotment option in full or in part, for an aggregate amount of up to \$675,000. These additional private placement warrants will be purchased in a private placement that will occur simultaneously with the purchase of units resulting from the exercise of the over-allotment option. The private placement warrants will be identical to the units sold in this offering except that the private placement warrants, so long as they are held by our sponsor, the underwriters or their permitted transferees, (i) will not be redeemable by us, (ii) may not (including the Class A ordinary shares issuable upon exercise of these warrants), subject to certain limited exceptions, be transferred, assigned or sold by the holders until the completion of our initial business combination, (iii) may be exercised by the holders on a cashless basis and (iv) will be entitled to registration rights. The private placement warrants (including the Class A ordinary shares issuable upon exercise thereof) may not, subject to certain limited exceptions, be transferred, assigned or sold by the holder.

As more fully discussed in the section of this prospectus entitled "Management — Conflicts of Interest," if any of our officers or directors becomes aware of an initial business combination opportunity that falls within the line of business of any entity to which he or she has then-current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such business combination opportunity to such other entity. Our officers and directors currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us.

Commencing on the date of this prospectus, we have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Other than the foregoing, no compensation of any kind, including any finder's fee, reimbursement, consulting fee or monies in respect of any payment of a loan, will be paid by us to our sponsor, officers and directors, or any affiliate of our sponsor or officers, prior to, or in connection with any services rendered in order to effectuate, the consummation of an initial business combination (regardless of the type of transaction that it is). However, these individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers, directors or our or their affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf.

Prior to the closing of this offering, our sponsor has agreed to loan us up to \$300,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of March 31, 2022, or the closing of this offering. The loan will be repaid upon the closing of this offering out of the estimated \$500,000 of offering proceeds that has been allocated to the payment of offering expenses (other than underwriting

## [Table of Contents](#)

commissions). The value of our sponsor's interest in this transaction corresponds to the principal amount outstanding under any such loan.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete an initial business combination, we would repay such loaned amounts. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued warrants to purchase 1,500,000 Class A ordinary shares if \$1,500,000 of notes were so converted), at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period. The terms of such working capital loans by our sponsor or its affiliates, or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to our shareholders, to the extent then known, in the tender offer or proxy solicitation materials, as applicable, furnished to our shareholders. It is unlikely the amount of such compensation will be known at the time of distribution of such tender offer materials or at the time of a general meeting held to consider our initial business combination, as applicable, as it will be up to the directors of the post-combination business to determine executive and director compensation.

We will enter into a registration rights agreement with respect to the private placement warrants, the securities issuable upon conversion of working capital loans (if any) and the Class A ordinary shares issuable upon exercise or conversion or exercise of the foregoing and upon conversion of the founder shares, which is described under the section of this prospectus entitled "Description of Securities — Registration Rights."

### **Related Party Policy**

We have not yet adopted a formal policy for the review, approval or ratification of related party transactions. Accordingly, the transactions discussed above were not reviewed, approved or ratified in accordance with any such policy.

Effective as of the date of this prospectus, we will adopt a code of ethics requiring us to avoid, wherever possible, all conflicts of interests, except under guidelines or resolutions approved by our board of directors (or the appropriate committee of our board) or as disclosed in our public filings with the SEC. Under our code of ethics, conflict of interest situations will include any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) involving the company. A form of the code of ethics that we plan to adopt is filed as an exhibit to the registration statement of which this prospectus is a part.

In addition, our audit committee, pursuant to a written charter that we will adopt as of the date of this prospectus, will be responsible for reviewing and approving related party transactions to the extent that we enter into such transactions. An affirmative vote of a majority of the members of the audit committee present at a general meeting at which a quorum is present will be required in order to approve a related party transaction. A majority of the members of the entire audit committee will constitute a quorum. Without a general meeting, the unanimous written consent of all of the members of the audit committee will be required to approve a related party transaction. A form of the audit committee charter is filed as an exhibit to the registration statement of which this prospectus is a part. We also require each of our directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

To further minimize conflicts of interest, we have agreed not to consummate an initial business combination with an entity that is affiliated with any of our sponsor, officers or directors unless we, or a committee of independent

## [Table of Contents](#)

directors, have obtained an opinion from an independent investment banking firm which is a member of FINRA or an independent accounting firm that our initial business combination is fair to our company from a financial point of view. Furthermore, no finder's fees, reimbursements, consulting fee, monies in respect of any payment of a loan or other compensation will be paid by us to our sponsor, officers or directors, or any affiliate of our sponsor or officers, for services rendered to us prior to, or in connection with any services rendered in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is). However, the following payments will be made to our sponsor, officers or directors, or our or their affiliates, none of which will be made from the proceeds of this offering held in the trust account prior to the completion of our initial business combination:

- Repayment of up to an aggregate of \$300,000 in loans made to us by our sponsor to cover offering-related and organizational expenses;
- Payment to an affiliate of our sponsor of \$10,000 per month, for 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time), for office space, utilities and secretarial and administrative support;
- Reimbursement for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination; and
- Repayment of loans which may be made by our sponsor or an affiliate of our sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination, the terms of which have not been determined nor have any written agreements been executed with respect thereto. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted), at the option of the lender.

Our audit committee will review on a quarterly basis any payments that were made to our sponsor, officers or directors, or our or their affiliates.

## DESCRIPTION OF SECURITIES

### General

Pursuant to our amended and restated memorandum and articles of association which will be adopted upon the consummation of this offering, we will be authorized to issue 250,000,000 Class A ordinary shares, \$0.0001 par value each, 10,000,000 Class B ordinary shares, \$0.0001 par value each, and 5,000,000 undesignated preferred shares, \$0.0001 par value each. The following description summarizes the material terms of our shares as set out more particularly in our amended and restated memorandum and articles of association. Because it is only a summary, it may not contain all the information that is important to you.

### Units

Each unit has an offering price of \$10.00 and consists of one Class A ordinary share, one warrant and one right. Each two warrants entitle the holder thereof to purchase one full Class A ordinary share at a price of \$11.50 per share, subject to adjustment, as described in this prospectus. Because the warrants may only be exercised for whole numbers of Class A ordinary shares, only an even number of warrants may be exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least two units, you will not be able to receive or trade a whole warrant. Each warrant will become exercisable on the on the later of one year after the closing of this offering or 30 days after the consummation of an initial business combination, and will expire five years after the completion of an initial business combination, or earlier upon redemption.

Each right entitles the holder thereof to receive one-tenth of one Class A ordinary share upon completion of our initial business combination. We will not issue fractional Class A ordinary shares in connection with an exchange of rights. Fractional Class A ordinary shares will either be rounded down to the nearest whole Class A ordinary share or otherwise addressed in accordance with the applicable provisions of Cayman Islands law. As a result, you must hold rights in multiples of 10 in order to receive shares for all of your rights upon closing of a business combination.

We expect the Class A ordinary shares, warrants and rights comprising the units will begin separate trading on the 52<sup>nd</sup> day following the closing of this offering unless Maxim informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the Class A ordinary shares, warrants and rights commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into Class A ordinary shares, warrants and rights.

In no event will the Class A ordinary shares, warrants and rights be traded separately until we have filed with the SEC a Current Report on Form 8-K which includes an audited balance sheet reflecting our receipt of the gross proceeds at the closing of this offering. We will file a Current Report on Form 8-K which includes this audited balance sheet upon the completion of this offering, which is anticipated to take place four business days after the closing of this offering. If the underwriters' over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' over-allotment option.

### Ordinary Shares

Upon the closing of this offering, 25,300,000 ordinary shares will be outstanding (assuming no exercise of the underwriters' over-allotment option and the corresponding forfeiture of 750,000 Class B ordinary shares by our sponsor), consisting of:

- 20,000,000 Class A ordinary shares underlying the units being offered in this offering;
- 300,000 Class A ordinary shares, consisting of the representative shares; and
- 5,000,000 Class B ordinary shares held by our sponsor.

If we increase or decrease the size of the offering we will effect a share dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our Class B ordinary shares immediately prior

## [Table of Contents](#)

to the consummation of the offering in such amount as to maintain the ownership of our initial shareholders at 20.0% of the issued and outstanding ordinary shares upon the consummation of this offering (not including the representative shares).

Ordinary shareholders of record are entitled to one vote for each share held on all matters to be voted on by shareholders. Holders of the Class A ordinary shares and holders of the Class B ordinary shares will vote together as a single class on all matters submitted to a vote of our shareholders, except as required by law. Unless specified in our amended and restated memorandum and articles of association or bylaws, or as required by applicable provisions of Cayman Islands law or applicable stock exchange rules, the affirmative vote of a majority of our ordinary shares that are voted is required to approve any such matter voted on by our shareholders. Our board of directors will serve for a term of one year, with elections being held annually. There is no cumulative voting with respect to the appointment of directors, with the result that the holders of more than 50% of the ordinary shares voted for the appointment of directors can elect all of the directors. Our shareholders are entitled to receive ratable dividends when, as and if declared by the board of directors out of funds legally available therefor.

Because our amended and restated memorandum and articles of association authorizes the issuance of up to 250,000,000 Class A ordinary shares, if we were to enter into an initial business combination, we may (depending on the terms of such an initial business combination) be required to increase the number of Class A ordinary shares which we are authorized to issue at the same time as our shareholders vote on the initial business combination to the extent we seek shareholder approval in connection with our initial business combination.

In connection with any vote held to approve our initial business combination, our sponsor, as well as all of our officers and directors, have agreed to vote their respective ordinary shares owned by them immediately prior to this offering and any Class A ordinary shares purchased in this offering or following this offering in the open market in favor of the proposed business combination.

We will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 immediately after such consummation and, solely if a vote is held to approve a business combination, only if we obtain the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company.

Pursuant to our amended and restated memorandum and articles of association, if we do not consummate an initial business combination by 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, our corporate existence will cease except for the purposes of winding up our affairs and liquidating. If we are forced to liquidate prior to an initial business combination, our public shareholders are entitled to share ratably in the trust account, based on the amount then held in the trust account. Our sponsor, officers and directors have agreed to waive their rights to participate in any liquidation distribution from the trust account occurring upon our failure to consummate an initial business combination with respect to the founder shares. Our sponsor, officers and directors will therefore not participate in any liquidation distribution from the trust account with respect to such founder shares. They will, however, participate in any liquidation distribution from the trust account with respect to any Class A ordinary shares acquired in, or following, this offering.

Our shareholders have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the ordinary shares, except that public shareholders have the right to sell their public shares to us in a tender offer or have their Class A ordinary shares converted to cash equal to their pro rata share of the trust account in connection with the consummation of our business combination and the business combination is completed. Public shareholders who sell or convert their public shares into their share of the trust account still have the right to exercise the warrants that they received as part of the units.

### **Founder Shares**

The founder shares are identical to the Class A ordinary shares included in the units being sold in this offering, and holders of founder shares have the same shareholder rights as public shareholders, except that (i) the founder shares are subject to certain transfer restrictions, as described in more detail below, (ii) our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed (A) to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination, (B) to waive their redemption rights with respect to their founder shares and public

## [Table of Contents](#)

shares in connection with a shareholder vote to approve an amendment to our amended and restated memorandum and articles of association (x) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (y) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity and (C) to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within such time period, (iii) the founder shares are Class B ordinary shares that will automatically convert into Class A ordinary shares at the time of our initial business combination, or at any time prior thereto at the option of the holder, on a one-for-one basis, subject to adjustment as described herein, and (iv) are entitled to registration rights. If we submit our initial business combination to our public shareholders for a vote, our sponsor, officers and directors have agreed pursuant to the letter agreement to vote any founder shares held by them and any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination.

The Class B ordinary shares will automatically convert into Class A ordinary shares at the time of our initial business combination on a one-for-one basis (subject to adjustment for share sub-divisions, share dividends, reorganizations, recapitalizations and the like), and subject to further adjustment as provided herein. No additional consideration will be paid by the sponsor in connection with the conversion of the Class B ordinary shares. In the case that additional Class A ordinary shares, or equity-linked securities, are issued or deemed issued in excess of the amounts offered in this prospectus and related to the closing of the initial business combination, the ratio at which Class B ordinary shares shall convert into Class A ordinary shares will be adjusted (unless the holders of a majority of the outstanding Class B ordinary shares agree to waive such adjustment with respect to any such issuance or deemed issuance) so that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all ordinary shares outstanding upon completion of this offering (not including the representative shares) plus all Class A ordinary shares and equity-linked securities issued or deemed issued in connection with the initial business combination (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the initial business combination, any private placement-equivalent securities issued to our sponsor or its affiliates upon conversion of loans made to us). We cannot determine at this time whether a majority of the holders of our Class B ordinary shares at the time of any future issuance would agree to waive such adjustment to the conversion ratio. They may waive such adjustment due to (but not limited to) the following: (i) closing conditions which are part of the agreement for our initial business combination; (ii) negotiation with Class A ordinary shareholders on structuring an initial business combination; or (iii) negotiation with parties providing financing which would trigger the anti-dilution provisions of the Class B ordinary shares. If such adjustment is not waived, the issuance would not reduce the percentage ownership of holders of our Class B ordinary shares, but would reduce the percentage ownership of holders of our Class A ordinary shares. If such adjustment is waived, the issuance would reduce the percentage ownership of holders of both classes of our ordinary shares. Holders of founder shares may also elect to convert their Class B ordinary shares into an equal number of Class A ordinary shares, subject to adjustment as provided above, at any time. The term "equity-linked securities" refers to any debt or equity securities that are convertible, exercisable or exchangeable for Class A ordinary shares issued in a financing transaction in connection with our initial business combination, including but not limited to a private placement of equity or debt. Securities could be "deemed issued" for purposes of the conversion rate adjustment if such shares are issuable upon the conversion or exercise of convertible securities, warrants or similar securities.

Our initial shareholders have agreed to place their founder shares into an escrow account maintained in New York, New York by Continental Stock Transfer & Trust Company, acting as escrow agent. Our initial shareholders have further agreed not to transfer, assign or sell any of their founder shares until the earlier to occur of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which we consummate a liquidation, merger, share exchange or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property (except as described herein under the section of this prospectus entitled "Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants"). Any permitted transferees will be subject to the same restrictions and other agreements of our initial shareholders with respect to any founder shares. Notwithstanding the foregoing, if the

## [Table of Contents](#)

closing price of our Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing 30 days after our initial business combination, the founder shares will no longer be subject to such transfer restrictions.

For so long as any Class B ordinary shares remain outstanding, we may not, without the prior vote or written consent of the holders of a majority of the Class B ordinary shares then outstanding, voting separately as a single class, amend, alter or repeal any provision of our memorandum and articles of association, whether by merger, consolidation or otherwise, if such amendment, alteration or repeal would alter or change the powers, preferences or relative, participating, optional or other or special rights of the Class B ordinary shares. Any action required or permitted to be taken at any meeting of the holders of Class B ordinary shares may be taken without a general meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of the outstanding Class B ordinary shares having not less than the minimum number of votes that would be necessary to authorize or take such action at a general meeting at which all Class B ordinary shares were present and voted.

### **Representative Shares**

The 300,000 representative shares (or up to 345,000 representative shares if the underwriters' over-allotment option is exercised) will not be transferable, assignable or salable until after the completion of our initial business combination. Maxim has agreed to (i) waive their redemption rights with respect to their representative shares in connection with the completion of our initial business combination, (ii) waive their redemption rights with respect to their representative shares in connection with a shareholder vote to approve an amendment to our amended and restated memorandum and articles of association (A) to modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (B) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity and (iii) waive their rights to liquidating distributions from the trust account with respect to their representative shares if we fail to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering. The shares have been deemed compensation by FINRA and are therefore subject to a lock-up for a period of 180 days immediately following the date of the effectiveness of the registration statement of which this prospectus forms a part pursuant to Rule 5110(e)(1) of FINRA's Conduct Rule. Pursuant to FINRA Rule 5110(e)(1), these securities will not be the subject of any hedging, short sale, derivative, put or call transaction that would result in the economic disposition of the securities of any person for a period of 180 days immediately following the effective date of the registration statement of which this prospectus forms a part, nor may they be sold, transferred, assigned, pledged or hypothecated for a period of 180 days immediately following the effective date of the registration statement of which this prospectus forms a part except to any underwriter and selected dealer participating in the offering and their bona fide officers or partners. Otherwise, the representative shares are identical to Class A ordinary shares underlying the units sold in this offering.

### **Preference shares**

Our amended and restated memorandum and articles of association will provide that preference shares may be issued from time to time in one or more series. Our board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. Our board of directors will be able to, without shareholder approval, issue preference shares with voting and other rights that could adversely affect the voting power and other rights of the holders of the ordinary shares and could have anti-takeover effects. The ability of our board of directors to issue preference shares without shareholder approval could have the effect of delaying, deferring or preventing a change of control of us or the removal of existing management. We have no preference shares outstanding at the date hereof. Although we do not currently intend to issue any preference shares, we cannot assure you that we will not do so in the future. No preference shares are being issued or registered in this offering.

## **Register of Members**

Under Cayman Islands law, we must keep a register of members and there will be entered therein:

- the names and addresses of the members, a statement of the shares held by each member, and of the amount paid or agreed to be considered as paid, on the shares of each member and the voting rights of shares of each member;
- whether voting rights are attached to the share in issue;
- the date on which the name of any person was entered on the register as a member; and
- the date on which any person ceased to be a member.

Under Cayman Islands law, the register of members of our company is prima facie evidence of the matters set out therein (i.e., the register of members will raise a presumption of fact on the matters referred to above unless rebutted) and a member registered in the register of members will be deemed as a matter of Cayman Islands law to have legal title to the shares as set against its name in the register of members. Upon the closing of this public offering, the register of members will be immediately updated to reflect the issue of shares by us. Once our register of members has been updated, the shareholders recorded in the register of members will be deemed to have legal title to the shares set against their name. However, there are certain limited circumstances where an application may be made to a Cayman Islands court for a determination on whether the register of members reflects the correct legal position. Further, the Cayman Islands court has the power to order that the register of members maintained by a company should be rectified where it considers that the register of members does not reflect the correct legal position. If an application for an order for rectification of the register of members were made in respect of our ordinary shares, then the validity of such shares may be subject to re-examination by a Cayman Islands court.

## **Redeemable Warrants**

### ***Public Shareholders' Warrants***

Each two warrants entitle the holder thereof to purchase one full Class A ordinary share at a price of \$11.50 per share, subject to adjustment, as described in this prospectus, at any time commencing on the later of (i) 12 months from the closing of this offering or (ii) 30 days after the completion of our initial business combination. Because the warrants may only be exercised for whole numbers of Class A ordinary shares, only an even number of warrants may be exercised at any given time by a warrant holder. The warrants will expire five years after the completion of our initial business combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We will not be obligated to deliver any Class A ordinary shares pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the Class A ordinary shares underlying the warrants is then effective and a prospectus relating thereto is current, subject to our satisfying our obligations described below with respect to registration. No warrant will be exercisable and we will not be obligated to issue Class A ordinary shares upon exercise of a warrant unless Class A ordinary shares issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In no event will we be required to net cash settle any warrant. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the Class A ordinary share underlying such unit.

It is our current intention to have an effective and current registration statement covering the Class A ordinary shares issuable upon exercise of the warrants and a current prospectus relating to such Class A ordinary shares in effect promptly following consummation of an initial business combination. Notwithstanding the foregoing, if a registration statement covering the ordinary shares issuable upon exercise of the warrants is not effective within 120 days after the closing of our initial business combination, public warrant holders may, until such time as there is an effective registration statement and during any period when we will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or

## [Table of Contents](#)

another exemption. Notwithstanding the above, if our Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that it satisfies the definition of a “covered security” under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will not be required to file or maintain in effect a registration statement, and in the event we do not so elect, we will use our best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

Once the warrants become exercisable, we may call the warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days’ prior written notice of redemption (the “30-day redemption period”) to each warrant holder; and
- if, and only if, the reported last sale price of the Class A ordinary shares equals or exceeds \$18.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending three business days before we send the notice of redemption to the warrant holders.

If the foregoing conditions are satisfied and we issue a notice of redemption, each warrant holder can exercise his, her or its warrant prior to the scheduled redemption date. However, the price of our Class A ordinary shares may fall below the \$18.00 trigger price, as well as the \$11.50 warrant exercise price after the redemption notice is issued.

If and when the warrants become redeemable by us, we may not exercise our redemption right if the issuance of ordinary shares upon exercise of the warrants is not exempt from registration or qualification under applicable state blue sky laws or we are unable to effect such registration or qualification. We will use our best efforts to register or qualify such ordinary shares under the blue sky laws of the state of residence in those states in which the warrants were offered by us in this offering.

We have established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise its warrant prior to the scheduled redemption date. However, the price of the Class A ordinary shares may fall below the \$18.00 redemption trigger price (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) as well as the \$11.50 warrant exercise price after the redemption notice is issued.

If we call the warrants for redemption as described above, our management will have the option to require any holder that wishes to exercise its warrant to do so on a “cashless basis.” In determining whether to require all holders to exercise their warrants on a “cashless basis,” our management will consider, among other factors, our cash position, the number of warrants that are outstanding and the dilutive effect on our shareholders of issuing the maximum number of Class A ordinary shares issuable upon the exercise of our warrants. If our management takes advantage of this option, all holders of warrants would pay the exercise price by surrendering their warrants for that number of Class A ordinary shares equal to the quotient obtained by dividing (x) the product of the number of Class A ordinary shares underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” shall mean the average reported last sale price of the Class A ordinary shares for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. If our management takes advantage of this option, the notice of redemption will contain the information necessary to calculate the number of Class A ordinary shares to be received upon exercise of the warrants, including the “fair market value” in such case. Requiring a cashless exercise in this manner will reduce the number of shares to be issued and thereby lessen the dilutive effect of a warrant redemption. We believe this feature is an attractive option to us if we do not need the cash from the exercise of the warrants after our initial business combination. If we call our warrants for redemption and our management does not take advantage of this option, our sponsor and its permitted transferees would still be entitled to exercise their private placement warrants for cash or on a cashless basis using the same formula described above that other warrant holders would have been required to use had all warrant holders been required to exercise their warrants on a cashless basis, as described in more detail below.

## Table of Contents

A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the warrant agent's actual knowledge, would beneficially own in excess of 4.9% or 9.9% (or such other amount as a holder may specify) of the Class A ordinary shares outstanding immediately after giving effect to such exercise.

If the number of outstanding Class A ordinary shares is increased by a share dividend payable in ordinary shares, or by a split-up of ordinary shares or other similar event, then, on the effective date of such share dividend, split-up or similar event, the number of Class A ordinary shares issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding Class A ordinary shares. A rights offering to holders of Class A ordinary shares entitling holders to purchase Class A ordinary shares at a price less than the fair market value will be deemed a share dividend of a number of Class A ordinary shares equal to the product of (i) the number of Class A ordinary shares actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for Class A ordinary shares) and (ii) one (1) minus the quotient of (x) the price per ordinary share paid in such rights offering divided by (y) the fair market value. For these purposes (i) if the rights offering is for securities convertible into or exercisable for Class A ordinary shares, in determining the price payable for Class A ordinary shares, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) fair market value means the volume weighted average price of Class A ordinary shares as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the Class A ordinary shares trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of Class A ordinary shares on account of such Class A ordinary shares (or other shares into which the warrants are convertible), other than (a) as described above, (b) certain Class A ordinary cash dividends, (c) to satisfy the redemption rights of the holders of Class A ordinary shares in connection with a proposed initial business combination, (d) to satisfy the redemption rights of the holders of Class A ordinary shares in connection with a shareholder vote to amend our amended and restated memorandum and articles of association (i) to modify the substance or timing of our obligation to redeem 100% of our Class A ordinary shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this or (ii) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity, or (e) in connection with the redemption of our public shares upon our failure to complete our initial business combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each ordinary share in respect of such event.

If the number of outstanding Class A ordinary shares is decreased by a consolidation, combination or reclassification of Class A ordinary shares or other similar event, then, on the effective date of such consolidation, combination, reclassification or similar event, the number of Class A ordinary shares issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding Class A ordinary shares.

Whenever the number of Class A ordinary shares purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of ordinary shares purchasable upon the exercise of the warrants immediately prior to such adjustment, and (y) the denominator of which will be the number of Class A ordinary shares so purchasable immediately thereafter.

The warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. You should review a copy of the warrant agreement, which will be filed as an exhibit to the registration statement of which this prospectus is a part, for a complete description of the terms and conditions applicable to the warrants. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders of public warrants.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and

## [Table of Contents](#)

executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of Class A ordinary shares and any voting rights until they exercise their warrants and receive Class A ordinary shares. After the issuance of Class A ordinary shares upon exercise of the warrants, each holder will be entitled to one (1) vote for each share held of record on all matters to be voted on by shareholders.

In addition, if (x) we issue additional Class A ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at a Newly Issued Price of less than \$9.20 per ordinary share (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to our sponsor or its affiliates, without taking into account any founder shares held by our sponsor or such affiliates, as applicable, prior to such issuance), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination on the date of the consummation of our initial business combination (net of redemptions), and (z) the Market Value is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described above will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price.

### **Private Placement Warrants**

The private placement warrants (including the Class A ordinary shares issuable upon exercise of the private placement warrants) will not be transferable, assignable or saleable until the completion of our initial business combination (except, among other limited exceptions as described under the section of this prospectus entitled “Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants,” to our officers and directors and other persons or entities affiliated with our sponsor or the underwriters). Except as described herein, the private placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering, including as to exercise price, exercisability and exercise period.

We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information. Accordingly, unlike public shareholders who could sell the Class A ordinary shares issuable upon exercise of the warrants freely in the open market, the insiders could be significantly restricted from doing so. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

In order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. Up to \$1,500,000 of such working capital loans may be convertible into private placement-equivalent warrants at a price of \$1.00 per warrant (which, for example, would result in the holders being issued 1,500,000 warrants if \$1,500,000 of notes were so converted), at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period. The terms of such working capital loans by our sponsor or its affiliates, or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans.

In addition, holders of our private placement warrants are entitled to certain registration rights.

Our sponsor has agreed not to transfer, assign or sell any of the private placement warrants (including the Class A ordinary shares issuable upon exercise of any of the private placement warrants) until the date that the date we complete our initial business combination, except that, among other limited exceptions as described under the section of this prospectus entitled “Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants” made to our officers and directors and other persons or entities affiliated with our sponsor.

### **Rights**

Each holder of a right will receive one-tenth (1/10) of one Class A ordinary share upon consummation of our initial business combination, even if the holder of such right redeemed all Class A ordinary shares held by it in

## [Table of Contents](#)

connection with the initial business combination. No additional consideration will be required to be paid by a holder of rights in order to receive its additional shares upon consummation of an initial business combination, as the consideration related thereto has been included in the unit purchase price paid for by investors in this offering. If we enter into a definitive agreement for a business combination in which we will not be the surviving entity, the definitive agreement will provide for the holders of rights to receive the same per share consideration the holders of the Class A ordinary shares will receive in the transaction on an as-converted into Class A ordinary share basis, and each holder of a right will be required to affirmatively convert its rights in order to receive the 1/10<sup>th</sup> share underlying each right (without paying any additional consideration) upon consummation of the business combination. More specifically, the right holder will be required to indicate its election to convert the rights into underlying shares as well as to return the original rights certificates to us.

If we are unable to complete an initial business combination within the required time period and we liquidate the funds held in the trust account, holders of rights will not receive any such funds with respect to their rights, nor will they receive any distribution from our assets held outside of the trust account with respect to such rights, and the rights will expire worthless.

As soon as practicable upon the consummation of our initial business combination, we will direct registered holders of the rights to return their rights to our rights agent. Upon receipt of the rights, the rights agent will issue to the registered holder of such rights the number of full Class A ordinary shares to which it is entitled. We will notify registered holders of the rights to deliver their rights to the rights agent promptly upon consummation of such business combination and have been informed by the rights agent that the process of exchanging their rights for Class A ordinary shares should take no more than a matter of days. The foregoing exchange of rights is solely ministerial in nature and is not intended to provide us with any means of avoiding our obligation to issue the shares underlying the rights upon consummation of our initial business combination. Other than confirming that the rights delivered by a registered holder are valid, we will have no ability to avoid delivery of the shares underlying the rights. Nevertheless, there are no contractual penalties for failure to deliver securities to the holders of the rights upon consummation of an initial business combination.

The shares issuable upon conversion of the rights will be freely tradable (except to the extent held by affiliates of ours). We will not issue fractional shares upon conversion of the rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of Cayman Islands law. As a result, you must hold rights in multiples of 10 in order to receive shares for all of your rights upon closing of a business combination. If we are unable to complete an initial business combination within the required time period and we liquidate the funds held in the trust account, holders of rights will not receive any of such funds with respect to their rights, nor will they receive any distribution from our assets held outside of the trust account with respect to such rights, and the rights will expire worthless. Further, there are no contractual penalties for failure to deliver securities to the holders of the rights upon consummation of an initial business combination. Accordingly, the rights may expire worthless.

### **Dividends**

We have not paid any cash dividends on our ordinary shares to date and do not intend to pay cash dividends prior to the completion of a business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. The payment of any cash dividends subsequent to a business combination will be within the discretion of our Board of Directors at such time. If we increase or decrease the size of the offering we will effect a share dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our Class B ordinary shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our initial shareholders at 20.0% of our issued and outstanding ordinary shares upon the consummation of this offering (not including the representative shares). Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

### **Our Transfer Agent and Warrant Agent**

The transfer agent for our securities and the warrant agent for our warrants is Continental Stock Transfer & Trust Company, 1 State Street, New York, New York 10004.

## **Listing of our Securities**

We intend to apply to have our units, Class A ordinary shares, warrants and rights listed on Nasdaq under the symbols “ATAKU,” “ATAK,” “ATAKW,” and “ATAKR respectively. If approved for listing, we anticipate that our units will be listed on Nasdaq on or promptly after the effective date of the registration statement. Following the date the ordinary shares, warrants and rights are eligible to trade separately, we anticipate that the Class A ordinary shares, warrants and rights will be listed separately and as a unit on Nasdaq.

## **Certain Differences in Corporate Law**

Cayman Islands companies are governed by the Companies Act. The Companies Act is modeled on English Law but does not follow recent English Law statutory enactments, and differs from laws applicable to United States corporations and their shareholders. Set forth below is a summary of the material differences between the provisions of the Companies Act applicable to us and the laws applicable to companies incorporated in the United States and their shareholders.

*Mergers and Similar Arrangements.* In certain circumstances, the Companies Act allows for mergers or consolidations between two Cayman Islands companies, or between a Cayman Islands exempted company and a company incorporated in another jurisdiction (provided that is facilitated by the laws of that other jurisdiction).

Where the merger or consolidation is between two Cayman Islands companies, the directors of each company must approve a written plan of merger or consolidation containing certain prescribed information. That plan or merger or consolidation must then be authorized by either (a) a special resolution (usually a majority of two thirds in value who attend and vote at a general meeting) of the shareholders of each company; or (b) such other authorization, if any, as may be specified in such constituent company’s articles of association. No shareholder resolution is required for a merger between a parent company (i.e., a company that owns at least 90% of the issued shares of each class in a subsidiary company) and its subsidiary company. The consent of each holder of a fixed or floating security interest of a constituent company must be obtained, unless the court waives such requirement. If the Cayman Islands Registrar of Companies is satisfied that the requirements of the Companies Act (which includes certain other formalities) have been complied with, the Registrar of Companies will register the plan of merger or consolidation.

Where the merger or consolidation involves a foreign company, the procedure is similar, save that with respect to the foreign company, the directors of the Cayman Islands exempted company are required to make a declaration to the effect that, having made due enquiry, they are of the opinion that the requirements set out below have been met: (i) that the merger or consolidation is permitted or not prohibited by the constitutional documents of the foreign company and by the laws of the jurisdiction in which the foreign company is incorporated, and that those laws and any requirements of those constitutional documents have been or will be complied with; (ii) that no petition or other similar proceeding has been filed and remains outstanding or order made or resolution adopted to wind up or liquidate the foreign company in any jurisdictions; (iii) that no receiver, trustee, administrator or other similar person has been appointed in any jurisdiction and is acting in respect of the foreign company, its affairs or its property or any part thereof; (iv) that no scheme, order, compromise or other similar arrangement has been entered into or made in any jurisdiction whereby the rights of creditors of the foreign company are and continue to be suspended or restricted.

Where the surviving company is the Cayman Islands exempted company, the directors of the Cayman Islands exempted company are further required to make a declaration to the effect that, having made due enquiry, they are of the opinion that the requirements set out below have been met: (i) that the foreign company is able to pay its debts as they fall due and that the merger or consolidated is bona fide and not intended to defraud unsecured creditors of the foreign company; (ii) that in respect of the transfer of any security interest granted by the foreign company to the surviving or consolidated company (a) consent or approval to the transfer has been obtained, released or waived; (b) the transfer is permitted by and has been approved in accordance with the constitutional documents of the foreign company; and (c) the laws of the jurisdiction of the foreign company with respect to the transfer have been or will be complied with; (iii) that the foreign company will, upon the merger or consolidation becoming effective, cease to be incorporated, registered or exist under the laws of the relevant foreign jurisdiction; and (iv) that there is no other reason why it would be against the public interest to permit the merger or consolidation.

Where the above procedures are adopted, the Companies Act provides certain limited appraisal rights for dissenting shareholders to be paid a payment of the fair value of his shares upon their dissenting to the merger or consolidation

## [Table of Contents](#)

if they follow a prescribed procedure. In essence, that procedure is as follows (a) the shareholder must give his written objection to the merger or consolidation to the constituent company before the vote on the merger or consolidation, including a statement that the shareholder proposes to demand payment for his shares if the merger or consolidation is authorized by the vote; (b) within 20 days following the date on which the merger or consolidation is approved by the shareholders, the constituent company must give written notice to each shareholder who made a written objection; (c) a shareholder must within 20 days following receipt of such notice from the constituent company, give the constituent company a written notice of his intention to dissent including, among other details, a demand for payment of the fair value of his shares; (d) within seven days following the date of the expiration of the period set out in paragraph (b) above or seven days following the date on which the plan of merger or consolidation is filed, whichever is later, the constituent company, the surviving company or the consolidated company must make a written offer to each dissenting shareholder to purchase his shares at a price that the company determines is the fair value and if the company and the shareholder agree the price within 30 days following the date on which the offer was made, the company must pay the shareholder such amount; (e) if the company and the shareholder fail to agree a price within such 30 day period, within 20 days following the date on which such 30 day period expires, the company (and any dissenting shareholder) must file a petition with the Cayman Islands Grand Court to determine the fair value and such petition must be accompanied by a list of the names and addresses of the dissenting shareholders with whom agreements as to the fair value of their public shares have not been reached by the company. At the hearing of that petition, the court has the power to determine the fair value of the shares together with a fair rate of interest, if any, to be paid by the company upon the amount determined to be the fair value. Any dissenting shareholder whose name appears on the list filed by the company may participate fully in all proceedings until the determination of fair value is reached. These rights of a dissenting shareholder are not be available in certain circumstances, for example, to dissenters holding shares of any class in respect of which an open market exists on a recognized stock exchange or recognized interdealer quotation system at the relevant date or where the consideration for such shares to be contributed are shares of any company listed on a national securities exchange or shares of the surviving or consolidated company.

Moreover, Cayman Islands law also has separate statutory provisions that facilitate the reconstruction or amalgamation of companies in certain circumstances, schemes of arrangement will generally be more suited for complex mergers or other transactions involving widely held companies, commonly referred to in the Cayman Islands as a “scheme of arrangement” which may be tantamount to a merger. In the event that a merger was sought pursuant to a scheme of arrangement (the procedure of which are more rigorous and take longer to complete than the procedures typically required to consummate a merger in the United States), the arrangement in question must be approved by a majority in number of each class of shareholders and creditors with whom the arrangement is to be made and who must in addition represent three-fourths in value of each such class of shareholders or creditors, as the case may be, that are present and voting either in person or by proxy at an annual general meeting, or extraordinary general meeting summoned for that purpose. The convening of the meetings and subsequently the terms of the arrangement must be sanctioned by the Grand Court of the Cayman Islands. While a dissenting shareholder would have the right to express to the court the view that the transaction should not be approved, the court can be expected to approve the arrangement if it satisfies itself that:

- we are not proposing to act illegally or beyond the scope of our corporate authority and the statutory provisions as to majority vote have been complied with;
- the shareholders have been fairly represented at the general meeting in question;
- the arrangement is such as a businessman would reasonably approve; and
- the arrangement is not one that would more properly be sanctioned under some other provision of the Companies Act or that would amount to a “fraud on the minority.”

If a scheme of arrangement or takeover offer (as described below) is approved, any dissenting shareholder would have no rights comparable to appraisal rights, which would otherwise ordinarily be available to dissenting shareholders of United States corporations, providing rights to receive payment in cash for the judicially determined value of the shares.

*Squeeze-out Provisions.* When a takeover offer is made and accepted by holders of 90% of the shares to whom the offer relates is made within four months, the offeror may, within a two-month period, require the holders of the remaining shares to transfer such shares on the terms of the offer. An objection can be made to the Grand Court of

## [Table of Contents](#)

the Cayman Islands but this is unlikely to succeed unless there is evidence of fraud, bad faith, collusion or inequitable treatment of the shareholders.

Further, transactions similar to a merger, reconstruction and/or an amalgamation may in some circumstances be achieved through other means to these statutory provisions, such as a share capital exchange, asset acquisition or control, through contractual arrangements, of an operating business.

*Shareholders' Suits.* Dentons, Dinner Martin Attorneys, our Cayman Islands legal counsel, is not aware of any reported class action having been brought in a Cayman Islands court. Derivative actions have been brought in the Cayman Islands courts, and the Cayman Islands courts have confirmed the availability for such actions. In most cases, we will be the proper plaintiff in any claim based on a breach of duty owed to us, and a claim against (for example) our officers or directors usually may not be brought by a shareholder. However, based both on Cayman Islands authorities and on English authorities, which would in all likelihood be of persuasive authority and be applied by a court in the Cayman Islands, exceptions to the foregoing principle apply in circumstances in which:

- a company is acting, or proposing to act, illegally or beyond the scope of its authority;
- the act complained of, although not beyond the scope of the authority, could be effected if duly authorized by more than the number of votes which have actually been obtained; or
- those who control the company are perpetrating a "fraud on the minority."

A shareholder may have a direct right of action against us where the individual rights of that shareholder have been infringed or are about to be infringed.

*Enforcement of Civil Liabilities.* The Cayman Islands has a different body of securities laws as compared to the United States and provides less protection to investors. Additionally, Cayman Islands companies may not have standing to sue before the Federal courts of the United States.

We have been advised by Dentons, Dinner Martin Attorneys, our Cayman Islands legal counsel, that the courts of the Cayman Islands are unlikely (i) to recognize or enforce against us judgments of courts of the United States predicated upon the civil liability provisions of the federal securities laws of the United States or any state; and (ii) in original actions brought in the Cayman Islands, to impose liabilities against us predicated upon the civil liability provisions of the federal securities laws of the United States or any state, so far as the liabilities imposed by those provisions are penal in nature. In those circumstances, although there is no statutory enforcement in the Cayman Islands of judgments obtained in the United States, the courts of the Cayman Islands will recognize and enforce a foreign money judgment of a foreign court of competent jurisdiction without retrial on the merits based on the principle that a judgment of a competent foreign court imposes upon the judgment debtor an obligation to pay the sum for which judgment has been given provided certain conditions are met. For a foreign judgment to be enforced in the Cayman Islands, such judgment must be final and conclusive and for a liquidated sum, and must not be in respect of taxes or a fine or penalty, inconsistent with a Cayman Islands judgment in respect of the same matter, impeachable on the grounds of fraud or obtained in a manner, and or be of a kind the enforcement of which is, contrary to natural justice or the public policy of the Cayman Islands (awards of punitive or multiple damages may well be held to be contrary to public policy). A Cayman Islands Court may stay enforcement proceedings if concurrent proceedings are being brought elsewhere.

*Special Considerations for Exempted Companies.* We are an exempted company with limited liability under the Companies Act. The Companies Act distinguishes between ordinary resident companies and exempted companies. Any company that is registered in the Cayman Islands but conducts business mainly outside of the Cayman Islands may apply to be registered as an exempted company. The requirements for an exempted company are essentially the same as for an ordinary company except for the exemptions and privileges listed below:

- an exempted company does not have to file an annual return of its shareholders with the Registrar of Companies;
- an exempted company's register of members is not open to inspection;
- an exempted company does not have to hold an annual general meeting;

## [Table of Contents](#)

- an exempted company may issue shares with no par value;
- an exempted company may obtain an undertaking against the imposition of any future taxation (such undertakings are usually given for 20 years in the first instance);
- an exempted company may register by way of continuation in another jurisdiction and be deregistered in the Cayman Islands;
- an exempted company may register as a limited duration company; and
- an exempted company may register as a segregated portfolio company.

“Limited liability” means that the liability of each shareholder is limited to the amount unpaid by the shareholder on the shares of the company (except in exceptional circumstances, such as involving fraud, the establishment of an agency relationship or an illegal or improper purpose or other circumstances in which a court may be prepared to pierce or lift the corporate veil).

### **Our Amended and Restated Memorandum and Articles of Association**

Our amended and restated memorandum and articles of association will contain certain requirements and restrictions relating to this offering that will apply to us until the completion of our initial business combination. These provisions cannot be amended without a special resolution. As a matter of Cayman Islands law, a resolution is deemed to be a special resolution where it has been approved by either (i) at least two-thirds (or any higher threshold specified in a company’s articles of association) of a company’s shareholders who attend and vote at a general meeting for which notice specifying the intention to propose the resolution as a special resolution has been given; or (ii) if so authorized by a company’s articles of association, by a unanimous written resolution of all of the company’s shareholders. Our amended and restated memorandum and articles of association will provide that special resolutions must be approved either by at least two-thirds of our shareholders who attend and vote at a general meeting for which notice specifying the intention to propose the resolution as a special resolution has been given (i.e., the lowest threshold permissible under Cayman Islands law), or by a unanimous written resolution of all of our shareholders.

Our sponsor, who will beneficially own 20% of our ordinary shares upon the closing of this offering, will participate in any vote to amend our amended and restated memorandum and articles of association and will have the discretion to vote in any manner it chooses. Specifically, our amended and restated memorandum and articles of association will provide, among other things, that:

- if we are unable to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, subject to lawfully available funds therefor, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account (including interest earned on the funds held in the trust account, which interest shall be net of applicable taxes payable and less up to \$50,000 of interest to pay dissolution expenses) divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our Board of Directors, liquidate and dissolve;
- prior to our initial business combination, we may not issue additional ordinary shares that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination;
- although we do not intend to enter into a business combination with a target business that is affiliated with our Sponsor, our directors or our officers, we are not prohibited from doing so. In the event we enter into such a transaction, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm or another independent firm that commonly renders valuation opinions that such a business combination is fair to our company from a financial point of view;

## [Table of Contents](#)

- if a shareholder vote on our initial business combination is not required by law and we do not decide to hold a shareholder vote for business or other legal reasons, we will offer to redeem our public shares pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, and will file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about our initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act;
- so long as we obtain and maintain a listing for our securities on the NASDAQ, our initial business combination must occur with one or more target businesses that together have an aggregate fair market value of at least 80% of our assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the income earned on the trust account) at the time of the agreement to enter into the initial business combination;
- If our shareholders approve an amendment to our amended and restated memorandum and articles of association that would (i) modify the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering or (ii) with respect to the other provisions relating to shareholders' rights or pre-business combination activity, we will provide our public shareholders with the opportunity to redeem all or a portion of their Class A ordinary shares upon such approval at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account (including interest earned on the funds held in the trust account and not previously released to us, which interest shall be net of applicable taxes payable), divided by the number of then outstanding public shares; and
- we will not effectuate our initial business combination with another blank check company or a similar company with nominal operations.

In addition, our amended and restated memorandum and articles of association will provide that under no circumstances will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 either immediately prior to or immediately after the consummation of our initial business combination.

The Companies Act permits a company incorporated in the Cayman Islands to amend its memorandum and articles of association with the approval of the holders of at least two-thirds of such company's issued and outstanding ordinary shares. A company's articles of association may specify that the approval of a higher majority is required but, provided the approval of the required majority is obtained, any Cayman Islands exempted company may amend its memorandum and articles of association regardless of whether its memorandum and articles of association provides otherwise. Accordingly, although we could amend any of the provisions relating to our proposed offering, structure and business plan which are contained in our amended and restated memorandum and articles of association, we view all of these provisions as binding obligations to our shareholders and neither we, nor our officers or directors, will take any action to amend or waive any of these provisions unless we provide dissenting public shareholders with the opportunity to redeem their public shares.

### **Anti-Money Laundering — Cayman Islands**

If any person in the Cayman Islands knows or suspects or has reasonable grounds for knowing or suspecting that another person is engaged in criminal conduct or money laundering or is involved with terrorism or terrorist financing and property and the information for that knowledge or suspicion came to their attention in the course of business in the regulated sector, or other trade, profession, business or employment, the person will be required to report such knowledge or suspicion to (i) the Financial Reporting Authority of the Cayman Islands, pursuant to the Proceeds of Crime Act (As Revised) of the Cayman Islands if the disclosure relates to criminal conduct or money laundering, or (ii) a police officer of the rank of constable or higher, or the Financial Reporting Authority, pursuant to the Terrorism Act (As Revised) of the Cayman Islands, if the disclosure relates to involvement with terrorism or terrorist financing and property. Such a report shall not be treated as a breach of confidence or of any restriction upon the disclosure of information imposed by any enactment or otherwise.

We will only transfer personal data in accordance with the requirements of the DPA, and will apply appropriate technical and organizational information security measures designed to protect against unauthorized or unlawful processing of the personal data and against the accidental loss, destruction or damage to the personal data.

In our use of this personal data, we will be characterized as a “data controller” for the purposes of the DPA, while our affiliates and service providers who may receive this personal data from us in the conduct of our activities may either act as our “data processors” for the purposes of the DPA or may process personal information for their own lawful purposes in connection with services provided to us.

We may also obtain personal data from other public sources. Personal data includes, without limitation, the following information relating to a shareholder and/or any individuals connected with a shareholder as an investor: name, residential address, email address, contact details, corporate contact information, signature, nationality, place of birth, date of birth, tax identification, credit history, correspondence records, passport number, bank account details, source of funds details and details relating to the shareholder’s investment activity.

#### ***Who this Affects***

If you are a natural person, this will affect you directly. If you are a corporate investor (including, for these purposes, legal arrangements such as trusts or exempted limited partnerships) that provides us with personal data on individuals connected to you for any reason in relation your investment in the company, this will be relevant for those individuals and you should transmit the content of this Privacy Notice to such individuals or otherwise advise them of its content.

We shall notify you of any personal data breach that is reasonably likely to result in a risk to your interests, fundamental rights or freedoms or those data subjects to whom the relevant personal data relates.

### **Certain Anti-Takeover Provisions of our Amended and Restated Memorandum and Articles of Association**

Our authorized but unissued ordinary shares are available for future issuances without shareholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved ordinary shares could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

### **Limitation on Liability and Indemnification of Officers and Directors**

Cayman Islands law does not limit the extent to which a company's memorandum and articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against willful default, fraud or the consequences of committing a crime. Our amended and restated memorandum and articles of association will provide for indemnification of our officers and directors to the maximum extent permitted by law, including for any liability incurred in their capacities as such, except through their own actual fraud or willful default. We may purchase a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

## SHARES ELIGIBLE FOR FUTURE SALE

Immediately after this offering, we will have 25,300,000 ordinary shares outstanding, or 29,095,000 shares if the over-allotment option is exercised in full. Of these shares, the 20,000,000 shares sold in this offering, or 23,000,000 shares if the over-allotment option is exercised in full, will be freely tradable without restriction or further registration under the Securities Act, except for any shares purchased by one of our affiliates within the meaning of Rule 144 under the Securities Act. All of the remaining shares are restricted securities under Rule 144, in that they were issued in private transactions not involving a public offering. All of those shares have been placed in escrow and will not be transferable until they are released except in limited circumstances described elsewhere in this prospectus.

### Rule 144

A person who has beneficially owned restricted ordinary shares or warrants for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been one of our affiliates at the time of, or at any time during the three months preceding, a sale and (ii) we are subject to the Exchange Act periodic reporting requirements for at least three months before the sale. Persons who have beneficially owned restricted ordinary shares for at least six months but who are our affiliates at the time of, or any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period a number of shares that does not exceed the greater of either of the following:

- 1% of the number of ordinary shares then outstanding, which will equal 253,000 shares immediately after this offering (or 290,950 if the over-allotment option is exercised in full); and
- the average weekly trading volume of the ordinary shares during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about us.

### Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Historically, the SEC staff had taken the position that Rule 144 is not available for the resale of securities initially issued by companies that are, or previously were, blank check companies, like us. The SEC has codified and expanded this position in the amendments discussed above by prohibiting the use of Rule 144 for resale of securities issued by any shell companies (other than business combination related shell companies) or any issuer that has been at any time previously a shell company. The SEC has provided an important exception to this prohibition, however, if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, it is likely that pursuant to Rule 144, our sponsor will be able to sell its founder shares freely without registration one year after we have completed our initial business combination assuming it is not an affiliate of ours at that time.

### Registration Rights

The holders of the (i) founder shares, which were issued in a private placement prior to the closing of this offering, (ii) private placement warrants, which will be issued in a private placement simultaneously with the closing of this

offering and the Class A ordinary shares underlying such private placement warrants, (iii) the representative shares, which will be issued in a private placement simultaneously with the closing of this offering, and (iv) the warrants that may be issued upon conversion of working capital loans will have registration rights to require us to register a sale of any of our securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering, requiring us to register such securities for resale. The holders of the majority of these securities are entitled to make up to three demands, excluding short form demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of our initial business combination and rights to require us to register for resale such securities pursuant to Rule 415 under the Securities Act. However, the registration rights agreement provides that we will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable lock-up period as described here. Notwithstanding the foregoing, the underwriters may not exercise their demand and “piggyback” registration rights after five (5) and seven (7) years after the effective date of the registration statement of which this prospectus forms a part and may not exercise their demand rights on more than one occasion. We will bear the expenses incurred in connection with the filing of any such registration statements.

## MATERIAL INCOME TAX CONSIDERATIONS

The following summary of certain Cayman Islands and U.S. federal income tax considerations relevant to an investment in our units, ordinary shares, warrants and rights is based upon laws and relevant interpretations thereof in effect as of the date of this prospectus, all of which are subject to change. This summary does not deal with all possible tax consequences relating to an investment in our ordinary shares, warrants and rights, such as the tax consequences under state, local and other tax laws. For U.S. taxpayers, the following assumes you purchase the securities in this offering and will hold them as capital assets within the meaning of the Internal Revenue Code of 1986, as amended (the "Code").

Prospective investors should consult their professional advisors on the possible tax consequences of buying, holding or selling any securities under the laws of their country of citizenship, residence or domicile.

### Cayman Islands Taxation

The following is a discussion on certain Cayman Islands income tax consequences of an investment in our securities. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

### Under Existing Cayman Islands Laws

Payments of dividends and capital in respect of our securities will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of a dividend or capital to any holder of the securities nor will gains derived from the disposal of the securities be subject to Cayman Islands income or corporate tax. The Cayman Islands currently has no income, corporate or capital gains tax and no estate duty, inheritance tax or gift tax.

No stamp duty is payable in respect of the issue of our securities or on an instrument of transfer in respect of our securities. However, an instrument of transfer in respect of our securities, including our warrants, is stampable if executed in or brought into the Cayman Islands.

The Company has been incorporated under the laws of the Cayman Islands as an exempted company with limited liability and, as such, has applied for and received an undertaking from the Financial Secretary of the Cayman Islands in the following form:

The Tax Concessions Act  
(As Revised)  
Undertaking as to Tax Concessions

In accordance with the provision of section 6 of The Tax Concessions Act (As Revised), the Financial Secretary undertakes with Aurora Technology Acquisition Corp. ("the Company").

- 1 That no law which is hereafter enacted in the Cayman Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to the Company or its operations; and
- 2 In addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable:
  - 2.1 On or in respect of the shares, debentures or other obligations of the Company;
- OR
- 2.2 by way of the withholding in whole or part, of any relevant payment as defined in Section 6(3) of the Tax Concessions Act (As Revised).
- 3 These concessions shall be for a period of twenty years from the date hereof.

## Certain U.S. Federal Income Tax Considerations

### General

This discussion does not address all of the U.S. federal income and estate tax considerations that may be relevant to you in light of your particular circumstances, and it does not describe all of the tax consequences that may be relevant to persons subject to special rules, such as:

- certain financial institutions;
- insurance companies;
- dealers and traders in securities or foreign currencies;
- persons holding our securities as part of a hedge, straddle, conversion transaction or other integrated transaction;
- former citizens or residents of the United States;
- U.S. persons whose functional currency for U.S. federal income tax purposes is not the U.S. dollar;
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes;
- persons liable for the alternative minimum tax; and
- tax-exempt organizations.

The following does not discuss any aspect of state, local or non-U.S. taxation. This discussion is based on current provisions of the Code, Treasury regulations, judicial opinions, published positions of the U.S. Internal Revenue Service (“IRS”) and all other applicable authorities, all of which are subject to change, possibly with retroactive effect.

If an entity that is treated as a partnership for U.S. federal income tax purposes holds our securities, the tax treatment of a partner will generally depend on the status of the partner and the activities of the entity. If you are a partner in such an entity, you should consult your tax advisor.

### **WE URGE PROSPECTIVE INVESTORS TO CONSULT THEIR TAX ADVISORS REGARDING THE U.S. FEDERAL, STATE, LOCAL AND NON-U.S. INCOME, ESTATE AND OTHER TAX CONSIDERATIONS WITH RESPECT TO ACQUIRING, HOLDING AND DISPOSING OF OUR SECURITIES.**

No statutory, administrative or judicial authority directly addresses the treatment of a unit or instruments similar to a unit for U.S. federal income tax purposes, and therefore, that treatment is not entirely clear. Each unit should be treated for U.S. federal income tax purposes as an investment unit consisting of one ordinary share and one warrant to acquire one ordinary share, subject to adjustment. We intend to treat the acquisition of a unit in this manner and, by purchasing a unit, you must adopt such treatment for applicable tax purposes. In determining your basis for the ordinary share and one warrant composing a unit, you should allocate your purchase price for the unit between the components on the basis of their relative fair market values at the time of issuance.

The foregoing treatment of the ordinary shares, warrants and rights and a holder’s purchase price allocation are not binding on the IRS or the courts. Because there are no authorities that directly address instruments that are similar to the units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Accordingly, each prospective investor is urged to consult its tax advisor regarding the tax consequences of an investment in a unit (including alternative characterizations of a unit). The balance of this discussion assumes that the characterization of the units described above is respected for U.S. federal income tax purposes.

### U.S. Holders

This section is addressed to U.S. holders of our securities. For purposes of this discussion, you are a “U.S. holder” if you are a beneficial owner of a security that is:

- an individual citizen or resident of the United States for U.S. federal income tax purposes;

## Table of Contents

- a corporation, or other entity taxable as a corporation, created or organized in, or under the laws of, the United States or any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust, if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons (as defined in the Code) have authority to control all substantial decisions of the trust or (ii) it has a valid election in effect under Treasury regulations to be treated as a U.S. person.

### *Dividends and Distributions*

Subject to the passive foreign investment company (“PFIC”) rules discussed below, a U.S. holder generally will be required to include in gross income any cash distribution paid on our ordinary shares that is treated as a dividend for U.S. federal income tax purposes. A cash distribution on such shares generally will be treated as a dividend for U.S. federal income tax purposes to the extent the distribution is paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Such dividends paid by us will be taxable to a corporate U.S. holder at regular rates and will not be eligible for the dividends-received deduction generally allowed to domestic corporations in respect of dividends received from other domestic corporations.

Distributions in excess of our current or accumulated earnings and profits generally will first reduce your basis in the ordinary shares (but not below zero) and then will be treated as gain realized on the sale or other disposition of the ordinary shares (as described in the first paragraph under “— Sale or Other Disposition or Redemption of Ordinary shares” below).

With respect to non-corporate U.S. holders, under tax laws currently in effect, dividends generally will be taxed at the lower applicable long-term capital gains rate (see “Sale or Other Disposition or Redemption of Ordinary shares” below) only if our ordinary shares are readily tradable on an established securities market in the United States and certain other requirements are met. U.S. holders should consult their own tax advisors regarding the availability of the lower rate for any dividends paid with respect to our ordinary shares.

The redemption feature of the ordinary shares described under “Proposed Business — Effecting a Business Combination — Redemption Rights” may be viewed as a position with respect to substantially similar or related property which diminishes your risk of loss and thereby affects your ability to satisfy the holding period requirements for the dividends received deduction or the preferential tax rate on qualified dividend income with respect to the time period prior to the approval of an initial business combination.

### *Sale or Other Disposition or Redemption of Ordinary shares*

Gain or loss you realize on the sale or other disposition of our ordinary shares (other than redemption into cash but including a liquidation in the event we do not consummate a business combination within the required time) will be capital gain or loss. The amount of your gain or loss will be equal to the difference between your tax basis in the ordinary shares disposed of and the amount realized on the disposition. The deductibility of capital losses is subject to limitations. Any capital gain or loss you realize on a sale or other disposition of our ordinary shares will generally be long-term capital gain or loss if your holding period for the ordinary shares is more than one year. However, the redemption feature of the ordinary shares described under “Proposed Business — Effecting a Business Combination — Redemption Rights” could affect your ability to satisfy the holding period requirements for the long-term capital gain tax rate with respect to the time period prior to the approval of an initial business combination.

If you redeem your ordinary shares into a right to receive cash as described in “Proposed Business — Effecting a Business Combination — Redemption Rights,” the redemption generally will be treated as a sale of ordinary shares described in the preceding paragraph (rather than as a dividend or distribution). The redemption will, however, be treated as a dividend or distribution and taxed as described in “— Dividends and Distributions” above if your percentage ownership in us (including shares that you are deemed to own under certain attribution rules, such as the shares into which the warrants are exercisable) after the redemption is not meaningfully reduced from what your percentage ownership was prior to the redemption. If you have a relatively minimal share interest and, taking into account the effect of redemption by other shareholders, your percentage ownership in us is reduced as a result of the redemption, you may be regarded as having suffered a meaningful reduction in interest. For example, the IRS has

## [Table of Contents](#)

ruled that a reduction in a shareholder's proportionate interest constituted a "meaningful reduction" in a transaction in which a holder held less than 1% of the shares of a corporation and did not have management control over the corporation. You should consult your own tax advisor as to whether redemption of your ordinary shares will be treated as a sale or as a dividend under the Code and, if you actually or constructively own 5% (or, if our public shares is not then publicly traded, 1%) or more of our ordinary shares before redemption, whether you are subject to special reporting requirements with respect to such redemption.

### *Sale or Other Disposition, Exercise or Expiration of Warrants*

Upon the sale or other disposition of a warrant (other than by exercise), and subject to the PFIC rules discussed below, you will generally recognize capital gain or loss equal to the difference between the amount realized on the sale or other disposition and your tax basis in the warrant. This capital gain or loss will be long-term capital gain or loss if, at the time of the sale or other disposition, the warrant has been held by you for more than one year. The deductibility of capital losses is subject to limitations.

In general, you will not be required to recognize income, gain or loss upon exercise of a warrant for its exercise price. Your basis in an ordinary share received upon exercise will be equal to the sum of (1) your basis in the warrant and (2) the exercise price of the warrant. Your holding period in the shares received upon exercise will commence on the day after you exercise the warrants (or possibly the date of exercise). Although there is no direct legal authority as to the U.S. federal income tax treatment of an exercise of a warrant on a cashless basis, we intend to take the position that such exercise will not be taxable, either because the exercise is not a gain realization event or because it qualifies as a tax-free recapitalization. In the former case, the holding period of the ordinary shares should commence on the day after the warrant is exercised (or possibly the date of exercise). In the latter case, the holding period of the ordinary shares would include the holding period of the exercised warrants. However, our position is not binding on the IRS and the IRS may treat a cashless exercise of a warrant as a taxable exchange. You are urged to consult your own tax advisor as to the consequences of an exercise of a warrant on a cashless basis.

If a warrant expires without being exercised, you will recognize a capital loss in an amount equal to your basis in the warrant. Such loss will be long-term capital loss if, at the time of the expiration, the warrant has been held by you for more than one year. The deductibility of capital losses is subject to limitations.

### *Constructive Dividends on Warrants*

As discussed under "Dividend Policy" above, we do not anticipate that any dividends will be paid in the foreseeable future. If at any time during the period you hold warrants, however, we were to pay a taxable dividend to our shareholders and, in accordance with the anti-dilution provisions of the warrants, the conversion rate of the warrants were increased, that increase would be deemed to be the payment of a taxable dividend to you to the extent of our earnings and profits, notwithstanding the fact that you will not receive a cash payment. If the conversion rate is adjusted in certain other circumstances (or in certain circumstances, there is a failure to make adjustments), such adjustments may also result in the deemed payment of a taxable dividend to you. You should consult your tax advisor regarding the proper treatment of any adjustments to the warrants.

### *Unearned Income Medicare Tax*

A 3.8% Medicare contribution tax will generally apply to all or some portion of the net investment income of a U.S. holder that is an individual with adjusted gross income that exceeds a threshold amount (\$250,000 if married filing jointly or if considered a "surviving spouse" for federal income tax purposes, \$125,000 if married filing separately, and \$300,000 in other cases). This 3.8% tax will also apply to all or some portion of the undistributed net investment income of certain U.S. holders that are estates and trusts. For these purposes, dividends and gains from the taxable dispositions of the ordinary shares, warrants and rights will generally be taken into account in computing such a U.S. holder's net investment income.

### *Information Reporting and Backup Withholding*

Information returns may be filed with the IRS with respect to dividends or other distributions we may pay to you and proceeds from the sale of your ordinary shares or warrants. You will be subject to backup withholding on

## [Table of Contents](#)

these payments if you fail to provide your taxpayer identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. Backup withholding is not an additional tax. Any amounts withheld with respect to your ordinary shares or warrants under the backup withholding rules will be refunded to you or credited against your United States federal income tax liability, if any, by the IRS provided that certain required information is furnished to the IRS in a timely manner.

### **Non-U.S. Holders**

This section is addressed to non-U.S. holders of the securities. For purposes of this discussion, a “non-U.S. holder” is a beneficial owner of a security (other than an entity treated as a partnership for U.S. federal income tax purposes) that is not a U.S. holder.

#### *Dividends and Distributions*

As discussed under “Dividend Policy” above, we do not anticipate that any dividends will be paid in the foreseeable future. If, however, we were to pay taxable dividends to you with respect to your ordinary shares (including any deemed distributions treated as a dividend on the warrants, as described in “— Constructive Dividends on Warrants” below), those dividends would generally be subject to United States withholding tax at a rate of 30% of the gross amount, unless you are eligible for a reduced rate of withholding tax under an applicable income tax treaty and you provide proper certification of your eligibility for such reduced rate (usually on an IRS Form W-8BEN or Form W-8BEN-E). A distribution generally will constitute a dividend for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits as determined under the Code. Any distribution not constituting a dividend generally will be treated first as reducing your basis in your ordinary shares and, to the extent it exceeds your basis, as gain from the disposition of your ordinary shares treated as described under “Sale or Other Disposition of Ordinary shares or Warrants” below. The full amount of any distributions to you may, however, be subject to United States withholding tax unless the applicable withholding agent elects to withhold a lesser amount based on a reasonable estimate of the amount of the distribution that would be treated as a dividend. In addition, if we determine that we are likely to be classified as a “United States real property holding corporation” (see “Sale or Other Disposition of Ordinary shares or Warrants” below), we will withhold at least 10% of any distribution that exceeds our current and accumulated earnings and profits as provided by the Code.

Dividends we pay to you that are effectively connected with your conduct of a trade or business within the United States (and, if certain income tax treaties apply, are attributable to a United States permanent establishment maintained by you) generally will not be subject to United States withholding tax if you comply with applicable certification and disclosure requirements (usually by providing an IRS Form W-8ECI). Instead, such dividends generally will be subject to United States federal income tax, net of certain deductions, at the same graduated individual or corporate rates applicable to United States persons. If you are a corporation, effectively connected income may also be subject to a “branch profits tax” at a rate of 30% (or such lower rate as may be specified by an applicable income tax treaty).

#### *Exercise of Warrants*

You generally will not be subject to U.S. federal income tax on the exercise of the warrants into ordinary shares. However, if a cashless exercise of warrants results in a taxable exchange, as described in “— U.S. Holders — Sale or Other Disposition, Exercise or Expiration of Warrants,” the rules described below under “Sale or Other Disposition of Ordinary shares or Warrants” would apply.

#### *Sale or Other Disposition of Ordinary shares or Warrants*

You generally will not be subject to United States federal income tax on any gain realized upon the sale, exchange or other disposition of our ordinary shares (which would include a dissolution and liquidation in the event we do not consummate an initial business combination within the required timeframe) or warrants (including an expiration or redemption of our warrants) unless:

- the gain is effectively connected with your conduct of a trade or business within the United States (and, under certain income tax treaties, is attributable to a United States permanent establishment you maintain);

## [Table of Contents](#)

- you are an individual, you hold your ordinary shares or warrants as capital assets, you are present in the United States for 183 days or more in the taxable year of disposition and you meet other conditions, and you are not eligible for relief under an applicable income tax treaty; or
- we are or have been a “United States real property holding corporation” for United States federal income tax purposes and, in the case where the ordinary shares are regularly traded on an established securities market, you hold or have held, directly or indirectly, at any time within the shorter of the five-year period preceding disposition or your holding period for your ordinary shares or warrants, more than 5% of our ordinary shares. Special rules may apply to the determination of the 5% threshold in the case of a holder of a warrant. You are urged to consult your own tax advisors regarding the effect of holding the warrants on the calculation of such 5% threshold. We will be classified as a United States real property holding corporation if the fair market value of our “United States real property interests” equals or exceeds 50% of the sum of (1) the fair market value of our United States real property interests, (2) the fair market value of our non-United States real property interests and (3) the fair market value of any other of our assets which are used or held for use in our trade or business. Although we currently are not a United States real property holding corporation, we cannot determine whether we will be a United States real property holding corporation in the future until we consummate an initial business combination.

Gain that is effectively connected with your conduct of a trade or business within the United States generally will be subject to United States federal income tax, net of certain deductions, at the same rates applicable to United States persons. If you are a corporation, the branch profits tax also may apply to such effectively connected gain. If the gain from the sale or disposition of your ordinary shares or warrants is effectively connected with your conduct of a trade or business in the United States but under an applicable income tax treaty is not attributable to a permanent establishment you maintain in the United States, your gain may be exempt from United States tax under the treaty. If you are described in the second bullet point above, you generally will be subject to United States federal income tax at a rate of 30% on the gain realized, although the gain may be offset by some United States source capital losses realized during the same taxable year. If you are described in the third bullet point above, gain recognized by you on the sale, exchange or other disposition of ordinary shares or warrants will be subject to U.S. federal income tax on a net income basis at normal graduated U.S. federal income tax rates. In addition, a buyer of your ordinary shares or warrants may be required to withhold United States income tax at a rate of 15% of the amount realized upon such disposition.

If you convert your ordinary shares into a right to receive cash as described in “Proposed Business — Effecting a Business Combination — Redemption Rights,” the redemption generally will be treated as a sale of ordinary shares rather than as a dividend or distribution. The redemption will, however, be treated as a dividend or distribution and taxed as described in “Dividends and Distributions” if your percentage ownership in us (including shares that you are deemed to own under certain attribution rules, such as the shares into which the warrants are exercisable) after the redemption is not meaningfully reduced from what your percentage ownership was prior to the redemption. See the discussion in “— U.S. Holders — Sale or Other Disposition or Redemption of Ordinary shares.” You should consult your own tax advisor as to whether redemption of your ordinary shares will be treated as a sale or as a dividend under the Code.

### *Constructive Dividends on Warrants*

As discussed under “Dividend Policy” above, we do not anticipate that any dividends will be paid in the foreseeable future. If at any time during the period you hold warrants, however, we were to pay a taxable dividend to our shareholders and, in accordance with the anti-dilution provisions of the warrants, the conversion rate of the warrants were increased, that increase would be deemed to be the payment of a taxable dividend to you to the extent of our earnings and profits, notwithstanding the fact that you will not receive a cash payment. If the conversion rate is adjusted in certain other circumstances (or in certain circumstances, there is a failure to make adjustments), such adjustments may also result in the deemed payment of a taxable dividend to you. Any resulting withholding tax attributable to deemed dividends would be collected from other amounts payable or distributable to you. You should consult your tax advisor regarding the proper treatment of any adjustments to the warrants.

### *Information Reporting and Backup Withholding*

We must report annually to the IRS the amount of dividends or other distributions we may pay to you on your ordinary shares and the amount of tax we withhold on any such distributions regardless of whether withholding is required. The IRS may make copies of the information returns reporting those dividends and amounts withheld available to the tax authorities in the country in which you reside pursuant to the provisions of an applicable income tax treaty or exchange of information treaty.

The United States imposes backup withholding on dividends and certain other types of payments to United States persons. You will not be subject to backup withholding on dividends you receive on your ordinary shares if you provide proper certification (usually on an IRS Form W-8BEN or Form W-8BEN-E) of your status as a non-United States person or you are a corporation or one of several types of entities and organizations that qualify for exemption (an “exempt recipient”).

Information reporting and backup withholding generally are not required with respect to the amount of any proceeds from the sale of your ordinary shares or warrants outside the United States through a foreign office of a foreign broker that does not have certain specified connections to the United States. However, if you sell your ordinary shares or warrants through a United States broker or the United States office of a foreign broker, the broker will be required to report to the IRS the amount of proceeds paid to you unless you provide appropriate certification (usually on an IRS Form W-8BEN or Form W-8BEN-E) to the broker of your status as a non-United States person or you are an exempt recipient. Information reporting also would apply if you sell your ordinary shares or warrants through a foreign broker deriving more than a specified percentage of its income from United States sources or having certain other connections to the United States.

Backup withholding is not an additional tax. Any amounts withheld with respect to your ordinary shares or warrants under the backup withholding rules will be refunded to you or credited against your United States federal income tax liability, if any, by the IRS provided that certain required information is furnished to the IRS in a timely manner.

### *Estate Tax*

Ordinary shares owned or treated as owned by an individual who is not a citizen or resident (as defined for United States federal estate tax purposes) of the United States at the time of his or her death, or by an entity the property of which is potentially includible in such an individual’s gross estate, will be included in the individual’s gross estate for United States federal estate tax purposes and therefore may be subject to United States federal estate tax unless an applicable estate tax treaty provides otherwise. The foregoing may also apply to warrants.

### *Unearned Income Medicare Tax*

If you are a foreign estate or trust, you may be subject to the Medicare contribution tax described under “U.S. Holders — Unearned Income Medicare Tax” above. Non-U.S. holders should consult their tax advisors regarding the possible implications of the Medicare contribution tax on their investments in the units.

### **FATCA**

A 30% withholding tax will be imposed on payments to certain foreign entities of U.S.-source dividends, unless information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied or an exemption has otherwise been established. The IRS has issued proposed regulations (on which taxpayers may rely until final regulations are issued) that would generally not apply these withholding requirements to gross proceeds from sales or other disposition proceeds from our units, ordinary shares, warrants and rights. Potential investors should consult their tax advisors regarding the possible implications of this withholding tax on their investment in the units.

### **Passive Foreign Investment Company Rules**

A foreign corporation will be a PFIC for U.S. federal income tax purposes if at least 75% of its gross income in a taxable year, including its pro rata share of the gross income of any corporation in which it is considered to own

## [Table of Contents](#)

at least 25% of the shares by value, is passive income. Alternatively, a foreign corporation will be a PFIC if at least 50% of its assets in a taxable year of the foreign corporation, ordinarily determined based on fair market value and averaged quarterly over the year, including its pro rata share of the assets of any corporation in which it is considered to own at least 25% of the shares by value, are held for the production of, or produce, passive income. Passive income generally includes dividends, interest, rents and royalties (other than rents or royalties derived from the active conduct of a trade or business) and gains from the disposition of passive assets.

Because we are a blank check company, with no current active business, we believe that it is likely that we will meet the PFIC asset or income test for periods prior to the acquisition of a company or assets in a business combination. Pursuant to a start-up exception, however, a corporation will not be a PFIC for the first taxable year the corporation has gross income (the “start-up year”), if (1) no predecessor of the corporation was a PFIC; (2) the corporation satisfies the IRS that it will not be a PFIC for either of the first two taxable years following the start-up year; and (3) the corporation is not in fact a PFIC for either of those years. The applicability of the start-up exception to us will not be known until after the close of our current taxable year and, possibly not until after the close of our next taxable year. After the acquisition of a company or assets in a business combination, we may still meet one of the PFIC tests depending on the timing of the acquisition and the amount of our passive income and assets as well as the passive income and assets of the acquired business. If the company that we acquire in a business combination is a PFIC, then we will likely not qualify for the start-up exception and will be a PFIC since our inception. Our actual PFIC status for our current taxable year or any subsequent taxable year, however, will not be determinable until after the end of such taxable year. Accordingly, there can be no assurance with respect to our status as a PFIC for our current taxable year or any future taxable year.

If we are determined to be a PFIC for any taxable year (or portion thereof) that is included in the holding period of a U.S. holder of our ordinary shares or warrants and, in the case of our ordinary shares, the U.S. holder did not make either a timely qualified electing fund (“QEF”) election for our first taxable year as a PFIC in which the U.S. holder held (or was deemed to hold) ordinary shares or a valid mark-to-market” election, in each case as described below, such holder generally will be subject to special rules with respect to: (i) any gain recognized by the U.S. holder on the sale or other disposition of its ordinary shares or warrants; and (ii) any “excess distribution” made to the U.S. holder (generally, any distributions to such U.S. holder during a taxable year of the U.S. holder that are greater than 125% of the average annual distributions received by such U.S. holder in respect of the ordinary shares during the three preceding taxable years of such U.S. holder or, if shorter, such U.S. holder’s holding period for the ordinary shares).

Under these rules:

- the amount allocated to the U.S. holder’s taxable year in which the U.S. holder recognized gain or received the excess distribution, or to the period in the U.S. holder’s holding period before the first day of our first taxable year in which we are a PFIC, will be taxed as ordinary income;
- the amount allocated to other taxable years (or portions thereof) of the U.S. holder and included in its holding period will be taxed at the highest tax rate in effect for that year and applicable to the U.S. holder; and
- the interest charge generally applicable to underpayments of tax will be imposed in respect of the tax attributable to each such other taxable year of the U.S. holder.

In general, if we are determined to be a PFIC, a U.S. holder will avoid the PFIC tax consequences described above in respect to our ordinary shares by making either (i) a timely QEF election to include in income its pro rata share of our net capital gains (as long-term capital gain) and other earnings and profits (as ordinary income), on a current basis, in each case whether or not distributed, in the taxable year of the U.S. holder in which or with which our taxable year ends or (ii) a valid “mark-to-market” election. A U.S. holder may make a separate election to defer the payment of taxes on undistributed income inclusions under the QEF rules, but if deferred, any such taxes will be subject to an interest charge.

A U.S. holder may not make a QEF election with respect to its warrants to acquire our ordinary shares. As a result, if a U.S. holder sells or otherwise disposes of such warrants (other than upon exercise of such warrants), any gain recognized generally will be subject to the special tax and interest charge rules treating the gain as an excess distribution, as described above, if we were a PFIC at any time during the period the U.S. holder held the

## [Table of Contents](#)

warrants. If a U.S. holder that exercises such warrants properly makes a QEF election with respect to the newly acquired ordinary shares (or has previously made a QEF election with respect to our ordinary shares), the QEF election will apply to the newly acquired ordinary shares, but the adverse tax consequences relating to PFIC shares, adjusted to take into account the current income inclusions resulting from the QEF election, will continue to apply with respect to such newly acquired ordinary shares (which generally will be deemed to have a holding period for purposes of the PFIC rules that includes the period the U.S. holder held the warrants), unless the U.S. holder makes a purging election under the PFIC rules. The purging election creates a deemed sale of such shares at their fair market value. The gain recognized by the purging election will be subject to the special tax and interest charge rules treating the gain as an excess distribution, as described above. As a result of the purging election, the U.S. holder will have a new basis and holding period in the ordinary shares acquired upon the exercise of the warrants for purposes of the PFIC rules.

The QEF election is made on a shareholder-by-shareholder basis and, once made, can be revoked only with the consent of the IRS. A U.S. holder generally makes a QEF election by attaching a completed IRS Form 8621 (Information Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund), including the information provided in a PFIC annual information statement, to a timely filed U.S. federal income tax return for the tax year to which the election relates. Retroactive QEF elections generally may be made only by filing a protective statement with such return and if certain other conditions are met or with the consent of the IRS. U.S. holders should consult their own tax advisors regarding the availability and tax consequences of a retroactive QEF election under their particular circumstances.

In order to comply with the requirements of a QEF election, a U.S. holder must receive a PFIC annual information statement from us. If we determine we are a PFIC for any taxable year, we will endeavor to provide to a U.S. holder such information as the IRS may require, including a PFIC annual information statement, in order to enable the U.S. holder to make and maintain a QEF election, but there can be no assurance that we will timely provide such required information. In addition, there is no assurance that we will have timely knowledge of our status as a PFIC in the future or of the required information to be provided.

If a U.S. holder has made a QEF election with respect to our ordinary shares, and the special tax and interest charge rules do not apply to such shares (because of a timely QEF election for our first taxable year as a PFIC in which the U.S. holder holds (or is deemed to hold) such shares or a purge of the PFIC taint pursuant to a purging election, as described above), any gain recognized on the sale of our ordinary shares generally will be taxable as capital gain and no interest charge will be imposed. As discussed above, U.S. holders of a QEF are currently taxed on their pro rata shares of its earnings and profits, whether or not distributed. In such case, a subsequent distribution of such earnings and profits that were previously included in income generally should not be taxable as a dividend to such U.S. holders. The tax basis of a U.S. holder's shares in a QEF will be increased by amounts that are included in income, and decreased by amounts distributed but not taxed as dividends, under the above rules. Similar basis adjustments apply to property if by reason of holding such property the U.S. holder is treated under the applicable attribution rules as owning shares in a QEF.

Although a determination as to our PFIC status will be made annually, an initial determination that our company is a PFIC will generally apply for subsequent years to a U.S. holder who held ordinary shares or warrants while we were a PFIC, whether or not we meet the test for PFIC status in those subsequent years. A U.S. holder who makes the QEF election discussed above for our first taxable year as a PFIC in which the U.S. holder holds (or is deemed to hold) our ordinary shares, however, will not be subject to the PFIC tax and interest charge rules discussed above in respect to such shares. In addition, such U.S. holder will not be subject to the QEF inclusion regime with respect to such shares for any taxable year of us that ends within or with a taxable year of the U.S. holder and in which we are not a PFIC. On the other hand, if the QEF election is not effective for each of our taxable years in which we are a PFIC and the U.S. holder holds (or is deemed to hold) our ordinary shares, the PFIC rules discussed above will continue to apply to such shares unless the holder makes a purging election, as described above, and pays the tax and interest charge with respect to the gain inherent in such shares attributable to the pre-QEF election period.

Alternatively, if a U.S. holder, at the close of its taxable year, owns shares in a PFIC that are treated as marketable stock, the U.S. holder may make a mark-to-market election with respect to such shares for such taxable year. If the U.S. holder makes a valid mark-to-market election for the first taxable year of the U.S. holder in which the U.S. holder holds (or is deemed to hold) ordinary shares in us and for which we are determined to be a PFIC, such holder generally will not be subject to the PFIC rules described above in respect to its ordinary shares. Instead, in general,

## [Table of Contents](#)

the U.S. holder will include as ordinary income each year the excess, if any, of the fair market value of its ordinary shares at the end of its taxable year over the adjusted basis in its ordinary shares. The U.S. holder also will be allowed to take an ordinary loss in respect of the excess, if any, of the adjusted basis of its ordinary shares over the fair market value of its ordinary shares at the end of its taxable year (but only to the extent of the net amount of previously included income as a result of the mark-to-market election). The U.S. holder's basis in its ordinary shares will be adjusted to reflect any such income or loss amounts, and any further gain recognized on a sale or other taxable disposition of the ordinary shares will be treated as ordinary income. Currently, a mark-to-market election may not be made with respect to warrants.

The mark-to-market election is available only for stock that is regularly traded on a national securities exchange that is registered with the Securities and Exchange Commission, including the NASDAQ (on which we intend to list the ordinary shares), or on a foreign exchange or market that the IRS determines has rules sufficient to ensure that the market price represents a legitimate and sound fair market value. U.S. holders should consult their own tax advisors regarding the availability and tax consequences of a mark-to-market election in respect to our ordinary shares under their particular circumstances.

If we are a PFIC and, at any time, have a foreign subsidiary that is classified as a PFIC, U.S. holders generally would be deemed to own a portion of the shares of such lower-tier PFIC, and generally could incur liability for the deferred tax and interest charge described above if we receive a distribution from, or dispose of all or part of our interest in, the lower-tier PFIC or the U.S. holders otherwise were deemed to have disposed of an interest in the lower-tier PFIC. We will endeavor to cause any lower-tier PFIC to provide to a U.S. holder the information that may be required to make or maintain a QEF election with respect to the lower-tier PFIC. However, there is no assurance that we will have timely knowledge of the status of any such lower-tier PFIC. In addition, we may not hold a controlling interest in any such lower-tier PFIC and thus there can be no assurance we will be able to cause the lower-tier PFIC to provide the required information. U.S. holders are urged to consult their own tax advisors regarding the tax issues raised by lower-tier PFICs.

A U.S. holder that owns (or is deemed to own) shares in a PFIC during any taxable year of the U.S. holder, may have to file an IRS Form 8621 (whether or not a QEF or mark-to-market election is made) and such other information as may be required by the U.S. Treasury Department. Failure to do so, if required, will extend the statute of limitations until such required information is furnished to the IRS.

The rules dealing with PFICs and with the QEF and mark-to-market elections are very complex and are affected by various factors in addition to those described above. Accordingly, U.S. holders of our ordinary shares, warrants and rights should consult their own tax advisors concerning the application of the PFIC rules to our ordinary shares, warrants and rights under their particular circumstances.

## UNDERWRITING

Maxim is acting as sole book-running manager of the offering and as representative of the underwriters named below. Subject to the terms and conditions of the underwriting agreement dated the date of this prospectus, the underwriters named below, through their representative Maxim, have severally agreed to purchase on a firm commitment basis, and we have agreed to sell to the underwriters, the following respective number of units set forth opposite the underwriter's name at a public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus.

<b>Underwriters</b>	<b>Number of Units</b>
Maxim Group LLC	
Total	<u>20,000,000</u>

The underwriting agreement provides that the obligations of the underwriters to purchase the units included in this offering are subject to all applicable laws and regulations and certain conditions precedent such as the receipt by the underwriters of officers' certificates and legal opinions and the approval of certain legal matters by their counsel. The underwriters are obligated to purchase all of the units (other than those covered by the over-allotment option described below) if they purchase any of the units. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated. We have agreed to indemnify the underwriters and certain of their controlling persons against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make in respect of those liabilities.

Units sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Upon the execution of the underwriting agreement, the underwriters will be obligated to purchase the units at the prices and upon the terms stated therein, and, as a result, will thereafter bear any risk associated with changing the offering price to the public or other selling terms after completion of the initial public offering. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part. Maxim has advised us that the underwriters do not intend to make sales to discretionary accounts.

If the underwriters sell more units than the total number set forth in the table above, we have granted to the underwriters an option, exercisable for 45 days from the date of this prospectus, to purchase up to 3,000,000 additional units at the public offering price less the underwriting discount. The underwriters may exercise this option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional units approximately proportionate to that underwriters' initial purchase commitment. Any units issued or sold under the option will be issued and sold on the same terms and conditions as the other units that are the subject of this offering.

We, our sponsor and our officers and directors have agreed that, for a period of 180 days from the date of this prospectus, we and they will not, without the prior written consent of Maxim, offer, sell, contract to sell, grant any option to sell (including any short sale), pledge, transfer, establish an open "put equivalent position" within the meaning of Rule 16a-1(h) under the Exchange Act, as amended, or otherwise dispose of, directly or indirectly, any of our units, warrants, ordinary shares or any other securities convertible into, or exercisable, or exchangeable for, ordinary shares currently or hereafter owned either of record or beneficially, or publicly announce an intention to do any of the foregoing. Maxim in its sole discretion may release any of the securities subject to these lock-up agreements at any time without notice. Our sponsor, officers and directors are also subject to separate transfer restrictions on their founder shares and private placement warrants pursuant to the letter agreement as described herein.

Our initial shareholders have agreed to place their founder shares into an escrow account maintained in New York, New York by Continental Stock Transfer & Trust Company, acting as escrow agent, which shares will not be transferred, assigned, sold or released from escrow until the earlier to occur of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which we consummate a liquidation, merger, share exchange or other similar transaction which results in all of our shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property (except as described herein under the

## [Table of Contents](#)

section of this prospectus entitled “Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants”). Any permitted transferees will be subject to the same restrictions and other agreements of our initial shareholders with respect to any founder shares. Notwithstanding the foregoing, if the closing price of our ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing 30 days after our initial business combination, the founder shares will no longer be subject to such transfer restrictions. We refer to such transfer restrictions throughout this prospectus as the lock-up. The private placement warrants (including the ordinary shares issuable upon exercise of the private placement warrants) will not be transferable, assignable or saleable until the completion of our initial business combination (except with respect to permitted transferees as described herein under the section of this prospectus entitled “Principal Shareholders — Restrictions on Transfers of Founder Shares and Private Placement Warrants”).

Prior to this offering, there has been no public market for our securities. Consequently, the initial public offering price for the units was determined by negotiations between us and the underwriters. Among the factors considered in determining the initial public offering price were the history and prospects of companies whose principal business is the acquisition of other companies, prior offerings of those companies, our management, our capital structure, and currently prevailing general conditions in the equity securities markets, including current market valuations of publicly traded companies considered comparable to our company. We cannot assure you, however, that the price at which the units, ordinary shares or warrants will sell in the public market after this offering will not be lower than the initial public offering price or that an active trading market in our units, ordinary shares or warrants will develop and continue after this offering.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters’ over-allotment option. The upfront portion of the underwriting discounts and commissions will be \$0.20 per unit.

	Payable By Aurora Technology Acquisition Corp.	
	No Exercise	Full Exercise
Per Unit(1)	\$ 0.475	\$ 0.475
Total(1)(2)	\$ 9,500,000	\$ 10,925,000

- (1) Includes \$0.35 per unit, or \$7,000,000 (or \$8,050,000 if the over-allotment option is exercised in full) in the aggregate payable to the underwriters for deferred underwriting commissions to be placed in a trust account located in the United States as described herein. The deferred commissions will be released to the underwriters only on completion of an initial business combination, in an amount equal to \$0.35 multiplied by the number of ordinary shares sold as part of the units in this offering, as described in this prospectus.
- (2) In addition to the cash compensation set forth herein, we have agreed to issue to Maxim and/or its designees, 300,000 Class A ordinary shares (or 345,000 Class A ordinary shares if the underwriters’ over-allotment option is exercised in full) concurrently with the consummation of this offering. Except with respect to certain registration rights and transfer restrictions, the representative shares will be identical to the public shares underlying the units sold in this offering.

If we do not complete our initial business combination and subsequently liquidate, the trustee and the underwriters have agreed that (i) they will forfeit any rights or claims to its deferred underwriting discounts and commissions, including any accrued interest thereon, then in the trust account upon liquidation, and (ii) that the deferred underwriters’ discounts and commissions will be distributed on a pro rata basis, including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes to the public shareholders.

In addition to the underwriting discount, we reimburse the underwriters for out-of-pocket expenses incurred in connection with this offering up to a maximum allowance of \$125,000 (including any advances for such expenses), including, but not limited to underwriters’ legal counsel, diligence costs, and reimbursement for background checks on our directors, director nominees and executive officers.

No discounts or commissions will be paid on the sale of the private placement warrants.

## **Representative's Ordinary Shares**

We have agreed to issue to Maxim and/or its designees, 300,000 Class A ordinary shares (or 345,000 Class A ordinary shares if the underwriters' over-allotment option is exercised in full) upon the consummation of this offering. Maxim has agreed not to transfer, assign or sell any such shares until the completion of our initial business combination. In addition, Maxim has agreed (i) to waive its redemption rights with respect to such shares in connection with the completion of our initial business combination and (ii) to waive its rights to liquidating distributions from the trust account with respect to such shares if we fail to complete our initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of this offering.

The Class A ordinary shares issued to Maxim have been deemed compensation by FINRA and are therefore subject to a lock-up for a period of 180 days immediately following the commencement of sales for this offering pursuant to FINRA Rule 5110(e)(1), during which time the shares may not be sold, transferred, assigned, pledged or hypothecated, or be subject of any hedging, short sale, derivative or put or call transaction that would result in the economic disposition of the securities except as permitted under FINRA Rule 5110(e)(2). The shares, have resale registration rights including one demand and unlimited "piggy back" rights for periods of five and seven years, respectively, from the commencement of sales for this offering.

## **Right of First Refusal**

Subject to certain conditions, we have granted Maxim, for a period beginning on the closing of this offering and ending on the earlier of 18 months after the date of the consummation of our business combination and the three year anniversary of the effectiveness of the registration statement of which this prospectus forms a part, a right of first refusal to act as book-running managing underwriter or placement agent for any and all future public and private equity, convertible and debt offerings for us or any of our successors or subsidiaries. In accordance with FINRA Rule 5110(g)(6), such right of first refusal shall not have a duration of more than three years from the commencement of sales of this offering.

## **Regulatory Restrictions on Purchase of Securities**

In connection with the offering, the underwriters may purchase and sell units in the open market. The underwriters have advised us that, in accordance with Regulation M under the Securities Exchange Act of 1934, as amended, they may engage in short sale transactions, purchases to cover short positions, which may include purchases pursuant to the over-allotment option, stabilizing transactions, syndicate covering transactions or the imposition of penalty bids in connection with this offering. These activities may have the effect of stabilizing or maintaining the market price of our units at a level above that which might otherwise prevail in the open market.

- Short sales involve secondary market sales by the underwriters of a greater number of units than it is required to purchase in the offering.
- "Covered" short sales are sales of units in an amount up to the number of units represented by the underwriters' over-allotment option.
- "Naked" short sales are sales of units in an amount in excess of the number of units represented by the underwriters' over-allotment option.
- Covering transactions involve purchases of units either pursuant to the over-allotment option or in the open market after the distribution has been completed in order to cover short positions.
- To close a naked short position, the underwriters must purchase units in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the units in the open market after pricing that could adversely affect investors who purchase in the offering.
- To close a covered short position, the underwriters must purchase units in the open market after the distribution has been completed or must exercise the over-allotment option. In determining the source of units to close the covered short position, the underwriters will consider, among other things, the price of units available for purchase in the open market as compared to the price at which they may purchase units through the over-allotment option.

## [Table of Contents](#)

- Stabilizing transactions involve bids to purchase units so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own account, may have the effect of preventing or retarding a decline in the market price of the units. They may also cause the price of the units to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. Neither we, nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our ordinary shares. The underwriters are not obligated to engage in these activities and, if commenced, any of the activities may be discontinued at any time.

We estimate that our portion of the total expenses of this offering payable by us will be \$500,000, excluding underwriting discounts and commissions.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

We are not under any contractual obligation to engage any of the underwriters to provide any services for us after this offering, and have no present intent to do so. However, any of the underwriters may introduce us to potential target businesses or assist us in raising additional capital in the future. If any of the underwriters provide services to us after this offering, we may pay such underwriter fair and reasonable fees that would be determined at that time in an arm's length negotiation; provided that no agreement will be entered into with any of the underwriters and no fees for such services will be paid to any of the underwriters prior to the date that is 90 days from the date of this prospectus, unless FINRA determines that such payment would not be deemed underwriters' compensation in connection with this offering and we may pay the underwriters of this offering or any entity with which they are affiliated a finder's fee or other compensation for services rendered to us in connection with the completion of an initial business combination.

### **Electronic Distribution**

A prospectus in electronic format may be made available by e-mail or on the web sites or through online services maintained by one or more of the underwriters or their affiliates. In those cases, prospective investors may view offering terms online and may be allowed to place orders online. The underwriters may agree with us to allocate a specific number of ordinary shares for sale to online brokerage account holders. Any such allocation for online distributions will be made by the underwriters on the same basis as other allocations. Other than the prospectus in electronic format, the information on the underwriters' web sites and any information contained in any other web site maintained by any of the underwriters is not part of this prospectus, has not been approved and/or endorsed by us or the underwriters and should not be relied upon by investors.

### **Other Activities and Relationships**

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

## **Selling Restrictions**

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the securities offered by this prospectus in any jurisdiction where action for that purpose is required. The securities offered by this prospectus may not be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

## **Notice to Prospective Investors in Canada**

### **(A) Resale Restrictions**

The distribution of units in Canada is being made only in the province of Ontario on a private placement basis exempt from the requirement that we prepare and file a prospectus with the securities regulatory authorities in each province where trades of these securities are made. Any resale of the units in Canada must be made under applicable securities laws which may vary depending on the relevant jurisdiction, and which may require resales to be made under available statutory exemptions or under a discretionary exemption granted by the applicable Canadian securities regulatory authority. Purchasers are advised to seek legal advice prior to any resale of the securities.

### **(B) Representations of Canadian Purchasers**

By purchasing units in Canada and accepting delivery of a purchase confirmation, a purchaser is representing to us and the dealer from whom the purchase confirmation is received that:

- the purchaser is entitled under applicable provincial securities laws to purchase the units without the benefit of a prospectus qualified under those securities laws as it is an “accredited investor” as defined under National Instrument 45-106 — Prospectus Exemptions,
- the purchaser is a “permitted client” as defined in National Instrument 31-103 — Registration Requirements, Exemptions and Ongoing Registrant Obligations,
- where required by law, the purchaser is purchasing as principal and not as agent, and
- the purchaser has reviewed the text above under Resale Restrictions.

### **(C) Conflicts of Interest**

Canadian purchasers are hereby notified that the underwriters are relying on the exemption set out in section 3A.3 or 3A.4, if applicable, of National Instrument 33-105 — Underwriting Conflicts from having to provide certain conflict of interest disclosure in this document.

### **(D) Statutory Rights of Action**

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if the offering memorandum (including any amendment thereto) such as this document contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser of these securities in Canada should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor.

### **(E) Enforcement of Legal Rights**

All of our directors and officers as well as the experts named herein may be located outside of Canada and, as a result, it may not be possible for Canadian purchasers to effect service of process within Canada upon us or those persons. All or a substantial portion of our assets and the assets of those persons may be located outside of Canada and, as a result, it may not be possible to satisfy a judgment against us or those persons in Canada or to enforce a judgment obtained in Canadian courts against us or those persons outside of Canada.

(F) Taxation and Eligibility for Investment

Canadian purchasers of units should consult their own legal and tax advisors with respect to the tax consequences of an investment in the units in their particular circumstances and about the eligibility of the units for investment by the purchaser under relevant Canadian legislation.

**Notice to Prospective Investors in the European Economic Area**

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), an offer to the public of any units which are the subject of the offering contemplated by this prospectus may not be made in that Relevant Member State except that an offer to the public in that Relevant Member State of any units may be made at any time under the following exemptions under the Prospectus Directive, if they have been implemented in that Relevant Member State:

- (a) to any legal entity which is a “qualified investor” as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the underwriters or the underwriters nominated by us for any such offer; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of units shall require us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer units to the public” in relation to the units in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the units to be offered so as to enable an investor to decide to purchase or subscribe to the units, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Shareholder of  
Aurora Technology Acquisition Corp.

***Opinion on the Financial Statements***

We have audited the accompanying balance sheet of Aurora Technology Acquisition Corp. (the “Company”) as of December 31, 2021, and the related statements of operations, changes in shareholder’s equity, and cash flows for the period from August 6, 2021 (inception) through December 31, 2021, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021, and the results of its operations and its cash flows for the period from August 6, 2021 (inception) through December 31, 2021, in conformity with accounting principles generally accepted in the United States of America.

***Going Concern***

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company’s ability to execute its business plan is dependent upon its completion of the proposed initial public offering described in Note 3 to the financial statements. The Company has a working capital deficit as of December 31, 2021 and lacks the financial resources it needs to sustain operations for a reasonable period of time, which is considered to be one year from the issuance date of the financial statements. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to these matters are also described in Notes 1, 3, 4 and 5. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

***Basis for Opinion***

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

/s/ EisnerAmper LLP

We have served as the Company’s auditor since 2021.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 1 — DESCRIPTION OF ORGANIZATION, BUSINESS OPERATIONS AND GOING CONCERN**

Aurora Technology Acquisition Corp (the “Company”) was incorporated as a Cayman Islands exempted company on August 6, 2021. The Company was incorporated for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses (the “Business Combination”). The Company has not selected any specific Business Combination target and it has not, nor has anyone on its behalf, initiated any substantive discussions, directly or indirectly, with any Business Combination target.

As of December 31, 2021, the Company had not yet commenced operations. All activity for the period from August 6, 2021 (inception) through December 31, 2021 relates to the Company’s formation and the proposed initial public offering (“Proposed Public Offering”), which is described below. The Company will not generate any operating revenues until after the completion of a Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income from the proceeds derived from the Proposed Public Offering. The Company has selected December 31 as its fiscal year end.

The Company’s Sponsor is ATAC Sponsor LLC, a Delaware limited liability company (the “Sponsor”). The Company’s ability to commence operations is contingent upon obtaining adequate financial resources through a proposed public offering (the “Proposed Public Offering”) of 20,000,000 units (each, a “Unit” and collectively, the “Units”) at \$10.00 per Unit (or 23,000,000 Units if the underwriters’ over-allotment option is exercised in full), which is discussed in Note 3, and the sale of 6,425,000 warrants (or 7,100,000 warrants if the underwriters’ over-allotment option is exercised in full) (each, a “Private Placement Warrant” and collectively, the “Private Placement Warrants”), each exercisable to purchase one Class A ordinary share at \$11.50 per share, at a price of \$1.00 per Private Placement Warrant in a private placement to the Sponsor that will close simultaneously with the Proposed Public Offering.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Proposed Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company must complete one or more initial Business Combinations having an aggregate fair market value of at least 80% of the assets held in the Trust Account (as defined below) (excluding the deferred underwriting commissions and taxes payable on the interest earned on the Trust Account) at the time of signing a definitive agreement in connection with the initial Business Combination. However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act 1940, as amended (the “Investment Company Act”). There is no assurance that the Company will be able to complete a Business Combination successfully.

Upon the closing of the Proposed Public Offering, management has agreed that an amount equal to at least \$10.10 per Unit sold in the Proposed Public Offering, including the proceeds of the Private Placement Warrants, will be held in a trust account (“Trust Account”), located in the United States, with Continental Stock Transfer & Trust Company acting as trustee, and will be invested only in U.S. government treasury obligations with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Except with respect to interest earned on the funds held in the Trust Account that may be released to the Company to pay its income taxes, (less up to \$50,000 of interest to pay dissolution expenses), the proceeds from the Proposed Public Offering and the sale of the Private Placement Warrants will not be released from the trust account until the earliest of (a) the completion of the Business Combination, (b) the redemption of any public shares properly submitted in connection with a shareholder vote to amend the Company’s amended and restated memorandum and articles of association (i) to modify the substance or timing of the Company’s obligation to redeem 100% of the public shares if the Company does not complete a Business Combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of the Proposed Public Offering (the “Combination Period”) or (ii) with respect to any other provision relating to shareholders’ rights or pre-business combination activity, and (c) the redemption of the public shares if the Company is unable to complete a Business Combination within the Combination Period, subject to applicable law.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 1 — DESCRIPTION OF ORGANIZATION, BUSINESS OPERATIONS AND GOING CONCERN (cont.)**

The Company will provide shareholders (the “Public Shareholders”) of its Class A ordinary shares, par value \$0.0001, sold in the Proposed Public Offering (the “Public Shares”), with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a general meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Shareholders will be entitled to redeem all or a portion of their Public Shares upon the completion of the initial Business Combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to the consummation of the initial Business Combination, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay the Company’s income taxes, if any, divided by the number of the then-outstanding Public Shares. The amount in the Trust Account is initially anticipated to be \$10.10 per Public Share. The per share amount the Company will distribute to investors who properly redeem their public shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters.

The Public Shares subject to redemption will be recorded at a redemption value and will be classified as temporary equity upon the completion of the Proposed Public Offering, in accordance with the Financial Accounting Standards Board’s (“FASB”) Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.” In such case, the Company will only proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 and obtains the approval of an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the company.

If the Company is unable to complete a Business Combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of the Proposed Public Offering (the “Combination Period”) or during any Extension Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay the Company’s franchise and income taxes (less up to \$50,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders’ rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company’s remaining shareholders and board of directors, liquidate and dissolve, subject in each case to the Company’s obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

The Sponsor, officers and directors have agreed to (i) waive their redemption rights with respect to their Founder Shares and Public Shares in connection with the completion of the initial Business Combination, (ii) waive their redemption rights with respect to their Founder Shares and Public Shares in connection with a shareholder vote to approve an amendment to the Company’s amended and restated certificate memorandum and articles of association (A) that would modify the substance or timing of the Company’s obligation to redeem 100% of the its Public Shares if the Company does not complete its initial Business Combination within the Combination Period or (B) with respect to any other provision relating to shareholders’ rights or pre-initial Business Combination activity, (iii) waive their rights to liquidating distributions from the Trust Account with respect to their Founder Shares if the Company fails to complete an initial Business Combination within the Combination Period, although they will be entitled to liquidating distributions from the Trust Account with respect to any Public Shares they hold if the Company fails to complete the initial Business Combination within the prescribed timeframe, and (iv) vote their Founder Shares and Public Shares in favor of the Company’s initial Business Combination.

The Sponsor has agreed that it will be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement,

reduce the amount of funds in the trust account to below the lesser of (i) \$10.10 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.10 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company's indemnity of the underwriters of the Proposed Public Offering against certain liabilities, including liabilities under the Securities Act. However, the Company has not asked its Sponsor to reserve for such indemnification obligations, nor has the Company independently verified whether its Sponsor has sufficient funds to satisfy its indemnity obligations and believes that the Company's Sponsor's only assets are securities of the Company. Therefore, the Company cannot assure that its Sponsor would be able to satisfy those obligations.

*Going Concern Consideration*

As of December 31, 2021, the Company had \$65,373 of cash and a working capital deficit of \$292,365. The Company has incurred and expects to continue to incur significant costs in pursuit of its financing and acquisition plans. These conditions raise substantial doubt about the Company's ability to continue as a going concern one year from the issuance date of the financial statements. Management plans to address this uncertainty through a Proposed Public Offering as discussed in Note 3, issuance of private placement warrants as discussed in Note 4, and issuance of an unsecured promissory note with principal up to \$300,000 to the Sponsor as discussed in Note 5. There is no assurance that the Company's plans to raise capital or to consummate a Business Combination will be successful within the Combination Period. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

*Risks and Uncertainties*

Management is currently evaluating the impact of the COVID-19 pandemic and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company's financial position, results of its operations, close of the Proposed Public Offering, and/or search for a target company, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Note 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Presentation*

The accompanying financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and pursuant to the rules and regulations of the SEC. In the opinion of management, the accompanying financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the period presented. The results for the period from August 6, 2021 (inception) through December 31, 2021, are not necessarily indicative of the results to be expected for the year ending December 31, 2021, or for any future interim periods.

*Emerging Growth Company*

The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act of 1933, as amended (the "Securities Act"), as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

**AURORA TECHNOLOGY ACQUISITION CORP.**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make the comparison of the Company's financial statements with those of another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

*Use of Estimates*

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

*Cash and Cash Equivalents*

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company did not have any cash equivalents as of December 31, 2021.

*Deferred Offering Costs*

The Company complies with the requirements of ASC 340-10-S99-1. Deferred offering costs consist of legal, accounting, and other costs incurred through the balance sheet date that are directly related to the Proposed Public Offering and that will be charged to Shareholder's equity upon the completion of the Proposed Public Offering. Should the Proposed Public Offering prove to be unsuccessful, these deferred costs, as well as additional expenses to be incurred, will be charged to operations.

*Fair Value of Financial Instruments*

ASC Topic 820, Fair Value Measurement, defines fair value as the amount that would be received to sell an asset or paid to transfer a liability, in an orderly transaction between market participants.

Fair value measurements are classified on a three-tier hierarchy as follows:

- Level 1, defined as observable inputs such as quoted prices (unadjusted) for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as calculations derived from valuation techniques in which one or more significant inputs or significant value drivers are observable.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy described above. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair value of the Company's assets and liabilities, which qualify as financial instruments approximates the carrying amounts represented in the balance sheet, primarily due to its short-term nature.

*Net Loss Per Ordinary Share*

Net loss per share is computed by dividing net loss by the weighted average number of ordinary shares outstanding during the period, excluding ordinary shares subject to forfeiture. At December 31, 2021, the Company did not have any dilutive securities and other contracts that could, potentially, be exercised or converted into ordinary shares and then share in the earnings of the Company. As a result, diluted loss per share is the same as basic loss per share for the period presented.

*Income Taxes*

The Company follows the asset and liability method of accounting for income taxes under FASB ASC 740, "Income Taxes." Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. The Company's management determined that the Cayman Islands is the Company's major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. As of December 31, 2021, there were no unrecognized tax benefits and no amounts accrued for interest and penalties. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

The Company is considered to be an exempted Cayman Islands company with no connection to any other taxable jurisdiction and is presently not subject to income taxes or income tax filing requirements in the Cayman Islands or the United States. As such, the Company's tax provision was zero for the periods presented.

*Recent Accounting Pronouncements*

The Company's management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

**Note 3 — PROPOSED PUBLIC OFFERING**

In the Proposed Public Offering, the Company will offer for sale up to 20,000,000 Units, (or 23,000,000 Units if the underwriters' over-allotment option is exercised in full) at a purchase price of \$10.00 per Unit. Each Unit that the Company is offering has a price of \$10.00 and consists of one Class A ordinary share, with no par value, one redeemable warrant and one right to receive one-tenth of one Class A ordinary share upon the consummation of the Company's initial Business Combination. Each two warrants entitle the holder thereof to purchase one full

Class A ordinary share at a price of \$11.50 per share, subject to adjustment, as described in this prospectus (see Note 7). Each warrant will become exercisable on the later of 30 days after the completion of the initial Business Combination or 12 months from the closing of the Proposed Public Offering and will expire five years after the completion of the initial Business Combination, or earlier upon redemption or liquidation.

**Note 4 — PRIVATE PLACEMENT WARRANTS**

The Sponsor has committed to purchase an aggregate of 6,425,000 private placement warrants (or 7,100,000 Private Placement Warrants if the underwriters' over-allotment option is exercised in full) at a price of \$1.00 per Private Placement Warrant, for an aggregate purchase price of \$6,425,000 (or \$7,100,000 if the underwriters' over-allotment option is exercised in full), in a private placement that will occur simultaneously with the closing of the Proposed Public Offering. Each Private Placement Warrant is exercisable to purchase one Class A ordinary share at a price of \$11.50 per share, subject to adjustment. A portion of the proceeds from the Private Placement Warrants will be added to the proceeds from the Proposed Public Offering to be held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the proceeds from the sale of the Private Placement Warrants will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law) and the Private Placement Warrants will expire worthless.

The Private Placement Warrants (including the Class A ordinary shares issuable upon exercise of the Private Placement Warrants) will not be transferable, assignable or salable until the completion of the initial Business Combination and they will not be redeemable by the Company so long as they are held by the Sponsor or Maxim or their permitted transferees. The Sponsor or its permitted transferees, have the option to exercise the Private Placement Warrants on a cashless basis. If the Private Placement Warrants are held by holders other than the Sponsor its permitted transferees, the Private Placement Warrants will be redeemable by the Company in all redemption scenarios and exercisable by the holders on the same basis as the warrants included in the units being sold in the Proposed Public Offering.

**Note 5 — RELATED PARTY TRANSACTIONS**

*Founder Shares*

On August 6, 2021, the Sponsor was issued 5,750,000 Class B ordinary shares, par value \$0.0001 per share (the "Founder Shares") for \$25,000, or approximately \$0.0043 per share, which proceeds were used to reduce the amount due to a related party. Up to 750,000 founder shares are subject to forfeiture to the extent that the underwriters' over-allotment option is not exercised in full or in part. If the Company increases or decreases the size of the Proposed Public Offering, it will effect a share dividend or share contribution prior to the consummation of the Proposed Public Offering in such amount as to maintain the number of Founder Shares at 20% of the Company's issued and outstanding ordinary shares upon the consummation of the Proposed Public Offering.

Our initial shareholders have agreed to place their founder shares into an escrow account maintained in New York, New York by Continental Stock Transfer & Trust Company, acting as escrow agent, which shares will not be transferred, assigned, sold or released from escrow until the earlier to occur of (A) six months after the completion of the initial Business Combination and (B) subsequent to the initial Business Combination, (x) if the closing price of the Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 30 days after the initial Business Combination, or (y) the date on which the Company completes a liquidation, merger, share exchange or other similar transaction that results in all of the Public Shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property (the "Lock-up"). Any permitted transferees would be subject to the same restrictions and other agreements of our Sponsor, officers and directors with respect to any Founder Shares.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 5 — RELATED PARTY TRANSACTIONS (cont.)**

*Promissory Note — Related Party*

On August 7, 2021, the Sponsor agreed to loan the Company up to \$300,000 to cover expenses related to the Proposed Public Offering pursuant to a promissory note. This loan is non-interest bearing, unsecured and due at the earlier of March 31, 2022 or the consummation of the Proposed Public Offering. As of December 31, 2021, the Company borrowed \$242,801 under the promissory note.

*Working Capital Loans*

In addition, in order to finance transaction costs in connection with an intended Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors, may, but are not obligated to, loan the Company funds as may be required ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to it. Otherwise, the Working Capital Loans may be repaid only out of funds held outside the Trust Account. In the event that the initial Business Combination does not close, the Company may use a portion of the working capital held outside the Trust Account to repay Working Capital Loans but no proceeds from the Trust Account would be used to repay the Working Capital Loans. Up to \$1,500,000 of the Working Capital Loans may be convertible into warrants of the post Business Combination entity at a price of \$1.00 per warrant at the option of the lender. Such warrants would be identical to the Private Placement Warrants. Except as set forth above, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. Prior to the completion of the initial Business Combination, the Company does not expect to seek loans from parties other than the Sponsor, its affiliates or any members of the management team as the Company does not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in the Company's Trust Account.

*Administrative Support Agreement*

Commencing on the date of the Proposed Public Offering, the Company will reimburse an affiliate of the Sponsor for office space, secretarial and administrative services provided to members of the management team, in the amount of \$10,000 per month. Upon completion of the initial Business Combination or the Company's liquidation, it will cease paying these monthly fees.

**Note 6 — COMMITMENTS AND CONTINGENCIES**

*Registration Rights*

The holders of the Founder Shares, Private Placement Warrants, Class A ordinary shares underlying the Private Placement Warrants and securities that may be issued upon conversion of Working Capital Loans will have registration rights to pursuant to a registration rights agreement to be signed prior to or on the effective date of the Proposed Public Offering. The holders of these securities are entitled to make up to three demands, excluding short form demands, that the Company register such securities under the Securities Act. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of the Company's initial Business Combination and rights to require the Company to register for resale such securities pursuant to Rule 415 under the Securities Act. However, the registration rights agreement provides that the Company will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable lock-up period. Notwithstanding the foregoing, the underwriters may not exercise their demand and "piggyback" registration rights after five (5) and seven (7) years after the effective date of the registration statement of which this prospectus forms a part and may not exercise their demand rights on more than one occasion. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 6 — COMMITMENTS AND CONTINGENCIES (cont.)**

*Underwriting Agreement*

The Company will grant the underwriters a 45-day option from the date of the Proposed Public Offering to purchase up to an additional 3,000,000 units to cover over-allotments, if any, at the Proposed Public Offering price less the underwriting discounts and commissions.

The underwriters will be entitled to an underwriting discount of \$0.125 per unit, or \$2,500,000 in the aggregate (or \$2,875,000 in the aggregate if the underwriters' over-allotment option is exercised in full), payable upon the closing of the Proposed Public Offering. In addition, \$0.35 per unit will be payable to the underwriters for deferred underwriting commissions, which amounts to \$9,500,000 in the aggregate (or \$10,925,000 in the aggregate if the underwriters' over-allotment option is exercised in full). The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

*Right of First Refusal*

Subject to certain conditions, the Company will grant Maxim, for a period beginning on the closing of the Proposed Public Offering and ending on the earlier of 18 months after the date of the consummation of the Business Combination and the three year anniversary of the effectiveness of the registration statement of which this prospectus forms a part, a right of first refusal to act as book-running managing underwriter or placement agent for any and all future public and private equity, convertible and debt offerings for us or any of our successors or subsidiaries. In accordance with FINRA Rule 5110(g)(6), such right of first refusal shall not have a duration of more than three years from the commencement of sales of the Proposed Public Offering.

*Representative's Ordinary Shares*

The Company has agreed to issue to Maxim and/or its designees, 300,000 Class A ordinary shares (or 345,000 Class A ordinary shares if the underwriters' over-allotment option is exercised in full) upon the consummation of this offering. Maxim has agreed not to transfer, assign or sell any such shares until the completion of the Company's initial Business Combination. In addition, Maxim has agreed (i) to waive its redemption rights with respect to such shares in connection with the completion of the Company's initial business combination and (ii) to waive its rights to liquidating distributions from the trust account with respect to such shares if the Company fails to complete its initial business combination within 12 months (or up to 18 months if we extend the period of time to consummate a business combination by the full amount of time) from the closing of the Proposed Public Offering.

The shares have been deemed compensation by FINRA and are therefore subject to a lock-up for a period of 180 days immediately following the date of the effectiveness of the registration statement of which this prospectus forms a part pursuant to FINRA Rule 5110(e)(1), these securities will not be the subject of any hedging, short sale, derivative, put or call transaction nor may they be sold, transferred, assigned, pledged or hypothecated for a period of 180 days immediately following the commencement of sales of the Proposed Public except to any underwriter and selected dealer participating in the offering and their officers or partners, associated persons or affiliates.

**Note 7 — SHAREHOLDER'S EQUITY**

**Preference Shares** — The Company is authorized to issue 5,000,000 preference shares and provide that preference shares may be issued from time to time in one or more series. The Company's board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. At December 31, 2021, there were no preference shares issued or outstanding.

**Class A Ordinary Shares** — The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of \$0.0001 per share. At December 31, 2021, there were no Class A ordinary shares issued or outstanding.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 7 — SHAREHOLDER'S EQUITY (cont.)**

**Class B Ordinary Shares** — The Company is authorized to issue 50,000,000 Class B ordinary shares with a par value of \$0.0001 per share. At December 31, 2021, there were 5,750,000 Class B ordinary shares issued and outstanding, of which an aggregate of up to 750,000 founder shares are subject to forfeiture to the extent that the underwriters' over-allotment option is not exercised in full or in part. If the Company increases or decreases the size of the offering, it will effect a share dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our Class B ordinary shares immediately prior to the consummation of the Proposed Public Offering in such amount as to maintain the ownership of the initial shareholders at 20.0% of the issued and outstanding ordinary shares upon the consummation of the Proposed Public Offering (not including the Class A ordinary shares issuable to Maxim).

Holders are entitled to one vote for each Class B ordinary share. Holders of the Class A ordinary shares and holders of the Class B ordinary shares will vote together as a single class on all matters submitted to a vote of the Company's shareholders, except as required by law. Unless specified in the Company's amended and restated memorandum and articles of association, or as required by applicable provisions of Cayman Islands law or applicable stock exchange rules, the affirmative vote of a majority of the ordinary shares that are voted is required to approve any such matter voted on by the Company's shareholders.

The Class B ordinary shares will automatically convert into Class A ordinary shares at the time of the initial Business Combination on a one-for-one basis (subject to adjustment for share sub-divisions, share dividends, reorganizations, recapitalizations and the like). In the case that additional Class A ordinary shares, or equity-linked securities, are issued or deemed issued in excess of the amounts offered in this prospectus and related to the closing of the initial Business Combination, the ratio at which Class B ordinary shares shall convert into Class A ordinary shares will be adjusted (unless the holders of a majority of the outstanding Class B ordinary shares agree to waive such adjustment with respect to any such issuance or deemed issuance) so that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all ordinary shares outstanding upon completion of the Proposed Public Offering (not including Class A ordinary shares issuable to Maxim) plus all Class A ordinary shares and equity-linked securities issued or deemed issued in connection with the initial Business Combination (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the initial Business Combination, any private placement-equivalent securities issued to our sponsor or its affiliates upon conversion of Working Capital loans).

**Rights** - Except in cases where the Company is not the surviving company in a Business Combination, each holder of a right will automatically receive one-tenth (1/10) of one Class A ordinary share upon consummation of a Business Combination, even if the holder of a right redeemed all shares held by him, her or it in connection with a Business Combination or an amendment to the Company's Amended and Restated Certificate of Incorporation with respect to its pre-business combination activities. In the event that the Company will not be the surviving company upon completion of a Business Combination, each holder of a right will be required to affirmatively exchange his, her or its rights in order to receive the one-tenth (1/10) of a share underlying each right upon consummation of the Business Combination.

The Company will not issue fractional shares in connection with an exchange of rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of the Cayman Islands law. As a result, the holders of the rights must hold rights in multiples of 10 in order to receive shares for all of the holders' rights upon closing of a Business Combination. If the Company is unable to complete an initial Business Combination within the Combination Period and the Company redeems the Public Shares for the funds held in the Trust Account, holders of rights will not receive any of such funds for their rights and the rights will expire worthless.

**Note 8 — WARRANT LIABILITY**

The Company will account for the 26,425,000 warrants to be issued in connection with the Proposed Public Offering (representing 20,000,000 Public Warrants and 6,425,000 Private Placement Warrants assuming the underwriters' over-allotment option is not exercised) in accordance with the guidance contained in ASC 815-40.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 8 — WARRANT LIABILITY (cont.)**

Such guidance provides that because the warrants do not meet the criteria for equity treatment thereunder, each warrant must be recorded as a liability. Accordingly, the Company will classify each warrant as a liability at its fair value. This liability is subject to re-measurement at each balance sheet date. With each such re-measurement, the warrant liability will be adjusted to fair value, with the change in fair value recognized in the Company's statement of operations.

**Warrants** — No warrants are currently outstanding. Each two warrants entitle the holder thereof to purchase one full Class A ordinary share at a price of \$11.50 per share, subject to adjustment, as described in this prospectus. The Public Warrants will become exercisable on the later of twelve months from the closing of the Proposed Public Offering and 30 days after the completion of the initial Business Combination. Because the warrants may only be exercised for whole numbers of Class A ordinary shares, only an even number of warrants may be exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. The warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation.

The Company has agreed that as soon as practicable, but in no event later than 30 calendar days after the closing of the initial Business Combination, it will use commercially reasonable best efforts to file, and within 90 calendar days following the initial Business Combination to have declared effective, a registration statement with the SEC covering the ordinary shares issuable upon exercise of the warrants, to maintain a current prospectus relating to those ordinary shares until the warrants expire or are redeemed. If a registration statement covering the ordinary shares issuable upon exercise of the warrants is not effective within the period specified above following the consummation of the initial Business Combination, public holders of warrants may, until such time as there is an effective registration statement and during any period when The Company shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act of 1933, as amended, or the Securities Act, provided that such exemption is available. If the Company's ordinary shares is at the time of any exercise of a warrant not listed on a national securities exchange such that it satisfies the definition of a "covered security" under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of public warrants who exercise their warrants to do so on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company so elects, it will not be required to file or maintain in effect a registration statement, but will be required to use its best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. If that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis.

In no event will the Company be required to net cash settle any warrant. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the Class A ordinary share underlying such unit.

*Redemption of Warrants*

Once the warrants become exercisable, the Company may redeem the outstanding warrants:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption to each warrant holder; and
- if, and only if, the last sale price of our ordinary shares equals or exceeds \$18.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

**AURORA TECHNOLOGY ACQUISITION CORP.  
NOTES TO FINANCIAL STATEMENTS**

**Note 8 — WARRANT LIABILITY (cont.)**

In addition, if (x) the Company issues additional ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination at an issue price or effective issue price of less than \$9.20 per share (with such issue price or effective issue price to be determined in good faith by the Company's board of directors and, in the case of any such issuance to the Sponsor or its affiliates, without taking into account any Founder Shares held by the Sponsor or such affiliates, as applicable, prior to such issuance) (the "Newly Issued Price"), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the initial Business Combination on the date of the consummation of the initial Business Combination (net of redemptions), and (z) the volume weighted average trading price of the Company's ordinary shares during the 20 trading day period starting on the trading day prior to the day on which the Company consummates its initial Business Combination (such price, the "Market Value") is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described below under "Redemption" will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price.

The Private Placement Warrants will be identical to the Public Warrants underlying the Units being sold in the Proposed Public Offering, except that the Private Placement Warrants and the Class A ordinary shares issuable upon the exercise of the Private Placement Warrants will not be transferable, assignable or saleable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be exercisable for cash or on a cashless basis, at the holder's option, and be non-redeemable so long as they are held by the initial purchasers or their permitted transferees (except for a number of Class A ordinary shares as described above under Redemption of warrants for Class A ordinary shares). If the Private Placement Warrants are held by someone other than the initial purchasers or their permitted transferees, the Private Placement Warrants will be redeemable by the Company in all redemption scenarios and exercisable by such holders on the same basis as the Public Warrants.

**Note 9 — SUBSEQUENT EVENTS**

Based upon this review, management did not identify any subsequent events that would have required adjustment or disclosure in the financial statements, except for the updated terms of the Proposed Offering made in February 2022. **Item 14. Indemnification of Directors and Officers.**

Cayman Islands law does not limit the extent to which a company's memorandum and articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against willful default, civil fraud or the consequences of committing a crime. Our amended and restated memorandum and articles of association will provide for indemnification of our officers and directors to the maximum extent permitted by law, including for any liability incurred in their capacities as such, except through their own actual fraud or willful default. We may purchase a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Pursuant to the Underwriting Agreement filed as Exhibit 1.1 to this Registration Statement, we have agreed to indemnify the Underwriters and the Underwriters have agreed to indemnify us against certain civil liabilities that may be incurred in connection with this offering, including certain liabilities under the Securities Act.

**Item 15. Recent Sales of Unregistered Securities.**

In August 7, 2021, we issued an aggregate of 5,750,000 founder shares to ATAC Sponsor LLC, our sponsor, for an aggregate purchase price of \$25,000, or an average purchase price of approximately \$0.0043 per share. The number of founder shares issued was determined based on the expectation that the founder shares would represent 20% of the outstanding ordinary shares upon completion of this offering (not including the representative shares). Such securities were issued in connection with our organization pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act. Our sponsor is an accredited investor for purposes of Rule 501 of Regulation D.

In addition, our sponsor has agreed to purchase an aggregate of 6,425,000 private placement warrants (or 7,100,000 private placement warrants if the over-allotment option is exercised in full) at a price of \$1.00 per warrant, for an aggregate purchase price of \$6,425,000 (or \$7,100,000 if the over-allotment option is exercised in full). This purchase will take place on a private placement basis simultaneously with the completion of our initial public offering. This issuance will be made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

## Table of Contents

We have agreed to issue to Maxim and/or its designees, 300,000 Class A ordinary shares (or 345,000 Class A ordinary share if the underwriters' over-allotment option is exercised in full). This purchase will take place on a private placement basis simultaneously with the completion of our initial public offering. This issuance will be made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

### **Item 17. Undertakings.**

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
  - i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
  - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;
  - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That for the purpose of determining any liability under the Securities Act of 1933 in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
  - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
  - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
  - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
  - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

## Table of Contents

- (b) The undersigned hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes that:
  - (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
  - (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

MAXIM GROUP LLC  
405 Lexington Avenue  
New York, NY 10174

*As Representative of the Underwriters  
named on Schedule A hereto*

Ladies and Gentlemen:

The undersigned, Aurora Technology Acquisition Corp., a Cayman Islands exempted company (“**Company**”), hereby confirms its agreement with Maxim Group LLC (hereinafter referred to as “**you**”, “**Maxim**”, or as the “**Representative**”) and with the other underwriters named on *Schedule A* hereto for which you are acting as representative (the Representative and the other Underwriters being collectively referred to herein as the “**Underwriters**” or, individually, an “**Underwriter**”), as follows:

1. Purchase and Sale of Securities.

1.1. Firm Securities.

1.1.1. Purchase of Firm Units. On the basis of the representations and warranties herein contained, but subject to the terms and conditions herein set forth, the Company agrees to issue and sell, severally and not jointly, to the several Underwriters, an aggregate of 20,000,000 units (the “**Firm Units**”) of the Company at a purchase price (net of discounts and commissions, including the Deferred Underwriting Commission described in Section 1.3 below) of \$9.525 per Firm Unit, subject to certain adjustments set forth in Section 1.3 below. The Underwriters, severally and not jointly, agree to purchase from the Company the number of Firm Units set forth opposite their respective names on *Schedule A* attached hereto and made a part hereof at a purchase price (net of discounts and commissions, including the Deferred Underwriting Commission described in Section 1.3 below) of \$9.525 per Firm Unit. The Firm Units (and the Option Units (as hereinafter defined), if any) are to be offered initially to the public (the “**Offering**”) at the offering price of \$10.00 per Firm Unit. Each Firm Unit consists of one Class A ordinary share of the Company, par value \$0.0001 per share (“**Class A Ordinary Share**”; and, together with the Company’s Class B ordinary shares, par value \$0.0001 per share, the “**Ordinary Shares**”), one redeemable warrant (“**Warrant**”), and one right (“**Right**”) to receive one-tenth (1/10) of a Class A ordinary share upon the consummation of an initial Business Combination (as defined below). The Class A Ordinary Shares, Warrants and Rights included in the Firm Units will not be separately transferable until the 52<sup>nd</sup> day after the date that the Registration Statement (as defined below) is declared effective (the “**Effective Date**”) by the Securities and Exchange Commission (“**Commission**”) or the announcement by the Company of the Representative’s decision to allow earlier trading, subject, however, to the Company filing a Current Report on Form 8-K (“**Form 8-K**”) with the Commission (as defined below) containing an audited balance sheet reflecting the Company’s receipt of the gross proceeds of the Offering and issuing a press release announcing when such separate trading will begin. In no event will the Company allow separate trading until (i) the preparation of an audited balance sheet of the Company reflecting receipt by the Company of the proceeds of the Offering and the filing of such audited balance sheet with the Commission on a Form 8-K or similar form by the Company which includes such balance sheet and (ii) the issuance of a press release announcing when such separate trading shall begin. Each two Warrants entitle the holder thereof to purchase one Class A Ordinary Share at a price of \$11.50 per full share, subject to adjustment. The Warrants may only be exercised for whole numbers of Class A Ordinary Shares (only an even number of Warrants may be exercised at any given time) during the period commencing on the later of (a) 30 days after the completion of an initial Business Combination, and (b) 12 months from the Effective Date, and terminating on the five year anniversary of the closing of the Business Combination. Each Right entitles the holder to receive one-tenth of one Class A Ordinary Share. The Rights will convert into whole numbers of Class A Ordinary Shares (Rights may only be converted in increments of ten) at the closing of the Business Combination. As used herein, the term “**Business Combination**” shall mean any share exchange, share reconstruction and amalgamation, purchasing all or substantially all of the assets of, entering into contractual arrangements with, or engaging in any other similar business combination with, one or more operating businesses by the Company. The Company has the right to redeem the Warrants, with the prior consent of the Representative, upon not less than thirty (30) days written notice at a price of \$0.01 per Warrant at any time after the Warrants become exercisable; so long as the last sales price of the Class A Ordinary Shares has been at least \$18.00 per share for any twenty (20) trading days within a thirty (30) trading day period ending on the third (3rd) trading day prior to the day on which notice is given.

1.1.2. Payment and Delivery. Delivery and payment for the Firm Units shall be made at 10:00 A.M., New York time, on the second (2nd) Business Day following the Effective Date of the Registration Statement (or the third Business Day following the Effective Date, if the Registration Statement is declared effective at or after 4:00 p.m.) or at such earlier time as shall be agreed upon by the Representative and the Company, at the offices of Maxim or at such other place as shall be agreed upon by the Representative and the Company. The closing of the public offering contemplated by this Agreement is referred to herein as the “**Closing**” and the hour and date of delivery and payment for the Firm Units is referred to herein as the “**Closing Date**.” Payment for the Firm Units shall be made on the Closing Date at the Representative’s election by wire transfer in Federal (same day) funds or by certified or bank cashier’s check(s) in New York Clearing House funds. The amount of \$202,000,000 (\$232,300,000 if the Over-allotment Option (as defined in Section 1.2) is exercised in full), or approximately \$10.10 per unit, of the proceeds received by the Company for the Firm Units and from the Private Placement (as defined in Section 1.6) shall be deposited in the trust account established by the Company for the benefit of the public shareholders as described in the Registration Statement (the “**Trust Account**”) pursuant to the terms of an Investment Management Trust Agreement (the “**Trust Agreement**”). Such amount includes an aggregate of \$7,000,000 (or \$8,050,000 if the Over-allotment Option is exercised in full), or \$0.35 per unit, payable to Maxim as a Deferred Underwriting Commission in accordance with Section 1.3 hereof, to be placed by the Underwriters in the Trust Account. The proceeds (less commissions, expense allowance and actual expense payments or other fees payable pursuant to this Agreement) shall be paid to the order of the Company upon delivery to the Representative of certificates (in form and substance satisfactory to the Underwriters) representing the Firm Units (or through the facilities of The Depository Trust Company (“**DTC**”)) for the account of the Underwriters. The Firm Units shall be registered in such name or names and in such authorized denominations as the Representative may request in writing at least two (2) Business Days prior to the Closing Date. The Company will permit the Representative to examine and package the Firm Units for delivery at least one (1) full Business Day prior to the Closing Date. The Company shall not be obligated to sell or deliver the Firm Units except upon tender of payment by the Representative for all the Firm Units. As used herein, the term “**Business Day**” shall mean any day other than a Saturday, Sunday or any day on which national banks in New York, New York are not open for business.

## 1.2. Over-Allotment Option.

1.2.1. Option Units. For the purpose of covering any over-allotments in connection with the distribution and sale of the Firm Units, the Underwriters are hereby granted, severally and not jointly, an option to purchase up to an additional 3,000,000 units from the Company (the “**Over-allotment Option**”). Such additional 3,000,000 units shall be identical in all respects to the Firm Units and are hereinafter referred to as “**Option Units**.” The Firm Units and the Option Units are hereinafter collectively referred to as the “**Units**,” and the Units, the Class A Ordinary Shares, the Warrants and the Rights included in the Units and the Class A Ordinary Shares issuable upon exercise of the Warrants and conversion of the Rights are hereinafter referred to collectively as the “**Public Securities**.” The purchase price to be paid for the Option Units (net of discounts and commissions), including the Deferred Underwriting Commission described in Section 1.3 below will be \$9.525 per Option Unit. The Option Units are to be offered initially to the public at the offering price of \$10.00 per Option Unit.

1.2.2. Exercise of Option. The Over-allotment Option granted pursuant to Section 1.2.1 hereof may be exercised by the Representative as to all (at any time) or any part (from time to time) of the Option Units within 45 days after the Effective Date. The Underwriters will not be under any obligation to purchase any Option Units prior to the exercise of the Over-allotment Option. The Over-allotment Option granted hereby may be exercised by the giving of oral notice to the Company from the Representative, which must be confirmed in writing by overnight mail or facsimile or e-mail transmission setting forth the number of Option Units to be purchased and the date and time for delivery of and payment for the Option Units, which will not be later than five Business Days after the date of the notice or such other time as shall be agreed upon by the Company and the Representative, at the offices of the Representative or at such other place or in such other manner as shall be agreed upon by the Company and the Representative. If such delivery and payment for the Option Units does not occur on the Closing Date, the date and time of the closing for such Option Units will be as set forth in the notice (hereinafter the “**Option Closing Date**”). Upon exercise of the Over-allotment Option, the Company will become obligated to convey to the Underwriters, and, subject to the terms and conditions set forth herein, the Underwriters will become obligated to purchase, the number of Option Units specified in such notice.

1.2.3. Payment and Delivery. Delivery and payment for the Option Units shall be made at 10:00 AM, New York time, on the Option Closing Date or at such earlier time as shall be agreed upon by the Representative and the Company at the offices of the Representative or at such other place as shall be agreed upon by the Representative and the Company. Maxim Group LLC will not sell, transfer, assign, pledge or hypothecate the Issuance Shares, or cause the Issuance Shares to be the subject of any hedging, short sale, derivative, put, or call transaction that would result in the effective economic disposition of the Issuance Shares by any person, for a period of 180 days (pursuant to FINRA Rule 5110(e)(1)) following the commencement of sales of the Offering to anyone other than (i) Maxim or an underwriter or selected dealer in connection with the Offering, or (ii) a bona fide officer or partner, registered person or affiliate of Maxim or of any such underwriter or selected dealer. ### 2.1. Filing of Registration Statement.

2.1.1. Pursuant to the Act. The Company has filed with the Commission a registration statement and an amendment or amendments thereto, on Form S-1 (File No. 333-261753), including any related preliminary prospectus (the “**Preliminary Prospectus**”, including any prospectus that is included in the Registration Statement immediately prior to the effectiveness of the Registration Statement), for the registration of the Public Securities under the Securities Act of 1933, as amended (the “**Act**”), which registration statement and amendment or amendments have been prepared by the Company in conformity in all material respects with the requirements of the Act, and the rules and regulations (the “**Regulations**”) of the Commission under the Act. The conditions for use of Form S-1 to register the Offering under the Act, as set forth in the General Instructions to such Form, have been satisfied in all material respects. Except as the context may otherwise require, such registration statement, as amended, on file with the Commission at the time the registration statement becomes effective (including the prospectus, financial statements, schedules, exhibits and all other documents filed as a part thereof or incorporated therein and all information deemed to be a part thereof as of such time pursuant to Rule 430A of the Regulations), is hereinafter called the “**Registration Statement**,” and the form of the final prospectus dated the Effective Date included in the Registration Statement (or, if applicable, the form of final prospectus containing information permitted to be omitted at the time of effectiveness by Rule 430A of the Regulations filed with the Commission pursuant to Rule 424 of the Regulations), is hereinafter called the “**Prospectus.**” For purposes of this Agreement, “**Time of Sale**”, as used in the Act, means 5:00 p.m., New York City time, on the date of this Agreement. If the Company has filed, or is required pursuant to the terms hereof to file, a registration statement pursuant to Rule 462(b) under the Act registering additional securities (a “**Rule 462(b) Registration Statement**”), then, unless otherwise specified, any reference herein to the term “**Registration Statement**” shall be deemed to include such Rule 462(b) Registration Statement. Other than a Rule 462(b) Registration Statement, which, if filed, becomes effective upon filing, no other document with respect to the Registration Statement has heretofore been filed with the Commission. All of the Public Securities have been registered under the Act pursuant to the Registration Statement or, if any Rule 462(b) Registration Statement is filed, will be duly registered under the Act with the filing of such Rule 462(b) Registration Statement. The Registration Statement has been declared effective by the Commission on the date hereof. If, subsequent to the date of this Agreement, the Company or the Representative has determined that at the Time of Sale the Prospectus included an untrue statement of a material fact or omitted a statement of material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and have agreed to provide an opportunity to purchasers of the Firm Units to terminate their old purchase contracts and enter into new purchase contracts, the Prospectus will be deemed to include any additional information available to purchasers at the time of entry into the first such new purchase contract.

2.1.2. Pursuant to the Exchange Act. The Company has filed with the Commission a Form 8-A (File Number 001-41250) providing for the registration under the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), of the Units, the Class A Ordinary Shares, the Warrants and Rights. The registration of the Units, Class A Ordinary Shares, Warrants and Rights under the Exchange Act will be declared effective by the Commission on or prior to the Effective Date.

2.2. No Stop Orders, Etc. Neither the Commission nor, to the best of the Company’s knowledge, any state regulatory authority has issued any order or threatened to issue any order preventing or suspending the use of any Preliminary Prospectus or has instituted or, to the best of the Company’s knowledge, threatened to institute any proceedings with respect to such an order.

### 2.3. Disclosures in Registration Statement.

2.3.1. 10b-5 Representation. At the time the Registration Statement became effective, upon the filing or first use (within the meaning of the Regulations) of the Prospectus and at the Closing Date and the Option Closing Date, if any, the Registration Statement and the Prospectus contained or will contain all material statements that are required to be stated therein in accordance with the Act and the Regulations, and did or will in all material respects conform to the requirements of the Act and the Regulations. Neither the Registration Statement nor any Preliminary Prospectus or the Prospectus, nor any amendment or supplement thereto, on their respective dates, did or will contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein (in the case of the Preliminary Prospectus and the Prospectus, in light of the circumstances under which they were made), not misleading. When any Preliminary Prospectus was first filed with the Commission (whether filed as part of the Registration Statement for the registration of the Public Securities or any amendment thereto or pursuant to Rule 424(a) of the Regulations) or first used (within the meaning of the Regulations) and when any amendment thereof or supplement thereto was first filed with the Commission or first used (within the meaning of the Regulations), such Preliminary Prospectus and any amendments thereof and supplements thereto complied or will have been corrected in the Prospectus to comply in all material respects with the applicable provisions of the Act and the Regulations and did not and will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. The representation and warranty made in this Section 2.3.1 does not apply to statements made or statements omitted in reliance upon and in conformity with written information furnished to the Company with respect to the Underwriters by the Representative expressly for use in the Registration Statement or Prospectus or any amendment thereof or supplement thereto. It is understood the following identified statements set forth in the Prospectus under the heading “Underwriting” constitute, for the purposes of this Agreement, information furnished by the Representative with respect to the Underwriters: (i) the names of the Underwriters; (ii) the table of underwriters in the first paragraph of the section captioned “Underwriting”, and (iii) the subsections titled “Regulatory Restrictions on Purchase of Securities,” “Electronic Distribution” and (iv) each of the subsections titled “Underwriting—Notice to Prospective Investors in Canada, Notice to Prospective Investors in the European Economic Area, Notice to Prospective Investors in Hong Kong, Notice to Prospective Investors in Singapore, Notice to Prospective Investors in Switzerland, Notice to Prospective Investors in Italy, Notice to Prospective Investors in the United Kingdom, and Notice to Prospective Investors in the Cayman Islands” included in the section captioned “Underwriting.”

2.3.2. Disclosure of Agreements. The agreements and documents described in the Registration Statement, the Preliminary Prospectus and the Prospectus conform to the descriptions thereof contained therein and there are no agreements or other documents required to be described in the Registration Statement, the Preliminary Prospectus or the Prospectus or to be filed with the Commission as exhibits to the Registration Statement, that have not been so described or filed. Each agreement or other instrument (however characterized or described) to which the Company is a party or by which its property or business is or may be bound or affected and (i) that is referred to in the Registration Statement, Preliminary Prospectus or the Prospectus or attached as an exhibit thereto, or (ii) is material to the Company's business, has been duly and validly executed by the Company, is in full force and effect in all material respects and is enforceable against the Company and, to the Company's knowledge, the other parties thereto, in accordance with its terms, except (x) as such enforceability may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally, (y) as enforceability of any indemnification or contribution provision may be limited under the federal and state securities laws, and (z) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought, and none of such agreements or instruments has been assigned by the Company, and neither the Company nor, to the Company's knowledge, any other party is in breach or default thereunder and, to the Company's knowledge, no event has occurred that, with the lapse of time or the giving of notice, or both, would constitute a breach or default thereunder. To the Company's knowledge, performance by the Company of the material provisions of such agreements or instruments will not result in a material violation of any existing applicable law, rule, regulation, judgment, order or decree of any governmental agency or court, domestic or foreign, having jurisdiction over the Company or any of its assets or businesses, including, without limitation, those relating to environmental laws and regulations.

2.3.3. Prior Securities Transactions. No securities of the Company have been sold by the Company or by or on behalf of, or for the benefit of, any person or persons controlling, controlled by, or under common control with the Company since the date of the Company's formation, except as disclosed in the Registration Statement.

The disclosures in the Registration Statement, the Preliminary Prospectus and the Prospectus concerning the effects of federal, state and local regulation on the Company's business as currently contemplated fairly summarize, to the best of the Company's knowledge, such effects and do not omit to state a material fact necessary to make the statements therein, in light of the circumstances in which they were made, not misleading.

#### 2.4. Changes After Dates in Registration Statement.

2.4.1. No Material Adverse Change. Except as contemplated or disclosed in the Prospectus, since the respective dates as of which information is given in the Registration Statement, any Preliminary Prospectus and/or the Prospectus (i) there has been no material adverse change in the condition, financial or otherwise, or business prospects of the Company; (ii) there have been no material transactions entered into by the Company, other than as contemplated pursuant to this Agreement; (iii) no member of the Company's board of directors or management has resigned from any position with the Company and (iv) no event or occurrence has taken place which materially impairs, or would likely materially impair, with the passage of time, the ability of the members of the Company's board of directors or management to act in their capacities with the Company as described in the Registration Statement and the Prospectus.

2.4.2. Recent Securities Transactions, Etc. Except as contemplated in the Prospectus, subsequent to the respective dates as of which information is given in the Registration Statement and the Prospectus, and except as may otherwise be indicated or contemplated herein or therein, the Company has not: (i) issued any securities or incurred any liability or obligation, direct or contingent, for borrowed money; or (ii) declared or paid any dividend or made any other distribution on or in respect to its shares.

To the best of the Company's knowledge, EisnerAmper is duly registered and in good standing with the PCAOB. EisnerAmper has not, during the periods covered by the financial statements included in the Registration Statement and the Prospectus, provided to the Company any non-audit services, as such term is used in Section 10A(g) of the Exchange Act.

To the best of the Company's knowledge, no other financial statements or supporting schedules are required to be included or incorporated by reference in the Registration Statement, the Preliminary Prospectus or the Prospectus. The Registration Statement, the Preliminary Prospectus and the Prospectus disclose all material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Company with unconsolidated entities or other persons that may have a material current or future effect on the Company's financial condition, changes in financial condition, results of operations, liquidity, capital expenditures, capital resources, or significant components of revenues or expenses. To the best of the Company's knowledge, there are no pro forma or as adjusted financial statements which are required to be included in the Registration Statement and the Prospectus in accordance with Regulation S-X which have not been included as so required.

2.6.2. Statistical Data. The statistical, industry-related and market-related data included in the Registration Statement, the Preliminary Prospectus and the Prospectus are based on or derived from sources which the Company reasonably and in good faith believes are reliable and accurate, and such data agree with the sources from which they are derived.

Based on the assumptions stated in the Registration Statement, the Preliminary Prospectus and the Prospectus, the Company will have on the Closing Date the adjusted share capitalization set forth therein. Except as set forth in, or contemplated by, the Registration Statement, the Preliminary Prospectus and the Prospectus, on the Effective Date and on the Closing Date and the Option Closing Date, if any, there will be no options, warrants, or other rights to purchase or otherwise acquire any authorized, but unissued, Ordinary Shares of the Company or any security convertible into Ordinary Shares of the Company, or any contracts or commitments to issue or sell Ordinary Shares or any such options, warrants, rights or convertible securities.

3.30. Listing on the Nasdaq Global Market. The Company will use commercially reasonable efforts to maintain the listing of the Public Securities on the Nasdaq Global Market or such other national securities exchange until the earlier of five (5) years from the Effective Date or until the Public Securities are no longer registered under the Exchange Act.

3.31. Payment of Deferred Underwriting Commission on Business Combination. Upon the consummation of a Business Combination, the Company agrees that it will cause the Trustee to pay the Deferred Underwriting Commission directly from the Trust Account to Maxim, in accordance with Section 1.3.

3.32. Right of First Refusal. The Company agrees that if the Firm Units are sold in accordance with the terms of this Underwriting Agreement, the Company shall grant Representative the right of first refusal to act as a book-running managing underwriter for any and all future public and private equity, equity linked, convertible and debt offerings of the Company, or any successor to or any subsidiary of the Company completed within the ROFR Period (as defined below). The right of first refusal shall terminate on the earlier of the eighteen (18) month anniversary of the closing of a Business Combination or the three year anniversary of the Effective Date (the "**ROFR Period**"). For the avoidance of doubt, the ROFR Period shall encompass the time period leading up to the closing of the Business Combination while the Company is still a special purpose acquisition company. The Company and any such subsidiary or successor will use its reasonable efforts to offer the Representative the opportunity to purchase or sell any securities in such a proposed financing on terms not more favorable to the Company or any such subsidiary or successor, as the case may be, than it or they can secure elsewhere. If the Representative fails to accept such offer within ten (10) Business Days after the mailing of a notice containing the material terms of the proposed financing by registered mail or overnight courier service addressed to the Representative, then the Representative shall have no further claim or right with respect to the financing proposal contained in such notice. If, however, the terms of such financing proposal are subsequently modified in any material respect, the preferential right referred to herein shall apply to such modified proposal as if the original proposal had not been made. The Representative's failure to exercise its preferential right with respect to any particular proposal shall not affect its preferential rights relative to future proposals.

4. Conditions of Underwriters' Obligations. The obligations of the several Underwriters to purchase and pay for the Units, as provided herein, shall be subject to the continuing accuracy of the representations and warranties of the Company as of the date hereof and as of each of the Closing Date and the Option Closing Date, if any, to the accuracy of the statements of officers of the Company made pursuant to the provisions hereof and to the performance by the Company of its obligations hereunder and to the following conditions:

4.1 Regulatory Matters.

4.1.1. Effectiveness of Registration Statement. The Registration Statement shall have become effective not later than 5:00 P.M., New York time, on the date of this Agreement or such later date and time as shall be consented to in writing by the Representative, and, at each of the Closing Date and the Option Closing Date, no stop order suspending the effectiveness of the Registration Statement shall have been issued and no proceedings for the purpose shall have been instituted or shall be pending or contemplated by the Commission and any request on the part of the Commission for additional information shall have been complied with to the reasonable satisfaction of Ellenoff Grossman & Schole LLP (“EGS”).

4.1.2. FINRA Clearance. By the Effective Date, the Representative shall have received a letter of no objections from FINRA as to the terms and arrangements and amount of compensation allowable or payable to the Underwriters as described in the Registration Statement.

4.1.3. No Commission Stop Order. At each of the Closing Date and the Option Closing Date, the Commission has not issued any order or threatened to issue any order preventing or suspending the use of any Preliminary Prospectus or the Prospectus or any part thereof, and has not instituted or threatened to institute any proceedings with respect to such an order.

4.1.4. No Blue Sky Stop Orders. No order suspending the sale of the Units in any jurisdiction designated by the Representative pursuant to Section 3.3 hereof, if any, shall have been issued on either the Closing Date or the Option Closing Date, and no proceedings for that purpose shall have been instituted or shall be contemplated.

4.1.5. The Nasdaq Global Market. By the Effective Date, the Securities shall have been approved for trading on the Nasdaq Global Market.

#### 4.2. Company Counsel Matters.

4.2.1. Closing Date Opinion of Counsel. On the Closing Date, the Representative shall have received the favorable opinion of Dentons US LLP (“**Dentons**”), U.S. counsel to the Company, and Dentons, Dinner Martin Attorneys (“**DDM**”), Cayman Islands counsel to the Company, dated as of the Closing Date, addressed to the Representative and the other Underwriters and in form and substance reasonably satisfactory to the Representative.

The opinion of Dentons and DDM shall further include a statement to the effect that such counsel has participated in conferences with officers and other representatives of the Company, representatives of the independent public accountants for the Company and representatives of the Underwriters at which the contents of the Registration Statement, final Preliminary Prospectus, the Prospectus and related matters were discussed and although such counsel is not passing upon and does not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Registration Statement, final Preliminary Prospectus and the Prospectus (except as otherwise set forth in such opinion), no facts have come to the attention of such counsel which lead them to believe that either the Registration Statement, final Preliminary Prospectus or the Prospectus or any amendment or supplement thereto, as of the date of such opinion contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading (it being understood that such counsel need express no opinion with respect to the financial statements and related notes and schedules and other financial and statistical data included in the Registration Statement, final Preliminary Prospectus or the Prospectus or matters relating to the sale of securities in any jurisdiction outside the U.S.). The opinion of counsel shall state that such counsel is not opining as to the Placement Securities with respect to any rights to rescind or the effect any exercise of such rights will have on any other securities of the Company or on the Offering.

4.2.2. Option Closing Date Opinion of Counsel. On each Option Closing Date, if any, the Representative shall have received the favorable opinions of Dentons and DDM, dated as of each Option Closing Date, addressed to the Representative and in form and substance reasonably satisfactory to counsel to the Representative, confirming as of each Option Closing Date, the statements made by EGS, as applicable, in its opinion delivered on the Closing Date.

4.2.3. Reliance. In rendering such opinion, such counsel may rely: (i) as to matters involving the application of laws other than the laws of the United States and jurisdictions in which they are admitted, to the extent such counsel deems proper and to the extent specified in such opinion, if at all, upon an opinion or opinions (in form and substance reasonably satisfactory to the Representative) of other counsel reasonably acceptable to the Representative, familiar with the applicable laws; and (ii) as to matters of fact, to the extent they deem proper, on certificates or other written statements of officers of the Company and officers of departments of various jurisdictions having custody of documents respecting the corporate existence or good standing of the Company, provided that copies of any such statements or certificates shall be delivered to the Underwriters' counsel if requested. The opinion of Dentons and DDM and any opinion relied upon by such counsel for the Company shall include a statement to the effect that it may be relied upon by counsel for the Underwriters in its opinion delivered to the Underwriters.

4.3. Cold Comfort Letter. At the time this Agreement is executed, and at each of the Closing Date and the Option Closing Date, if any, the Representative shall have received a letter, addressed to the Representative and in form and substance satisfactory in all respects (including the nature of the changes or decreases, if any, referred to in clause (iii) below) to the Representative from EisnerAmper dated, respectively, as of the date of this Agreement and as of the Closing Date and the Option Closing Date, if any:

(i) Confirming that they are an independent registered public accounting firm with respect to the Company within the meaning of the Act and the applicable Regulations;

(ii) Stating that in their opinion the financial statements of the Company included in the Registration Statement, the Preliminary Prospectus and the Prospectus comply as to form in all material respects with the applicable accounting requirements of the Act and the Regulations thereunder;

(iii) Stating that, on the basis of limited procedures which included a reading of the latest available minutes of the shareholders and board of directors and the various committees of the board of directors, consultations with officers and other employees of the Company responsible for financial and accounting matters and other specified procedures and inquiries, nothing has come to their attention which would lead them to believe that: (a) at a date not later than five (5) days prior to the Effective Date, Closing Date or Option Closing Date, as the case may be, there was any change in the share capital or long-term debt of the Company, other than as set forth in or contemplated by the Registration Statement, the Preliminary Prospectus and the Prospectus, or, if there was any decrease, setting forth the amount of such decrease; and (c) during the period from August 6, 2021 (balance sheet date) to a specified date not later than five (5) days prior to the Effective Date, Closing Date or Option Closing Date, as the case may be, there was any decrease in net earnings or net earnings per Ordinary Share, in each case as compared with Statement of Operations for the period from August 6, 2021 (inception) to August 31, 2021, other than as set forth in or contemplated by the Registration Statement, the Preliminary Prospectus and the Prospectus, or, if there was any such decrease, setting forth the amount of such decrease;

(iv) Stating they have compared specific dollar amounts, numbers of shares, percentages of earnings, statements and other financial information pertaining to the Company set forth in the Registration Statement, the Preliminary Prospectus and the Prospectus in each case to the extent that such amounts, numbers, percentages, statements and information may be derived from the general accounting records, including work sheets, of the Company and excluding any questions requiring an interpretation by legal counsel, with the results obtained from the application of specified readings, inquiries and other appropriate procedures (which procedures do not constitute an examination in accordance with the standards of the PCAOB) set forth in the letter and found them to be in agreement; and

(v) Statements as to such other matters incident to the transaction contemplated hereby as the Representative may reasonably request.

#### 4.4. Officers' Certificates.

4.4.1. Officers' Certificate. At each of the Closing Date and the Option Closing Date, if any, the Representative shall have received a certificate of the Company signed by the Chief Executive Officer or the President and the Secretary or Assistant Secretary of the Company, dated the Closing Date or the Option Closing Date, as the case may be, to the effect that the Company has performed all covenants and complied with all conditions required by this Agreement to be performed or complied with by the Company prior to and as of the Closing Date, or the Option Closing Date, as the case may be, and that the conditions set forth in Section 4.5 hereof have been satisfied as of such date and that, as of Closing Date and the Option Closing Date, as the case may be, the representations and warranties of the Company set forth in Section 2 hereof are true and correct. In addition, the Representative will have received such other and further certificates of officers of the Company as the Representative may reasonably request.

4.4.2. Secretary's Certificate. At each of the Closing Date and the Option Closing Date, if any, the Representative shall have received a certificate of the Company signed by the Secretary or Assistant Secretary of the Company, dated the Closing Date or the Option Closing Date, as the case may be, respectively, certifying: (i) that the Memorandum and Articles of Association of the Company are true and complete, have not been modified and are in full force and effect; (ii) that the board resolutions relating to the Offering are in full force and effect and have not been modified; (iii) all correspondence between the Company or its counsel and the Commission; (iv) all correspondence between the Company or its counsel and the Nasdaq Stock Market; and (v) as to the incumbency of the officers of the Company. The documents referred to in such certificate shall be attached to such certificate.

4.5. No Material Changes. Prior to and on each of the Closing Date and the Option Closing Date, if any: (i) there shall have been no material adverse change or development that is likely to result in a material adverse change in the condition or prospects or the business activities, financial or otherwise, of the Company from the latest dates as of which such condition is set forth in the Registration Statement and Prospectus; (ii) no action suit or proceeding, at law or in equity, shall have been pending or threatened against the Company or any Initial Shareholder before or by any court or federal or state commission, board or other administrative agency wherein an unfavorable decision, ruling or finding may materially adversely affect the business, operations, prospects or financial condition or income of the Company, except as set forth in the Registration Statement, the Preliminary Prospectus and Prospectus; (iii) no stop order shall have been issued under the Act and no proceedings therefor shall have been initiated or threatened by the Commission; and (iv) the Registration Statement, the Preliminary Prospectus and the Prospectus and any amendments or supplements thereto shall contain all material statements which are required to be stated therein in accordance with the Act and the Regulations and shall conform in all material respects to the requirements of the Act and the Regulations, and neither the Registration Statement, the Preliminary Prospectus nor the Prospectus nor any amendment or supplement thereto shall contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein (in the case of the Prospectus, in light of the circumstances under which they were made), not misleading.

4.6. Delivery of Agreements. On the Effective Date, the Company shall have delivered to the Representative executed copies of the Trust Agreement, the Warrant Agreement, the Rights Agreement, the Registration Rights Agreement, all of the Insider Letters and the Subscription Agreement.

## 5. Indemnification.

### 5.1. Indemnification of Underwriters.

5.1.1. General. Subject to the conditions set forth below, the Company agrees to indemnify and hold harmless each of the Underwriters and each dealer selected by the Representative that participates in the offer and sale of the Units (each a “**Selected Dealer**”) and each of their respective directors, officers and employees and each person, if any, who controls any such Underwriter (“**Controlling Person**”) within the meaning of Section 15 of the Act or Section 20(a) of the Exchange Act, against any and all loss, liability, claim, damage and expense whatsoever (including but not limited to any and all legal or other expenses reasonably incurred in investigating, preparing or defending against any litigation, commenced or threatened, or any claim whatsoever, whether arising out of any action between any of the Underwriters and the Company or between any of the Underwriters and any third party or otherwise) to which they or any of them may become subject under the Act, the Exchange Act or any other federal, state or local statute, law, rule, regulation or ordinance or at common law or otherwise or under the laws, rules and regulation of foreign countries, arising out of or based upon any untrue statement or alleged untrue statement of a material fact contained in: (i) any Preliminary Prospectus, the Registration Statement, or the Prospectus (as from time to time each may be amended and supplemented); ; or (iii) any application or other document or written communication (in this Section 5, collectively called “**Application**”) executed by the Company or based upon written information furnished by the Company in any jurisdiction in order to qualify the Units under the securities laws thereof or filed with the Commission, any state securities commission or agency, the Nasdaq Stock Market or any securities exchange; or the omission or alleged omission thereof of a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, unless such statement or omission was made in reliance upon and in conformity with written information furnished to the Company with respect to an Underwriter by or on behalf of such Underwriter expressly for use in any Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereof. With respect to any untrue statement or omission or alleged untrue statement or omission made in the Preliminary Prospectus, the indemnity agreement contained in this paragraph shall not inure to the benefit of any Underwriter to the extent that any loss, liability, claim, damage or expense of such Underwriter results from the fact that a copy of the Prospectus was not given or sent to the person asserting any such loss, liability, claim or damage at or prior to the written confirmation of sale of the Securities to such person as required by the Act and the Regulations, and if the untrue statement or omission has been corrected in the Prospectus, unless such failure to deliver the Prospectus was a result of non-compliance by the Company with its obligations under Section 3.4 hereof. The Company agrees to promptly notify the Representative of the commencement of any litigation or proceedings against the Company or any of its officers, directors or Controlling Persons in connection with the issue and sale of the Securities or in connection with the Preliminary Prospectus, the Registration Statement, or the Prospectus. For purposes of this Section 5, the term Underwriter or Underwriters shall refer to each Underwriter whether acting as an underwriter or as a qualified independent underwriter.

5.1.2. Procedure. If any action is brought against an Underwriter or Controlling Person in respect of which indemnity may be sought against the Company pursuant to Section 5.1.1, such Underwriter shall promptly notify the Company in writing of the institution of such action and the Company shall assume the defense of such action, including the employment and fees of counsel (subject to the reasonable approval of such Underwriter) and payment of actual expenses. Such Underwriter or Controlling Person shall have the right to employ its or their own counsel in any such case, but the fees and expenses of such counsel shall be at the expense of such Underwriter or such Controlling Person unless: (i) the employment of such counsel at the expense of the Company shall have been authorized in writing by the Company in connection with the defense of such action within reasonable time under the circumstances; (ii) the Company shall not have employed counsel to have charge of the defense of such action; or (iii) such indemnified party or parties shall have reasonably concluded that there may be defenses available to it or them which are different from or additional to those available to the Company (in which case the Company shall not have the right to direct the defense of such action on behalf of the indemnified party or parties), in any of which events the reasonable fees and expenses of not more than one additional firm of attorneys selected by the Underwriter and/or Controlling Person shall be borne by the Company. Notwithstanding anything to the contrary contained herein, if the Underwriter or Controlling Person shall assume the defense of such action as provided above, the Company shall have the right to approve the terms of any settlement of such action which approval shall not be unreasonably withheld.

5.2. Indemnification of the Company. Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless the Company, its directors, officers and employees and agents who control the Company within the meaning of Section 15 of the Act or Section 20 of the Exchange Act against any and all loss, liability, claim, damage and expense described in the foregoing indemnity from the Company to the several Underwriters, as incurred, but only with respect to untrue statements or omissions, or alleged untrue statements or omissions made in any Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereto, or in any Application, in reliance upon, and in strict conformity with, written information furnished to the Company with respect to such Underwriter by or on behalf of the Underwriter expressly for use in such Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereto or in any such Application, which furnished written information, it is expressly agreed, consists solely of the information described in the last sentence of Section 2.3.1. In case any action shall be brought against the Company or any other person so indemnified based on any Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereto or any Application, and in respect of which indemnity may be sought against any Underwriter, such Underwriter shall have the rights and duties given to the Company, and the Company and each other person so indemnified shall have the rights and duties given to the several Underwriters by the provisions of Section 5.1.2.

### 5.3. Contribution.

5.3.1. Contribution Rights. In order to provide for just and equitable contribution under the Act in any case in which: (i) any person entitled to indemnification under this Section 5 makes a claim for indemnification pursuant hereto but it is judicially determined (by the entry of a final judgment or decree by a court of competent jurisdiction and the expiration of time to appeal or the denial of the last right of appeal) that such indemnification may not be enforced in such case notwithstanding the fact that this Section 5 provides for indemnification in such case; or (ii) contribution under the Act, the Exchange Act or otherwise may be required on the part of any such person in circumstances for which indemnification is provided under this Section 5, then, and in each such case, the Company and the Underwriters shall contribute to the aggregate losses, liabilities, claims, damages and expenses of the nature contemplated by said indemnity agreement incurred by the Company and the Underwriters, as incurred, in such proportions that the Underwriters are responsible for that portion represented by the percentage that the underwriting discount appearing on the cover page of the Prospectus bears to the initial offering price appearing thereon and the Company is responsible for the balance; *provided*, that, no person guilty of a fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. Notwithstanding the provisions of this Section 5.3.1, no Underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the Public Securities underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages that such Underwriter has otherwise been required to pay in respect of such losses, liabilities, claims, damages and expenses. For purposes of this Section, each director, officer and employee of an Underwriter or the Company, as applicable, and each person, if any, who controls an Underwriter or the Company, as applicable, within the meaning of Section 15 of the Act shall have the same rights to contribution as the Underwriters or the Company, as applicable.

5.3.2. Contribution Procedure. Within fifteen (15) days after receipt by any party to this Agreement (or its representative) of notice of the commencement of any action, suit or proceeding, such party will, if a claim for contribution in respect thereof is to be made against another party (“**Contributing Party**”), notify the Contributing Party of the commencement thereof, but the omission to so notify the Contributing Party will not relieve it from any liability which it may have to any other party other than for contribution hereunder. In case any such action, suit or proceeding is brought against any party, and such party notifies a Contributing Party or its representative of the commencement thereof within the aforesaid fifteen (15) days, the Contributing Party will be entitled to participate therein with the notifying party and any other Contributing Party similarly notified. Any such Contributing Party shall not be liable to any party seeking contribution on account of any settlement of any claim, action or proceeding effected by such party seeking contribution on account of any settlement of any claim, action or proceeding effected by such party seeking contribution without the written consent of such Contributing Party. The contribution provisions contained in this Section are intended to supersede, to the extent permitted by law, any right to contribution under the Act, the Exchange Act or otherwise available. The Underwriters’ obligations to contribute pursuant to this Section 5.3 are several and not joint.

### 6. Default by an Underwriter.

6.1. Default Not Exceeding 10% of Firm Units or Option Units. If any Underwriter or Underwriters shall default in its or their obligations to purchase the Firm Units or the Option Units, if the Over-allotment Option is exercised, hereunder, and if the number of the Firm Units or Option Units with respect to which such default relates does not exceed in the aggregate 10% of the number of Firm Units or Option Units that all Underwriters have agreed to purchase hereunder, then such Firm Units or Option Units to which the default relates shall be purchased by the non-defaulting Underwriters in proportion to their respective commitments hereunder.

6.2. Default Exceeding 10% of Firm Units or Option Units. In the event that the default addressed in Section 6.1 above relates to more than 10% of the Firm Units or Option Units, the Representative may in its discretion arrange for itself or for another party or parties to purchase such Firm Units or Option Units to which such default relates on the terms contained herein. If, within one (1) Business Day after such default relating to more than 10% of the Firm Units or Option Units, the Representative does not arrange for the purchase of such Firm Units or Option Units, then the Company shall be entitled to a further period of one (1) Business Day within which to procure another party or parties satisfactory to the Company and the Representative to purchase said Firm Units or Option Units on such terms. In the event the Representative does not arrange for the purchase of the Firm Units or Option Units to which a default relates as provided in this Section 6, this Agreement may be terminated by the Company without liability on the part of the Company (except as provided in Sections 3.12 and 5 hereof) or the several Underwriters (except as provided in Section 5 hereof); *provided, however*, that if such default occurs with respect to the Option Units, this Agreement will not terminate as to the Firm Units; and *provided further* that nothing herein shall relieve a defaulting Underwriter of its liability, if any, to the other several Underwriters and to the Company for damages occasioned by its default hereunder.

6.3. Postponement of Closing Date. In the event the Firm Units or Option Units to which the default relates are to be purchased by the non-defaulting Underwriters, or are to be purchased by another party or parties as aforesaid, the Representative or the Company shall have the right to postpone the Closing Date or Option Closing Date for a reasonable period, but not in any event exceeding five (5) Business Days, in order to effect whatever changes may thereby be made necessary in the Registration Statement, the Preliminary Prospectus and/or the Prospectus, as the case may be, or in any other documents and arrangements, and the Company agrees to file promptly any amendment to, or to supplement, the Registration Statement, the Preliminary Prospectus and/or the Prospectus, as the case may be, that in the opinion of counsel for the Underwriters may thereby be made necessary. The term "Underwriter" as used in this Agreement shall include any party substituted under this Section 6 with like effect as if it had originally been a party to this Agreement with respect to such Securities.

#### 7. Additional Covenants.

7.1. Additional Shares or Options. The Company hereby agrees that until the Company consummates a Business Combination, it shall not issue any Ordinary Shares or any options or other securities convertible into Ordinary Shares, or any class of shares which participate in any manner in the Trust Account or which vote as a class with the Ordinary Shares on a Business Combination.

7.2. Trust Account Waiver Acknowledgments. The Company hereby agrees that it will not commence its due diligence investigation of any operating business or businesses which the Company seeks to acquire (each, a "**Target Business**") unless and until such Target Business acknowledges in writing, whether through a letter of intent, memorandum of understanding or other similar document (and subsequently acknowledges the same in any definitive document replacing any of the foregoing), that: (i) it has read the Prospectus and understands that the Company has established the Trust Account, initially in an amount of \$202,000,000 for the benefit of the public shareholders, and that (ii) for and in consideration of the Company agreeing to evaluate such Target Business for purposes of consummating a Business Combination with it, such Target Business agrees that it does not have any right, title, interest or claim of any kind in or to any monies of the Trust Account ("**Claim**") and waives any Claim it may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with the Company and will not seek recourse against the Trust Account for any reason whatsoever. The Company further agrees that it will use its reasonable efforts, prior to obtaining the services of any vendor, to obtain a written acknowledgment from such vendor, whether through a letter of intent, memorandum of understanding or other similar document (and subsequently acknowledges the same in any definitive document replacing any of the foregoing), that: (i) such vendor has read the Prospectus and understands that the Company has established the Trust Account, initially in an amount of \$202,000,000 for the benefit of the public shareholders, and that (ii) for and in consideration of the Company agreeing to engage the services of the vendor, such vendor agrees that it does not have any Claim and waives any Claim it may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with the Company and will not seek recourse against the Trust Account for any reason whatsoever. The foregoing letters shall substantially be in the form attached hereto as Exhibit A and B, respectively. Furthermore, each officer and director of the Company shall execute a waiver letter in the form attached hereto as Exhibit C.

7.3. Insider Letters. The Company shall not take any action or omit to take any action which would cause a breach of any of the Insider Letters executed between each of the Company's officers, directors and Initial Shareholders or the Subscription Agreement and will not allow any amendments to, or waivers of, such Insider Letters or the Subscription Agreement without the prior written consent of the Representative.

7.4. Memorandum and Articles of Association. The Company shall not take any action or omit to take any action that would cause the Company to be in material breach or violation of its Memorandum and Articles of Association. Except as provided in Section 3.28, prior to the consummation of a Business Combination, the Company will not amend its Memorandum and Articles of Association, without the prior written consent of the Representative.

7.5. Tender Offer Documents, Proxy Materials and Other Information. The Company shall provide counsel to the Representative with copies of all tender offer documents or proxy information and all related material filed with the Commission in connection with a Business Combination concurrently with such filing with the Commission. In addition, the Company shall furnish any other state in which the Offering was registered, such information as may be requested by such state.

7.6. Acquisition/Liquidation Procedure. The Company agrees that it will comply with Article 25 of its Memorandum of Association in connection with the consummation of a Business Combination or the failure to consummate a Business Combination within 12 months from the Effective Date (subject to extension to up to 18 months as described in the Prospectus).

7.7. Rule 419. The Company agrees that it will use its reasonable efforts to prevent the Company from becoming subject to Rule 419 under the Act prior to the consummation of any Business Combination, including, but not limited to, using its reasonable efforts to prevent any of the Company's outstanding securities from being deemed to be a "penny stock" as defined in Rule 3a-51-1 under the Exchange Act during such period.

7.8. Presentation of Potential Target Businesses. The Company shall cause each of the Initial Shareholders to agree that, in order to minimize potential conflicts of interest which may arise from multiple affiliations, the Initial Shareholders will present to the Company for its consideration, prior to presentation to any other person or company, any suitable opportunity to acquire an operating business, until the earlier of the consummation by the Company of a Business Combination or the liquidation of the Company, subject to any pre-existing fiduciary obligations the Initial Shareholders might have.

8. Representations and Agreements to Survive Delivery. Except as the context otherwise requires, all representations, warranties and agreements contained in this Agreement shall be deemed to be representations, warranties and agreements at the Closing Date or the Option Closing Date, if any, and such representations, warranties and agreements of the Underwriters and the Company, including the indemnity agreements contained in Section 5 hereof, shall remain operative and in full force and effect regardless of any investigation made by or on behalf of any Underwriter, the Company or any Controlling Person, and shall survive termination of this Agreement or the issuance and delivery of the Securities to the several Underwriters until the earlier of the expiration of any applicable statute of limitations and the seventh anniversary of the later of the Closing Date or the Option Closing Date, if any, at which time the representations, warranties and agreements shall terminate and be of no further force and effect.

#### 9. Effective Date of This Agreement and Termination Thereof.

9.1. Effective Date. This Agreement shall become effective on the Effective Date at the time the Registration Statement is declared effective by the Commission.

9.2. Termination. The Representative shall have the right to terminate this Agreement at any time prior to any Closing Date: (i) if any domestic or international event or act or occurrence has materially disrupted, or in the Representative's opinion will in the immediate future materially disrupt, general securities markets in the United States; or (ii) if trading on the New York Stock Exchange, the NYSE American or the Nasdaq Stock Market shall have been suspended, or minimum or maximum prices for trading shall have been fixed, or maximum ranges for prices for securities shall have been fixed, or maximum ranges for prices for securities shall have been required on the over the counter markets or by order of the Commission or any other government authority having jurisdiction; or (iii) if the United States shall have become involved in a war or an initiation or increase in major hostilities, or (iv) if a banking moratorium has been declared by a New York State or federal authority, or (v) if a moratorium on foreign exchange trading has been declared which materially adversely impacts the United States securities markets; or (vi) if the Company shall have sustained a material loss by fire, flood, accident, hurricane, earthquake, theft, sabotage or other calamity or malicious act which, whether or not such loss shall have been insured, will, in the Representative's opinion, make it inadvisable to proceed with the delivery of the Units; or (vii) if any of the Company's representations, warranties or covenants hereunder are breached; or (viii) if the Representative shall have become aware after the date hereof of such a material adverse change in the conditions or prospects of the Company, or such material adverse change in general market conditions, including, without limitation, as a result of terrorist activities after the date hereof, as in the Representative's judgment would make it impracticable to proceed with the offering, sale and/or delivery of the Units or to enforce contracts made by the Underwriters for the sale of the Units.

9.3. Expenses. In the event this Agreement shall not be carried out for any reason whatsoever, except as a result of the Representative's or any Underwriters' breach or default with respect to any of its material obligations pursuant to this Agreement, within the time specified herein or any extensions thereof pursuant to the terms herein, the obligations of the Company to pay the out-of-pocket expenses actually incurred by the Representative related to the transactions contemplated herein shall be governed by Section 3.12 hereof.

9.4. Indemnification. Notwithstanding any contrary provision contained in this Agreement, any election hereunder or any termination of this Agreement, and whether or not this Agreement is otherwise carried out, the provisions of Section 5 shall not be in any way affected by such election or termination or failure to carry out the terms of this Agreement or any part hereof.

## WARRANT AGREEMENT

between

AURORA TECHNOLOGY ACQUISITION CORP.

and

CONTINENTAL STOCK TRANSFER &amp; TRUST COMPANY

THIS WARRANT AGREEMENT (this “**Agreement**”), dated as of [\_\_\_], 2022 is by and between Aurora Technology Acquisition Corp., a Cayman Islands exempted company (the “**Company**”), and Continental Stock Transfer & Trust Company, a New York corporation, as warrant agent (the “**Warrant Agent**”, also referred to herein as the “**Transfer Agent**”).

WHEREAS, the Company is engaged in an initial public offering (the “**Offering**”) of units of the Company’s equity securities, each such unit (the “**Units**”) comprised of one Class A ordinary share, one right to receive one-tenth (1/10) of a Class A ordinary share upon the consummation of an initial business combination and one public warrant, where each whole warrant entitles the holder to purchase one-half (1/2) of one (1) Class A ordinary share at a price of \$11.50 per full Class A ordinary share and, in connection therewith, has determined to issue and deliver up to 23,000,000 warrants (including up to 3,000,000 warrants subject to the Over-allotment Option) to public investors in the Offering (the “**Public Warrants**”); and

WHEREAS, the Company has filed with the Securities and Exchange Commission (the “**Commission**”) a registration statement on Form S-1, No. 333-261753 (the “**Registration Statement**”) and prospectus (the “**Prospectus**”), for the registration, under the Securities Act of 1933, as amended (the “**Securities Act**”), of the Units, the Public Warrants and the Class A ordinary shares included in the Units; and

WHEREAS, on [\_\_\_], 2022 the Company entered into that certain Private Placement Warrants Purchase Agreement with ATAC Sponsor LLC, a Delaware limited liability company (the “**Sponsor**”), pursuant to which the Sponsor will purchase an aggregate of 6,425,000 redeemable warrants (or up to 7,100,000 warrants if the Over-allotment Option (as defined below) in connection with the Company’s Offering (as defined below) is exercised in full) simultaneously with the closing of the Offering bearing the legend set forth in Exhibit B hereto (the “**Private Placement Warrants**” and, together with the Public Warrants, the “**Warrants**”) at a purchase price of \$1.00 per Private Placement Warrant; and

WHEREAS, the Company desires the Warrant Agent to act on behalf of the Company, and the Warrant Agent is willing to so act, in connection with the issuance, registration, transfer, exchange, redemption and exercise of the Warrants; and

WHEREAS, the Company desires to provide for the form and provisions of the Warrants, the terms upon which they shall be issued and exercised, and the respective rights, limitation of rights, and immunities of the Company, the Warrant Agent, and the holders of the Warrants; and

WHEREAS, all acts and things have been done and performed which are necessary to make the Warrants, when executed on behalf of the Company and countersigned by or on behalf of the Warrant Agent (if a physical certificate is issued), as provided herein, the valid, binding and legal obligations of the Company, and to authorize the execution and delivery of this Agreement.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, the parties hereto agree as follows:

1. Appointment of Warrant Agent. The Company hereby appoints the Warrant Agent to act as agent for the Company for the Warrants, and the Warrant Agent hereby accepts such appointment and agrees to perform the same in accordance with the terms and conditions set forth in this Agreement.

2. Warrants.

2.1. Form of Warrant. Each Warrant shall initially be issued in registered form only.

2.2. Effect of Countersignature. If a physical certificate is issued, unless and until countersigned by the Warrant Agent pursuant to this Agreement, a Warrant shall be invalid and of no effect and may not be exercised by the holder thereof.

2.3. Registration.

2.3.1. Warrant Register.

(a) The Warrant Agent shall maintain books (the "**Warrant Register**") for the registration of original issuance and the registration of transfer of the Warrants. Upon the initial issuance of the Warrants, the Warrant Agent shall issue and register the Warrants in the names of the respective holders thereof in such denominations and otherwise in accordance with instructions delivered to the Warrant Agent by the Company. Ownership of beneficial interests in the Public Warrants shall be shown on, and the transfer of such ownership shall be effected through, records maintained by institutions that have accounts with (i) The Depository Trust Company (the "**Depository**") (such institution, with respect to a Warrant in its account, a "**Participant**") or (ii) the Depository or its nominee for each Book-Entry Warrant Certificate.

(b) If the Depository subsequently ceases to make its book-entry settlement system available for the Public Warrants, the Company may instruct the Warrant Agent regarding making other arrangements for book-entry settlement. In the event that the Public Warrants are not eligible for, or it is no longer necessary to have the Public Warrants available in, book-entry form, the Warrant Agent shall provide written instructions to the Depository to deliver to the Warrant Agent for cancellation each book-entry Public Warrant, and the Company shall instruct the Warrant Agent to deliver to the Depository definitive certificates in physical form evidencing such Warrants which shall be in the form annexed hereto as Exhibit A.

(c) Physical certificates, if issued, shall be signed by, or bear the facsimile signature of, the Chairman of the Company's board of Directors (the "**Board**"), Chief Executive Officer, Chief Financial Officer, Secretary or other principal officer of the Company. In the event the person whose facsimile signature has been placed upon any Warrant shall have ceased to serve in the capacity in which such person signed the Warrant before such Warrant is issued, it may be issued with the same effect as if he or she had not ceased to be such at the date of issuance.

2.3.2. **Registered Holder.** Prior to due presentment for registration of transfer of any Warrant, the Company and the Warrant Agent may deem and treat the person in whose name such Warrant is registered in the Warrant Register (the "**Registered Holder**") as the absolute owner of such Warrant and of each Warrant represented thereby (notwithstanding any notation of ownership or other writing on any physical certificate made by anyone other than the Company or the Warrant Agent), for the purpose of any exercise thereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary.

2.4. **Detachability of Warrants.** The Class A ordinary shares and Public Warrants comprising the Units shall begin separate trading on the 52nd day following the date of the Prospectus or, if such 52nd day is not on a day, other than a Saturday, Sunday or federal holiday, on which banks in New York City are generally open for normal business (a "**Business Day**"), then on the immediately succeeding Business Day following such date, or earlier (the "**Detachment Date**") with the consent of the Maxim Group LLC, as representative of the underwriters, but in no event shall the Class A ordinary shares and the Public Warrants comprising the Units be separately traded until (A) the Company has filed a Current Report on Form 8-K with the Commission containing an audited balance sheet reflecting the receipt by the Company of the gross proceeds of the Offering, including the proceeds received by the Company from the exercise by the underwriters of their right to purchase additional Units in the Offering (the "**Over-allotment Option**"), if the Over-allotment Option is exercised prior to the filing of the Form 8-K, and (B) the Company issues a press release and files with the Commission a current report on Form 8-K announcing when such separate trading shall begin.

2.5. **No Fractional Warrants Other Than as Part of Units.** The Company shall not issue fractional Warrants other than as part of Units, each of which is comprised of one Class A ordinary share and one-half of one Public Warrant. If, upon the detachment of Public Warrants from Units or otherwise, a holder of Warrants would be entitled to receive a fractional Warrant, the Company shall round down to the nearest whole number the number of Warrants to be issued to such holder.

2.6. **Private Placement Warrants.** The Private Placement Warrants shall be identical to the Public Warrants, except that (i) the Private Placement Warrants may be exercised for cash or on a "cashless basis," pursuant to [Section 3.3.1\(c\)](#) hereof, (ii) the Private Placement Warrants (and Class A ordinary shares issuable upon exercise of the Private Placement Warrants) may be subject to certain transfer restrictions contained in the letter agreement by and among the Company, the Sponsor and any other parties thereto, as amended from time to time, including that any permitted transferees must enter into a written agreement with the Company agreeing to be bound by the transfer restrictions contained in such letter agreement, and (iii) the Private Placement Warrants shall not be redeemable by the Company pursuant to [Section 6.1](#) hereof. The Private Placement Warrants shall not become Public Warrants as a result of any transfer of the Private Placement Warrants, regardless of the transferee.

### 3. Terms and Exercise of Warrants.

3.1. Warrant Price. Each Two (2) Warrants shall, when countersigned by the Warrant Agent (if a physical certificate is issued), entitle the Registered Holder thereof, subject to the provisions of such Warrant and of this Agreement, to purchase from the Company one (1) Class A ordinary share, at the price of \$11.50 per share, subject to the adjustments provided in Section 4 hereof and in the last sentence of this Section 3.1. The term “**Warrant Price**” as used in this Agreement shall mean the price per share at which Class A ordinary shares may be purchased at the time a Warrant is exercised. The Company in its sole discretion may lower the Warrant Price at any time prior to the Expiration Date (as defined below) for a period of not less than twenty (20) Business Days, provided, that the Company shall provide at least twenty (20) days prior written notice of such reduction to Registered Holders of the Warrants and, provided further that any such reduction shall be identical among all of the Warrants.

3.2. Duration of Warrants. Warrants may be exercised only during the period (the “**Exercise Period**”) commencing on the later of: (i) the date that is thirty (30) days after the first date on which the Company completes a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, involving the Company and one or more businesses (a “**Business Combination**”), and (ii) the date that is twelve (12) months from the date of the closing of the Offering, and terminating at 5:00 p.m., New York City time on the earlier to occur of: (x) the date that is five (5) years after the date on which the Company completes its initial Business Combination and (y) the liquidation of the Company in accordance with the Company’s amended and restated certificate of incorporation, as amended from time to time, if the Company fails to consummate a Business Combination (the “**Expiration Date**”); provided, however, that the exercise of any Warrant shall be subject to the satisfaction of any applicable conditions, as set forth in Section 3.3.2 below with respect to an effective registration statement. Each Warrant (other than a Private Placement Warrant) not exercised on or before the Expiration Date shall become void, and all rights thereunder and all rights in respect thereof under this Agreement shall cease at 5:00 p.m. New York City time on the Expiration Date. The Company in its sole discretion may extend the duration of the Warrants by delaying the Expiration Date; provided, that the Company shall provide at least twenty (20) days prior written notice of any such extension to Registered Holders of the Warrants and, provided further that any such extension shall be identical in duration among all the Warrants.

#### 3.3. Exercise of Warrants.

3.3.1. Payment. Subject to the provisions of the Warrant and this Agreement, a Warrant, when countersigned by the Warrant Agent (if in the form of a physical certificate), may be exercised by the Registered Holder thereof by delivering to the Warrant Agent at its corporate trust department (i) the definitive warrant certificate evidencing the Warrants to be exercised, or, in the case of a Warrant represented by a book-entry, the Warrants to be exercised (the “**Book-Entry Warrants**”) on the records of the Depository to an account of the Warrant Agent at the Depository designated for such purposes in writing by the Warrant Agent to the Depository from time to time, (ii) an election to purchase any Class A ordinary shares pursuant to the exercise of a Warrant, properly completed and executed by the Registered Holder on the reverse of the definitive warrant certificate or, in the case of a Book-Entry Warrant, properly delivered by the Participant in accordance with the Depository’s procedures, and (iii) the payment in full of the Warrant Price for each full Class A ordinary share as to which the Warrant is exercised and any and all applicable taxes due in connection with the exercise of the Warrant, the exchange of the Warrant for the Class A ordinary shares and the issuance of such Class A ordinary shares, as follows:

(a) in lawful money of the United States, in good certified check or good bank draft payable to the Warrant Agent;

(b) in the event of a redemption pursuant to Section 6.1 hereof in which the Board has elected to require all holders of the Public Warrants to exercise such Public Warrants on a “cashless basis,” by surrendering the Public Warrants for that number of Class A ordinary shares equal to the quotient obtained by dividing (x) the product of the number of Class A ordinary shares underlying the Public Warrants, multiplied by the difference between the Warrant Price and the “Fair Market Value”, as defined in this Section 3.3.1(b), by (y) the Fair Market Value. Solely for purposes of this Section 3.3.1(b) and Section 6.1, the “Fair Market Value” shall mean the volume-weighted average price of the Class A ordinary shares as reported during the ten trading day period ending on the trading day prior to the date on which the notice of redemption is sent to the holders of the Warrants pursuant to Section 6.2 hereof;

(c) with respect to any Private Placement Warrant, by surrendering the Warrants for that number of Class A ordinary shares equal to the quotient obtained by dividing (x) the product of the number of Class A ordinary shares underlying the Warrants, multiplied by the excess of the “Sponsor Exercise Fair Market Value” (as defined in this Section 3.3.1(c)) less the Warrant Price by (y) the Sponsor Exercise Fair Market Value. Solely for purposes of this Section 3.3.1(c), the “Sponsor Exercise Fair Market Value” shall mean the average last reported sale price of the Class A ordinary shares for the ten trading days ending on the third trading day prior to the date on which notice of exercise of the Private Placement Warrant is sent to the Warrant Agent; or

(d) as provided in Section 7.4 hereof.

3.3.2. Issuance of Class A ordinary shares on Exercise. As soon as practicable after the exercise of any Warrant and the clearance of the funds in payment of the Warrant Price (if payment is pursuant to Section 3.3.1(a)), the Company shall issue to the Registered Holder of such Warrant a book-entry position or certificate, as applicable, for the number of full Class A ordinary shares to which he, she or it is entitled, registered in such name or names as may be directed by him, her or it, and if such Warrant shall not have been exercised in full, a new book-entry position or countersigned Warrant, as applicable, for the number of Class A ordinary shares as to which such Warrant shall not have been exercised. Notwithstanding the foregoing, the Company shall not be obligated to deliver any Class A ordinary shares pursuant to the exercise of a Warrant and shall have no obligation to settle such Warrant exercise unless a registration statement under the Securities Act covering the issuance of the Class A ordinary shares issuable upon the exercise of the Public Warrants is then effective and a current prospectus relating thereto is available, subject to the Company’s satisfying its obligations under Section 7.4, or a valid exemption from registration is available. No Warrant shall be exercisable and the Company shall not be obligated to issue Class A ordinary shares upon exercise of a Warrant unless the Class A ordinary shares issuable upon such Warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the Registered Holder of the Warrants. The Company may require holders of Public Warrants to settle the Warrant on a “cashless basis” pursuant to Section 7.4. If, by reason of any exercise of Warrants on a “cashless basis,” the holder of any Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a Class A ordinary share, the Company shall round down to the nearest whole number, the number of Class A ordinary shares to be issued to such holder.

3.3.3. Valid Issuance. All Class A ordinary shares issued upon the proper exercise of a Warrant in conformity with this Agreement shall be validly issued, fully paid and non-assessable.

3.3.4. Date of Issuance. Each person in whose name any book-entry position or certificate, as applicable, for Class A ordinary shares is issued shall for all purposes be deemed to have become the holder of record of such Class A ordinary shares on the date on which the Warrant, or book-entry position representing such Warrant, was surrendered and payment of the Warrant Price was made, irrespective of the date of delivery of such certificate in the case of a certificated Warrant, except that, if the date of such surrender and payment is a date when the share transfer books of the Company or book-entry system of the Warrant Agent are closed, such person shall be deemed to have become the holder of such Class A ordinary shares at the close of business on the next succeeding date on which the share transfer books or book-entry system are open.

3.3.5. Maximum Percentage. A holder of a Warrant may notify the Company in writing in the event it elects to be subject to the provisions contained in this Section 3.3.5; however, no holder of a Warrant shall be subject to this Section 3.3.5 unless he, she or it makes such election. If the election is made by a holder, the Warrant Agent shall not effect the exercise of the holder's Warrant, and such holder shall not have the right to exercise such Warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the Warrant Agent's actual knowledge, would beneficially own in excess of 9.8% (or such other amount as such holder may specify) (the "**Maximum Percentage**") of the Class A ordinary shares outstanding immediately after giving effect to such exercise. For purposes of the foregoing sentence, the aggregate number of Class A ordinary shares beneficially owned by such person and its affiliates shall include the number of Class A ordinary shares issuable upon exercise of the Warrant with respect to which the determination of such sentence is being made, but shall exclude Class A ordinary shares that would be issuable upon (x) exercise of the remaining, unexercised portion of the Warrant beneficially owned by such person and its affiliates and (y) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company beneficially owned by such person and its affiliates (including, without limitation, any convertible notes or convertible preferred stock or warrants) subject to a limitation on conversion or exercise analogous to the limitation contained herein. Except as set forth in the preceding sentence, for purposes of this paragraph, beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"). For purposes of the Warrant, in determining the number of outstanding Class A ordinary shares, the holder may rely on the number of outstanding Class A ordinary shares as reflected in (1) the Company's most recent Annual Report on Form 10-K, Quarterly Report on Form 10-Q, Current Report on Form 8-K or other public filing with the Commission as the case may be, (2) a more recent public announcement by the Company or (3) any other notice by the Company or the Transfer Agent setting forth the number of Class A ordinary shares outstanding. For any reason at any time, upon the written request of the holder of the Warrant, the Company shall, within two (2) Business Days, confirm orally and in writing to such holder the number of Class A ordinary shares then outstanding. In any case, the number of outstanding Class A ordinary shares shall be determined after giving effect to the conversion or exercise of equity securities of the Company by the holder and its affiliates since the date as of which such number of outstanding Class A ordinary shares was reported. By written notice to the Company, the holder of a Warrant may from time to time increase or decrease the Maximum Percentage applicable to such holder to any other percentage specified in such notice; provided, however, that any such increase shall not be effective until the sixty-first (61st) day after such notice is delivered to the Company.

#### 4. Adjustments.

##### 4.1. Stock Dividends.

4.1.1. Split-Ups. If after the date hereof, and subject to the provisions of Section 4.6 below, the number of outstanding Class A ordinary shares is increased by a stock dividend payable in Class A ordinary shares to all or substantially all holders of Class A ordinary shares, or by a split-up of Class A ordinary shares or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of Class A ordinary shares issuable on exercise of each Warrant shall be increased in proportion to such increase in the outstanding Class A ordinary shares. A rights offering to holders of the Class A ordinary shares entitling holders to purchase Class A ordinary shares at a price less than the "Fair Market Value" (as defined below) shall be deemed a stock dividend of a number of Class A ordinary shares equal to the product of (i) the number of Class A ordinary shares actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for the Class A ordinary shares) multiplied by (ii) one (1) minus the quotient of (x) the price per Class A ordinary share paid in such rights offering divided by (y) the Fair Market Value. For purposes of this Section 4.1.1, (i) if the rights offering is for securities convertible into or exercisable for Class A ordinary shares, in determining the price payable for Class A ordinary shares, there shall be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) "Fair Market Value" means the volume weighted average price of the Class A ordinary shares as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the Class A ordinary shares trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

4.1.2. **Extraordinary Dividends.** If the Company, at any time while the Warrants are outstanding and unexpired, shall pay a dividend or make a distribution in cash, securities or other assets to all or substantially all holders of the Class A ordinary shares on account of such Class A ordinary shares (or other shares of the Company's capital stock into which the Warrants are convertible), other than (a) as described in Section 4.1.1 above, (b) Ordinary Cash Dividends (as defined below), (c) to satisfy the redemption rights of the holders of the Class A ordinary shares in connection with a proposed initial Business Combination, (d) to satisfy the redemption rights of the holders of Class A ordinary shares in connection with a stockholder vote to amend the Company's amended and restated certificate of incorporation to modify the substance or timing of the Company's obligation to allow redemption in connection with the Company's initial Business Combination or to redeem 100% of the Class A ordinary shares included in the Units sold in the Offering (the "**Public Shares**") if the Company does not complete the initial Business Combination within the time period set forth in the Company's amended and restated certificate of incorporation or with respect to any other provision relating to stockholders' rights or pre-initial Business Combination activity or (e) in connection with the redemption of the Public Shares upon the failure of the Company to complete its initial Business Combination and any subsequent distribution of its assets upon its liquidation (any such non-excluded event being referred to herein as an "**Extraordinary Dividend**"), then the Warrant Price shall be decreased, effective immediately after the effective date of such Extraordinary Dividend, by the amount of cash and/or the fair market value (as determined by the Board, in good faith) of any securities or other assets paid on each Class A ordinary share in respect of such Extraordinary Dividend. For purposes of this Section 4.1.2, "**Ordinary Cash Dividends**" means any cash dividend or cash distribution which, when combined on a per share basis, with the per share amounts of all other cash dividends and cash distributions paid on the Class A ordinary shares during the 365-day period ending on the date of declaration of such dividend or distribution (as adjusted to appropriately reflect any of the events referred to in other Sections of this Section 4 and excluding cash dividends or cash distributions that resulted in an adjustment to the Warrant Price or to the number of Class A ordinary shares issuable on exercise of each Warrant) to the extent it does not exceed \$0.50 (being 5% of the offering price of the Units in the Offering).

4.2. **Aggregation of Shares.** If after the date hereof, and subject to the provisions of Section 4.6 hereof, the number of outstanding Class A ordinary shares is decreased by a consolidation, combination, reverse stock split or reclassification of Class A ordinary shares or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of Class A ordinary shares issuable on exercise of each Warrant shall be decreased in proportion to such decrease in outstanding Class A ordinary shares.

4.3. **Adjustments in Exercise Price.**

4.3.1. Whenever the number of Class A ordinary shares purchasable upon the exercise of the Warrants is adjusted, as provided in Section 4.1.1 or Section 4.2 above, the Warrant Price shall be adjusted (to the nearest cent) by multiplying such Warrant Price immediately prior to such adjustment by a fraction (x) the numerator of which shall be the number of Class A ordinary shares purchasable upon the exercise of the Warrants immediately prior to such adjustment, and (y) the denominator of which shall be the number of Class A ordinary shares so purchasable immediately thereafter.

4.3.2. If (x) the Company issues additional Class A ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of its initial Business Combination at an issue price or effective issue price of less than \$9.20 per Class A ordinary share (with such issue price or effective issue price to be determined in good faith by the Board and, in the case of any such issuance to the Sponsor or its affiliates, without taking into account any Class B ordinary shares of the Company held by the Sponsor or its affiliates, as applicable, prior to such issuance) (the "Newly Issued Price"), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the Company's initial Business Combination on the date of the completion of the Company's initial Business Combination (net of redemptions), and (z) the volume-weighted average trading price of Class A ordinary shares during the 20 trading day period starting on the trading day prior to the day on which the Company consummates its initial Business Combination (such price, the "**Market Value**") is below \$9.20 per share, the Warrant Price shall be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described in Section 6.1 shall be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price. If the adjustment in the immediately preceding sentence would otherwise result in an increase in the Warrant Price (as adjusted for share splits, share dividends, recapitalizations, extraordinary dividends and similar events) hereunder, no adjustment shall be made.

4.4. Replacement of Securities upon Reorganization, etc. In case of any reclassification or reorganization of the issued and outstanding Class A ordinary shares (other than a change under Section 4.1 or Section 4.2 hereof or that solely affects the par value of such Class A ordinary shares), or in the case of any merger or consolidation of the Company with or into another corporation (other than a merger or consolidation in which the Company is the continuing corporation and that does not result in any reclassification or reorganization of the issued and outstanding Class A ordinary shares), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of the Company as an entirety or substantially as an entirety in connection with which the Company is dissolved, the holders of the Warrants shall thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the Warrants and in lieu of the Class A ordinary shares of the Company immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares, other equity securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the Warrants would have received if such holder had exercised his, her or its Warrant(s) immediately prior to such event (the “**Alternative Issuance**”); provided, however, that (i) if the holders of the Class A ordinary shares were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such merger or consolidation, then the kind and amount of securities, cash or other assets constituting the Alternative Issuance for which each Warrant shall become exercisable shall be deemed to be the weighted average of the kind and amount received per share by the holders of the Class A ordinary shares in such merger or consolidation that affirmatively make such election, and (ii) if a tender, exchange or redemption offer shall have been made to and accepted by the holders of the Class A ordinary shares (other than a tender, exchange or redemption offer made by the Company in connection with redemption rights held by shareholders of the Company as provided for in the Company’s amended and restated memorandum and articles of association or as a result of the redemption of Class A ordinary shares by the Company if a proposed initial Business Combination is presented to the shareholders of the Company for approval) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act) securities representing more than 50% of the aggregate voting power, including the power to vote on the election of directors of the Company, of the issued and outstanding equity securities of the Company, the holder of a Warrant shall be entitled to receive as the Alternative Issuance, the highest amount of cash, securities or other property to which such holder would actually have been entitled as a shareholder if such Warrant holder had exercised the Warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the Class A ordinary shares held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustments (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in this Section 4; provided further that if less than 70% of the consideration receivable by the holders of the Class A ordinary shares in the applicable event is payable in the form of shares in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the Registered Holder properly exercises the Warrant within 30 days following the public disclosure of the consummation of such applicable event by the Company pursuant to a Current Report on Form 8-K filed with the Commission, the Warrant Price shall be reduced by an amount (in dollars) equal to the difference of (i) the Warrant Price in effect prior to such reduction minus (ii) (A) the Per Share Consideration (as defined below) (but in no event less than zero) minus (B) the Black-Scholes Warrant Value (as defined below). The “Black-Scholes Warrant Value” means (i) for Public Warrants, the value of a Public Warrant immediately prior to the consummation of the applicable event based on the Black-Scholes Warrant Model for a Capped American Call on Bloomberg Financial Markets (assuming zero dividends) (“**Bloomberg**”) and (ii) for Private Placement Warrants, the value of a Private Placement Warrant immediately prior to the consummation of the applicable event based on the Black-Scholes Warrant Model for an uncapped American Call on Bloomberg, in each case, as calculated by an accounting, appraisal, investment banking firm or consultant of nationally recognized standing that is, in the good faith judgment of the Board, qualified to make such calculation. For purposes of calculating such amount, (i) Section 6 of this Agreement shall be taken into account, (ii) the price of each Class A ordinary share shall be the volume weighted average price of the Class A ordinary shares during the ten trading day period ending on the trading day prior to the effective date of the applicable event, (iii) the assumed volatility shall be the 90 day volatility obtained from the HVT function on Bloomberg determined as of the trading day immediately prior to the day of the announcement of the applicable event and (iv) the assumed risk-free interest rate shall correspond to the U.S. Treasury rate for a period equal to the remaining term of the Warrant. “Per Share Consideration” means (i) if the consideration paid to holders of the Class A ordinary shares consists exclusively of cash, the amount of such cash per Class A ordinary share, and (ii) in all other cases, the volume weighted average price of the Class A ordinary shares during the ten trading day period ending on the trading day prior to the effective date of the applicable event. If any reclassification or reorganization also results in a change in Class A ordinary shares covered by Section 4.1.1, then such adjustment shall be made pursuant to Section 4.1.1 or Section 4.2, Section 4.3 and this Section 4.4. The provisions of this Section 4.4 shall similarly apply to successive reclassifications, reorganizations, mergers or consolidations, sales or other transfers. In no event shall the Warrant Price be reduced to less than the par value per share issuable upon exercise of such Warrant.

4.5. Notices of Changes in Warrant. Upon every adjustment of the Warrant Price or the number of Class A ordinary shares issuable upon exercise of a Warrant, the Company shall give written notice thereof to the Warrant Agent, which notice shall state the Warrant Price resulting from such adjustment and the increase or decrease, if any, in the number of Class A ordinary shares purchasable at such price upon the exercise of a Warrant, setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. Upon the occurrence of any event specified in Sections 4.1, 4.2, 4.3 or 4.4, the Company shall give written notice of the occurrence of such event to each holder of a Warrant, at the last address set forth for such holder in the Warrant Register, of the record date or the effective date of the event. Failure to give such notice, or any defect therein, shall not affect the legality or validity of such event.

4.6. No Fractional Shares. Notwithstanding any provision contained in this Agreement to the contrary, the Company shall not issue fractional Class A ordinary shares upon the exercise of Warrants. If, by reason of any adjustment made pursuant to this Section 4, the holder of any Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a share, the Company shall, upon such exercise, round down to the nearest whole number the number of Class A ordinary shares to be issued to such holder.

4.7. Form of Warrant. The form of Warrant need not be changed because of any adjustment pursuant to this Section 4, and Warrants issued after such adjustment may state the same Warrant Price and the same number of Class A ordinary shares as is stated in the Warrants initially issued pursuant to this Agreement; provided, however, that the Company may at any time in its sole discretion make any change in the form of Warrant that the Company may deem appropriate and that does not affect the substance thereof, and any Warrant thereafter issued or countersigned, whether in exchange or substitution for an outstanding Warrant or otherwise, may be in the form as so changed.

4.8. Other Events. In case any event shall occur affecting the Company as to which none of the provisions of preceding Sections of this Section 4 are strictly applicable, but which would require an adjustment to the terms of the Warrants in order to (i) avoid an adverse impact on the Warrants and (ii) effectuate the intent and purpose of this Section 4, then, in each such case, the Company shall appoint a firm of independent public accountants, investment banking or other appraisal firm of recognized national standing, which shall give its opinion as to whether or not any adjustment to the rights represented by the Warrants is necessary to effectuate the intent and purpose of this Section 4 and, if they determine that an adjustment is necessary, the terms of such adjustment. The Company shall adjust the terms of the Warrants in a manner that is consistent with any adjustment recommended in such opinion.

#### 5. Transfer and Exchange of Warrants.

5.1. Registration of Transfer. The Warrant Agent shall register the transfer, from time to time, of any outstanding Warrant upon the Warrant Register, upon surrender of such Warrant for transfer, and, if in the form of a physical certificate, properly endorsed with signatures properly guaranteed and accompanied by appropriate instructions for transfer. Upon any such transfer, a new Warrant representing an equal aggregate number of Warrants shall be issued and the old Warrant shall be cancelled by the Warrant Agent. The Warrants so cancelled shall be delivered by the Warrant Agent to the Company from time to time upon request.

5.2. Procedure for Surrender of Warrants. Warrants may be surrendered to the Warrant Agent, together with a written request for exchange or transfer, and thereupon the Warrant Agent shall issue in exchange therefor one or more new Warrants as requested by the Registered Holder of the Warrants so surrendered, representing an equal aggregate number of Warrants; provided, however, that in the event that a Warrant surrendered for transfer bears a restrictive legend (as in the case of the Private Placement Warrants), the Warrant Agent shall not cancel such Warrant and issue new Warrants in exchange thereof until the Warrant Agent has received an opinion of counsel for the Company stating that such transfer may be made and indicating whether the new Warrants must also bear a restrictive legend.

5.3. Fractional Warrants. The Warrant Agent shall not be required to effect any registration of transfer or exchange which shall result in the issuance of a warrant certificate or book-entry position for a fraction of a warrant, except as part of the Units.

5.4. Service Charges. No service charge shall be made for any exchange or registration of transfer of Warrants.

5.5. Warrant Execution and Countersignature. The Warrant Agent is hereby authorized to countersign and to deliver, in accordance with the terms of this Agreement, the Warrants required to be issued pursuant to the provisions of this Section 5, and the Company, whenever required by the Warrant Agent, shall supply the Warrant Agent with Warrants duly executed on behalf of the Company for such purpose.

5.6. Transfer of Warrants. Prior to the Detachment Date, the Public Warrants may be transferred or exchanged only together with the Unit in which such Warrant is included, and only for the purpose of effecting, or in conjunction with, a transfer or exchange of such Unit. Furthermore, each transfer of a Unit on the register relating to such Units shall operate also to transfer the Warrants included in such Unit. Notwithstanding the foregoing, the provisions of this Section 5.6 shall have no effect on any transfer of Warrants on and after the Detachment Date.

## 6. Redemption.

6.1. Redemption. Not less than all of the outstanding Public Warrants may be redeemed for cash, at the option of the Company, at any time during the Exercise Period, at the office of the Warrant Agent, upon notice to the Registered Holders of the Public Warrants, as described in Section 6.2 below, at a Redemption Price of \$0.01 per Public Warrant, provided that (a) the Reference Value (as defined below) equals or exceeds \$18.00 per share (subject to adjustment in compliance with Section 4 hereof) and (b) either (i) there is an effective registration statement covering the issuance of the Class A ordinary shares issuable upon exercise of the Public Warrants, and a current prospectus relating thereto, available throughout the 30-day Redemption Period (as defined in Section 6.2 below), or (ii) the Company has elected to require the exercise of the Public Warrants on a “cashless basis” pursuant to Section 3.3.1(b).

6.2. Date Fixed for, and Notice of, Redemption; Redemption Price; Reference Value. In the event that the Company elects to redeem the Public Warrants pursuant to Section 6.1, the Company shall fix a date for the redemption (the “**Redemption Date**”). Notice of redemption shall be mailed by first class mail, postage prepaid, by the Company not less than 30 days prior to the Redemption Date (the period lasting from such time until the Redemption Date, the “**30-day Redemption Period**”) to the Registered Holders of the Public Warrants to be redeemed at their last addresses as they shall appear on the registration books. Any notice mailed in the manner herein provided shall be conclusively presumed to have been duly given whether or not the Registered Holder received such notice. As used in this Agreement, (a) “**Redemption Price**” shall mean the price per Warrant at which any Warrants are redeemed pursuant to Section 6.1 and (b) “**Reference Value**” shall mean the last reported sale price of the Class A ordinary shares for any 20 trading days within the 30 trading day period ending on the third trading day prior to the date on which notice of the redemption is given.

6.3. Exercise After Notice of Redemption. In the event the Company determines to require all holders of Warrants to exercise their Warrants on a “cashless basis” pursuant to Section 3.3.1(b), the notice of redemption will contain the information necessary to calculate the number of Class A ordinary shares to be received upon exercise of the Warrants, including the “Fair Market Value” in such case. On and after the Redemption Date, the record holder of the Warrants shall have no further rights except to receive, upon surrender of the Warrants, the Redemption Price.

7. Other Provisions Relating to Rights of Holders of Warrants.

7.1. No Rights as Stockholder. A Warrant does not entitle the Registered Holder thereof to any of the rights of a stockholder of the Company, including, without limitation, the right to receive dividends, or other distributions, exercise any preemptive rights to vote or to consent or to receive notice as stockholders in respect of the meetings of stockholders or the election of directors of the Company or any other matter.

7.2. Lost, Stolen, Mutilated, or Destroyed Warrants. If any Warrant is lost, stolen, mutilated, or destroyed, the Company and the Warrant Agent may on such terms as to indemnity or otherwise as they may in their discretion impose (which shall, in the case of a mutilated Warrant, include the surrender thereof), issue a new Warrant of like denomination, tenor, and date as the Warrant so lost, stolen, mutilated, or destroyed. Any such new Warrant shall constitute a substitute contractual obligation of the Company, whether or not the allegedly lost, stolen, mutilated, or destroyed Warrant shall be at any time enforceable by anyone.

7.3. Reservation of Class A Shares. The Company shall at all times reserve and keep available a number of its authorized but unissued Class A ordinary shares that shall be sufficient to permit the exercise in full of all outstanding Warrants issued pursuant to this Agreement.

7.4. Registration of Class A Shares; Cashless Exercise at Company’s Option.

7.4.1. Registration of the Class A ordinary shares. The Company agrees that as soon as practicable, but in no event later than twenty (20) days after the closing of its initial Business Combination, it shall use its commercially reasonable best efforts to file with the Commission a post-effective amendment to the Registration Statement or a new registration statement for the registration, under the Securities Act, of the Class A ordinary shares issuable upon exercise of the Warrants. The Company shall use its commercially reasonable efforts to cause the same to become effective and to maintain the effectiveness of such post-effective amendment or a new registration statement, and a current prospectus relating thereto, until the expiration of the Warrants in accordance with the provisions of this Agreement. If any such post-effective amendment or new registration statement has not been declared effective by the 60th day following the closing of the Business Combination, holders of the Warrants shall have the right, during the period beginning on the 61st day after the closing of the Business Combination and ending upon such post-effective amendment or new registration statement being declared effective by the Commission, and during any other period when the Company shall fail to have maintained an effective post-effective amendment or an effective new registration statement covering the Class A ordinary shares issuable upon exercise of the Warrants, to exercise such Warrants on a “cashless basis,” by exchanging the Warrants (in accordance with Section 3(a)(9) of the Securities Act (or any successor rule) or another exemption) for that number of Class A ordinary shares equal to the quotient obtained by dividing (x) the product of the number of Class A ordinary shares underlying the Warrants, multiplied by the difference between the Warrant Price and the “Fair Market Value” (as defined below) by (y) the Fair Market Value. Solely for purposes of this Section 7.4.1, “Fair Market Value” shall mean the volume weighted average price of the Class A ordinary shares as reported during the ten (10) trading day period ending on the trading day prior to the date that notice of exercise is received by the Warrant Agent from the holder of such Warrants or its securities broker or intermediary. The date that notice of cashless exercise is received by the Warrant Agent shall be conclusively determined by the Warrant Agent. In connection with the “cashless exercise” of a Warrant, the Company shall, upon request, provide the Warrant Agent with an opinion of counsel for the Company (which shall be an outside law firm with securities law experience) stating that (i) the exercise of the Warrants on a cashless basis in accordance with this Section 7.4.1 is not required to be registered under the Securities Act and (ii) the Class A ordinary shares issued upon such exercise shall be freely tradable under United States federal securities laws by anyone who is not an affiliate (as such term is defined in Rule 144 under the Securities Act (or any successor rule)) of the Company and, accordingly, shall not be required to bear a restrictive legend. Except as provided in Section 7.4.2, for the avoidance of any doubt, unless and until all of the Warrants have been exercised, the Company shall continue to be obligated to comply with its registration obligations under the first three sentences of this Section 7.4.1.

7.4.2. Cashless Exercise at Company’s Option. If the Class A ordinary shares at the time of any exercise of a Warrant are not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act (or any successor rule), the Company may, at its option, (i) require holders of Warrants who exercise Warrants to exercise such Warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act (or any successor rule) as described in Section 7.4.1 and (ii) in the event the Company so elects, the Company shall not be required to file or maintain in effect a post-effective amendment to the Registration Statement or a new registration statement for the registration, under the Securities Act, of the Class A ordinary shares issuable upon exercise of the Warrants, notwithstanding anything in this Agreement to the contrary. If the Company does not elect at the time of exercise to require a holder of Warrants who exercises Warrants to exercise such Warrants on a “cashless basis,” it agrees to use its best efforts to register or qualify for sale the Class A ordinary shares issuable upon exercise of the Warrant under the blue sky laws of the state of residence in those states in which the Warrants were initially offered by the Company of the exercising Warrant holder to the extent an exemption is not available.

#### 8. Concerning the Warrant Agent and Other Matters.

8.1. Payment of Taxes. The Company shall from time to time promptly pay all taxes and charges that may be imposed upon the Company or the Warrant Agent in respect of the issuance or delivery of Class A ordinary shares upon the exercise of the Warrants, but the Company shall not be obligated to pay any transfer taxes in respect of the Warrants or such Class A ordinary shares.

## 8.2. Resignation, Consolidation, or Merger of Warrant Agent.

8.2.1. Appointment of Successor Warrant Agent. The Warrant Agent, or any successor to it hereafter appointed, may resign its duties and be discharged from all further duties and liabilities hereunder after giving sixty (60) days' notice in writing to the Company. If the office of the Warrant Agent becomes vacant by resignation or incapacity to act or otherwise, the Company shall appoint in writing a successor Warrant Agent in place of the Warrant Agent. If the Company shall fail to make such appointment within a period of thirty (30) days after it has been notified in writing of such resignation or incapacity by the Warrant Agent or by the holder of a Warrant (who shall, with such notice, submit his Warrant for inspection by the Company), then the holder of any Warrant may apply to the Supreme Court of the State of New York for the County of New York for the appointment of a successor Warrant Agent at the Company's cost. Any successor Warrant Agent, whether appointed by the Company or by such court, shall be a corporation organized and existing under the laws of the State of New York, in good standing and having its principal office in the Borough of Manhattan, City and State of New York, and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by federal or state authority. After appointment, any successor Warrant Agent shall be vested with all the authority, powers, rights, immunities, duties, and obligations of its predecessor Warrant Agent with like effect as if originally named as Warrant Agent hereunder, without any further act or deed; but if for any reason it becomes necessary or appropriate, the predecessor Warrant Agent shall execute and deliver, at the expense of the Company, an instrument transferring to such successor Warrant Agent all the authority, powers, and rights of such predecessor Warrant Agent hereunder; and upon request of any successor Warrant Agent the Company shall make, execute, acknowledge, and deliver any and all instruments in writing for more fully and effectually vesting in and confirming to such successor Warrant Agent all such authority, powers, rights, immunities, duties, and obligations.

8.2.2. Notice of Successor Warrant Agent. In the event a successor Warrant Agent shall be appointed, the Company shall give notice thereof to the predecessor Warrant Agent and the Transfer Agent for the Class A ordinary shares not later than the effective date of any such appointment.

8.2.3. Merger or Consolidation of Warrant Agent. Any corporation into which the Warrant Agent may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Warrant Agent shall be a party shall be the successor Warrant Agent under this Agreement without any further act.

## 8.3. Fees and Expenses of Warrant Agent.

8.3.1. Remuneration. The Company agrees to pay the Warrant Agent reasonable remuneration for its services as such Warrant Agent hereunder and shall, pursuant to its obligations under this Agreement, reimburse the Warrant Agent upon demand for all expenditures that the Warrant Agent may reasonably incur in the execution of its duties hereunder.

8.3.2. Further Assurances. The Company agrees to perform, execute, acknowledge, and deliver or cause to be performed, executed, acknowledged, and delivered all such further and other acts, instruments, and assurances as may reasonably be required by the Warrant Agent for the carrying out or performing of the provisions of this Agreement.

8.4. Liability of Warrant Agent.

8.4.1. Reliance on Company Statement. Whenever in the performance of its duties under this Agreement, the Warrant Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a statement signed by the Chief Executive Officer, Chief Financial Officer, Secretary or Chairman of the Board and delivered to the Warrant Agent. The Warrant Agent may rely upon such statement for any action taken or suffered in good faith by it pursuant to the provisions of this Agreement.

8.4.2. Indemnity. The Warrant Agent shall be liable hereunder only for its own gross negligence, willful misconduct or bad faith. The Company agrees to indemnify the Warrant Agent and save it harmless against any and all liabilities, including judgments, costs and reasonable counsel fees, for anything done or omitted by the Warrant Agent in the execution of this Agreement, except as a result of the Warrant Agent's gross negligence, willful misconduct or bad faith.

8.4.3. Exclusions. The Warrant Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Warrant (except its countersignature thereof). The Warrant Agent shall not be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Warrant. The Warrant Agent shall not be responsible to make any adjustments required under the provisions of Section 4 hereof or responsible for the manner, method, or amount of any such adjustment or the ascertaining of the existence of facts that would require any such adjustment; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Class A ordinary shares to be issued pursuant to this Agreement or any Warrant or as to whether any Class A ordinary shares shall, when issued, be valid and fully paid and non-assessable.

8.5. Acceptance of Agency. The Warrant Agent hereby accepts the agency established by this Agreement and agrees to perform the same upon the terms and conditions herein set forth and among other things, shall account promptly to the Company with respect to Warrants exercised and concurrently account for, and pay to the Company, all monies received by the Warrant Agent for the purchase of Class A ordinary shares through the exercise of the Warrants.

8.6. Waiver. The Warrant Agent has no right of set-off or any other right, title, interest or claim of any kind ("**Claim**") in, or to any distribution of, the Trust Account (as defined in that certain Investment Management Trust Agreement, dated as of the date hereof, by and between the Company and the Warrant Agent as trustee thereunder) and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the Trust Account for any reason whatsoever. The Warrant Agent hereby waives any and all Claims against the Trust Account and any and all rights to seek access to the Trust Account.

9. Miscellaneous Provisions.

9.1. Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Warrant Agent shall bind and inure to the benefit of their respective successors and assigns.

9.2. Notices.

9.2.1. Any notice, statement or demand authorized by this Agreement to be given or made by the Warrant Agent or by the holder of any Warrant to or on the Company shall be sufficiently given when so delivered if by hand or overnight delivery or if sent by certified mail or private courier service within five (5) days after deposit of such notice, postage prepaid, addressed (until another address is filed in writing by the Company with the Warrant Agent), as follows:

9.3. Applicable Law; Exclusive Forum. The validity, interpretation, and performance of this Agreement and of the Warrants shall be governed in all respects by the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The Company hereby agrees that any action, proceeding or claim against it arising out of or relating in any way to this Agreement shall be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and irrevocably submits to such jurisdiction forum for any such action, proceeding or claim. The Company hereby waives any objection to such jurisdiction and that such courts represent an inconvenient forum. Notwithstanding the foregoing, (i) the provisions of this paragraph will not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal district courts of the United States of America are the sole and exclusive forum, and (ii) unless the Company consents in writing to the selection of an alternative forum, the federal district courts of the United States of America shall, to the full extent permitted by law, be the exclusive form for the resolution of any complaint asserting a cause of action arising under the Securities Act or the rules and regulations promulgated thereunder. Any person or entity purchasing or otherwise acquiring any interest in the Warrants shall be deemed to have notice of and to have consented to the forum provisions in this Section 9.3. If any action, the subject matter of which is within the scope the forum provisions above, is filed in a court other than a court located within the State of New York or the United States District Court for the Southern District of New York (a “**Foreign Action**”) in the name of any warrant holder, such warrant holder shall be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located within the State of New York or the United States District Court for the Southern District of New York in connection with any action brought in any such court to enforce the forum provisions (an “**Enforcement Action**”), and (y) having service of process made upon such warrant holder in any Enforcement Action by service upon such warrant holder’s counsel in the Foreign Action as agent for such warrant holder.

9.4. Persons Having Rights under this Agreement. Nothing in this Agreement shall be construed to confer upon, or give to, any person or corporation other than the parties hereto and the Registered Holders of the Warrants any right, remedy, or claim under or by reason of this Agreement or of any covenant, condition, stipulation, promise, or agreement hereof. All covenants, conditions, stipulations, promises, and agreements contained in this Agreement shall be for the sole and exclusive benefit of the parties hereto and their successors and assigns and of the Registered Holders of the Warrants.

9.5. Examination of the Warrant Agreement. A copy of this Agreement shall be available at all reasonable times at the office of the Warrant Agent in the Borough of Manhattan, City and State of New York, for inspection by the Registered Holder of any Warrant. The Warrant Agent may require any such holder to submit such holder’s Warrant for inspection by the Warrant Agent.

9.6. Counterparts. This Agreement may be executed in any number of original or facsimile counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.

9.7. Effect of Headings. The section headings herein are for convenience only and are not part of this Agreement and shall not affect the interpretation thereof.

9.8. Amendments. This Agreement may be amended by the parties hereto without the consent of any Registered Holder for the purpose of curing any ambiguity, or curing, correcting or supplementing any defective provision contained herein or adding or changing any other provisions with respect to matters or questions arising under this Agreement as the parties may deem necessary or desirable and that the parties deem shall not adversely affect the interest of the Registered Holders. All other modifications or amendments to the Public Warrants, including any amendment to increase the Warrant Price or shorten the Exercise Period shall require the vote or written consent of the Registered Holders of at least 50% of the then outstanding Public Warrants. All other modifications or amendments to the Private Placement Warrants may be made by the Company and Sponsor without the consent of any Registered Holders of the Private Placement Warrants. Notwithstanding the foregoing, the Company may lower the Warrant Price or extend the duration of the Exercise Period pursuant to Sections 3.1 and 3.2, respectively, without the consent of the Registered Holders.

9.9. Severability. This Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the parties hereto intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible and be valid and enforceable.

**Warrant Certificate**

***This Warrant Certificate certifies that*** [\_\_\_], or registered assigns, is the registered holder of warrant(s) evidenced hereby (the “**Warrants**” and each, a “**Warrant**”) to purchase Class A ordinary shares, \$0.0001 par value per share, of Aurora Technology Acquisition Corp., a Cayman Islands exempted company (the “**Company**”). Each Warrant entitles the holder, upon exercise during the period set forth in the Warrant Agreement referred to below, to receive from the Company that number of fully paid and non-assessable Class A ordinary shares as set forth below, at the exercise price (the “**Exercise Price**”) as determined pursuant to the Warrant Agreement, payable in lawful money (or through “**cashless exercise**” as provided for in the Warrant Agreement) of the United States of America upon surrender of this Warrant Certificate and payment of the Exercise Price at the office or agency of the Warrant Agent referred to below, subject to the conditions set forth herein and in the Warrant Agreement. Defined terms used in this Warrant Certificate but not defined herein shall have the meanings given to them in the Warrant Agreement.

Each whole Warrant is initially exercisable for one fully paid and non-assessable Class A ordinary share. The number of Class A ordinary shares issuable upon exercise of the Warrants is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

The initial Exercise Price per Class A ordinary share for any Warrant is equal to \$11.50 per share. If, upon the exercise of Warrants, a holder would be entitled to receive a fractional interest in a Class A ordinary share, the Company will round down to the nearest whole number the number of Class A ordinary shares to be issued to the Warrant holder. The Exercise Price is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

Subject to the conditions set forth in the Warrant Agreement, the Warrants may be exercised only during the Exercise Period and to the extent not exercised by the end of such Exercise Period, such Warrants shall become void. The Warrants may be redeemed, subject to certain conditions, as set forth in the Warrant Agreement.

Reference is hereby made to the further provisions of this Warrant Certificate set forth on the reverse hereof and such further provisions shall for all purposes have the same effect as though fully set forth at this place.

This Warrant Certificate shall be governed by and construed in accordance with the internal laws of the State of New York, without regard to conflicts of laws principles thereof.

## Form of Warrant Certificate

[Reverse]

The Warrants evidenced by this Warrant Certificate are part of a duly authorized issue of Warrants entitling the holder on exercise to receive Class A ordinary shares and are issued or to be issued pursuant to a Warrant Agreement dated as of [\_\_\_], 2022 (the “**Warrant Agreement**”), duly executed and delivered by the Company to Continental Stock Transfer & Trust Company, a New York corporation, as warrant agent (the “**Warrant Agent**”), which Warrant Agreement is hereby incorporated by reference in and made a part of this instrument and is hereby referred to for a description of the rights, limitation of rights, obligations, duties and immunities thereunder of the Warrant Agent, the Company and the holders (the words “**holders**” or “**holder**” meaning the Registered Holders or Registered Holder) of the Warrants. A copy of the Warrant Agreement may be obtained by the holder hereof upon written request to the Company. Defined terms used in this Warrant Certificate but not defined herein shall have the meanings given to them in the Warrant Agreement.

Warrants may be exercised at any time during the Exercise Period set forth in the Warrant Agreement. The holder of Warrants evidenced by this Warrant Certificate may exercise them by surrendering this Warrant Certificate, with the form of election to purchase set forth hereon properly completed and executed, together with payment of the Exercise Price as specified in the Warrant Agreement (or through “cashless exercise” as provided for in the Warrant Agreement) at the principal corporate trust office of the Warrant Agent. In the event that upon any exercise of Warrants evidenced hereby the number of Warrants exercised shall be less than the total number of Warrants evidenced hereby, there shall be issued to the holder hereof or his, her or its assignee, a new Warrant Certificate evidencing the number of Warrants not exercised.

Notwithstanding anything else in this Warrant Certificate or the Warrant Agreement, no Warrant may be exercised unless at the time of exercise (i) a registration statement covering the Class A ordinary shares to be issued upon exercise is effective under the Securities Act and (ii) a prospectus thereunder relating to the Class A ordinary shares is current, except through “cashless exercise” as provided for in the Warrant Agreement.

The Warrant Agreement provides that upon the occurrence of certain events the number of Class A ordinary shares issuable upon exercise of the Warrants set forth on the face hereof may, subject to certain conditions, be adjusted. If, upon exercise of a Warrant, the holder thereof would be entitled to receive a fractional interest in a Class A ordinary share, the Company shall, upon exercise, round down to the nearest whole number of Class A ordinary shares to be issued to the holder of the Warrant.

Warrant Certificates, when surrendered at the principal corporate trust office of the Warrant Agent by the Registered Holder thereof in person or by legal representative or attorney duly authorized in writing, may be exchanged, in the manner and subject to the limitations provided in the Warrant Agreement, but without payment of any service charge, for another Warrant Certificate or Warrant Certificates of like tenor evidencing in the aggregate a like number of Warrants.

Upon due presentation for registration of transfer of this Warrant Certificate at the office of the Warrant Agent a new Warrant Certificate or Warrant Certificates of like tenor and evidencing in the aggregate a like number of Warrants shall be issued to the transferee(s) in exchange for this Warrant Certificate, subject to the limitations provided in the Warrant Agreement, without charge except for any tax or other governmental charge imposed in connection therewith.

The Company and the Warrant Agent may deem and treat the Registered Holder(s) hereof as the absolute owner(s) of this Warrant Certificate (notwithstanding any notation of ownership or other writing hereon made by anyone), for the purpose of any exercise hereof, of any distribution to the holder(s) hereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary. Neither the Warrants nor this Warrant Certificate entitles any holder hereof to any rights of a stockholder of the Company.

**RIGHTS AGREEMENT**

This Rights Agreement (this “Agreement”) is made as of [•] between Aurora Technology Acquisition Corp., a Cayman Islands exempted company, with offices at 4 Embarcadero Center, Suite 1449, San Francisco, California 94105 (the “Company”), and Continental Stock Transfer & Trust Company, a New York corporation, with offices at One State Street, 30th Floor, New York, New York 10004 (“Rights Agent”).

WHEREAS, the Company is engaged in a public offering (“Public Offering”) of Units and, in connection therewith, will issue and deliver up to 20,000,000 Rights (or up to 23,000,000 Rights if the underwriters’ over-allotment option is exercised in full) to the public investors; and

WHEREAS, the Company has filed with the Securities and Exchange Commission (the “SEC”) a registration statement on Form S-1, File No. 333-261753 (“Registration Statement”), and related prospectus (“Prospectus”) for the registration, under the Securities Act of 1933, as amended (“Act”), of, among other securities, the Rights and the Class A Ordinary Shares issuable to the holders of the Rights; and

WHEREAS, the Company desires the Rights Agent to act on behalf of the Company, and the Rights Agent is willing to so act, in connection with the issuance, registration, transfer and exchange of the Rights; and

WHEREAS, the Company desires to provide for the form and provisions of the Rights, the terms upon which they shall be issued, and the respective rights, limitation of rights, and immunities of the Company, the Rights Agent, and the holders of the Rights; and

WHEREAS, all acts and things have been done and performed which are necessary to make the Rights, when executed on behalf of the Company and countersigned by or on behalf of the Rights Agent, as provided herein, the valid, binding and legal obligations of the Company, and to authorize the execution and delivery of this Agreement.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, the parties hereto agree as follows:

1. Appointment of Rights Agent. The Company hereby appoints the Rights Agent to act as agent for the Company for the Rights, and the Rights Agent hereby accepts such appointment and agrees to perform the same in accordance with the terms and conditions set forth in this Agreement.

2. Rights.

2.1. Form of Right. Each Right shall be issued in registered form only, shall be in substantially the form of Exhibit A hereto, the provisions of which are incorporated herein and shall be signed by, or bear the facsimile signature of, the Chairman of the Board or Chief Executive Officer and the Secretary of the Company and shall bear a facsimile of the Company’s seal. In the event the person whose facsimile signature has been placed upon any Right shall have ceased to serve in the capacity in which such person signed the Right before such Right is issued, it may be issued with the same effect as if he or she had not ceased to be such at the date of issuance.

2.2. Effect of Countersignature. Unless and until countersigned by the Rights Agent pursuant to this Agreement, a Right shall be invalid and of no effect and may not be exchanged for Class A Ordinary Shares.

2.3. Registration.

2.3.1. Right Register. The Rights Agent shall maintain books (“Right Register”) for the registration of original issuance and the registration of transfer of the Rights. Upon the initial issuance of the Rights, the Rights Agent shall issue and register the Rights in the names of the respective holders thereof in such denominations and otherwise in accordance with instructions delivered to the Rights Agent by the Company.

2.3.2. Registered Holder. Prior to due presentment for registration of transfer of any Right, the Company and the Rights Agent may deem and treat the person in whose name such Right shall be registered upon the Right Register (“registered holder”) as the absolute owner of such Right and of each Right represented thereby (notwithstanding any notation of ownership or other writing on the Right Certificate made by anyone other than the Company or the Rights Agent), for the purpose of the exchange thereof, and for all other purposes, and neither the Company nor the Rights Agent shall be affected by any notice to the contrary.

2.4. Detachability of Rights. The securities comprising the Units, including the Rights, will not be separately transferable until the earlier to occur of: (i) the 52<sup>nd</sup> day following the date of the Prospectus or (ii) the announcement by Maxim Group LLC, as representative of the underwriters in the Public Offering, of its intention to allow separate earlier trading, except that in no event will the securities comprising the Units be separately tradeable until the Company files a Current Report on Form 8-K with the SEC which includes an audited balance sheet reflecting the receipt by the Company of the gross proceeds of the Public Offering including the proceeds received by the Company from the exercise of the over-allotment option, if the over-allotment option is exercised by the date thereof and the Company issues a press release and files a Current Report on Form 8-K with the SEC announcing when such separate trading shall begin.

### 3. Terms and Exchange of Rights

3.1. Rights. Each Right shall entitle the holder thereof to receive one-tenth of one Class A Ordinary Share upon the happening of an Exchange Event (defined below). No additional consideration shall be paid by a holder of Rights in order to receive his, her or its Class A Ordinary Shares upon an Exchange Event as the purchase price for such Class A Ordinary Shares has been included in the purchase price for the Units. In no event will the Company be required to net cash settle the Rights or issue fractional Ordinary Shares.

3.2. Exchange Event. An “Exchange Event” shall occur upon the Company’s consummation of an initial Business Combination (as defined in the Company’s Amended and Restated Memorandum and Articles of Association).

#### 3.3. Exchange of Rights.

3.3.1. Issuance of Ordinary Shares. As soon as practicable upon the occurrence of an Exchange Event, the Company shall direct holders of the Rights to return their Rights Certificates to the Rights Agent. Upon receipt of a valid Rights Certificate, the Company shall issue to the registered holder of such Right(s) the number of full Ordinary Shares to which he, she or it is entitled, registered in such name or names as may be directed by him, her or it and issue to such registered holder(s) a certificate or book-entry position for the such shares. Notwithstanding the foregoing, or any provision contained in this Agreement to the contrary, in no event will the Company be required to net cash settle the Rights. The Company shall not issue fractional shares upon exchange of Rights. In the event that any holder would otherwise be entitled to any fractional share upon exchange of Rights, at the time of an Exchange Event, the Company will instruct the Right Agent how any such entitlement will be addressed. To the fullest extent permitted by the Company’s Amended and Restated Memorandum and Articles of Association the Company reserves the right to deal with any such fractional entitlement at the relevant time in any manner permitted by the Act and the Amended and Restated Memorandum and Articles, which would include the rounding down of any entitlement to receive Ordinary Shares to the nearest whole share (and in effect extinguishing any fractional entitlement), or the holder being entitled to hold any remaining fractional entitlement (without any share being issued) and to aggregate the same with any future fractional entitlement to receive shares in the Company until the holder is entitled to receive a whole number. Any rounding down and extinguishment may be done with or without any in lieu cash payment or other compensation being made to the holder of the relevant Rights, such that value received on exchange of the Rights may be considered less than the value that the holder would otherwise expect to receive.

3.3.2. Valid Issuance. All Ordinary Shares issued upon an Exchange Event in conformity with this Agreement and the Amended and Restated Memorandum and Articles of Association of the Company, and upon registration in the register of members of the Company, shall be validly issued, fully paid and nonassessable.

3.3.3. Date of Issuance. Each person in whose name any such certificate or book-entry position for Ordinary Shares is issued shall for all purposes be deemed to have become the holder of record of such shares on the date of the Exchange Event, irrespective of the date of delivery of such certificate or entry of position.

3.3.4 Company Not Surviving Following Exchange Event. Upon an Exchange Event in which the Company does not continue as the publicly held reporting entity, the definitive agreement will provide for the holders of Rights to receive the same per share consideration the holders of the Ordinary Shares will receive in such transaction, for the number of shares such holder is entitled to pursuant to Section 3.3.1 above. If the Company does not continue as the publicly held reporting entity upon an Exchange Event, each holder of a Right will be required to affirmatively convert his/her or its rights in order to receive the 1/10 share underlying each right (without paying any additional consideration) upon consummation of the Exchange Event. In such a case, each holder of a Right will be required to indicate his, her or its election to convert the Rights into underlying shares as well as to return the original certificates evidencing the Rights to the Company.

3.5 Duration of Rights. If an Exchange Event does not occur within the time period set forth in the Company's Amended and Restated Memorandum and Articles of Association, as the same may be amended from time to time, the Rights shall expire and shall be worthless.

#### 4. Transfer and Exchange of Rights.

4.1. Registration of Transfer. The Rights Agent shall register the transfer, from time to time, of any outstanding Right upon the Right Register, upon surrender of such Right for transfer, properly endorsed with signatures properly guaranteed and accompanied by appropriate instructions for transfer. Upon any such transfer, a new Right representing an equal aggregate number of Rights shall be issued and the old Right shall be cancelled by the Rights Agent. The Rights so cancelled shall be delivered by the Rights Agent to the Company from time to time upon request.

4.2. Procedure for Surrender of Rights. Rights may be surrendered to the Rights Agent, together with a written request for exchange or transfer, and thereupon the Rights Agent shall issue in exchange therefor one or more new Rights as requested by the registered holder of the Rights so surrendered, representing an equal aggregate number of Rights; provided, however, that in the event that a Right surrendered for transfer bears a restrictive legend and the new Rights to be issued will not bear a restrictive legend, the Rights Agent shall not cancel such Right and issue new Rights in exchange therefor until the Rights Agent has received an opinion of counsel for the Company stating that such transfer may be made and indicating no restrictive legend is required.

4.3. Fractional Rights. The Rights Agent shall not be required to effect any registration of transfer or exchange which will result in the issuance of a Right Certificate for a fraction of a Right.

4.4. Service Charges. No service charge shall be made for any exchange or registration of transfer of Rights.

4.5. Right Execution and Countersignature. The Rights Agent is hereby authorized to countersign and to deliver, in accordance with the terms of this Agreement, the Rights required to be issued pursuant to the provisions of this Section 4, and the Company, whenever required by the Rights Agent, will supply the Rights Agent with Rights duly executed on behalf of the Company for such purpose.

#### 5. Other Provisions Relating to Rights of Holders of Rights.

5.1. No Rights as Shareholder. Until exchange of a Right for Ordinary Shares as provided for herein, a Right does not entitle the registered holder thereof to any of the rights of a shareholder of the Company, including, without limitation, the right to receive dividends, or other distributions, exercise any preemptive rights to vote or to consent or to receive notice as shareholders in respect of the meetings of shareholders or the election of directors of the Company or any other matter.

5.2. Lost, Stolen, Mutilated, or Destroyed Rights. If any Right is lost, stolen, mutilated, or destroyed, the Company and the Rights Agent may on such terms as to indemnity or otherwise as they may in their discretion impose (which shall, in the case of a mutilated Right, include the surrender thereof), issue a new Right of like denomination, tenor, and date as the Right so lost, stolen, mutilated, or destroyed. Any such new Right shall constitute a substitute contractual obligation of the Company, whether or not the allegedly lost, stolen, mutilated, or destroyed Right shall be at any time enforceable by anyone.

5.3. Reservation of Ordinary Shares. The Company shall at all times reserve and keep available a number of its authorized but unissued Ordinary Shares that will be sufficient to permit the exchange of all outstanding Rights issued pursuant to this Agreement.

6. Concerning the Rights Agent and Other Matters.

6.1. Payment of Taxes. The Company will from time to time promptly pay all taxes and charges that may be imposed upon the Company or the Rights Agent in respect of the issuance or delivery of Ordinary Shares upon the exchange of Rights, but the Company shall not be obligated to pay any transfer taxes in respect of the Rights or such Ordinary Shares.

6.2. Resignation, Consolidation, or Merger of Rights Agent.

6.2.1. Appointment of Successor Rights Agent. The Rights Agent, or any successor to it hereafter appointed, may resign its duties and be discharged from all further duties and liabilities hereunder after giving sixty (60) days' notice in writing to the Company. If the office of the Rights Agent becomes vacant by resignation or incapacity to act or otherwise, the Company shall appoint in writing a successor Rights Agent in place of the Rights Agent. If the Company shall fail to make such appointment within a period of 30 days after it has been notified in writing of such resignation or incapacity by the Rights Agent or by the holder of the Right (who shall, with such notice, submit his, her or its Right for inspection by the Company), then the holder of any Right may apply to the Supreme Court of the State of New York for the County of New York for the appointment of a successor Rights Agent at the Company's cost. Any successor Rights Agent, whether appointed by the Company or by such court, shall be a corporation organized and existing under the laws of the State of New York, in good standing and having its principal office in the Borough of Manhattan, City and State of New York, and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by federal or state authority. After appointment, any successor Rights Agent shall be vested with all the authority, powers, rights, immunities, duties, and obligations of its predecessor Rights Agent with like effect as if originally named as Rights Agent hereunder, without any further act or deed; but if for any reason it becomes necessary or appropriate, the predecessor Rights Agent shall execute and deliver, at the expense of the Company, an instrument transferring to such successor Rights Agent all the authority, powers, and rights of such predecessor Rights Agent hereunder; and upon request of any successor Rights Agent the Company shall make, execute, acknowledge, and deliver any and all instruments in writing for more fully and effectually vesting in and confirming to such successor Rights Agent all such authority, powers, rights, immunities, duties, and obligations.

6.2.2. Notice of Successor Rights Agent. In the event a successor Rights Agent shall be appointed, the Company shall give notice thereof to the predecessor Rights Agent and the transfer agent for the Ordinary Shares not later than the effective date of any such appointment.

6.2.3. Merger or Consolidation of Rights Agent. Any corporation into which the Rights Agent may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Rights Agent shall be a party shall be the successor Rights Agent under this Agreement without any further act.

6.3. Fees and Expenses of Rights Agent.

6.3.1. Remuneration. The Company agrees to pay the Rights Agent reasonable remuneration for its services as such Rights Agent hereunder and will reimburse the Rights Agent upon demand for all expenditures that the Rights Agent may reasonably incur in the execution of its duties hereunder.

6.3.2. Further Assurances. The Company agrees to perform, execute, acknowledge, and deliver or cause to be performed, executed, acknowledged, and delivered all such further and other acts, instruments, and assurances as may reasonably be required by the Rights Agent for the carrying out or performing of the provisions of this Agreement.

#### 6.4. Liability of Rights Agent.

6.4.1. Reliance on Company Statement. Whenever in the performance of its duties under this Agreement, the Rights Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a statement signed by the Chief Executive Officer or Chief Financial Officer and delivered to the Rights Agent. The Rights Agent may rely upon such statement for any action taken or suffered in good faith by it pursuant to the provisions of this Agreement.

6.4.2. Indemnity. The Rights Agent shall be liable hereunder only for its own gross negligence, willful misconduct or bad faith. Subject to Section 6.6 below, the Company agrees to indemnify the Rights Agent and save it harmless against any and all liabilities, including judgments, costs and reasonable counsel fees, for anything done or omitted by the Rights Agent in the execution of this Agreement except as a result of the Rights Agent's gross negligence, willful misconduct, or bad faith.

6.4.3. Exclusions. The Rights Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Right (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Right; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Ordinary Shares to be issued pursuant to this Agreement or any Right or as to whether any Ordinary Shares will when issued be valid and fully paid and nonassessable.

6.5. Acceptance of Agency. The Rights Agent hereby accepts the agency established by this Agreement and agrees to perform the same upon the terms and conditions herein set forth.

6.6 Waiver. The Rights Agent hereby waives any right of set-off or any other right, title, interest or claim of any kind ("Claim") in, or to any distribution of, the Trust Account (as defined in that certain Investment Management Trust Agreement, dated as of the date hereof, by and between the Company and the Rights Agent as trustee thereunder) and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the Trust Account for any reason whatsoever.

#### 7. Miscellaneous Provisions.

7.1. Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Rights Agent shall bind and inure to the benefit of their respective successors and assigns.

7.2. Notices. Any notice, statement or demand authorized by this Agreement to be given or made by the Rights Agent or by the holder of any Right to or on the Company shall be sufficiently given when so delivered if by hand or overnight delivery or if sent by certified mail or private courier service within five days after deposit of such notice, postage prepaid, addressed (until another address is filed in writing by the Company with the Rights Agent), as follows:

7.3. Applicable Law. The validity, interpretation, and performance of this Agreement and of the Rights shall be governed in all respects by the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The Company hereby agrees that any action, proceeding or claim against it arising out of or relating in any way to this Agreement shall be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and irrevocably submits to such jurisdiction, which jurisdiction shall be exclusive. The Company hereby waives any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum. Notwithstanding the foregoing, the provisions of this paragraph will not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal district courts of the United States of America are the sole and exclusive forum.

Any person or entity purchasing or otherwise acquiring any interest in the Rights shall be deemed to have notice of and to have consented to the forum provisions in this Section 7.3. If any action, the subject matter of which is within the scope the forum provisions above, is filed in a court other than a court located within the State of New York or the United States District Court for the Southern District of New York (a “**foreign action**”) in the name of any right holder, such right holder shall be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located within the State of New York or the United States District Court for the Southern District of New York in connection with any action brought in any such court to enforce the forum provisions (an “**enforcement action**”), and (y) having service of process made upon such right holder in any such enforcement action by service upon such right holder’s counsel in the foreign action as agent for such right holder.

Any such process or summons to be served upon the Company may be served by transmitting a copy thereof by registered or certified mail, return receipt requested, postage prepaid, addressed to it at the address set forth in Section 7.2 hereof. Such mailing shall be deemed personal service and shall be legal and binding upon the Company in any action, proceeding or claim.

7.4. Persons Having Rights under this Agreement. Nothing in this Agreement expressed and nothing that may be implied from any of the provisions hereof is intended, or shall be construed, to confer upon, or give to, any person or corporation other than the parties hereto and the registered holders of the Rights and, for the purposes of Sections 7.4 and 7.8 hereof, Maxim Group LLC, any right, remedy, or claim under or by reason of this Agreement or of any covenant, condition, stipulation, promise, or agreement hereof. Maxim Group LLC shall be deemed to be a third-party beneficiary of this Agreement with respect to Sections 7.4 and 7.8 hereof. All covenants, conditions, stipulations, promises, and agreements contained in this Agreement shall be for the sole and exclusive benefit of the parties hereto (and Maxim Group LLC with respect to the Sections 7.4 and 7.8 hereof) and their successors and assigns and of the registered holders of the Rights. The provisions of this Section 7.4 may not be modified, amended or deleted without the prior written consent of Maxim Group LLC.

7.5. Examination of the Right Agreement. A copy of this Agreement shall be available at all reasonable times at the office of the Rights Agent in the Borough of Manhattan, City and State of New York, for inspection by the registered holder of any Right. The Rights Agent may require any such holder to submit his, her or its Right for inspection by it.

7.6. Counterparts. This Agreement may be executed in any number of original or facsimile counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.

7.7. Effect of Headings. The Section headings herein are for convenience only and are not part of this Agreement and shall not affect the interpretation thereof.

7.8. Amendments. This Agreement may be amended by the parties hereto without the consent of any registered holder for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective provision contained herein or adding or changing any other provisions with respect to matters or questions arising under this Agreement as the parties may deem necessary or desirable and that the parties deem shall not adversely affect the interest of the registered holders. All other modifications or amendments shall require the written consent or vote of the registered holders of a majority of the then outstanding Rights. The provisions of this Section 7.8 may not be modified, amended or deleted without the prior written consent of Maxim Group LLC.

7.9. Severability. This Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the parties hereto intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible and be valid and enforceable.

**Re: Registration Statement of Aurora Technology Acquisition Corp.  
Registration No. 333-261753**

Ladies and Gentlemen:

We have acted as United States counsel to Aurora Technology Acquisition Corp., a Cayman Islands exempted company (the “**Company**”) in connection with the registration by the Company with the United States Securities and Exchange Commission (the “**Commission**”) of (i) up to 23,000,000 units of the Company, including the underwriters’ over-allotment option (collectively the “**Units**”), with each Unit consisting of one Class A ordinary share of the Company, \$0.0001 par value (the “**Ordinary Shares**”), one half of one redeemable warrant of the Company, each whole warrant entitling the holder thereof to purchase one Ordinary Share (the “**Warrants**”) and one right to receive one-tenth (1/10) of one Ordinary Share upon the consummation of an initial business combination (the “**Rights**”), (ii) up to 11,500,000 Ordinary Shares issuable upon exercise of the Warrants (including the underwriters’ over-allotment option), (iii) up to 2,300,000 Ordinary Shares issuable upon conversion of the Rights (including the underwriters’ over-allotment option) and (iv) up to 345,000 Ordinary Shares issued to the representative of the underwriters, pursuant to a Registration Statement on Form S-1 (Registration No. 333-261753), initially filed by the Company on December 20, 2021 (as amended, the “**Registration Statement**”). This opinion is being given in accordance with the Legal Matters section of the Registration Statement, as it pertains to the portions of New York law set forth below.

We have examined such documents and considered such legal matters as we have deemed necessary and relevant as the basis for the opinion set forth below. With respect to such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as reproduced or certified copies, and the authenticity of the originals of those latter documents. As to questions of fact material to this opinion, we have, to the extent deemed appropriate, relied upon certain representations of certain officers and employees of the Company.

Based upon the foregoing, we are of the opinion that:

1. **Units.** When the Registration Statement becomes effective under the Securities Act of 1933, as amended (the “**Act**”), and when the offering is completed as contemplated by the Registration Statement, the Units will be legally binding obligations of the Company, enforceable in accordance with their terms except: (a) as such enforceability may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors’ rights generally and by general equitable principles (regardless of whether enforceability is considered in a proceeding in equity or at law); (b) as enforceability of any indemnification or contribution provision may be limited under the federal and state securities laws; (c) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought; and (d) we express no opinion as to whether a state court outside of the State of New York or a federal court of the United States would give effect to the choice of New York law provided for in the Rights Agreement (the “**Rights Agreement**”) and Warrants Agreement (the “**Warrants Agreement**”), each to be entered into between the Company and the Company’s rights agent, and the Company and the Company’s warrants agent, respectively.

2. **Rights.** When the Registration Statement becomes effective under the Act and when the Rights underlying the Units are issued, delivered and paid for as part of the Units, as contemplated by the Registration Statement, such Rights will be legally binding obligations of the Company enforceable in accordance with their terms except: (a) as such enforceability may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors’ rights generally and by general equitable principles (regardless of whether enforceability is considered in a proceeding in

equity or at law); (b) as enforceability of any indemnification or contribution provision may be limited under the federal and state securities laws; (c) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought; and (d) we express no opinion as to whether a state court outside of the State of New York or a federal court of the United States would give effect to the choice of New York law provided for in the Rights Agreement.

3. Warrants. When the Registration Statement becomes effective under the Act and when the Warrants underlying the Units are issued, delivered and paid for as part of the Units, as contemplated by the Registration Statement, such Warrants will be legally binding obligations of the Company enforceable in accordance with their terms except: (a) as such enforceability may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally and by general equitable principles (regardless of whether enforceability is considered in a proceeding in equity or at law); (b) as enforceability of any indemnification or contribution provision may be limited under the federal and state securities laws; (c) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought; and (d) we express no opinion as to whether a state court outside of the State of New York or a federal court of the United States would give effect to the choice of New York law provided for in the Warrants Agreement.

Notwithstanding anything in this letter which might be construed to the contrary, our opinion herein is expressed solely with respect to the laws of the State of New York. Our opinion is based on these laws as in effect on the date hereof and as of the effective date of the Registration Statement, and we assume no obligation to revise or supplement this opinion after the effective date of the Registration Statement should the law be changed by legislative action, judicial decision or otherwise. Where our opinions expressed herein refer to events to occur at a future date, we have assumed that there will have been no changes in the relevant law or facts between the date hereof and such future date. Our opinions expressed herein are limited to the matters expressly stated herein and no opinion is implied or may be inferred beyond the matters expressly stated. Not in limitation of the foregoing, we are not rendering any opinion as to the compliance with any other federal or state law, rule or regulation relating to securities, or to the sale or issuance thereof.

We hereby consent to the use of this opinion as an exhibit to the Registration Statement, to the use of our name as your counsel and to all references made to us in the Registration Statement and in the prospectus forming a part thereof. In giving this consent, we do not hereby admit that we are in the category of persons whose consent is required under Section 7 of the Act, or the rules and regulations promulgated thereunder. This opinion is given as of the effective date of the Registration Statement, and we are under no duty to update the opinions contained herein.

Very truly yours,

/s/ Dentons US LLP

Re: Initial Public Offering

Ladies and Gentlemen:

This letter (this "**Letter Agreement**") is being delivered to you in accordance with the Underwriting Agreement (the "**Underwriting Agreement**") to be entered into by and between Aurora Technology Acquisition Corp., a Cayman Islands exempted company (the "**Company**"), and Maxim Group LLC (the "**Representative**"), as the representative of the several underwriters (the "**Underwriters**"), relating to an underwritten initial public offering (the "**Public Offering**") of up to 23,000,000 of the Company's units (including up to 3,000,000 units that may be purchased to cover over-allotments, if any) (the "**Units**"), each comprised of one Class A ordinary share of the Company, par value \$0.0001 per share (the "**Class A ordinary shares**"), and one right (the "**Right**"). Each Right entitles the holder thereof to receive one-tenth (1/10) of one Class A ordinary share upon the consummation of the Company's initial business combination, subject to adjustment. The Units shall be sold in the Public Offering pursuant to a registration statement on Form S-1 and prospectus (the "**Prospectus**") filed by the Company with the Securities and Exchange Commission (the "**Commission**") and the Company shall apply to have the Units listed on the Nasdaq Capital Market. Certain capitalized terms used herein are defined in paragraph 10 hereof.

In order to induce the Company and the Underwriters to enter into the Underwriting Agreement and to proceed with the Public Offering and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ATAC Sponsor LLC, a Delaware limited liability company (the "**Sponsor**"), and the other undersigned persons (each, an "**Insider**" and collectively, the "**Insiders**"), hereby agrees with the Company as follows:

1. The Sponsor and each Insider agrees that if the Company seeks shareholder approval of a proposed Business Combination (as defined below), then in connection with such proposed Business Combination, it, he or she shall (i) vote any Shares owned by it, him or her in favor of any proposed Business Combination and (ii) not redeem any Shares owned by it, him or her in connection with such shareholder approval.

2. (a) The Sponsor hereby agrees that in the event that the Company fails to consummate a Business Combination within 12 months, the time period by which the Company must consummate a Business Combination may be extended by up to six months (or, if the [Cayman Islands Registrar] shall not be open for business (including filing of corporate documents) on such date the next date upon which the [Cayman Islands Registrar] shall be open). If the Sponsor determines to seek such extension, the Sponsor will deposit into the Trust Account, for each additional three month period, \$2,000,000, or up to \$2,300,000 if the Underwriters' over-allotment option is exercised in full (\$0.10 per share). Such extension payments would be made in the form of non-interest bearing loans to the Company (the "**Extension Loans**"), which are due and payable on the consummation of a Business Combination out of the proceeds of the Trust Account released to the Company. Sponsor hereby waives its right to be repaid for any Extension Loans in the event that the Company does not consummate a Business Combination.

(b) The Sponsor and each Insider hereby agrees that in the event that the Company fails to consummate a Business Combination within 12 months from the closing of the Public Offering (or up to 18 months from the closing of the Public Offering if the Company extends the period of time to consummate a Business Combination, as described in more detail in the Prospectus), or such later period approved by the Company's shareholders in accordance with the Company's amended and restated memorandum and articles of association, the Sponsor and each Insider shall take all reasonable steps to cause the Company to (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten (10) business days thereafter, subject to lawfully available funds therefor, redeem 100% of the Class A ordinary shares sold as part of the Units in the Public Offering (the "**Offering Shares**"), at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (which interest shall be net of taxes payable and less up to \$50,000 of interest to pay dissolution expenses), divided by the number of then outstanding Offering Shares, which redemption will completely extinguish all Public Shareholders' rights as shareholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining shareholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Cayman Islands law to provide for claims of creditors and other requirements of applicable law. The Sponsor and each Insider agrees to not propose any amendment to the Company's amended and restated memorandum and articles of association (a) that would affect the ability of Public Shareholders to exercise redemption rights with respect to the Offering Shares or modify the substance or timing of the Company's obligation to redeem 100% of the Offering Shares if the Company does not complete a Business Combination within 12 months (or up to 18 months) from the closing of the Public Offering, or (b) with respect to any other provision relating to shareholders' rights or pre-initial Business Combination activity, unless the Company provides its Public Shareholders with the opportunity to redeem their Offering Shares upon approval of any such amendment at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (which interest shall be net of taxes payable), divided by the number of then outstanding Offering Shares.

The Sponsor and each Insider acknowledges that it, he or she has no right, title, interest or claim of any kind in or to any monies held in the Trust Account or any other asset of the Company as a result of any liquidation of the Company with respect to the Founder Shares (as defined below) held by it. The Sponsor and each Insider hereby further waives, with respect to any Shares held by it, him or her, if any, any redemption rights it, he or she may have in connection with the consummation of a Business Combination, including, without limitation, any such rights available in the context of a shareholder vote to approve such Business Combination or in the context of a tender offer made by the Company to purchase Class A ordinary shares (although the Sponsor and the Insiders shall be entitled to redemption and liquidation rights with respect to any Offering Shares it or they hold if the Company fails to consummate a Business Combination within 12 months (or up to 18 months) from the closing of the Public Offering, or such later period approved by the Company's shareholders in accordance with the Company's amended and restated memorandum and articles of association).

3. In the event of the liquidation of the Trust Account, the Sponsor (which for purposes of clarification shall not extend to any other equity holders, members or managers of the Sponsor) agrees to indemnify and hold harmless the Company against any and all loss, liability, claim, damage and expense whatsoever (including, but not limited to, any and all legal or other expenses reasonably incurred in investigating, preparing or defending against any litigation, whether pending or threatened, or any claim whatsoever) to which the Company may become subject as a result of any claim by (i) any third party (other than the Company's independent public accountants) for services rendered or products sold to the Company or (ii) a prospective target business with which the Company has discussed entering into a transaction agreement (a "**Target**"); provided, however, that such indemnification of the Company by the Sponsor shall apply only to the extent necessary to ensure that such claims by a third party for services rendered (other than the Company's independent public accountants) or products sold to the Company or a Target do not reduce the amount of funds in the Trust Account to below (i) \$10.00 per share of the Offering Shares or (ii) such lesser amount per share of the Offering Shares held in the Trust Account due to reductions in the value of the trust assets as of the date of the liquidation of the Trust Account, in each case, net of the amount of interest earned on the property in the Trust Account which may be withdrawn to pay taxes, except as to any claims by a third party (including a Target) who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under the Company's indemnity of the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended. In the event that any such executed waiver is deemed to be unenforceable against such third party, the Sponsor shall not be responsible to the extent of any liability for such third party claims. The Sponsor shall have the right to defend against any such claim with counsel of its choice reasonably satisfactory to the Company if, within 15 days following written receipt of notice of the claim to the Sponsor, the Sponsor notifies the Company in writing that it shall undertake such defense.

4. To the extent that the Underwriters do not exercise their over-allotment option to purchase up to an additional 3,000,000 Units within 45 days from the date of the Prospectus (and as further described in the Prospectus), the Sponsor agrees that it shall forfeit, at no cost, a number of Founder Shares in the aggregate equal to 750,000 multiplied by a fraction, (i) the numerator of which is 3,000,000 minus the number of Units purchased by the Underwriters upon the exercise of their over-allotment option, and (ii) the denominator of which is 3,000,000.

All references in this Letter Agreement to Founder Shares of the Company being forfeited shall take effect as surrenders for no consideration of such Founder Shares as a matter of Cayman Islands law. The forfeiture will be adjusted to the extent that the over-allotment option is not exercised in full by the Underwriters so that the Founder Shares will represent 20.0% of the Company's issued and outstanding Shares after the Public Offering (assuming the Initial Shareholders do not purchase any units in the Public Offering and excluding the Representative Shares and Private Shares). The Initial Shareholders further agree that to the extent that the size of the Public Offering is increased or decreased, the Company will effect a capitalization or share repurchase or redemption or other appropriate mechanism, as applicable, immediately prior to the consummation of the Public Offering in such amount as to maintain the ownership of the Initial Shareholders prior to the Public Offering at 20.0% of the Company's issued and outstanding Shares upon the consummation of the Public Offering (assuming the Initial Shareholders do not purchase any units in the Public Offering and excluding the Representative Shares and Private Shares). In connection with such increase or decrease in the size of the Public Offering, then (A) the references to 3,000,000 in the numerator and denominator of the formula in the first sentence of this paragraph shall be changed to a number equal to 15% of the number of Class A ordinary shares included in the Units issued in the Public Offering and (B) the reference to 750,000 in the formula set forth in the immediately preceding sentence shall be adjusted to such number of Founder Shares that the Founder Shares would represent an aggregate of 20.0% of the Company's issued and outstanding Shares after the Public Offering (assuming the Initial Shareholders do not purchase any units in the Public Offering and excluding the Representative Shares).

5. The Sponsor and each Insider hereby agrees and acknowledges that: (i) the Underwriters and the Company would be irreparably injured in the event of a breach by such Sponsor or Insider of its, his or her obligations under paragraphs 1, 2, 3, 4, 6(a), 6(b) and 8 of this Letter Agreement (ii) monetary damages may not be an adequate remedy for such breach and (iii) the non-breaching party shall be entitled to seek injunctive relief, in addition to any other remedy that such party may have in law or in equity, in the event of such breach.

6. (a) The Sponsor and each Insider agrees that it, he or she shall not Transfer (as defined below) any Founder Shares (or Class A ordinary shares issuable upon conversion thereof) until the earlier of (A) six months after the date of the completion of the Company's initial Business Combination, (B) the date on which the closing price of the Company's Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after the Company's initial Business Combination, or (C) the date on which the Company completes a liquidation, merger, share exchange or other similar transaction which results in all of the Company's shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property (the "**Founder Shares Lock-up Period**").

(b) The Sponsor and each Insider agrees that it, he or she shall not Transfer any Private Warrants until 30 days after the completion of a Business Combination (the "**Private Placement Warrants Lock-up Period**", together with the Founder Shares Lock-up Period, the "**Lock-up Periods**").

(c) Notwithstanding the provisions set forth in paragraphs 6(a) and 6(b), Transfers of the Founder Shares and Private Warrants, are permitted (a) to the Company's officers or directors, any affiliates or family members of any of the Company's officers or directors, any members of the Sponsor or any affiliates of the Sponsor; (b) in the case of an individual, by gift to a member of the individual's immediate family, or to a trust, the beneficiary of which is a member of the individual's immediate family or an affiliate of such person, or to a charitable organization; (c) in the case of an individual, by virtue of laws of descent and distribution upon death of the individual; (d) in the case of an individual, pursuant to a qualified domestic relations order; (e) by private sales or transfers made in connection with the consummation of the Company's Business Combination at prices no greater than the price at which the securities were originally purchased; (f) in the event of the Company's liquidation prior to the Company's completion of an initial Business Combination; (g) by virtue of the laws of the Cayman Islands or the Sponsor's limited liability company agreement, as amended from time to time, upon termination or dissolution of the Sponsor; or (h) in the event of the Company's completion of a liquidation, merger, amalgamation, share exchange, reorganization or other similar transaction which results in all of the Company's shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property subsequent to the completion of the Company's initial Business Combination; provided, however, that, except in the case of clause (f) or with the Company's prior consent, these permitted transferees (the "**Permitted Transferees**") must enter into a written agreement with the Company agreeing to be bound by the transfer restrictions in this Agreement.

7. The Sponsor and each Insider represents and warrants that it, he or she has never been suspended or expelled from membership in any securities or commodities exchange or association or had a securities or commodities license or registration denied, suspended or revoked. Each Insider's biographical information furnished to the Company, if any (including any such information included in the Prospectus), is true and accurate in all respects and does not omit any material information with respect to such Insider's background. The Sponsor and each Insider's questionnaire furnished to the Company, if any, is true and accurate in all respects. The Sponsor and each Insider represents and warrants that: it, he or she is not subject to or a respondent in any legal action for, any injunction, cease-and-desist order or order or stipulation to desist or refrain from any act or practice relating to the offering of securities in any jurisdiction; it, he or she has never been convicted of, or pleaded guilty to, any crime (i) involving fraud, (ii) relating to any financial transaction or handling of funds of another person, or (iii) pertaining to any dealings in any securities and it, he or she is not currently a defendant in any such criminal proceeding.

8. Except as disclosed in the Prospectus, neither the Sponsor nor any Insider nor any affiliate of the Sponsor or any Insider, nor any director or officer of the Company, shall receive from the Company any finder's fee, reimbursement, consulting fee, monies in respect of any repayment of a loan or other compensation prior to, or in connection with any services rendered in order to effectuate the consummation of the Company's initial Business Combination (regardless of the type of transaction that it is).

9. The Sponsor and each Insider has full right and power, without violating any agreement to which it is bound (including, without limitation, any non-competition or non-solicitation agreement with any employer or former employer), to enter into this Letter Agreement and, as applicable, to serve as an officer and/or director on the board of directors of the Company and hereby consents to being named in the Prospectus as an officer/and or director of the Company.

10. As used herein, (i) "**Business Combination**" shall mean a merger, amalgamation, share exchange, asset acquisition, share purchase, reorganization or similar business combination, involving the Company and one or more businesses; (ii) "**Shares**" shall mean, collectively, the Class A ordinary shares and the Class B ordinary shares; (iii) "**Founder Shares**" shall mean the 5,750,000 Class B ordinary shares, par value \$0.0001 per share, issued and outstanding immediately prior to the consummation of the Public Offering; (iv) "**Initial Shareholders**" shall mean the Sponsor and any Insider that holds Founder Shares; (v) "**Private Warrants**" shall mean the 6,425,000 warrants (or up to 7,100,000 warrants if the over-allotment option is exercised in full), that the Sponsor has agreed to purchase, in the aggregate, for an aggregate purchase price of \$6,425,000 in the aggregate (or up to \$7,100,000 if the over-allotment option is exercised in full), or a purchase price of \$1.00 per Private Warrant, in a private placement that shall occur simultaneously with the consummation of the Public Offering; (vi) "**Public Shareholders**" shall mean the holders of securities issued in the Public Offering; (vii) "**Trust Account**" shall mean the trust fund into which a portion of the net proceeds of the Public Offering shall be deposited; (viii) "**Representative Shares**" shall mean 300,000 Class A ordinary shares (or 345,000 Class A ordinary shares if the underwriters' over-allotment option is exercised in full), par value \$0.0001 per share, issued to the Representative and outstanding immediately prior to the consummation of the Public Offering; and (ix) "**Transfer**" shall mean the (a) sale or assignment of, offer to sell, contract or agreement to sell, hypothecate, pledge, grant of any option to purchase or otherwise dispose of or agreement to dispose of, directly or indirectly, or establishment or increase of a put equivalent position or liquidation with respect to or decrease of a call equivalent position within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, (the "**Exchange Act**"), and the rules and regulations of the Commission promulgated thereunder with respect to, any security, (b) entry into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any security, whether any such transaction is to be settled by delivery of such securities, in cash or otherwise, or (c) public announcement of any intention to effect any transaction specified in clause (a) or (b).

11. This Letter Agreement constitutes the entire agreement and understanding of the parties hereto in respect of the subject matter hereof and supersedes all prior understandings, agreements, or representations by or among the parties hereto, written or oral, to the extent they relate in any way to the subject matter hereof or the transactions contemplated hereby. This Letter Agreement may not be changed, amended, modified or waived (other than to correct a typographical error) as to any particular provision, except by a written instrument executed by the Sponsor and each Insider that is the subject of any such change, amendment modification or waiver.

12. No party hereto may assign either this Letter Agreement or any of its rights, interests, or obligations hereunder without the prior written consent of the other parties. Any purported assignment in violation of this paragraph shall be void and ineffectual and shall not operate to transfer or assign any interest or title to the purported assignee. This Letter Agreement shall be binding on the Sponsor and each Insider and their respective successors, heirs and assigns and Permitted Transferees.

13. This Letter Agreement may be executed in any number of original or facsimile counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.

14. This Letter Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Letter Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the parties hereto intend that there shall be added as a part of this Letter Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible and be valid and enforceable.

15. WHEREAS, as described in the Prospectus, \$202,000,000 of the gross proceeds of the Offering and sale of the Private Placement Warrants (as defined in the Underwriting Agreement) (or \$232,300,000 if the Underwriters’ over-allotment option is exercised in full) will be delivered to the Trustee to be deposited and held in a segregated trust account located at all times in the United States (the “**Trust Account**”) for the benefit of the Company and the holders of the Ordinary Shares included in the Units issued in the Offering as hereinafter provided (the amount to be delivered to the Trustee (and any interest subsequently earned thereon) is referred to herein as the “**Property**,” the shareholders for whose benefit the Trustee shall hold the Property will be referred to as the “**Public Shareholders**,” and the Public Shareholders and the Company will be referred to together as the “**Beneficiaries**”);

WHEREAS, pursuant to the Underwriting Agreement, a portion of the Property equal to \$7,000,000, or \$8,050,000 if the Underwriters’ over-allotment option is exercised in full, is attributable to deferred underwriting discounts and commissions that will be payable by the Company to the Underwriters upon and concurrently with the consummation of the Business Combination (as defined below) (the “**Deferred Discount**”); and

WHEREAS, the Company and the Trustee desire to enter into this Agreement to set forth the terms and conditions pursuant to which the Trustee shall hold the Property.

NOW THEREFORE, IT IS AGREED:

1. Agreements and Covenants of Trustee. The Trustee hereby agrees and covenants to:

(a) Hold the Property in trust for the Beneficiaries in accordance with the terms of this Agreement in the Trust Account established by the Trustee in the United States at J.P. Morgan Chase Bank, N.A. (or at another U.S. chartered commercial bank with consolidated assets of \$100 billion or more) in the United States, maintained by the Trustee and at a brokerage institution selected by the Trustee that is reasonably satisfactory to the Company;

(b) Manage, supervise and administer the Trust Account subject to the terms and conditions set forth herein;

(c) In a timely manner, upon the written instruction of the Company, invest and reinvest the Property solely in United States government securities within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended, having a maturity of 185 days or less, or in money market funds meeting the conditions of paragraphs (d)(1), (d)(2), (d)(3) and (d)(4) of Rule 2a-7 promulgated under the Investment Company Act of 1940, as amended (or any successor rule), which invest only in direct U.S. government treasury obligations, as determined by the Company; it being understood that the Trust Account will earn no interest while account funds are uninvested awaiting the Company’s instructions hereunder; while the account funds are invested or uninvested the Trustee may earn bank credits or other consideration;

(d) Collect and receive, when due, all interest or other income arising from the Property, which shall become part of the “Property,” as such term is used herein;

(e) Promptly notify the Company and the Representatives of all communications received by the Trustee with respect to any Property requiring action by the Company;

(f) Supply any necessary information or documents as may be requested by the Company (or its authorized agents) in connection with the Company's preparation of the tax returns relating to assets held in the Trust Account;

(g) Participate in any plan or proceeding for protecting or enforcing any right or interest arising from the Property if, as and when instructed by the Company to do so;

(h) Render to the Company monthly written statements of the activities of, and amounts in, the Trust Account reflecting all receipts and disbursements of the Trust Account;

(i) Commence liquidation of the Trust Account only after and promptly after (x) receipt of, and only in accordance with, the terms of a letter from the Company ("**Termination Letter**") in a form substantially similar to that attached hereto as either Exhibit A or Exhibit B, as applicable, signed on behalf of the Company by its Chief Executive Officer, Chief Financial Officer, President, Executive Vice President, Vice President, Secretary or Chairman of the board of directors of the Company (the "**Board**") or other authorized officer of the Company, and, in the case of Exhibit A, acknowledged and agreed to by the Representatives, and complete the liquidation of the Trust Account and distribute the Property in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes (less up to \$50,000 of interest to pay dissolution expenses), only as directed in the Termination Letter and the other documents referred to therein, or (y) upon the date which is, the later of (1) 12 months (or up to 18 months) after the closing of the Offering and (2) such later date as may be approved by the Company's shareholders in accordance with the Company's amended and restated certificate of incorporation if a Termination Letter has not been received by the Trustee prior to such date, in which case the Trust Account shall be liquidated in accordance with the procedures set forth in the Termination Letter attached as Exhibit B and the Property in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes (less up to \$50,000 of interest to pay dissolution expenses), shall be distributed to the Public Shareholders of record as of such date;

(j) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit C (a "**Tax Payment Withdrawal Instruction**"), withdraw from the Trust Account and distribute to the Company the amount of interest earned on the Property requested by the Company to cover any tax obligation owed by the Company as a result of assets of the Company or interest or other income earned on the Property, which amount shall be delivered directly to the Company by electronic funds transfer or other method of prompt payment, and the Company shall forward such payment to the relevant taxing authority, so long as there is no reduction in the principal amount per share initially deposited in the Trust Account; provided, however, that to the extent there is not sufficient cash in the Trust Account to pay such tax obligation, the Trustee shall liquidate such assets held in the Trust Account as shall be designated by the Company in writing to make such distribution (it being acknowledged and agreed that any such amount in excess of interest income earned on the Property shall not be payable from the Trust Account). The written request of the Company referenced above shall constitute presumptive evidence that the Company is entitled to said funds, and the Trustee shall have no responsibility to look beyond said request;

(k) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit D (a "**Shareholder Redemption Withdrawal Instruction**"), the Trustee shall distribute on behalf of the Company the amount requested by the Company to be used to redeem Ordinary Share from Public Shareholders properly submitted in connection with a shareholder vote to approve an amendment to the Company's amended and restated certificate of incorporation to modify the substance or timing of the Company's obligation to redeem 100% of shares of included in the Units sold in the Offering (the "**public shares**") if the Company has not consummated an initial Business Combination within such time as is described in the Company's amended and restated certificate of incorporation or with respect to any other material provisions relating to shareholders' rights or pre-initial Business Combination activity. The written request of the Company referenced above shall constitute presumptive evidence that the Company is entitled to distribute said funds, and the Trustee shall have no responsibility to look beyond said request; and

(l) Not make any withdrawals or distributions from the Trust Account other than pursuant to Section 1(i), (j) or (k) above.

2. Agreements and Covenants of the Company. The Company hereby agrees and covenants to:

(a) Give all instructions to the Trustee hereunder in writing, signed by the Company's Chairman of the Board, Chief Executive Officer, Chief Financial Officer, President, Executive Vice President, Vice President or Secretary. In addition, except with respect to its duties under Sections 1(i), 1(j) and 1(k) hereof, the Trustee shall be entitled to rely on, and shall be protected in relying on, any verbal or telephonic advice or instruction which it, in good faith and with reasonable care, believes to be given by any one of the persons authorized above to give written instructions, provided that the Company shall promptly confirm such instructions in writing;

(b) Subject to Section 4 hereof, hold the Trustee harmless and indemnify the Trustee from and against any and all expenses, including reasonable counsel fees and disbursements, or losses suffered by the Trustee in connection with any action taken by it hereunder and in connection with any action, suit or other proceeding brought against the Trustee involving any claim, or in connection with any claim or demand, which in any way arises out of or relates to this Agreement, the services of the Trustee hereunder, or the Property or any interest earned on the Property, except for expenses and losses resulting from the Trustee's gross negligence, fraud or willful misconduct. Promptly after the receipt by the Trustee of notice of demand or claim or the commencement of any action, suit or proceeding, pursuant to which the Trustee intends to seek indemnification under this Section 2(b), it shall notify the Company in writing of such claim (hereinafter referred to as the "**Indemnified Claim**"). The Trustee shall have the right to conduct and manage the defense against such Indemnified Claim; provided that the Trustee shall obtain the consent of the Company with respect to the selection of counsel, which consent shall not be unreasonably withheld. The Trustee may not agree to settle any Indemnified Claim without the prior written consent of the Company, which such consent shall not be unreasonably withheld. The Company may participate in such action with its own counsel;

(c) Pay the Trustee the fees set forth on Schedule A hereto, including an initial acceptance fee, annual administration fee, and transaction processing fee which fees shall be subject to modification by the parties from time to time. It is expressly understood that the Property shall not be used to pay such fees unless and until it is distributed to the Company pursuant to Sections 1(i) through 1(j) hereof. The Company shall pay the Trustee the initial acceptance fee and the first annual administration fee at the consummation of the Offering. The Company shall not be responsible for any other fees or charges of the Trustee except as set forth in this Section 2(c), Schedule A and as may be provided in Section 2(b) hereof;

(d) In connection with any vote of the Company's shareholders regarding a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination involving the Company and one or more businesses (the "**Business Combination**"), provide to the Trustee an affidavit or certificate of the inspector of elections for the shareholder meeting verifying the vote of such shareholders regarding such Business Combination;

(e) Provide each Representative with a copy of any Termination Letter(s) and/or any other correspondence that is sent to the Trustee with respect to any proposed withdrawal from the Trust Account promptly after it issues the same;

(f) Unless otherwise agreed between the Company and the Representatives, ensure that any Instruction Letter (as defined in Exhibit A) delivered in connection with a Termination Letter in the form of Exhibit A expressly provides that the Deferred Discount is paid directly to the account or accounts directed by the Representatives on behalf of the Underwriters prior to any transfer of the funds held in the Trust Account to the Company or any other person;

(g) Instruct the Trustee to make only those distributions that are permitted under this Agreement, and refrain from instructing the Trustee to make any distributions that are not permitted under this Agreement; and

(h) Within four (4) business days after the Underwriters exercise the over-allotment option (or any unexercised portion thereof) or such over-allotment option expires, provide the Trustee with a notice in writing of the total amount of the Deferred Discount.

3. Limitations of Liability. The Trustee shall have no responsibility or liability to:

(c) Institute any proceeding for the collection of any principal and income arising from, or institute, appear in or defend any proceeding of any kind with respect to, any of the Property unless and until it shall have received instructions from the Company given as provided herein to do so and the Company shall have advanced or guaranteed to it funds sufficient to pay any expenses incident thereto;

(d) Refund any depreciation in principal of any Property;

(e) Assume that the authority of any person designated by the Company to give instructions hereunder shall not be continuing unless provided otherwise in such designation, or unless the Company shall have delivered a written revocation of such authority to the Trustee;

(f) The other parties hereto or to anyone else for any action taken or omitted by it, or any action suffered by it to be taken or omitted, in good faith and in the Trustee's best judgment, except for the Trustee's gross negligence, fraud or willful misconduct. The Trustee may rely conclusively and shall be protected in acting upon any order, notice, demand, certificate, opinion or advice of counsel (including counsel chosen by the Trustee, which counsel may be the Company's counsel), statement, instrument, report or other paper or document (not only as to its due execution and the validity and effectiveness of its provisions, but also as to the truth and acceptability of any information therein contained) which the Trustee believes, in good faith and with reasonable care, to be genuine and to be signed or presented by the proper person or persons. The Trustee shall not be bound by any notice or demand, or any waiver, modification, termination or rescission of this Agreement or any of the terms hereof, unless evidenced by a written instrument delivered to the Trustee, signed by the proper party or parties and, if the duties or rights of the Trustee are affected, unless it shall give its prior written consent thereto;

(g) Verify the accuracy of the information contained in the Registration Statement;

(h) Provide any assurance that any Business Combination entered into by the Company or any other action taken by the Company is as contemplated by the Registration Statement;

(j) Prepare, execute and file tax reports, income or other tax returns and pay any taxes with respect to any income generated by, and activities relating to, the Trust Account, regardless of whether such tax is payable by the Trust Account or the Company, including, but not limited to, tax obligations, except pursuant to Section 1(j) hereof; or

(k) Verify calculations, qualify or otherwise approve the Company's written requests for distributions pursuant to Sections 1(i), 1(j) or 1(k) hereof.

4. Trust Account Waiver. The Trustee has no right of set-off or any right, title, interest or claim of any kind ("**Claim**") to, or to any monies in, the Trust Account, and hereby irrevocably waives any Claim to, or to any monies in, the Trust Account that it may have now or in the future. In the event the Trustee has any Claim against the Company under this Agreement, including, without limitation, under Section 2(b) or Section 2(c) hereof, the Trustee shall pursue such Claim solely against the Company and its assets outside the Trust Account and not against the Property or any monies in the Trust Account.

5. Termination. This Agreement shall terminate as follows:

(a) If the Trustee gives written notice to the Company that it desires to resign under this Agreement, the Company shall use its reasonable efforts to locate a successor trustee, pending which the Trustee shall continue to act in accordance with this Agreement. At such time that the Company notifies the Trustee that a successor trustee has been appointed and has agreed to become subject to the terms of this Agreement, the Trustee shall transfer the management of the Trust Account to the successor trustee, including but not limited to the transfer of copies of the reports and statements relating to the Trust Account, whereupon this Agreement shall terminate; provided, however, that in the event that the Company does not locate a successor trustee within ninety (90) days of receipt of the resignation notice from the Trustee, the Trustee may submit an application to have the Property deposited with any court in the State of New York or with the United States District Court for the Southern District of New York and upon such deposit, the Trustee shall be immune from any liability whatsoever; or

(b) At such time that the Trustee has completed the liquidation of the Trust Account and its obligations in accordance with the provisions of Section 1(i) hereof and distributed the Property in accordance with the provisions of the Termination Letter, this Agreement shall terminate except with respect to Section 2(b).

#### 6. Miscellaneous.

(a) The Company and the Trustee each acknowledge that the Trustee will follow the security procedures set forth below with respect to funds transferred from the Trust Account. The Company and the Trustee will each restrict access to confidential information relating to such security procedures to authorized persons. Each party must notify the other party immediately if it has reason to believe unauthorized persons may have obtained access to such confidential information, or of any change in its authorized personnel. In executing funds transfers, the Trustee shall rely upon all information supplied to it by the Company, including, account names, account numbers, and all other identifying information relating to a Beneficiary, Beneficiary's bank or intermediary bank. Except for any liability arising out of the Trustee's gross negligence, fraud or willful misconduct, the Trustee shall not be liable for any loss, liability or expense resulting from any error in the information or transmission of the funds.

(b) This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New York. This Agreement may be executed in several original or facsimile counterparts, each one of which shall constitute an original, and together shall constitute but one instrument.

(c) This Agreement contains the entire agreement and understanding of the parties hereto with respect to the subject matter hereof. Subject to Section 6(d) hereof, this Agreement or any provision hereof may only be changed, amended or modified (other than to correct a typographical error) by a writing signed by each of the parties hereto.

(d) This Agreement or any provision hereof may only be changed, amended or modified pursuant to Section 6(c) hereof with the Consent of the Shareholders. For purposes of this Section 6(d), the "Consent of the Shareholders" means receipt by the Trustee of a certificate from the inspector of elections of the shareholder meeting certifying that the Company's shareholders of record as of a record date established in accordance with the law of the Cayman Islands, who hold fifty percent (50%) or more of all then outstanding Ordinary Shares and Class B Ordinary Shares, par value \$0.0001 per share, of the Company voting together as a single class, have voted in favor of such change, amendment or modification. No such amendment will affect any Public Shareholder who has otherwise indicated his election to redeem his Ordinary Shares in connection with a shareholder vote sought to amend this Agreement to modify the substance or timing of the Company's obligation to redeem 100% of the Ordinary Shares if the Company does not complete its initial Business Combination within the time frame specified in the Company's amended and restated certificate of incorporation. Except for any liability arising out of the Trustee's gross negligence, fraud or willful misconduct, the Trustee may rely conclusively on the certification from the inspector or elections referenced above and shall be relieved of all liability to any party for executing the proposed amendment in reliance thereon.

(e) The parties hereto consent to the jurisdiction and venue of any state or federal court located in the City of New York, State of New York, for purposes of resolving any disputes hereunder. AS TO ANY CLAIM, CROSS-CLAIM OR COUNTERCLAIM IN ANY WAY RELATING TO THIS AGREEMENT, EACH PARTY WAIVES THE RIGHT TO TRIAL BY JURY.

(the “**Company**”) and Continental Stock Transfer & Trust Company (“**Trustee**”), dated as of [•] (the “**Trust Agreement**”), this is to advise you that the Company has entered into an agreement with (the “**Target Business**”) to consummate a business combination with Target Business (the “**Business Combination**”) on or about [insert date]. The Company shall notify you at least seventy-two ( 72) hours in advance of the actual date (or such shorter period as you may agree) of the consummation of the Business Combination (the “**Consummation Date**”). Capitalized terms used but not defined herein shall have the meanings set forth in the Trust Agreement.

In accordance with the terms of the Trust Agreement, we hereby authorize you to commence to liquidate all of the assets of the Trust Account and to transfer the proceeds to a segregated account held by you on behalf of the Beneficiaries to the effect that, on the Consummation Date, all of the funds held in the Trust Operating Account at JPMorgan Chase Bank, N.A. will be immediately available for transfer to the account or accounts that the Company shall direct on the Consummation Date (including as directed to it by the Representatives on behalf of the Underwriters (with respect to the Deferred Discount)).

You are hereby directed and authorized to transfer the funds held in the Trust Account immediately upon your receipt of the Notification and the Instruction Letter, in accordance with the terms of the Instruction Letter. In the event that the Business Combination is not consummated on the Consummation Date described in the notice thereof and we have not notified you on or before the original Consummation Date of a new Consummation Date, then upon receipt by the Trustee of written instructions from the Company, the funds held in the Trust Account shall be reinvested as provided in Section 1(c) of the Trust Agreement on the business day immediately following the Consummation Date as set forth in such notice as soon thereafter as possible.

The Company shall, within ten (10) days of the Company’s receipt of the Demand Registration, notify, in writing, all other Holders of Registrable Securities of such demand, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder’s Registrable Securities in a Registration pursuant to a Demand Registration (each such Holder that includes all or a portion of such Holder’s Registrable Securities in such Registration, a “**Requesting Holder**”) shall so notify the Company, in writing, within five (5) days after the receipt by the Holder of the notice from the Company. Upon receipt by the Company of any such written notification from a Requesting Holder(s) to the Company, such Requesting Holder(s) shall be entitled to have their Registrable Securities included in a Registration pursuant to a Demand Registration and the Company shall (i) file a Registration Statement in respect of all Registrable Securities requested by the Sponsor and Requesting Holder(s) pursuant such Demand Registration, not more than forty five (45) days immediately after the Company’s receipt of the Demand Registration, and (ii) shall effect the registration thereof as soon as practicable thereafter. Under no circumstances shall the Company be obligated to effect more than an aggregate of three (3) Registrations pursuant to a Demand Registration under this subsection 2.1.1 with respect to any or all Registrable Securities; provided, however, that a Registration shall not be counted for such purposes unless a Form S-1 or any similar long-form registration statement that may be available at such time (“**Form S-1**”) has become effective and all of the Registrable Securities requested by the Requesting Holders to be registered on behalf of the Requesting Holders in such Form S-1 Registration have been sold, in accordance with Section 3.1 of this Agreement.

2.1.2 Effective Registration. Notwithstanding the provisions of subsection 2.1.1 above or any other part of this Agreement, a Registration pursuant to a Demand Registration shall not count as a Registration unless and until (i) the Registration Statement filed with the Commission with respect to a Registration pursuant to a Demand Registration has been declared effective by the Commission and (ii) the Company has complied with all of its obligations under this Agreement with respect thereto; provided, further, that if, after such Registration Statement has been declared effective, an offering of Registrable Securities in a Registration pursuant to a Demand Registration is subsequently interfered with by any stop order or injunction of the Commission, federal or state court or any other governmental agency the Registration Statement with respect to such Registration shall be deemed not to have been declared effective, unless and until, (i) such stop order or injunction is removed, rescinded or otherwise terminated, and (ii) the Sponsor thereafter affirmatively elects to continue with such Registration and accordingly notify the Company in writing, but in no event later than five (5) days, of such election; provided, further, that the Company shall not be obligated or required to file another Registration Statement until the Registration Statement that has been previously filed with respect to a Registration pursuant to a Demand Registration becomes effective or is subsequently terminated.

All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this subsection 2.1.3 shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by the Sponsor.

**2.1.4 Reduction of Underwritten Offering.** If the managing Underwriter or Underwriters in an Underwritten Registration pursuant to a Demand Registration, in good faith, advises the Company, the Sponsor and the Requesting Holders (if any) in writing that the dollar amount or number of Registrable Securities that the Sponsor and the Requesting Holders (if any) desire to sell, taken together with all other Ordinary Shares or other equity securities that the Company desires to sell and the Ordinary Shares, if any, as to which a Registration has been requested pursuant to separate written contractual piggy-back registration rights held by any other shareholders who desire to sell, exceeds the maximum dollar amount or maximum number of equity securities that can be sold in the Underwritten Offering without adversely affecting the proposed offering price, the timing, the distribution method, or the probability of success of such offering (such maximum dollar amount or maximum number of such securities, as applicable, the "**Maximum Number of Securities**"), then the Company shall include in such Underwritten Offering, as follows: (i) first, the Registrable Securities of the Sponsor and the Requesting Holders (if any) (pro rata based on the respective number of Registrable Securities that each Sponsor and Requesting Holder (if any) has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Sponsor and Requesting Holders have requested be included in such Underwritten Registration) that can be sold without exceeding the Maximum Number of Securities; (ii) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (i), the Ordinary Shares or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (iii) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i) and (ii), the Ordinary Shares or other equity securities of other persons or entities that the Company is obligated to register in a Registration pursuant to separate written contractual arrangements with such persons and that can be sold without exceeding the Maximum Number of Securities.

**2.1.5 Demand Registration Withdrawal.** The Sponsor or a majority-in-interest of the Requesting Holders (if any), pursuant to a Registration under subsection 2.1.1 shall have the right to withdraw from a Registration pursuant to such Demand Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of their intention to withdraw from such Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to the Registration of their Registrable Securities pursuant to such Demand Registration. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with a Registration pursuant to a Demand Registration prior to its withdrawal under this subsection 2.1.5.

## **2.2 Piggyback Registration.**

**2.2.1 Piggyback Rights.** If, at any time on or after the date the Company consummates a Business Combination, the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities, or securities or other obligations exercisable or exchangeable for, or convertible into equity securities, for its own account or for the account of shareholders of the Company (or by the Company and by the shareholders of the Company including, without limitation, pursuant to Section 2.1 hereof), other than a Registration Statement (i) filed in connection with any employee share option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company's existing shareholders, (iii) for an offering of debt that is convertible into equity securities of the Company or (iv) for a dividend reinvestment plan, then the Company shall give written notice of such proposed filing to all of the Holders of Registrable Securities as soon as practicable but not less than ten (10) days before the anticipated filing date of such Registration Statement, which notice shall (A) describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any, in such offering, and (B) offer to all of the Holders of Registrable Securities the opportunity to register the sale of such number of Registrable Securities as such Holders may request in writing within five (5) days after receipt of such written notice (such Registration a "**Piggyback Registration**"). The Company shall, in good faith, cause such Registrable Securities to be included in such Piggyback Registration and shall use its best efforts to cause the managing Underwriter or Underwriters of a proposed Underwritten Offering to permit the Registrable Securities requested by the Holders pursuant to this subsection 2.2.1 to be included in a Piggyback Registration on the same terms and conditions as any similar securities of the Company included in such Registration and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this subsection 2.2.1 shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by the Company.

**2.2.2 Reduction of Piggyback Registration.** If the managing Underwriter or Underwriters in an Underwritten Registration that is to be a Piggyback Registration, in good faith, advises the Company and the Holders of Registrable Securities participating in the Piggyback Registration in writing that the dollar amount or number of the Ordinary Shares that the Company desires to sell, taken together with (i) the Ordinary Shares, if any, as to which Registration has been demanded pursuant to separate written contractual arrangements with persons or entities other than the Holders of Registrable Securities hereunder (ii) the Registrable Securities as to which registration has been requested pursuant to Section 2.2 hereof, and (iii) the Ordinary Shares, if any, as to which Registration has been requested pursuant to separate written contractual piggy-back registration rights of other shareholders of the Company, exceeds the Maximum Number of Securities, then:

(a) If the Registration is undertaken for the Company's account, the Company shall include in any such Registration (A) first, the Ordinary Shares or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1 hereof, pro rata, based on the respective number of Registrable Securities that each Holder has so requested, which can be sold without exceeding the Maximum Number of Securities; and (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Ordinary Shares, if any, as to which Registration has been requested pursuant to written contractual piggy-back registration rights of other shareholders of the Company, which can be sold without exceeding the Maximum Number of Securities; and

(b) If the Registration is pursuant to a request by persons or entities other than the Holders of Registrable Securities, then the Company shall include in any such Registration (A) first, the Ordinary Shares or other equity securities, if any, of such requesting persons or entities, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1, pro rata, based on the respective number of Registrable Securities that each Holder has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Holders have requested to be included in such Underwritten Registration, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Ordinary Shares or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Ordinary Shares or other equity securities for the account of other persons or entities that the Company is obligated to register pursuant to separate written contractual arrangements with such persons or entities, which can be sold without exceeding the Maximum Number of Securities.

**2.2.3 Piggyback Registration Withdrawal.** Any Holder of Registrable Securities shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Piggyback Registration. The Company (whether on its own good faith determination or as the result of a request for withdrawal by persons pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration at any time prior to the effectiveness of such Registration Statement. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with the Piggyback Registration prior to its withdrawal under this subsection 2.2.3.

2.2.4 Unlimited Piggyback Registration Rights. For purposes of clarity, any Registration effected pursuant to Section 2.2 hereof shall not be counted as a Registration pursuant to a Demand Registration effected under Section 2.1 hereof.

2.3 Registrations on Form S-3. The Holders of Registrable Securities may at any time, and from time to time, request in writing that the Company, pursuant to Rule 415 under the Securities Act (or any successor rule promulgated thereafter by the Commission), register the resale of any or all of their Registrable Securities on Form S-3 or any similar short-form registration statement that may be available at such time ("Form S-3"); provided, however, that the Company shall not be obligated to effect such request through an Underwritten Offering. Within five (5) days of the Company's receipt of a written request from a Holder or Holders of Registrable Securities for a Registration on Form S-3, the Company shall promptly give written notice of the proposed Registration on Form S-3 to all other Holders of Registrable Securities, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder's Registrable Securities in such Registration on Form S-3 shall so notify the Company, in writing, within ten (10) days after the receipt by the Holder of the notice from the Company. As soon as practicable thereafter, but not more than twelve (12) days after the Company's initial receipt of such written request for a Registration on Form S-3, the Company shall register all or such portion of such Holder's Registrable Securities as are specified in such written request, together with all or such portion of Registrable Securities of any other Holder or Holders joining in such request as are specified in the written notification given by such Holder or Holders; provided, however, that the Company shall not be obligated to effect any such Registration pursuant to Section 2.3 hereof if (i) a Form S-3 is not available for such offering; or (ii) the Holders of Registrable Securities, together with the Holders of any other equity securities of the Company entitled to inclusion in such Registration, propose to sell the Registrable Securities and such other equity securities (if any) at any aggregate price to the public of less than \$1,000,000.

2.4 Restrictions on Registration Rights. If (A) during the period starting with the date sixty (60) days prior to the Company's good faith estimate of the date of the filing of, and ending on a date one hundred and twenty (120) days after the effective date of, a Company initiated Registration and provided that the Company has delivered written notice to the Holders prior to receipt of a Demand Registration pursuant to subsection 2.1.1 and it continues to actively employ, in good faith, all reasonable efforts to cause the applicable Registration Statement to become effective; (B) the Holders have requested an Underwritten Registration and the Company and the Holders are unable to obtain the commitment of underwriters to firmly underwrite the offer; or (C) in the good faith judgment of the Board such Registration would be seriously detrimental to the Company and the Board concludes as a result that it is essential to defer the filing of such Registration Statement at such time, then in each case the Company shall furnish to such Holders a certificate signed by the Chairman of the Board stating that in the good faith judgment of the Board it would be seriously detrimental to the Company for such Registration Statement to be filed in the near future and that it is therefore essential to defer the filing of such Registration Statement. In such event, the Company shall have the right to defer such filing for a period of not more than thirty (30) days; provided, however, that the Company shall not defer its obligation in this manner more than once in any 12-month period. Notwithstanding anything to the contrary contained in this Agreement, no Registration shall be effected or permitted and no Registration Statement shall become effective, with respect to any Registrable Securities held by any Holder, until after the expiration of the Founder Shares Lock-up Period or the Private Placement Lock-up Period, as the case may be.

### **ARTICLE III COMPANY PROCEDURES**

3.1 General Procedures. If at any time on or after the date the Company consummates a Business Combination the Company is required to effect the Registration of Registrable Securities, the Company shall use its best efforts to effect such Registration to permit the sale of such Registrable Securities in accordance with the intended plan of distribution thereof, and pursuant thereto the Company shall, as expeditiously as possible:

3.1.5 cause all such Registrable Securities to be listed on each securities exchange or automated quotation system on which similar securities issued by the Company are then listed;

3.1.6 provide a transfer agent, as applicable, and registrar for all such Registrable Securities no later than the effective date of such Registration Statement;

3.1.7 advise each seller of such Registrable Securities, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the Commission suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its reasonable best efforts to prevent the issuance of any stop order or to obtain its withdrawal if such stop order should be issued;

3.1.8 at least five (5) days prior to the filing of any Registration Statement or Prospectus or any amendment or supplement to such Registration Statement or Prospectus furnish a copy thereof to each seller of such Registrable Securities or its counsel;

3.1.9 notify the Holders at any time when a Prospectus relating to such Registration Statement is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement, as then in effect, includes a Misstatement, and then to correct such Misstatement as set forth in Section 3.4 hereof;

3.1.10 permit a representative of the Holders, the Underwriters, if any, and any attorney or accountant retained by such Holders or Underwriter to participate, at each such person's own expense, in the preparation of the Registration Statement, and cause the Company's officers, directors and employees to supply all information reasonably requested by any such representative, Underwriter, attorney or accountant in connection with the Registration; provided, however, that such representatives or Underwriters enter into a confidentiality agreement, in form and substance reasonably satisfactory to the Company, prior to the release or disclosure of any such information;

3.1.11 obtain a “cold comfort” letter from the Company’s independent registered public accountants in the event of an Underwritten Registration, in customary form and covering such matters of the type customarily covered by “cold comfort” letters as the managing Underwriter may reasonably request, and reasonably satisfactory to a majority-in-interest of the participating Holders;

3.1.12 on the date the Registrable Securities are delivered for sale pursuant to such Registration, obtain an opinion, dated such date, of counsel representing the Company for the purposes of such Registration, addressed to the Holders, the placement agent or sales agent, if any, and the Underwriters, if any, covering such legal matters with respect to the Registration in respect of which such opinion is being given as the Holders, placement agent, sales agent, or Underwriter may reasonably request and as are customarily included in such opinions and negative assurance letters, and reasonably satisfactory to a majority in interest of the participating Holders;

3.1.13 in the event of any Underwritten Offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the managing Underwriter of such offering;

3.1.14 make available to its security holders, as soon as reasonably practicable, an earnings statement covering the period of at least twelve (12) months beginning with the first day of the Company’s first full calendar quarter after the effective date of the Registration Statement which satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any successor rule promulgated thereafter by the Commission); and

3.1.15 otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the Holders, in connection with such Registration.

3.2 Registration Expenses. The Registration Expenses of all Registrations shall be borne by the Company. It is acknowledged by the Holders that the Holders shall bear all incremental selling expenses relating to the sale of Registrable Securities, such as Underwriters’ commissions and discounts, brokerage fees, Underwriter marketing costs and, other than as set forth in the definition of “**Registration Expenses**,” all reasonable fees and expenses of any legal counsel representing the Holders.

3.3 Requirements for Participation in Underwritten Offerings. No person may participate in any Underwritten Offering for equity securities of the Company pursuant to a Registration initiated by the Company hereunder unless such person (i) agrees to sell such person’s securities on the basis provided in any underwriting arrangements approved by the Company and (ii) completes and executes all customary questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other customary documents as may be reasonably required under the terms of such underwriting arrangements.

3.4 Suspension of Sales; Adverse Disclosure. Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, each of the Holders shall forthwith discontinue disposition of Registrable Securities until he, she or it has received copies of a supplemented or amended Prospectus correcting the Misstatement (it being understood that the Company hereby covenants to prepare and file such supplement or amendment as soon as practicable after the time of such notice), or until he, she or it is advised in writing by the Company that the use of the Prospectus may be resumed. If the filing, initial effectiveness or continued use of a Registration Statement in respect of any Registration at any time would require the Company to make an Adverse Disclosure or would require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company’s control, the Company may, upon giving prompt written notice of such action to the Holders, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event more than thirty (30) days, determined in good faith by the Company to be necessary for such purpose. In the event the Company exercises its rights under the preceding sentence, the Holders agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any Registration in connection with any sale or offer to sell Registrable Securities. The Company shall immediately notify the Holders of the expiration of any period during which it exercised its rights under this Section 3.4.

**3.5 Reporting Obligations.** As long as any Holder shall own Registrable Securities, the Company, at all times while it shall be a reporting company under the Exchange Act, covenants to file timely (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to Sections 13(a) or 15(d) of the Exchange Act and to promptly furnish the Holders with true and complete copies of all such filings. The Company further covenants that it shall take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Ordinary Shares held by such Holder without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 promulgated under the Securities Act (or any successor rule promulgated thereafter by the Commission), including providing any legal opinions. Upon the request of any Holder, the Company shall deliver to such Holder a written certification of a duly authorized officer as to whether it has complied with such requirements.

**3.6 Requirements for Participation in Underwritten Offerings and Limitations on Registration Rights.** No person may participate in any Underwritten Offering for equity securities of the Company pursuant to a registration initiated by the Company hereunder unless such person (i) agrees to sell such person's securities on the basis provided in any underwriting arrangements approved by the Company and (ii) completes and executes all customary questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other customary documents as may be reasonably required under the terms of such underwriting arrangements.

Notwithstanding anything herein to the contrary, (i) the Representative may not exercise its rights under Sections 2.1 and 2.2 hereunder after five (5) and seven (7) years after the effective date of the Registration Statement relating to the Company's initial public offering, respectively, and (ii) the Representative may not exercise its rights under Section 2.1 more than one time.

## **ARTICLE IV INDEMNIFICATION AND CONTRIBUTION**

### **4.1 Indemnification.**

4.1.1 The Company agrees to indemnify, to the extent permitted by law, each Holder of Registrable Securities, its officers and directors and agents and each person who controls such Holder (within the meaning of the Securities Act) against all losses, claims, damages, liabilities and expenses (including attorneys' fees) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Company by such Holder expressly for use therein. The Company shall indemnify the Underwriters, their officers and directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to the indemnification of the Holder.

4.1.2 In connection with any Registration Statement in which a Holder of Registrable Securities is participating, such Holder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify the Company, its directors and officers and agents and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including without limitation reasonable attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by such Holder expressly for use therein; provided, however, that the obligation to indemnify shall be several, not joint and several, among such Holders of Registrable Securities, and the liability of each such Holder of Registrable Securities shall be in proportion to and limited to the net proceeds received by such Holder from the sale of Registrable Securities pursuant to such Registration Statement. The Holders of Registrable Securities shall indemnify the Underwriters, their officers, directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to indemnification of the Company.

4.1.3 Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not materially prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

4.1.4 The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person of such indemnified party and shall survive the transfer of securities. The Company and each Holder of Registrable Securities participating in an offering also agrees to make such provisions as are reasonably requested by any indemnified party for contribution to such party in the event the Company's or such Holder's indemnification is unavailable for any reason.

4.1.5 If the indemnification provided under Section 4.1 hereof from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action; provided, however, that the liability of any Holder under this subsection 4.1.5 shall be limited to the amount of the net proceeds received by such Holder in such offering giving rise to such liability. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in subsections 4.1.1, 4.1.2 and 4.1.3 above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. The parties hereto agree that it would not be just and equitable if contribution pursuant to this subsection 4.1.5 were determined by pro rata allocation or by any other method of allocation, which does not take account of the equitable considerations referred to in this subsection 4.1.5. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this subsection 4.1.5 from any person who was not guilty of such fraudulent misrepresentation.

**ARTICLE V

5.2.5 No assignment by any party hereto of such party's rights, duties and obligations hereunder shall be binding upon or obligate the Company unless and until the Company shall have received (i) written notice of such assignment as provided in Section 5.1 hereof and (ii) the written agreement of the assignee, in a form reasonably satisfactory to the Company, to be bound by the terms and provisions of this Agreement (which may be accomplished by an addendum or certificate of joinder to this Agreement). Any transfer or assignment made other than as provided in this Section 5.2 shall be null and void.

5.3 Counterparts. This Agreement may be executed in multiple counterparts (including facsimile or PDF counterparts), each of which shall be deemed an original, and all of which together shall constitute the same instrument, but only one of which need be produced.

5.4 Governing Law; Venue. 5.5 Amendments and Modifications. Upon the written consent of the Company and the Holders of at least a majority in interest of the Registrable Securities at the time in question, compliance with any of the provisions, covenants and conditions set forth in this Agreement may be waived, or any of such provisions, covenants or conditions may be amended or modified; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder, solely in his, her or its capacity as a holder of the shares of the Company, in a manner that is materially different from the other Holders (in such capacity) shall require the consent of the Holder so affected. No course of dealing between any Holder or the Company and any other party hereto or any failure or delay on the part of a Holder or the Company in exercising any rights or remedies under this Agreement shall operate as a waiver of any rights or remedies of any Holder or the Company. No single or partial exercise of any rights or remedies under this Agreement by a party shall operate as a waiver or preclude the exercise of any other rights or remedies hereunder or thereunder by such party.

5.6 Other Registration Rights. The Company represents and warrants that no person, other than a Holder of Registrable Securities, has any right to require the Company to register any securities of the Company for sale or to include such securities of the Company in any Registration filed by the Company for the sale of securities for its own account or for the account of any other person. Further, the Company represents and warrants that this Agreement supersedes any other registration rights agreement or agreement with similar terms and conditions and in the event of a conflict between any such agreement or agreements and this Agreement, the terms of this Agreement shall prevail.

WHEREAS, the Purchaser has agreed to purchase an aggregate of 6,425,000 redeemable warrants (and up to 675,000 additional redeemable warrants if the underwriter in the Public Offering exercises its option to purchase additional units in full) (the “**Private Placement Warrants**”), each Private Placement Warrant entitling the holder to purchase one-half (1/2) of one Class A Ordinary Share at an exercise price of \$11.50 per Class A Ordinary Share, at a price of \$1.00 per warrant, subject to adjustment.

NOW THEREFORE, in consideration of the mutual promises contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties to this Agreement hereby, intending legally to be bound, agree as follows:

**AGREEMENT****Section 1. Authorization, Purchase and Sale; Terms of the Private Placement Warrants.**

A. Authorization of the Private Placement Warrants. The Company has duly authorized the issuance and sale of the Private Placement Warrants to the Purchaser.

B. Purchase and Sale of the Private Placement Warrants.

(i) On the date of the consummation of the Public Offering (the “**IPO Closing Date**”), the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, 6,425,000 Private Placement Warrants at a price of \$1.00 per warrant for an aggregate purchase price of \$6,425,000 (the “**Purchase Price**”). The Purchaser shall pay the Purchase Price by wire transfer of immediately available funds to the trust account maintained by

Continental Stock Transfer & Trust Company, acting as trustee (the “**Trust Account**”), in each case in accordance with the Company’s wiring instructions, at least one (1) business day prior to the IPO Closing Date. On the IPO Closing Date, subject to the receipt of funds pursuant to the immediately prior sentence, the Company, at its option, shall deliver a certificate evidencing the Private Placement Warrants purchased on such date duly registered in the Purchaser’s name to the Purchaser or effect such delivery in book-entry form.

(ii) On the date of the closing of the option to purchase additional units, if any, in connection with the Public Offering or on such earlier time and date as may be mutually agreed by the Purchaser and the Company (the “**Option Closing Date**”, and each Option Closing Date (if any) and the IPO Closing Date, a “**Closing Date**”), the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, up to 675,000 Private Placement Warrants (or, to the extent the option to purchase additional units is not exercised in full, a lesser number of Private Placement Warrants in proportion to portion of the option that is exercised) at a price of \$1.00 per warrant for an aggregate purchase price of up to \$675,000 (the “**Option Purchase Price**”). The Purchaser shall pay the Option Purchase Price in accordance with the Company’s wire instruction by wire transfer of immediately available funds to the Trust Account, at least one (1) business day prior to the Option Closing Date. On the Option Closing Date, subject to the receipt of funds pursuant to the immediately prior sentence, the Company shall, at its option, deliver a certificate evidencing the Private Placement Warrants purchased on such date duly registered in the Purchaser’s name to the Purchaser or effect such delivery in book-entry form.

#### C. Terms of the Private Placement Warrants.

(i) Each Private Placement Warrant shall have the terms set forth in a Warrant Agreement to be entered into by the Company and a warrant agent on the IPO Closing Date, in connection with the Public Offering (the “**Warrant Agreement**”).

(ii) The Private Placement Warrants shall be identical to the Public Warrants, except that (1) the Private Placement Warrants may be exercised for cash or on a “cashless basis,” (2) the Private Placement Warrants (and Class A ordinary shares issuable upon exercise of the Private Placement Warrants) may be subject to certain transfer restrictions contained in the letter agreement by and among the Company, the Purchaser and any other parties thereto, as amended from time to time, including that any permitted transferees must enter into a written agreement with the Company agreeing to be bound by the transfer restrictions contained in such letter agreement, and (3) the Private Placement Warrants shall not be redeemable by the Company.

(iii) On the IPO Closing Date, the Company and the Purchaser shall enter into a Registration Rights Agreement (the “**Registration Rights Agreement**”) pursuant to which the Company will grant certain registration rights to the Purchaser relating to the Private Placement Warrants and the Class A Ordinary Shares underlying the Private Placement Warrants.

**Section 2. Representations and Warranties of the Company.** As a material inducement to the Purchaser to enter into this Agreement and purchase the Private Placement Warrants, the Company hereby represents and warrants to the Purchaser (which representations and warranties shall survive each Closing Date) that:

A. Incorporation and Corporate Power. The Company is an exempted company duly incorporated, validly existing and in good standing under the laws of the Cayman Islands and is qualified to do business in every jurisdiction in which the failure to so qualify would reasonably be expected to have a material adverse effect on the financial condition, operating results or assets of the Company. The Company possesses all requisite corporate power and authority necessary to carry out the transactions contemplated by this Agreement and the Warrant Agreement.

B. Authorization; No Breach.

(i) The execution, delivery and performance of this Agreement and the Private Placement Warrants have been duly authorized by the Company as of the Closing Date. This Agreement constitutes the valid and binding obligation of the Company, enforceable in accordance with its terms, subject to bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium and other laws of general applicability relating to or affecting creditors' rights and to general equitable principles (whether considered in a proceeding in equity or law). Upon issuance in accordance with, and payment pursuant to, the terms of the Warrant Agreement and this Agreement, the Private Placement Warrants will constitute valid and binding obligations of the Company, enforceable in accordance with their terms as of the Closing Date.

(ii) The execution and delivery by the Company of this Agreement and the Private Placement Warrants, the issuance and sale of the Private Placement Warrants, the issuance of the Class A Ordinary Shares upon exercise of the Private Placement Warrants and the fulfillment of and compliance with the respective terms hereof and thereof by the Company, do not and will not as of the Closing Date (a) conflict with or result in a breach of the terms, conditions or provisions of, (b) constitute a default under, (c) result in the creation of any lien, security interest, charge or encumbrance upon the Company's share capital or assets under, (d) result in a violation of, or (e) require any authorization, consent, approval, exemption or other action by or notice or declaration to, or filing with, any court or administrative or governmental body or agency pursuant to the memorandum and articles of association of the Company (in effect on the date hereof or as may be amended prior to completion of the Public Offering) or any material law, statute, rule or regulation to which the Company is subject, or any agreement, order, judgment or decree to which the Company is subject, except for any filings required after the date hereof under federal or state securities laws.

C. Title to Securities. Upon issuance in accordance with, and payment pursuant to, the terms hereof and the Warrant Agreement and the amended and restated memorandum and articles of association of the Company, and upon registration in the Company's register of members, the Class A Ordinary Shares issuable upon exercise of the Private Placement Warrants will be duly and validly issued as fully paid and non-assessable. On the date of issuance of the Private Placement Warrants, the Class A Ordinary Shares issuable upon exercise of the Private Placement Warrants shall have been reserved for issuance in accordance with the terms of this Agreement. Upon issuance in accordance with, and payment pursuant to, the terms hereof and the Warrant Agreement, and upon registration in the Company's register of members, the Purchaser will have good title to the Private Placement Warrants purchased by it and the Class A Ordinary Shares issuable upon exercise of such Private Placement Warrants, free and clear of all liens, claims and encumbrances of any kind, other than (i) transfer restrictions hereunder and under the other agreements contemplated hereby, (ii) transfer restrictions under federal and state securities laws, and (iii) liens, claims or encumbrances imposed due to the actions of the Purchaser.

D. Governmental Consents. No permit, consent, approval or authorization of, or declaration to or filing with, any governmental authority is required in connection with the execution, delivery and performance by the Company of this Agreement or the consummation by the Company of any other transactions contemplated hereby.

E. Regulation D Qualification. Neither the Company nor, to its actual knowledge, any of its affiliates, members, officers, directors or beneficial shareholders of 20% or more of its outstanding securities, has experienced a disqualifying event as enumerated pursuant to Rule 506(d) of Regulation D under the Securities Act.

**Section 3. Representations and Warranties of the Purchaser.** As a material inducement to the Company to enter into this Agreement and issue and sell the Private Placement Warrants to the Purchaser, the Purchaser hereby represents and warrants to the Company (which representations and warranties shall survive each Closing Date) that:

A. Organization and Requisite Authority. The Purchaser is duly organized, validly existing and in good standing under the laws of the State of Delaware and it possesses all requisite power and authority necessary to carry out the transactions contemplated by this Agreement.

B. Authorization; No Breach.

(i) This Agreement constitutes a valid and binding obligation of the Purchaser, enforceable in accordance with its terms, subject to bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium and other laws of general applicability relating to or affecting creditors' rights and to general equitable principles (whether considered in a proceeding in equity or law).

(ii) The execution and delivery by the Purchaser of this Agreement and the fulfillment of and compliance with the terms hereof by the Purchaser does not and shall not as of each Closing Date (a) conflict with or result in a breach by the Purchaser of the terms, conditions or provisions of, (b) constitute a default under, (c) result in the creation of any lien, security interest, charge or encumbrance upon the Purchaser's equity or assets under, (d) result in a violation of, or (e) require authorization, consent, approval, exemption or other action by or notice or declaration to, or filing with, any court or administrative or governmental body or agency pursuant to the Purchaser's organizational documents in effect on the date hereof or as may be amended prior to completion of the contemplated Public Offering, or any material law, statute, rule or regulation to which the Purchaser is subject, or any agreement, instrument, order, judgment or decree to which the Purchaser is subject, except for any filings required after the date hereof under federal or state securities laws.

### C. Investment Representations.

(i) The Purchaser is acquiring the Private Placement Warrants and, upon exercise of the Private Placement Warrants, the Class A Ordinary Shares issuable upon such exercise (collectively, the “**Securities**”) for its own account, for investment purposes only and not with a view towards, or for resale in connection with, any public sale or distribution thereof.

(ii) The Purchaser is an “**accredited investor**” as such term is defined in Rule 501(a)(3) of Regulation D, and the Purchaser has not experienced a disqualifying event as enumerated pursuant to Rule 506(d) of Regulation D under the Securities Act.

(iii) The Purchaser understands that the Securities are being offered and will be sold to it in reliance on specific exemptions from the registration requirements of the United States federal and state securities laws and that the Company is relying upon the truth and accuracy of, and the Purchaser’s compliance with, the representations and warranties of the Purchaser set forth herein in order to determine the availability of such exemptions and the eligibility of the Purchaser to acquire such Securities.

(iv) The Purchaser did not decide to enter into this Agreement as a result of any general solicitation or general advertising within the meaning of Rule 502(c) under the Securities Act.

(v) The Purchaser has been furnished with all materials relating to the business, finances and operations of the Company and materials relating to the offer and sale of the Securities which have been requested by the Purchaser. The Purchaser has been afforded the opportunity to ask questions of the executive officers and directors of the Company. The Purchaser understands that its investment in the Securities involves a high degree of risk and it has sought such accounting, legal and tax advice as it has considered necessary to make an informed investment decision with respect to the acquisition of the Securities.

(vi) The Purchaser understands that no United States federal or state agency or any other government or governmental agency has passed on or made any recommendation or endorsement of the Securities or the fairness or suitability of the investment in the Securities by the Purchaser nor have such authorities passed upon or endorsed the merits of the offering of the Securities.

(vii) The Purchaser understands that: (a) the Securities have not been and are not being registered under the Securities Act or any state securities laws, and may not be offered for sale, sold, assigned or transferred unless (1) subsequently registered thereunder or (2) sold in reliance on an exemption therefrom; and (b) except as specifically set forth in the Registration Rights Agreement, neither the Company nor any other person is under any obligation to register the Securities under the Securities Act or any state securities laws or to comply with the terms and conditions of any exemption thereunder. In this regard, the Purchaser understands that the SEC has taken the position that promoters or affiliates of a blank check company and their transferees, both before and after an initial Business Combination, are deemed to be “**underwriters**” under the Securities Act when reselling the securities of a blank check company. Based on that position, Rule 144 adopted pursuant to the Securities Act would not be available for resale transactions of the Securities despite technical compliance with the requirements of such Rule, and the Securities can be resold only through a registered offering or in reliance upon another exemption from the registration requirements of the Securities Act.

(viii) The Purchaser has such knowledge and experience in financial and business matters, knowledge of the high degree of risk associated with investments in the securities of companies in the development stage such as the Company, is capable of evaluating the merits and risks of an investment in the Securities and is able to bear the economic risk of an investment in the Securities in the amount contemplated hereunder for an indefinite period of time. The Purchaser has adequate means of providing for its current financial needs and contingencies and will have no current or anticipated future needs for liquidity which would be jeopardized by the investment in the Securities. The Purchaser can afford a complete loss of its investments in the Securities.

(ix) The Purchaser understands that the Private Placement Warrants shall bear the legend substantially in the form set forth in the Warrant Agreement.

**Section 4. Conditions of the Purchaser's Obligations.** The obligations of the Purchaser to purchase and pay for the Private Placement Warrants are subject to the fulfillment, on or before each Closing Date, of each of the following conditions:

A. Representations and Warranties. The representations and warranties of the Company contained in Section 2 shall be true and correct at and as of the Closing Date as though then made.

B. Performance. The Company shall have performed and complied with all agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by it on or before such Closing Date.

C. No Injunction. D. Warrant Agreement and Registration Rights Agreement. The Company shall have entered into the Warrant Agreement, in the form of Exhibit A hereto, and the Registration Rights Agreement, in the form of Exhibit B hereto, in each case on terms satisfactory to the Purchaser.

**Section 5. Conditions of the Company's Obligations.** The obligations of the Company to the Purchaser under this Agreement are subject to the fulfillment, on or before each Closing Date, of each of the following conditions:

A. Representations and Warranties. The representations and warranties of the Purchaser contained in Section 3 shall be true and correct at and as of such Closing Date as though then made.

B. Performance. The Purchaser shall have performed and complied with all agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by the Purchaser on or before such Closing Date.

C. Corporate Consents. The Company shall have obtained the consent of its Board of Directors authorizing the execution, delivery and performance of this Agreement and the Warrant Agreement and the issuance and sale of the Private Placement Warrants hereunder.

D. No Injunction. No litigation, statute, rule, regulation, executive order, decree, ruling or injunction shall have been enacted, entered, promulgated or endorsed by or in any court or governmental authority of competent jurisdiction or any self-regulatory organization having authority over the matters contemplated hereby, which prohibits the consummation of any of the transactions contemplated by this Agreement or the Warrant Agreement.

E. Warrant Agreement. The Company shall have entered into the Warrant Agreement.

Notwithstanding the foregoing or anything to the contrary herein, the parties may not assign this Agreement, other than assignments by the Purchaser to affiliates thereof (including, without limitation one or more of its members).

B. Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement.
